

Transport Planning and Coordination Act 1994

Transport Planning and Coordination Regulation 2005

Current as at 27 November 2013

Information about this reprint

This reprint shows the legislation current as at the date on the cover and is authorised by the Parliamentary Counsel.

A new reprint of the legislation will be prepared by the Office of the Queensland Parliamentary Counsel when any change to the legislation takes effect. This change may be because a provision of the original legislation, or an amendment to it, commences or because a particular provision of the legislation expires or is repealed.

When a new reprint is prepared, this reprint will become a historical reprint. Also, if it is necessary to replace this reprint before a new reprint is prepared, for example, to include amendments with a retrospective commencement, an appropriate note would be included on the cover of the replacement reprint and on the copy of this reprint at www.legislation.qld.gov.au.

The endnotes to this reprint contain detailed information about the legislation and reprint. For example—

- The table of reprints endnote lists any previous reprints and, for this reprint, gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it.
- The list of legislation endnote gives historical information about the original legislation and the legislation which amended it. It also gives details of uncommenced amendments to this legislation. For information about possible amendments to the legislation by Bills introduced in Parliament, see the Queensland Legislation Current Annotations at www.legislation.qld.gov.au/Leg_Info/information.htm.
- The list of annotations endnote gives historical information at section level.

All Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints are not continued.

Transport Planning and Coordination Regulation 2005

[as amended by all amendments that commenced on or before 27 November 2013]

Part 1 Preliminary

1 Short title

This regulation may be cited as the *Transport Planning and Coordination Regulation 2005*.

2 Commencement

This regulation commences on 19 September 2005.

2A Dictionary

The dictionary in schedule 3 defines particular words used in this regulation.

Part 2 Code for IDAS

3 Code for IDAS

- (1) The code in the schedule is the code for IDAS for section 8C of the Act, in relation to road works on a local government road that forms part of a route used for a public passenger service.

[s 4]

- (2) The code applies for assessable development mentioned in the *Sustainable Planning Regulation 2009*, schedule 3, part 2, table 4, item 5.

Part 3 Prescribed transit nodes

4 Prescribed transit nodes—Act, s 28AA

- (1) The following areas that are proposed to be used for the purpose of a busway station are declared to be prescribed transit nodes—
 - (a) the area, called the Stones Corner transit node, that is delineated in blue on PTN plan 1;
 - (b) the area, called the Langlands Park transit node, that is delineated in blue on PTN plan 2;
 - (c) the area, called the Coorparoo Junction transit node, that is delineated in blue on PTN plan 3;
 - (d) the area, called the Bennetts Road transit node, that is delineated in blue on PTN plan 4.
- (1A) The area used as Ferny Grove Railway Station that is delineated in blue on PTN plan 5 is declared to be a prescribed transit node called the Ferny Grove transit node.
- (1B) The following areas that are proposed to be used for the purpose of a station for operating a light rail are declared to be prescribed transit nodes—
 - (a) the area, called the Gold Coast University Hospital transit node, that is delineated in blue on PTN plan 6;
 - (b) the area, called the Griffith University transit node, that is delineated in blue on PTN plan 7;
 - (c) the area, called the Gold Coast Hospital transit node, that is delineated in blue on PTN plan 8;

-
- (d) the area, called the Southport transit node, that is delineated in blue on PTN plan 9;
 - (e) the area, called the Southport South transit node, that is delineated in blue on PTN plan 10;
 - (f) the area, called the Cypress Avenue transit node, that is delineated in blue on PTN plan 11;
 - (g) the area, called the Northcliffe transit node, that is delineated in blue on PTN plan 12;
 - (h) the area, called the Broadbeach South transit node, that is delineated in blue on PTN plan 13;
 - (i) the area, called the Cavill Avenue transit node, that is delineated in blue on PTN plan 14;
 - (j) the area, called the Florida Gardens transit node, that is delineated in blue on PTN plan 15.
- (2) A copy of a plan mentioned in subsection (1), (1A) or (1B) may be inspected, free of charge, during office hours on business days at the department's head office or on the department's website.
- (3) In this section—

PTN plan 1 means plan PTN–001 Stones Corner marked VO2 and dated 29 September 2008 held in the office of the department.

PTN plan 2 means plan PTN–002 Langlands Park marked VO1 and dated 12 June 2008 held in the office of the department.

PTN plan 3 means plan PTN–003 Coorparoo Junction marked VO1 and dated 12 June 2008 held in the office of the department.

PTN plan 4 means plan PTN–004 Bennetts Road marked VO1 and dated 12 June 2008 held in the office of the department.

PTN plan 5 means plan PTN–005 Ferny Grove Railway Station marked VO1 and dated 15 September 2009 held in the office of the department.

[s 4]

PTN plan 6 means plan PTN–006 Gold Coast University Hospital marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 7 means plan PTN–007 Griffith University marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 8 means plan PTN–008 Gold Coast Hospital marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 9 means plan PTN–009 Southport marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 10 means plan PTN–010 Southport South marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 11 means plan PTN–011 Cypress Avenue marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 12 means plan PTN–012 Northcliffe marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 13 means plan PTN–013 Broadbeach South marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 14 means plan PTN–014 Cavill Avenue marked VO1 and dated 16 December 2009 held in the office of the department.

PTN plan 15 means plan PTN–015 Florida Gardens marked VO1 and dated 16 December 2009 held in the office of the department.

Part 4 Smartcard transport authorities

5 Definitions for pt 4

In this part—

digital photo see the Act, section 36F(5).

digitised signature see the Act, section 36F(5).

most recent digital photo—

- (a) for a transport authority under the *Tow Truck Act 1973*—see schedule 2 of that Act; or
- (b) for a transport authority under the *Transport Operations (Passenger Transport) Act 1994*—see schedule 3 of that Act; or
- (c) for a transport authority under the *Transport Operations (Road Use Management) Act 1995*—see schedule 4 of that Act.

smartcard transport authority see the Act, section 36G(1).

transport authority see the Act, section 36G(3).

transport authority Act means any of the following Acts—

- (a) the *Tow Truck Act 1973*;
- (b) the *Transport Operations (Passenger Transport) Act 1994*;
- (c) the *Transport Operations (Road Use Management) Act 1995*.

6 Smartcard transport authorities

- (1) A smartcard transport authority issued to a person by the chief executive may—
 - (a) indicate by way of a code, expression or otherwise that the person holds 1 or more transport authorities; and
 - (b) include information about the person's personal particulars.

[s 7]

- (2) A smartcard transport authority is, in relation to a particular transport authority, subject to the transport authority Act for the particular transport authority.
- (3) A code or expression used on a smartcard transport authority in relation to a particular transport authority has the meaning given under the transport authority Act for the particular transport authority.

7 Interim transport authorities

- (1) This section applies if the chief executive intends to issue a smartcard transport authority to a person.
- (2) The chief executive may issue an interim transport authority to the person.
- (3) An interim transport authority may contain the following information—
 - (a) its date of issue;
 - (b) any information that may be contained on a smartcard transport authority under section 6;
 - (c) information about anything authorised or required to be stated on it under a transport authority Act.
- (4) Subsection (3) does not limit the information that may be contained on an interim transport authority.
- (5) An interim transport authority has effect as if it were a smartcard transport authority until the person receives the smartcard transport authority from the chief executive.

8 Verification of a person's connection to the person's most recent digital photo

- (1) This section applies if—
 - (a) a person makes an application in relation to 1 or more transport authorities; and
 - (b) the person has been issued with a smartcard transport authority; and

- (c) the chief executive considers it reasonably necessary to verify the person's connection to the person's most recent digital photo relating to the smartcard transport authority.
- (2) The person must allow the chief executive to take and keep a digital photo and digitised signature of the person under—
- (a) for a transport authority under the *Tow Truck Act 1973*—section 19A of that Act; or
 - (b) for a transport authority under the *Transport Operations (Passenger Transport) Act 1994*—section 35A of that Act; or
 - (c) for a transport authority under the *Transport Operations (Road Use Management) Act 1995*—section 91A of that Act.

9 Replacement of smartcard transport authority

- (1) This section applies if a person has been issued with a smartcard transport authority and, under a transport authority Act, any of the following happens—
- (a) the person is granted a transport authority;
 - (b) a transport authority held by the person is amended, suspended or cancelled;
 - (c) a period of suspension of a transport authority held by the person ends;
 - (d) the person is to be given a replacement document evidencing a transport authority held by the person.
- (2) The chief executive may issue a replacement smartcard transport authority to the person.
- (3) The replacement smartcard transport authority must evidence each transport authority held by the person.

[s 10]

Part 5 **Prescribed approved agencies**

10 **Approved agency—Act, s 3**

(1) For the Act, section 3, definition *approved agency*, paragraph (b), ASIO is an approved agency.

(2) In this section—

ASIO means the Australian Security Intelligence Organisation established under the *Australian Security Intelligence Organisation Act 1979* (Cwlth).

Schedule Code for IDAS

section 3

Part 1 Preliminary

1 Purpose of code

The purpose of this code is to ensure, as far as practicable, that road works on identified local government roads do not have a significant adverse impact on efficient, safe and comfortable public passenger transport.

2 Definitions

In this code—

Austroads Guide to Road Design means the Guide to Road Design, as amended from time to time, published by Austroads Ltd.

Editor's note—

A copy of the guide is available through the Austroads Ltd. website at <www.austroads.com.au>.

identified local government road means a road forming part of a route used for a public passenger service identified under section 8C(2) of the Act as a route to which a code for IDAS applies.

Road Planning and Design Manual means the manual for road planning and design, as amended from time to time, published by the department for the time being administering road aspects of the *Transport Infrastructure Act 1994*.

Editor's note—

A copy of the manual is available on the department's website at <www.tmr.qld.gov.au>.

3 How to comply with this code

- (1) This code is complied with if the development standards mentioned in part 2 are complied with.
- (2) However, if the Road Planning and Design Manual and the Austroads Guide to Road Design are both mentioned as development standards in a provision of part 2, this code is complied with if—
 - (a) the Road Planning and Design Manual is complied with; or
 - (b) for a matter not provided for in the Road Planning and Design Manual—the Austroads Code to Road Design is complied with; or
 - (c) for a matter in relation to which the Road Planning and Design Manual and the Austroads Guide to Road Design are inconsistent—the Road Planning and Design Manual is complied with.

Part 2 Development standards

4 Lane width if traffic can pass stopped bus

The combined lane width of a road with a speed limit of 60km/h that is designed so traffic can pass a bus stopped to load or unload passengers must be at least 7m.

5 Lane width if buses operate in kerbside lane

- (1) This section applies in relation to a straight road with one-way traffic that is designed to allow buses to operate in a kerbside lane.
- (2) If the road has a speed limit of 50km/h and buses and bicycles do not share the kerbside lane, the kerbside lane width must be at least 3m.

- (3) If the road has a speed limit of 60km/h and buses and bicycles do not share the kerbside lane, the kerbside lane width must be at least 3.5m.
- (4) If the road has a speed limit of 60km/h and buses and bicycles share the kerbside lane, the kerbside lane width must be at least 4.2m.
- (5) If the road has a speed limit of more than 60km/h but not more than 80km/h and buses and bicycles share the kerbside lane, the kerbside lane width must be at least 4.5m.

6 Lane width—straight, undivided two-way road

- (1) This section applies to straight, undivided roads designed for two-way traffic and a speed limit of not more than 60km/h.
- (2) If it is intended that buses will operate adjacent to traffic lanes operating at least sometimes in the opposite direction, the lane width must be at least 3m.

7 Lane width—curved roads

- (1) This section does not apply to curved roads at intersection turns.
- (2) The lane widths for curved roads must be the relevant lane widths mentioned in sections 4 to 6, increased as required by the Road Planning and Design Manual, chapter 11, or the Austroads Guide to Road Design, part 3.

8 Road profiles

The crossfall and superelevation of a road profile must be as required by the Road Planning and Design Manual, chapters 7 and 11, or the Austroads Guide to Road Design, part 3.

9 Road turns and curves—basic curves

Basic curves must be provided as required by the turning path provisions in the Road Planning and Design Manual, chapter 5, or by the Austroads Guide to Road Design, part 3.

10 Intersection curves other than for roundabouts

Leading and trailing inside road curve transitions must be provided as required by the Road Planning and Design Manual, chapter 13, or the Austroads Guide to Road Design, part 3.

11 Indented bus bays

- (1) This section applies if—
 - (a) an indented bus bay is provided in traffic lanes on sub-arterial or higher order roads with no, or minimal, crossfall; and
 - (b) buses decelerate in the general traffic lane and enter the bus bay at the standard minimum service speed of 15km/h.
- (2) The indented bus bay must be provided as required by the Road Planning and Design Manual, chapter 20, or the Austroads Guide to Road Design, parts 3 and 4.

12 Roundabouts

- (1) A roundabout must be so designed as to ensure all traffic islands are clear of the vehicle swept path of the design bus plus 0.6m clearance each side.
- (2) Minimum radii for ensuring compliance with subsection (1) must comply with the Road Planning and Design Manual, chapter 5, or the Austroads Guide to Road Design, parts 4 and 4A.
- (3) On roads other than collector or local access streets, a roundabout must not incorporate a mountable apron on the centre island.
- (4) If a bus route requires a bus driver to make a right turn at a roundabout, the roundabout design must be as required by the Road Planning and Design Manual, chapter 14, or the Austroads Guide to Road Design, parts 4 and 4A.

13 Road humps

A road hump must not be more than 75mm high.

14 Flat top humps

Flat top humps—

- (a) must not be more than 75mm high or have a gradient of more than 1:17; and
- (b) must be at least 7m in length.

15 Mid-block islands

If mid-block islands are used, the lane width must be at least 3m.

Note—

A mid-block island is a traffic island that is not at an intersection.

Schedule 3 Dictionary

4 Table of reprints

A new reprint of the legislation is prepared by the Office of the Queensland Parliamentary Counsel each time a change to the legislation takes effect.

The notes column for this reprint gives details of any discretionary editorial powers under the *Reprints Act 1992* used by the Office of the Queensland Parliamentary Counsel in preparing it. Section 5(c) and (d) of the Act are not mentioned as they contain mandatory requirements that all amendments be included and all necessary consequential amendments be incorporated, whether of punctuation, numbering or another kind. Further details of the use of any discretionary editorial power noted in the table can be obtained by contacting the Office of the Queensland Parliamentary Counsel by telephone on 3237 0466 or email legislation.queries@oqpc.qld.gov.au.

From 29 January 2013, all Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints is not continued with the relevant details for historical reprints included in this table.
