Transport Infrastructure (Waterways Management) Regulation 2012

Part 1 Preliminary

1 Short title

This regulation may be cited as the *Transport Infrastructure (Waterways Management) Regulation 2012*.

2 Definitions

The dictionary in schedule 4 defines particular words used in this regulation.

3 References to latitude or longitude

A reference in this regulation to latitude or longitude is a reference to latitude or longitude using the coordinate framework known as Geocentric Datum of Australia (GDA94).

Part 2 Application

4 Waterways and associated infrastructure

- (1) Subject to subsection (2), this regulation applies to the following Queensland waters (*regulated waters*)—
 - (a) the waterways described in schedule 1, part 1 (*Gold Coast waters*);
 - (b) the waterways described in schedule 2, part 1 (*Sunshine Coast waters*).
- (2) This regulation does not apply to a State managed boat harbour under the *Transport Infrastructure (Public Marine Facilities) Regulation 2011*.

[s 5]

5 Watercraft to which regulation does not apply

- (1) This regulation does not apply to the following watercraft—
 - (a) a watercraft being used for official duty by the Commonwealth, a State or a local government;
 - (b) a watercraft owned by the State;
 - (c) a watercraft being used to carry out approved works.
- (2) In this section—

approved works means works, including construction, dredging, installation and maintenance of navigation aids, approved under the Planning Act or *Transport Operations (Marine Safety) Act 1994*.

Part 3 Anchoring, mooring and grounding restrictions

6 Prohibition on anchoring etc. in particular regulated waters

- (1) Subsection (2) applies to the regulated waters within 30m of—
 - (a) an approved structure; or
 - (b) a watercraft moored to an approved structure.
- (2) The owner or operator of a watercraft must not cause or allow the watercraft—
 - (a) to be anchored or moored in the waters; or
 - (b) if the watercraft is aground at a place in the waters—to be kept at the place.

Maximum penalty—40 penalty units.

- (3) Subsection (4) applies to the Sunshine Coast waters described in schedule 2, part 2, division 1.
- (4) The owner or operator of a watercraft must not cause or allow the watercraft—

- (a) to be moored in the waters; or
- (b) if it is aground at a place in the waters—to be kept at the place.

Maximum penalty—20 penalty units.

- (5) Subsection (6) applies to the Sunshine Coast waters described in schedule 2, part 2, division 2.
- (6) The owner or operator of a watercraft that is more than 5m must not cause or allow the watercraft—
 - (a) if it is unoccupied—to be anchored in the waters; or
 - (b) if it is aground at a place in the waters—to be kept at the place.

Maximum penalty—20 penalty units.

Note—

See also sections 14 and 20 for when a person does not contravene this section.

7 Particular regulated waters where watercraft not to be anchored etc. for more than 24 hours

- (1) This section applies to the Gold Coast waters described in schedule 1, part 2, division 1.
- (2) The owner or operator of a watercraft must not cause or allow the watercraft—
 - (a) to be anchored or moored, whether at 1 or more locations, in the waters for more than 24 consecutive hours in any 30 day period; or
 - (b) if the watercraft is aground at a place in the waters—to be kept at the place, whether at 1 or more locations, for more than 24 consecutive hours in any 30 day period.

Maximum penalty—20 penalty units.

Note—

See also section 20 for when a person does not contravene this section.

[s 8]

8 Particular regulated waters where watercraft not to be anchored etc. for more than 7 days

- (1) This section applies to the Gold Coast waters described in schedule 1, part 2, division 2;
- (2) The owner or operator of a watercraft must not cause or allow the watercraft—
 - (a) to be anchored or moored, whether at 1 or more locations, in the waters for more than 7 consecutive days in any 60 day period; or
 - (b) if the watercraft is aground at a place in the waters—to be kept at the place, whether at 1 or more locations, for more than 7 consecutive days in any 60 day period.

Maximum penalty—20 penalty units.

Note—

See also section 20 for when a person does not contravene this section.

9 Particular regulated waters where watercraft must not be anchored etc. for more than 7 days in 1 location

- (1) This section applies to the Gold Coast waters described in schedule 1, part 2, division 3.
- (2) The owner or operator of a watercraft must not cause or allow the watercraft—
 - (a) to be anchored or moored in the waters within 1n mile of the 1 place for more than 7 consecutive days in any 60 day period; or
 - (b) to be kept aground within 1n mile of the 1 place for more than 7 consecutive days in any 60 day period.

Maximum penalty—20 penalty units.

Note—

See also section 20 for when a person does not contravene this section.

Part 4 Living on board watercraft

10 Time limit for living on board watercraft in particular regulated waters

- (1) This section applies to Gold Coast waters.
- (2) The owner or operator of a watercraft must not live, or allow anyone else to live, on board the watercraft in the waters, at, or within 3n miles of, the 1 place for more than 7 consecutive days in any 60 day period.

Maximum penalty—20 penalty units.

- (3) A person does not contravene subsection (2) if the watercraft is at a marina with toilets and washing facilities.

Note—

See also section 20 for when a person does not contravene this section.

11 Restrictions on living on board watercraft in particular regulated waters without approval

- (1) Subsection (2) applies to the Sunshine Coast waters described in schedule 2, part 2, division 3.
- (2) The owner or operator of a watercraft must not live, or allow another person to live, on board the watercraft in the waters, whether temporarily, intermittently or permanently, unless the living on board is in accordance with a living on board approval.

Maximum penalty—20 penalty units.

- (3) Subsection (4) applies to Sunshine Coast waters, other than the waters mentioned in subsection (1).
- (4) The owner or operator of a relevant watercraft must not cause or allow the watercraft to remain in the waters for more than 48 hours unless the living on board is in accordance with a living on board approval.

Maximum penalty—20 penalty units.

- (5) In this section—

[s 12]

relevant watercraft means a watercraft, other than a commercial houseboat, being used for living on board whether temporarily, intermittently or permanently.

Note—

However, see section 12 (Living on board approval) and also section 20 for when a person does not contravene this section.

12 Living on board approval—regulated waters mentioned in s 11

The owner or operator of a watercraft may apply to the chief executive for an approval (a ***living on board approval***) authorising the owner, operator or another stated person to live on board the watercraft and remain in the waters.

Note—

The procedure for obtaining the approval is in part 7 (Approvals).

13 Watercraft used for living on board in particular regulated waters to have waste holding system

- (1) This section applies—
 - (a) if a watercraft is being used for living on board, whether temporarily, intermittently or permanently, in Sunshine Coast waters; and
 - (b) whether or not the watercraft is occupied.
- (2) The owner and the operator of the watercraft must ensure that the watercraft has a waste holding system while the watercraft is in the waters.

Maximum penalty—20 penalty units.

- (3) The operator of the watercraft must ensure that none of the contents of the waste holding system is discharged into the waters.

Maximum penalty—20 penalty units.

- (4) The operator of the watercraft must ensure that a fixed or mobile pump-out facility is used to empty the contents of the waste holding system while the watercraft is in the waters.

Maximum penalty—20 penalty units.

- (5) The owner or operator of the watercraft must keep a written record of all of the following for each discharge of the waste holding system while the water craft is in the waters—

- (a) the date when, and the place where, the contents of the system were discharged; and
(b) the quantity of the contents discharged.

Maximum penalty—20 penalty units.

- (6) In this section—

waste holding system, for a watercraft, means a waste holding tank connected to each source of sewerage or waste water on the watercraft.

Note—

See also section 20 for when a person does not contravene subsections (2), (4) or (5).

Part 5 Managing on-water activities

14 Prohibition on using particular regulated waters for construction etc. without approval

- (1) A person must not cause or allow a watercraft to anchor or moor in or otherwise use Sunshine Coast waters if the watercraft—
- (a) is under construction; or
(b) is undergoing reconstruction; or
(c) is being refitted; or
(d) is undergoing structural repair.

Maximum penalty—20 penalty units.

[s 15]

- (2) A person does not contravene subsection (1) or section 6 if the construction, reconstruction, refitting or structural repair is carried out—
 - (a) in accordance with a watercraft works approval; or
 - (b) at a commercial facility for building or repairing watercraft.

15 Watercraft works approval

A person may apply to the chief executive for an approval (a *watercraft works approval*) to construct, reconstruct, refit or make structural repairs to a watercraft in the Sunshine Coast waters.

Note—

The procedure for obtaining the approval is in part 7 (Approvals).

16 Prohibition on take off from or landing on regulated waters without approval

- (1) The pilot of an aircraft engaged in a commercial activity must not take off from regulated waters unless the take off is authorised under a take off and landing approval.

Maximum penalty—40 penalty units.

- (2) The pilot of an aircraft engaged in a commercial activity must not land on regulated waters unless the landing is authorised under a take off and landing approval.

Maximum penalty—40 penalty units.

17 Take off and landing approval

A person may apply to an administering agency for approval for a stated aircraft that will be engaged in a commercial activity to take off from a stated area, or land in a stated area, in regulated waters (a *take off and landing approval*).

Note—

The procedure for obtaining the approval is in part 7 (Approvals).

18 Prohibition on water-skiing in particular regulated waters

A person must not waterski in the Gold Coast waters described in schedule 1, part 2, division 4.

Maximum penalty—40 penalty units.

19 Prohibition on freestyling, surfing and wave jumping in particular regulated waters

(1) A person must not use a watercraft to freestyle, surf or wave jump in the following regulated waters—

- (a) the Gold Coast waters described in schedule 1, part 2, division 5;
- (b) the Sunshine Coast waters described in schedule 2, part 2, division 4.

Maximum penalty—40 penalty units.

(2) A person must not use a watercraft to freestyle, surf or wave jump in regulated waters that are—

- (a) within 30m of another watercraft; or
- (b) within 60m of a person in the water.

Maximum penalty—40 penalty units.

Part 6 Exemptions

20 Exemption for marine safety

(1) A person does not contravene an exemption provision if a watercraft owned or operated by the person has entered regulated waters, in relation to which the provision applies, from seaward while on a genuine voyage along the coast or an international voyage if—

- (a) entry was made for the purpose of—
 - (i) taking shelter from adverse weather; or
 - (ii) making urgent repairs; and

[s 21]

- (b) if a person is living on board the watercraft—the living on board is for no more than 10 consecutive days.
- (2) In this section—
- exemption provision* means a provision of part 3 or section 10(2), 11(2) or (4), 13(2), (4) or (5) or 14.

Part 7 Approvals

21 Administering agency may issue

- (1) An administering agency may issue an approval for an activity for regulated waters.
- (2) An application for an approval must be—
 - (a) in the approved form; and
 - (b) supported by enough information to enable the administering agency to decide the application; and
 - (c) for a take off and landing approval—accompanied by the application fee for the approval.

22 Granting or refusing application

- (1) The administering agency for regulated waters must consider an application for an approval and either—
 - (a) grant the application, with or without conditions; or
 - (b) refuse to grant the application.
- (2) In deciding the application the administering agency must consider—
 - (a) whether the proposed location is appropriate for the activity; and
 - (b) for a take off and landing approval—the applicant's proposed safety procedures; and

- (c) existing use of the regulated waters in the location and residential, recreational and commercial areas adjacent to the location; and
 - (d) the interests of other users of the waters; and
 - (e) noise, amenity and characteristics of the waters; and
 - (f) the applicant's ability to comply with the requirements of the applicant under a relevant law; and
 - (g) for a living on board approval or watercraft works approval—the proximity or availability of more appropriate commercial facilities to moor or store the watercraft or undertake watercraft maintenance; and
 - (h) whether the applicant has paid the application fee.
- (3) If the administering agency decides to grant the application on conditions, the administering agency must give the applicant written notice of the conditions and the reasons for the conditions.
- (4) If the administering agency decides to refuse to grant the application, the administering agency must give the applicant written notice of the refusal and the reasons for the refusal.
- (5) If the approval is subject to conditions, the approval holder must comply with the conditions, unless the holder has a reasonable excuse.
- Maximum penalty—40 penalty units.
- (6) A notice under subsection (3) or (4) must also state the prescribed review information for the decision.
- (7) An approval is for the period stated in the approval.
- (8) The approval must be kept on the aircraft, or watercraft, to which the approval relates.
- (9) In this section—
- relevant law*** means—
- (a) the domestic commercial vessel national law; and

[s 23]

- (b) the *Transport Operations (Marine Pollution) Act 1995*; and
- (c) the *Transport Operations (Marine Safety) Act 1994*.

23 Renewal

- (1) An approval holder for an approval may apply to the administering agency for regulated waters for the approval for the renewal of the approval.
- (2) The application must be—
 - (a) made in the approved form; and
 - (b) supported by enough information to enable the administering agency to decide the application; and
 - (c) for a take off and landing approval—accompanied by the application fee for the renewal.
- (3) Section 22 applies to an application for renewal of an approval in the same way it applies to an application for an approval.
- (4) Without limiting subsection (3), the administering agency may refuse to renew the approval if—
 - (a) the approval was issued or renewed because of information that is false or misleading; or
 - (b) it is necessary for public safety.

24 Amending, suspending, or cancelling

- (1) The administering agency for regulated waters may amend, suspend, or cancel an approval holder's approval on any of the following grounds—
 - (a) the approval was issued or renewed because of information that is false or misleading;
 - (b) it is necessary for public safety;
 - (c) the effective management of a waterway;

- (d) the person contravenes a relevant law, including a condition of the approval.
- (2) In this section—
- relevant law*** means any of the following—
- (a) the Act, chapter 15, part 2;
 - (b) the domestic commercial vessel national law;
 - (c) the *Transport Operations (Marine Pollution) Act 1995*;
 - (d) the *Transport Operations (Marine Safety) Act 1994*.

25 Procedure for amending, suspending or cancelling

- (1) This section applies if the administering agency for regulated waters considers there is a ground to amend, suspend or cancel an approval holder's approval (the ***proposed action***).
- (2) Before taking the proposed action, the administering agency must give the approval holder a written notice stating—
 - (a) the proposed action; and
 - (b) the grounds for the proposed action; and
 - (c) an outline of the facts and circumstances forming the basis for the grounds; and
 - (d) if the proposed action is suspension of the approval—the proposed suspension period; and
 - (e) an invitation to the approval holder to show, within a stated time, of at least 14 days after the notice is given, why the proposed action should not be taken.
- (3) If, after considering all written representations made within the stated time, the administering agency still considers a ground to take the proposed action exists, the administering agency may—
 - (a) if the proposed action was to amend the approval—amend the approval; or

[s 26]

- (b) if the proposed action was to suspend the approval—
suspend the approval for no longer than the period stated in the notice; or
 - (c) if the proposed action was to cancel the approval—
amend the approval, suspend it for a period or cancel it.
- (4) The administering agency must inform the approval holder of the decision by giving the approval holder written notice.
- (5) If the administering agency decides to amend, suspend or cancel the approval, the notice must state—
 - (a) the reasons for the decision; and
 - (b) the prescribed review information for the decision.
- (6) The decision takes effect on the later of the following—
 - (a) the day the notice is given to the approval holder; or
 - (b) the day of effect stated in the notice.
- (7) However, if the approval is suspended or cancelled because of the conviction of a person for an offence—
 - (a) the suspension or cancellation does not take effect until—
 - (i) the end of the time to appeal against the conviction; and
 - (ii) if an appeal is made against the conviction—the appeal is finally decided; and
 - (b) the suspension or cancellation has no effect if the conviction is quashed on appeal.

26 Procedure for urgent suspension

- (1) Despite section 25(1) to (6), if the administering agency that issued or renewed an approval considers it is necessary for public safety, or for the efficiency of a waterway, the administering agency may, by written notice given to the approval holder for the approval, decide to immediately suspend the approval until the earlier of the following—

- (a) the administering agency informs the approval holder of the administering agency's decision under section 25;
 - (b) the end of 56 days after the notice is given to the approval holder.
- (2) The notice must state—
- (a) the reasons for the decision; and
 - (b) the prescribed review information for the decision.

27 Effect of suspension on renewal

- (1) An approval that is suspended may be renewed.
- (2) However, the suspension continues until the end of the suspension period.

28 Approval to be returned after suspension or cancellation

- (1) A person whose approval is suspended or cancelled must return the issued or renewed approval to the administering agency within 7 days after the suspension or cancellation takes effect, unless the person has a reasonable excuse.

Maximum penalty—20 penalty units.

- (2) If an issued approval is returned to the administering agency because of a suspension of the approval, the administering agency must return it to the approval holder at the end of the period of suspension.
- (3) In this section—
administering agency, for an approval, means the administering agency that issued the approval.

29 Application of Act, ss 485 and 485A for review of decisions of chief executive

- (1) Sections 485 and 485A of the Act apply to a decision made by the chief executive as if—

[s 30]

- (a) the decision were a decision mentioned in schedule 3 of the Act; and
 - (b) QCAT were stated opposite the decision in that schedule.
- (2) In this section—
- decision***, made by the chief executive, means—
- (a) a decision to grant an approval on conditions;
 - (b) a decision to refuse an application for an approval;
 - (c) a decision to amend, suspend or cancel an approval.

30 Gold Coast Waterways Authority Act 2012, ss 36 and 37 apply for review of decisions made by Authority

The *Gold Coast Waterways Authority Act 2012*, sections 36 and 37 apply to the following decisions made by the Authority—

- (a) a decision to grant an approval on conditions;
- (b) a decision to refuse an application for an approval;
- (c) a decision to amend, suspend or cancel an approval.

Part 8 Fees

31 Fees

The fees payable under this regulation are stated in schedule 3.

Part 9 Repeals and transitional provisions

Division 1 Repeals

32 Repeals

The following waterway transport management plans are repealed—

- the Transport Infrastructure (Gold Coast Waterways) Management Plan 2000, SL No. 341
- the Transport Infrastructure (Sunshine Coast Waterways) Management Plan 2000, SL No. 342.

Division 2 Transitional provisions

33 Definitions for div 2

In this division—

commencement means the commencement of this section.

former provision, for a repealed plan, means—

- (a) if the decision is made under the repealed *Transport Infrastructure (Gold Coast Waterways) Management Plan 2000*—section 22 of the repealed plan; or
- (b) if the decision is made under the repealed *Transport Infrastructure (Sunshine Coast Waterways) Management Plan 2000*—section 27 of the repealed plan.

repealed plan means a waterway transport management plan repealed by section 32.

34 Approvals granted under repealed plan

- (1) This section applies to an approval for an activity (the *pre-commencement approval*) in force, immediately before the commencement, under the repealed plan.
- (2) The pre-commencement approval is taken to be an approval (the *deemed approval*), for the activity, issued—
 - (a) under this regulation; and
 - (b) for the period ending on the earlier of the following—
 - (i) the end of the period stated in the pre-commencement approval; or
 - (ii) if an approval for the activity is issued under this regulation before the end of the period mentioned in subparagraph (i)—the day the approval is issued.
- (3) Also, if the pre-commencement approval was subject to a condition under a repealed plan, the deemed approval is taken to be subject to the condition.

35 Application for approvals made before commencement

- (1) This section applies to an application for an approval for an activity made but not decided, before the commencement, under a repealed plan.
- (2) For dealing with and deciding the application, the repealed plan continues to apply as if this regulation had not commenced.
- (3) However, the decision on the application is taken to be a decision on an application for an approval for the activity under this regulation.

36 Internal review of decisions

An application for an internal review of a decision, requested under section 485 of the Act as applied by a former provision of a repealed plan, that is not dealt with before the

commencement is taken to be an application for an internal review of a decision requested under section 485 of the Act as applied by section 29(1).

37 External review of decisions

- (1) An information notice given to an applicant under section 485A(2) of the Act as applied by a former provision of a repealed plan is taken to be an information notice given to the applicant under section 485A of the Act as applied by section 29(1).
- (2) An application for an external review of a decision under section 485A(3) of the Act as applied by a former provision of a repealed plan that is not dealt with before the commencement is taken to be an application for an external review of a decision under section 485A of the Act as applied by section 29(1).

38 References to repealed plan

- (1) In a document a reference to a repealed plan may, if the context permits, be taken to be a reference to this regulation.
- (2) Subsection (1) does not limit the application of the *Acts Interpretation Act 1954*, section 14H.
