- (3) Also, the registrar may act under subsection (1) to prevent a dealing with a lot to give effect to an order of a court of competent jurisdiction directed to the registrar.
- (4) Subsection (2)(g) applies only if the registrar is satisfied, because of the nature or urgency of particular circumstances, there is no practicable alternative to registering the caveat.

30 Registrar must register instruments

- (1) On lodgement of an instrument, the registrar must register the instrument if—
 - (a) the person who lodged it complies with the requirements of this Act for its registration; and
 - (b) the instrument is not inconsistent with another Act or law; and
 - (c) if the instrument is a plan of survey—it is not inconsistent with another plan of survey.
- (2) However, subsection (1) does not prevent the person from withdrawing the instrument.
- (3) If the instrument is a plan of survey and it is inconsistent with another plan of survey, the registrar may—
 - (a) give a written notice to a registered proprietor of a lot that may be affected by registration of the plan of survey; or
 - (b) require the person who lodged the instrument to give a written notice, in the way the registrar requires, to a person mentioned in paragraph (a).

31 Instruments form part of the freehold land register

On registration of an instrument in the freehold land register, the instrument forms part of the register.

32 Registrar's procedures on lodgement and registration of instrument

- (1) When an instrument is lodged in the land registry, the registrar must note on the instrument—

- (a) the date and time of lodgement; and
 - (b) an identifying reference.
- (2) When the instrument is registered, the registrar must record the information mentioned in subsection (1)(a) and (b) in the appropriate register.

33 Separate part of the freehold land register for powers of attorney

The registrar must keep a separate part of the freehold land register for registered powers of attorney.

34 Other information not part of the freehold land register

- (1) The registrar may keep separately from the freehold land register information that the registrar considers necessary or desirable for the effective or efficient operation of the register.
- (2) The information may include information given to the registrar by another entity.
- (3) A relevant entity is not civilly liable for an act done, or omission made, honestly and without negligence in relation to the giving or keeping of information under this section.
- (4) Without limiting subsection (3), a relevant entity other than the registrar is not civilly liable in relation to the giving or keeping of inaccurate information under this section if the relevant entity did not give the information to the registrar for keeping under this section.
- (5) In this section—
relevant entity means—
 - (a) the registrar; or
 - (b) the chief executive; or
 - (c) the Minister; or
 - (d) the State.

 - (iv) information kept under this Act; and
 - (b) obtain a copy of the indefeasible title of a lot, or a registered instrument, certified by the registrar to be an accurate copy.
- (2) Subsection (1)(a)(iii) does not apply to an instrument that has been destroyed by the registrar.
- (3) A search under subsection (1) may be carried out at, or a copy mentioned in subsection (1) obtained from, an office of the land registry during office hours on a day the land registry is open for business.
- (4) Also, a search under subsection (1) may be carried out by, or a copy mentioned in subsection (1) obtained from, an entity engaged by the chief executive for allowing persons to search the land registry or obtain copies of indefeasible titles, registered or other instruments, or information, kept in the registry.
- (5) The registrar may allow a person to carry out a search under subsection (1)(a) for—
 - (a) only part of an indefeasible title for a lot; or
 - (b) only part of an instrument; or
 - (c) only part of the information about an instrument.
- (6) The registrar may enter into an arrangement with another department allowing the department to carry out a search, or obtain a copy, under this section without payment of the fee mentioned in subsection (1).

- (7) However, the registrar may enter into an arrangement under subsection (6) only if the registrar is reasonably satisfied the information obtained from the search or the copy will not be—
- (a) used for a commercial purpose, including, for example, the marketing or sale of the information or other information; or
 - (b) included in another database of information, in any form, other than with approval from the registrar.

35A Fee required to produce document under subpoena etc.

- (1) This section applies if a fee is payable under section 35(1) for a person to obtain a copy of a document and—
- (a) a subpoena requires the document to be produced; or
 - (b) a person has applied under the *Evidence Act 1977*, section 134A for the document to be produced for inspection.
- (2) Despite any other law or rule of court, the registrar is not required to produce, or provide a copy of, the document until the fee mentioned in section 35(1) is paid.
- (3) Subsection (2) does not apply if a department is not required to pay a fee for the document under an agreement mentioned in section 35(6).

36 Evidentiary effect of certified copies of documents

- (1) A document purporting to be a certified copy of the indefeasible title of a lot obtained under section 35(1)(b) is evidence of the indefeasible title.
- (2) A document purporting to be a certified copy of a registered instrument obtained under section 35(1)(b) is evidence of the registered instrument.

Division 2 Indefeasible title

37 Creation of indefeasible title

An indefeasible title for a lot is created on the recording of the particulars of the lot in the freehold land register.

38 Meaning of *indefeasible title*

The *indefeasible title* for a lot is the current particulars in the freehold land register about the lot.

39 Single indefeasible title for 2 or more lots

- (1) The registrar may create a single indefeasible title for 2 or more lots that have the same registered owner by including a single set of particulars for the lots in the freehold land register.
- (2) The registrar may act under this section if the registrar considers that, in the special circumstances of the case, it is appropriate for the lots to have a single indefeasible title.
- (3) Without limiting subsection (2), the registrar may act under this section if the lots—
 - (a) share a common boundary; or
 - (b) have a boundary that adjoins the same part of a road or watercourse.

40 Separation of single indefeasible title for 2 or more lots

- (1) If the registrar has created a single indefeasible title for 2 or more lots, the registrar may create separate indefeasible titles for any of the lots by cancelling the single set of particulars for the lots in the freehold land register and including separate particulars for the lots.
- (2) This section does not prevent the registrar from also acting under section 39 for 2 or more of the lots.

41 Transfer of land forming part of indefeasible title

If the registrar registers an instrument of transfer for only part of the land in the indefeasible title of a lot, the registrar must create separate indefeasible titles for the part of the land that is transferred, and the part that is not transferred, by cancelling the particulars for the lot in the freehold land register and including separate particulars for each of the parts in the register.

Division 2A Indefeasible title for common property

41A Creation of indefeasible title for common property

When a community titles scheme is established, the registrar must create an indefeasible title for the common property for the scheme.

41B Meaning of *indefeasible title* for common property

The *indefeasible title* for common property is the current particulars in the freehold land register about the common property.

41BA Ownership of common property

- (1) Common property for a community titles scheme is owned by the owners of the lots included in the scheme, as tenants in common, in shares proportionate to the interest schedule lot entitlements of their respective lots.
- (2) Subsection (1) applies even though, under section 41A, the registrar creates an indefeasible title for the common property.
- (3) An owner's interest in a lot is inseparable from the owner's interest in the common property.

Examples for subsection (3)—

- 1 A dealing affecting the lot affects, without express mention, the interest in the common property.
- 2 An owner can not separately deal with or dispose of the owner's interest in the common property.

41C Application of provisions of Act to common property

- (1) In this Act, a reference to a lot is taken to include a reference to common property.
- (2) However, subsection (1) has effect only to the extent necessary to allow for the registration, and appropriate recognition under this Act, of dealings that—
 - (a) affect common property (including dealings affecting interests in common property); and
 - (b) are consistent with the BCCM Act.
- (3) In particular, subsection (1) has effect subject to the following principles—
 - there can be no certificate of title issued for common property
 - there can be no registered owner for common property (although the body corporate for the community titles scheme that includes the common property is taken to be the registered owner for dealings affecting the fee simple interest in the common property)
 - the fee simple interest in the common property for a community titles scheme can not be the subject of sale or transfer (although a part of the common property might be the subject of transfer after the registration of an appropriate plan of subdivision and the recording of a new community management statement)
 - the fee simple interest in common property can not be the subject of a mortgage (although a lesser interest able to be created over common property, for example, a lease, might be the subject of a mortgage).

-
- (4) Without limiting subsections (2) and (3), subsection (1) has no application for the purpose of the following provisions—
- this Act’s definition of *lot*
 - division 2.

Division 3 Certificates of title

42 Issuing of certificates of title

- (1) The registrar may issue a certificate containing the indefeasible title for a lot (the *certificate of title*) if asked in writing by the registered owner.
- (2) However, if the lot is subject to a registered mortgage, the registrar may issue the certificate of title only if the mortgagee consents to the issue of the certificate.
- (3) Also, if an instrument has been lodged to register an interest in the lot, the registrar may refuse to issue the certificate of title until the instrument has been registered.
- (4) If the registrar issues a certificate of title, the registrar must give the certificate of title to the person stated in the owner’s request.

43 Certification to be included in certificate of title

The certificate must be certified by the registrar as an accurate statement of the current particulars in the freehold land register about the lot.

44 Record of issue of certificate of title etc.

If the registrar issues a certificate of title for a lot, the registrar—

- (a) must record in the particulars for the lot in the freehold land register that the certificate has been issued; and

- (b) may issue a second certificate only if the first certificate is cancelled.

45 Cancellation of certificate of title on deposit

Unless the registrar otherwise directs, a certificate of title that is deposited in the land registry is cancelled, whether or not a note of the cancellation is made on it.

46 Evidentiary effect of certificate of title

A certificate of title of a lot is conclusive evidence of the indefeasible title for the lot when it is issued—

- (a) other than in the circumstances described in sections 184(3)(b) and 185(1)(c) to (g); or
- (b) except as far as the particulars specified in the certificate in fact differ from the indefeasible title.

Part 4 Registration of land

Division 1 Alienation of State land

47 Alienated State land to be registered

- (1) As soon as practicable after land is alienated from the State—
 - (a) if the deed of grant for the land takes effect on delivery to the grantee—notice that the deed has been delivered to the grantee must be given to the registrar; or

Note—

See the *Aboriginal Land Act 1991*, section 44 and the *Torres Strait Islander Land Act 1991*, section 40 for examples of deeds of grant that take effect on delivery of the deed to the grantee.

- (b) otherwise—the deed of grant for the land must be lodged in the land registry.

- (2) The registrar must register the deed of grant by recording the particulars of the grant in the freehold land register.
- (3) On the registration of the deed of grant, an indefeasible title is created for the relevant lot.

Division 2 Land held by State

48 Land held by the State

The State may, under this Act, acquire, hold and deal with lots.

Division 2A Format of plans of survey

48A Available formats for plans

- (1) A plan of survey may be in a standard, building or volumetric format.
- (2) The format to be used in the plan depends on how the plan is to define the land to which it relates.

48B Standard format plan

A *standard format* plan of survey defines land using a horizontal plane and references to marks on the ground.

Example of marks—

posts in the ground

48C Building format plan

- (1) A *building format* plan of survey defines land using the structural elements of a building, including, for example, floors, walls and ceilings.
- (2) For subsection (1)—

structural elements, of a building, includes projections of, and references to, structural elements of the building.

Example of projections as structural elements of a building—

Projections might be used to define a lot that includes a balcony, courtyard, roof garden or other area not bounded, or completely bounded, by a floor, walls and a ceiling.

48D Volumetric format plan

A *volumetric format* plan of survey defines land using 3 dimensionally located points to identify the position, shape and dimensions of each bounding surface.

Division 2B Explanatory format plans

48E Explanatory format plan

- (1) The registrar may approve the lodging of a plan relating to an interest in land other than a plan of survey in standard, building or volumetric format (an *explanatory format plan*) if the registrar is satisfied the land to which the interest relates may be accurately defined using—
 - (a) information already held in the land registry; or
 - (b) other information giving a high level of accuracy about the extent of the interest.
- (2) Lodging an explanatory format plan, approved under this section, is sufficient compliance with a requirement under this Act to lodge a plan of survey in standard, building or volumetric format.

Division 3 Plans of subdivision

49 Meaning of *plan of subdivision*

A *plan of subdivision* is a plan of survey providing for 1 or more of the following—

- (a) division of 1 or more lots;
- (b) amalgamation of 2 or more lots to create a smaller number of lots;
- (c) dedication of land to public use;
- (d) redefinition of a lot on a resurvey.

49A Plan of subdivision may be registered

- (1) A plan of subdivision may be registered.
- (2) A lot defined in the plan is created as a lot when the plan is registered.

49B Standard format plan of subdivision

- (1) This section applies to a standard format plan of subdivision.
- (2) Common property for a community titles scheme may be created under the plan, but only if—
 - (a) the plan also creates 2 or more lots; or
 - (b) the common property created is additional to common property already existing under the community titles scheme.

49C Building format plan of subdivision

 - (a) the plan amalgamates 2 or more lots on an existing registered building format plan of subdivision; or

49D Volumetric format plan of subdivision

- (1) This section applies to a volumetric format plan of subdivision.
- (2) Common property for a community titles scheme may be created under the plan, but only if—

- (3) The plan may divide a lot on a standard, building or volumetric format plan of subdivision.

49DA Creation of common property

- (1) This section applies if—
 - (a) the community management statement for a community titles scheme provides for the progressive subdivision of scheme land; and
 - (b) under the scheme, the scheme land is to be subdivided by a plan of subdivision to create common property under sections 49B to 49D.

- (2) The registration of the plan and recording of the new community management statement for the scheme operate, without anything further, to create the common property.

49E Division of lot on standard format plan of subdivision

- (1) This section applies if a building or volumetric format plan of subdivision divides a standard format lot, creating 2 or more lots.
- (2) If, after the division, a created lot continues to be defined using a horizontal plane and references to marks on the ground, the created lot is a standard format lot.

50 Requirements for registration of plan of subdivision

 - (b) need not have been approved by the relevant planning body as would otherwise be required under subsection (1)(h) or (i).
- (3) Subsection (1)(h) and (i) does not apply to a plan of subdivision that, other than for this subsection, would have been required to have been approved by the relevant planning body if—

 - (b) for a plan that, other than for this subsection, would have required approval by the relevant local government—the plan is not a plan for which a process for approving the plan is provided under the Planning Act.

-
- (4) Also, subsection (1)(h) and (i) does not apply to a plan of subdivision that, under a provision of another Act, is a plan that is not required to be approved by the relevant planning body.
 - (5) If a plan of subdivision is approved as mentioned in subsection (1)(h) or (i) under the *Economic Development Act 2012*, section 104 or the *Planning Act*, the plan must be lodged for registration within 6 months after the approval.

 - (aa) if the proposed lots are in a State development area and the subdivision is regulated by an approved development scheme—the Coordinator-General; or
 - (b) otherwise—the relevant local government.

51 Dedication of public use land in plan

- (1) The dedication of a lot to public use in a plan of subdivision must be of the registered proprietor's whole interest in the lot.
- (2) On registration of the plan, without anything further—
 - (a) if the dedication is for a road—the road is opened for the *Land Act 1994*; or
 - (b) if the dedication is for a non-tidal watercourse or a lake—the plan is taken to be the source material for the land for the *Survey and Mapping Infrastructure Act 2003*, section 99; or

Note—

The *Survey and Mapping Infrastructure Act 2003*, section 99 defines when a boundary of land is a non-tidal boundary (watercourse) or non-tidal boundary (lake). See the *Land Act 1994*, section 13A for provisions about the ownership of land on the watercourse side or lake side of one of these boundaries.

[s 51A]

- (c) if the dedication is for an identified community purpose under the *Land Act 1994* and the plan is consented to by the Minister administering the *Land Act 1994*—the lot is dedicated as a reserve for the community purpose; or

 - (b) the lot or a part of the lot is dedicated for a road under subsection (2).
- (4) The easement is extinguished to the extent it is over the lot or the part of the lot dedicated for the road.

51A Access for public use land

A plan of subdivision providing for the dedication of a lot to public use, other than as a road, non-tidal watercourse or a lake, may be registered only if—

- (a) on registration, access to the lot will be available through a road or a public thoroughfare easement; or
- (b) the Minister administering the *Land Act 1994* has approved that the plan of subdivision may be registered without access to the lot being available.

52 Particulars to be recorded on registration of plan

In registering a plan of subdivision, the registrar must record in the freehold land register particulars of—

- (a) each proposed lot that is not public use land; and
- (b) to the extent that it is practicable—common property created under the plan.

53 Lodged plan that is withdrawn and relodged

If a plan of subdivision is lodged within 6 months after it is approved as mentioned in section 50(1)(h) or (i) and is withdrawn and re-lodged under section 159, it must be treated for the purposes of sections 175 and 178 to have been lodged when it was first lodged.

53A Division excluding road or watercourse

- (1) A lot may be divided by a plan of subdivision, even though there is a road or watercourse within the boundaries of the lot that is not part of the lot.
- (2) However, the road or watercourse is not included in any lot created by the plan of subdivision, even though it may be within the boundaries of the lot.

Division 3A Dedication of road by notice

54 Dedication of road by notice

- (1) The registered owner of a lot may dedicate the lot as a road for public use by the registration of a dedication notice.
- (2) Part of a lot may not be dedicated as a road for public use under this section.

- (4) On the day the dedication notice is registered—
 - (a) the dedication of the lot as a road for public use takes effect; and
 - (b) the land is opened for public use as a road.
- (5) This section does not apply if the dedication notice is for the land to be dedicated as a road under the *Acquisition of Land Act 1967*, section 12B.

Note—

A dedication notice for land taken under the *Acquisition of Land Act 1967* to be dedicated as a road is registered under section 12B of that Act.

dedication notice means a notice in the approved form requesting the registrar to register a dedication of land as a road.

relevant planning body means—

- (a) if the lot is in a priority development area—MEDQ; or
- (aa) if the lot is in a State development area—the Coordinator-General; or
- (b) otherwise—the local government.

Division 4 Building management statements

54A Building management statement may be registered

- (1) A building management statement may be registered.
- (2) A ***building management statement*** is an instrument that—
 - (a) identifies lots to which it applies; and
 - (b) contains provisions benefiting and burdening the lots to which it applies; and
 - (c) otherwise complies with the requirements of this division for a building management statement.
- (3) Each lot to which a building management statement applies must be a lot entirely or partly contained in, or entirely or partly containing, 1 or more buildings.
- (4) However, a building management statement that otherwise complies with subsection (3) may also apply to a lot that is not entirely or partly contained in, and does not entirely or partly contain, 1 or more buildings if the lot is the subject of a building development approval.

(5) If a lot to which a building management statement applies is the subject of a plan of subdivision, the statement applies to each lot created by the registration of the plan.

(6) In this section—

building development approval means a development approval under the Planning Act for development relating to a proposed building or buildings.

54AA Single area for lots to which building management statement applies

(1) The lots to which a building management statement applies must form a single, continuous area of land.

(2) A number of lots are taken to form a single, continuous area of land even if there is a road or watercourse within the external boundaries of the area comprising of the lots.

(3) Despite subsection (1), a building management statement may apply to lots that do not form a single, continuous area of land if the registrar is satisfied, on reasonable grounds, that all the lots are located within an area that is sufficiently limited to ensure the effective and efficient application of the provisions of this division.

54B Circumstances under which building management statement may be registered

(1) A building management statement may be registered only if it is signed by the registered owners of all lots to which the statement applies.

(2) The lots to which a building management statement applies must comprise—

(a) 2 or more volumetric format lots; or

(b) 1 or more volumetric format lots, and 1 or more standard format lots.

- (3) In this section, a reference to standard format lot or volumetric format lot is taken to include a reference to common property, if the common property is created on registration of—
- (a) a building format plan of subdivision; or
 - (b) a volumetric format plan of subdivision.

54C Content of building management statement

- (1) A building management statement must contain provisions about the following—

 - (c) property maintenance;
 - (d) architectural and landscaping standards;
 - (e) dispute resolution;
 - (f) rules for common services and facilities;
 - (g) administrative arrangements;
 - (h) arrangements for accomplishing the extinguishment of the statement;
 - (i) proposed future development.
- (3) To avoid doubt, it is declared that a right of access, support or shelter, or other right in the nature of an easement, under a building management statement may operate according to its terms, and may be effective, despite the absence of a formal registered easement establishing the right.

- (4) A dispute resolution provision under a building management statement may operate to require the referral of a dispute arising under the building management statement other than to a court, but the provision is ineffective to the extent that it purports to operate to stop final determination of the dispute in a court of competent jurisdiction.

54D Registration of building management statement

- (1) When registering a building management statement, the registrar must record a reference to the statement on the indefeasible title for each lot to which the statement relates.
- (2) However the registrar is not obliged to examine, but may examine, a building management statement for its validity, including, in particular, its consistency with any plan of subdivision, or its compliance with the requirements for a building management statement.

54DA When building management statement taken not to be registered

- (1) A registered building management statement is taken not to be registered under this Act to the extent it includes a prohibition, requirement or restriction that, under the *Building Act 1975*, chapter 8A, part 2, has no force or effect.

Editor's note—

Building Act 1975, chapter 8A, part 2 (Provisions to support sustainable housing)

- (2) Subsection (1) has effect only for a building management statement registered after the commencement of this section.
- (3) The registrar may refuse to register an instrument purporting to be a building management statement if the registrar is satisfied it includes a prohibition, requirement or restriction that, under the *Building Act 1975*, chapter 8A, part 2, has no force or effect.

54E Amending a building management statement

- (1) A building management statement may be amended by registering an instrument of amendment of the building management statement.
- (2) The instrument of amendment must be signed by the registered owner of all lots to which the building management statement applies.
- (3) The instrument of amendment must not change the lots to which it applies.

54F Building management statement if lots owned by 1 registered owner

A building management statement may be registered even if all the lots to which it applies have the one registered owner.

54G One person becoming registered owner of all lots

If the one person becomes the registered owner of all lots to which a building management statement applies, the building management statement is extinguished only if the registered owner asks the registrar to extinguish it.

54H Extinguishing a building management statement

- (1) A building management statement may be extinguished by registering an instrument of extinguishment of the building management statement.
- (2) A building management statement may be extinguished in part to remove a lot that is not contained in, or does not contain, a building or a part of a building, by registering an instrument of partial extinguishment of the building management statement.
- (3) The instrument of extinguishment or partial extinguishment must be signed by the registered owners of all lots to which the building management statement applies.

-
- (4) However, a building management statement may be extinguished or partially extinguished only if—
- (a) for a partial extinguishment—all registered mortgagees of a lot to be removed consent to the partial extinguishment; or
 - (b) otherwise—all registered mortgagees of lots to which the building management statement applies consent to the extinguishment.

54I Lots constituted by community titles schemes

- (1) For the operation of this division—
- (a) a lot could be constituted by the scheme land for a community titles scheme; and
 - (b) for the signing of the statement, or an amendment, extinguishment or partial extinguishment of the statement, by the registered owner of the lot, the body corporate for the scheme is taken to be the registered owner.
- (2) To remove any doubt, it is declared that if a building management statement applies to scheme land for a community titles scheme, the building management statement is binding on the community titles scheme.
- (3) Also, if the building management statement provides for the establishment and operation of a management group, a decision made by the management group under the building management statement is binding on the community titles scheme.
- (4) Subsections (2) and (3) have effect despite section 97 of the BCCM Act.
- (5) To remove any doubt, it is declared that if a building management statement applies to scheme land for a community titles scheme, registration of the building management statement does not, and can not, give the body corporate of the community titles scheme an interest in any particular lot included in the scheme.

54J Building management statement affecting freehold and non-freehold land

- (1) If a building management statement benefits or burdens both freehold and non-freehold land, the building management statement must be registered in the appropriate registers.
- (2) Further dealings affecting the building management statement must also be registered in the appropriate registers.
- (3) If a lot subject to a building management statement, including a lot over which a lease is issued under the *Land Act 1994*, is surrendered to the State to be dealt with under the *Land Act 1994*, the building management statement continues over the resulting unallocated State land only if the Minister approves the continuation.
- (4) In considering whether to approve the continuation of the building management statement, the Minister may consider if it is reasonably necessary to benefit the lots, including the unallocated State land, the subject of the building management statement.
- (5) In this section—

Minister means the Minister administering the *Land Act 1994*.

Part 5 Joint holders in a lot

55 Registering life interests and remainders

The registrar may record in the freehold land register an interest in a lot for life and an interest in remainder in the way the registrar considers appropriate.

56 Registering co-owners

- (1) In registering an instrument transferring an interest to co-owners, the registrar must also register the co-owners as holding their interests as tenants in common or as joint tenants.

- (2) If the instrument does not show whether co-owners are to hold as tenants in common or as joint tenants, the registrar must register the co-owners as tenants in common.

57 Separate indefeasible titles for tenants in common

- (1) If a lot is, or is to be held, by 2 or more registered owners as tenants in common, the registrar may create a separate indefeasible title for the interest of each owner by including a separate set of particulars in the freehold land register for the interest of each owner.
- (2) The registrar may act under this section at the request of an owner.

58 Time share schemes

If a registered owner of a lot subject to a time share scheme proposes to transfer to each participant in the scheme an interest as tenant in common with other participants, the registrar may create in the name of the registered owner—

- (a) separate indefeasible titles for each interest by including a separate set of particulars in the freehold land register for each interest; or
- (b) a single indefeasible title for several interests by including a single set of particulars in the freehold land register for the interests.

59 Severing joint tenancy

- (1) A registered owner of a lot subject to a joint tenancy may unilaterally sever the joint tenancy by registration of a transfer executed by the registered owner.
- (2) However, the registrar may register the instrument of transfer only if the registrar is satisfied the registered owner has given, or made a reasonable attempt to give, each other joint tenant the following—

[s 60]

- (a) if the instrument is an electronic conveyancing document—written notice of the registered owner’s intention to sever the joint tenancy under subsection (1);
 - (b) otherwise—a copy of the instrument.
- (3) On registration of the instrument of transfer, the registered owner becomes entitled as a tenant in common with the other registered owners.

- (1) On registration of an instrument of transfer for a lot or an interest in a lot, all the rights, powers, privileges and liabilities of the transferor in relation to the lot vest in the transferee.
- (2) Without limiting subsection (1), the registered transferee of a registered mortgage is bound by and liable under the mortgage to the same extent as the original mortgagee.
- (3) Without limiting subsection (1), the registered transferee of a registered lease is bound by and liable under the lease to the same extent as the original lessee.

63 Dealing with mortgaged lot

- (1) If a lot, or an interest in a lot, subject to a registered mortgage is transferred, the transferee is liable—
- (a) to comply with the terms of the mortgage and the terms implied by an Act; and
- (b) to indemnify the transferor against liability under the mortgage and under this or another Act.
- (2) If a mortgagee of a lot becomes the registered owner of the lot, the registrar must register the mortgagee as registered owner released from the mortgage.
- (3) The registrar must act under subsection (2) unless the mortgagee asks the registrar not to act under the subsection.

Division 2 Leases

64 Registering a lease

A lot or part of a lot may be leased by registering an instrument of lease for the lot or part.

65 Requirements of instrument of lease

- (1) An instrument of lease for a lot or part of a lot must—

 - (a) a sketch plan identifying the part of the lot drawn to a standard to the registrar's satisfaction; or
 - (b) if required by the registrar—a plan of survey identifying the part of the lot.
- (3) However, the registrar may allow the part of the lot to be identified by a description alone if the registrar is satisfied the part of a lot is sufficiently identified by the description in the instrument.
- (3A) If the instrument of lease (other than a lease of all or part of a building) is for reconfiguring a lot within the meaning of the Planning Act, the instrument must have been approved by—
 - (a) if the lot is in a priority development area—MEDQ; or
 - (aa) if the lot is in a State development area and the reconfiguration is regulated by an approved development scheme—the Coordinator-General; or

-
- (4) This section does not limit the matters that the appropriate form for an instrument of lease may require to be included in the instrument.

66 Validity of lease or amendment of lease against mortgagee

A lease or amendment of a lease executed after registration of a mortgage of a lot is valid against the mortgagee only if the mortgagee consents to the lease or amendment before its registration.

67 Amending a lease

- (1) A registered lease may be amended by registering an instrument of amendment of the lease.
- (2) However, the instrument of amendment must not—
- (a) increase or decrease the area leased; or
 - (b) add or remove a party to a lease; or
 - (c) be lodged after the lease's term has ended.
- (3) The *term* of a registered lease includes a period of possession under the lease because—
- (a) an option to renew in the lease has been exercised, whether or not an instrument of amendment has been registered to extend the term of the lease for the option period; or
 - (b) otherwise—an instrument of amendment extending the term of the lease has been registered.
- (4) However, subsection (3)(a) applies to a second or subsequent option to renew in a lease only if, before the end of the option period for the previous option, an instrument of amendment was registered to extend the term of lease for that previous option period.
- (5) The procedure for amendment specified in this section is in addition to other rights that are not inconsistent with this Act.

(6) In this section—

option period, for an option to renew in a lease, means the period for which the term of a lease is, or will be, extended by the exercise of the option.

- (3) If an instrument of surrender of lease is lodged, the registrar may register the instrument and record the date of surrender specified in the instrument in the freehold land register.
- (4) On registration of an instrument of surrender of a registered lease, the interest of the lessee vests in the lessor.
- (5) This section does not apply to a surrender or disclaimer under a law about bankruptcy.

70 Disclaimer in bankruptcy

The registrar may register a disclaimer of a lease or other interest in a lot under a law about bankruptcy only if notice of the disclaimer and a request to register it is lodged.

71 Validity of unregistered lease

An unregistered lease of a lot or part of a lot is not invalid merely because it is unregistered.

Division 3 Mortgages

72 Mortgaging lot etc. by registration

- (1) A lot or an interest in a lot may be mortgaged by registering an instrument of mortgage for the lot or interest.
- (2) However, a mortgage is not an interest in a lot that can be mortgaged.

- (1) An instrument of mortgage must—
 - (a) be validly executed; and
 - (b) include a description sufficient to identify the lot to be mortgaged; and
 - (c) include a description of the debt or liability secured by the mortgage; and
 - (d) include a description sufficient to identify the interest to be mortgaged.
- (2) If the mortgagor is registered as a trustee, a document specifying the details of the trust, or the document creating the trust, must be deposited with the mortgage unless—
 - (a) a document has already been deposited with an instrument of transfer under section 110(3); and
 - (b) the details of the trust have not since changed.
- (3) Subsection (1) does not limit the matters that the appropriate form for an instrument of mortgage may require to be included in the form.

74 Effect of registration of a mortgage

A registered mortgage of a lot or an interest in a lot operates only as a charge on the lot or interest for the debt or liability secured by the mortgage.

75 Equitable mortgage

- (1) An equitable mortgage of a lot may be created by leaving a certificate of title with the mortgagee.
- (2) Subsection (1) does not affect the ways in which an equitable mortgage may be created.

76 Amending a mortgage

- (1) A registered mortgage may be amended by registering an instrument of amendment of the mortgage.
- (2) However, the instrument of amendment must not—

 - (iii) obtain an order of the court for the sale of the mortgaged lot.
- (3) The powers in this section are in addition to other powers exercisable by the mortgagee.

79 Effect of transfer after sale by mortgagee

If an instrument of transfer executed by a registered mortgagee after the exercise of the power of sale under the mortgage is registered, registration of the instrument vests in the transferee the mortgagor's interest that is transferred, free from liability under the mortgage and any other mortgage registered after it.

80 Liability of mortgagee in possession of leased lot

- (1) A mortgagee of a leasehold interest in a lot who enters into possession under the lease (whether by taking the rents or profits or in another way) is liable under the lease to the same extent as the lessee was liable under the lease before the mortgagee entered into possession.

- (2) However, the liability of the mortgagee under the lease is limited to the amount of rents, profits or other benefits received by the mortgagee during the mortgagee's possession.

 - (a) increase or decrease the area of land the subject of the profit a prendre; or
 - (b) add or remove a party to the profit a prendre.

97L Releasing or removing a profit a prendre

- (1) On lodgement of an instrument releasing a profit a prendre to which a lot is subject, the registrar may register the release to the extent shown in the instrument of release.
- (2) On registration of the instrument of release, the profit a prendre is discharged, and the lot is released from the profit a prendre, to the extent shown in the instrument of release.
- (3) Also, the registrar may remove a profit a prendre from the indefeasible title for a lot if a request to remove the profit a prendre is lodged, and it is clearly established that—
 - (a) the period of time for which the profit a prendre was intended to subsist has ended; or
 - (b) the event upon which the profit a prendre was intended to end has happened.

97M Effect of surrender of lot on profit a prendre

- (1) If a lot subject to a profit a prendre is surrendered to the State, other than absolutely, the profit a prendre is a transaction that must be recorded on the new deed of grant under the *Land Act 1994*, section 358(5).
- (2) If a lot subject to a profit a prendre is surrendered absolutely, the profit a prendre is an interest that, under the *Land Act 1994*, section 331(2), is extinguished from the day the surrender is registered.

Division 4C Carbon abatement interests

Subdivision 1 Preliminary

97N Definitions for div 4C

In this division—

carbon abatement interest, for land, means an interest in the land consisting of the exclusive right to the economic benefits associated with carbon sequestration on the land.

carbon abatement product means all or any of the following—

- (a) living biomass;
- (b) dead organic matter;
- (c) soil;
- (d) carbon sequestration by, and carbon stored in, a carbon abatement product mentioned in paragraphs (a) to (c).

carbon sequestration, by living biomass, dead organic matter or soil, includes—

- (a) the process by which the biomass, matter or soil removes and stores carbon dioxide from the atmosphere;
or
- (b) the use of the biomass, matter or soil to avoid, reduce or eliminate greenhouse gas emissions.

Subdivision 2 Creation and registration

97O Creation only by registration

- (1) A carbon abatement interest over a lot—
 - (a) is created by registering an instrument of carbon abatement interest for the lot; and

- (b) can not be created other than under this division.
- (2) An instrument of carbon abatement interest must—
 - (a) be validly executed; and
 - (b) include—
 - (i) a description sufficient to identify the lot the subject of the interest; and
 - (ii) the terms of the interest; and
 - (iii) the period for which the interest is granted.
- (3) If the carbon abatement interest relates to a part of a lot, the instrument may only be registered if—
 - (a) a plan of survey has been registered, designating the part of the lot as being the subject of a carbon abatement interest; and
 - (b) the instrument includes a description identifying the part of the lot designated on the registered plan of survey.
- (4) This section does not limit the matters that the appropriate form for an instrument of carbon abatement interest may require to be included in the instrument.

97P Requirements for registration

The registrar may register an instrument creating a carbon abatement interest for a lot only if—

- (a) the proposed grantor of the interest is the registered owner of the lot; and
- (b) the registrar is satisfied the registered owner is the holder of the right to deal with the carbon abatement product for the lot; and
- (c) all holders of a registered interest in the land whose interest may be affected by the proposed carbon abatement interest consent to the proposed grant; and

- (d) there are no existing carbon abatement interests registered for the part of the lot to which the proposed carbon abatement interest relates.

97Q Grantor and grantee may be the same

A carbon abatement interest may be registered even though the proposed grantor and proposed grantee of the interest are the same.

97R Particular interests not to be registered

- (1) This section applies in relation to land in the area of a specified national park.
- (2) The registrar must not register a carbon abatement interest for the land in the freehold land register.

Subdivision 3 Amendments and dealings

97S Amending interest

- (1) A carbon abatement interest may be amended by registering an instrument of amendment of the carbon abatement interest.
- (2) However, the amendment can not—
 - (a) increase or decrease the area of land the subject of the interest; or
 - (b) add or remove a party to the interest.

97U Surrendering or removing an interest

- (1) On lodgement of an instrument surrendering a carbon abatement interest to which a lot is subject, the registrar may register the surrender to the extent shown in the instrument of surrender.
- (2) On registration of the instrument of surrender the interest is surrendered to the extent shown in the document.

- (3) Also, the registrar may remove a carbon abatement interest from the indefeasible title of a lot if—
 - (a) a request to remove the carbon abatement interest is lodged, and the request establishes that—
 - (i) the period of time for which the carbon abatement interest was intended to exist has ended; or
 - (ii) an event upon which the carbon sequestration was intended to end has happened; or
 - (b) the registrar receives a request to remove the interest under an Act of the Commonwealth.

Division 5 Application by adverse possessor

98 Application may not be made about particular matters

- (1) An application may not be made under this division if the application—
 - (a) relates to only a part of a lot; or
 - (b) is for a lot that may be created in the future by the registration of a plan of subdivision; or
 - (c) is for a lot the registered owner of which is—
 - (i) the State or another entity representing the State; or
 - (ii) a local government; or
 - (d) relates to possession arising out of an encroachment.
- (2) In this section—

encroachment means—

 - (a) an encroachment within the meaning of the *Property Law Act 1974*, part 11, division 1; or
 - (b) the enclosure of a part of a lot with another lot, if—
 - (i) the enclosure is established by the use of a wall, fence, hedge, ditch, garden bed or other way of marking the boundary between the lots; and

- (ii) the wall, fence, hedge, ditch, garden bed or other way of marking the boundary is not on the true boundary between the lots as shown on a registered plan of subdivision.

99 Application for registration

- (1) A person (the *applicant*) may apply to be registered as owner of a lot by lodging an application under this division.
- (2) The application must be accompanied by—
 - (a) the documents of title for the lot that are in the possession or under the control of the applicant; and
 - (b) the names and addresses, for service of notices, of all registered proprietors and occupiers of lots adjoining the lot.

100 Withdrawal of application

- (1) The applicant may withdraw the application at any time before the applicant is registered as owner of the lot under this division.
- (2) If the applicant withdraws the application, the registrar must, if asked by the applicant, return all documents lodged or deposited in support of the application.

101 Right to make application not affected by death etc.

- (1) If a person who may apply to be registered as owner of a lot by lodging an application under this division dies without making the application, the application may be made in the person's name by the person's legal personal representative.
- (2) If the applicant dies before the application has been dealt with under this division, the application may be continued, and any necessary steps taken, in the person's name by the person's legal personal representative.

102 Refusal of application

The registrar may refuse to register the applicant as owner of the lot if the registrar is not satisfied that the information and documents in support of the application establish that the applicant is an adverse possessor.

103 Notice of application

- (1) Before registering the applicant as an adverse possessor, the registrar must, to the extent the registrar considers practicable, give written notice of the application to—
 - (a) all registered proprietors of the lot and adjoining lots; and
 - (b) anyone else the registrar considers may have an interest in the lot.
- (2) The notice is in addition to the public notice that the applicant must give under section 18(3).
- (3) The notice must include a statement to the effect that the applicant will be registered as the owner of the lot if a caveat is not lodged by a specified day.
- (4) The specified day must be at least 2 months and not more than 6 months from the day public notice is last required to be given.

104 Objecting by caveat

A person who claims an interest in the lot may lodge a caveat over the lot at any time before the applicant is registered as owner of the lot.

105 Lapsing of caveat

- (1) If the registrar—
 - (a) is not satisfied that the caveator has an interest in the lot; or

- (b) is satisfied that any interest that the caveator has in the lot has been extinguished under the *Limitation of Actions Act 1974*;
- the registrar must, by written notice given to the caveator, require the caveator to start a proceeding to recover the lot in the Supreme Court within 6 months after the notice is given.
- (2) The caveat lapses unless, within the required time, the caveator—
- (a) starts a proceeding in the Supreme Court to recover the lot; and
 - (b) gives written notice, in the way the registrar requires, to the registrar that the proceeding has started.
- (3) The caveat also lapses if—
- (a) the proceeding is withdrawn or dismissed; or
 - (b) judgment in the proceeding is given against the caveator and the time for appealing against the judgment expires without an appeal being lodged; or
 - (c) if the judgment in the proceeding is given against the caveator and the judgment is appealed—the appeal is dismissed or withdrawn.
- (4) In this section—
- required time*** means—
- (a) the 6 months mentioned in subsection (1); or
 - (b) if the registrar proposes to act under section 107(1)(b)—the time allowed under section 107(3).

106 Further caveat

While the applicant's application as adverse possessor is still current, a further caveat of the caveator can never be lodged in relation to the interest claimed on the same, or substantially the same, grounds unless the leave of the Supreme Court to lodge the further caveat has been granted.

107 Refusing or compromising application

- (1) If the registrar is satisfied that the caveator has an interest in the lot that has not been extinguished under the *Limitation of Actions Act 1974*, the registrar may—
 - (a) refuse to register the applicant as owner of the lot; or
 - (b) register the applicant as the holder of a lesser interest in the lot that the registrar considers appropriately reflects—
 - (i) the use made of the lot by the applicant; and
 - (ii) the period that the applicant has used the lot.
- (2) If the caveator does not agree to the registration of the applicant for a lesser interest in the lot, the caveator may start a proceeding in the Supreme Court to recover the lot.
- (3) The proceeding must be started within 1 month of receiving written notice from the registrar of the registrar's intention to register the applicant as holder of a lesser interest in the lot.
- (3A) Also, the caveator must, within the 1 month mentioned in subsection (3), give written notice, in the way the registrar requires, to the registrar that the proceeding has started.
- (4) If the caveator does not start a proceeding within 1 month, the registrar may register the applicant as the holder of a lesser interest in the lot.

108 Registering adverse possessor as owner

The registrar may register the applicant as owner of all or part of the lot if the registrar is satisfied that the applicant is an adverse possessor of the lot or part of it and—

- (a) no caveat has been lodged by the day specified under section 103; or
- (b) if a caveat is lodged by the day specified under section 103—
 - (i) the caveat has lapsed or has been withdrawn, cancelled or removed; and

- (ii) a further caveat has not been lodged under section 106.

108A Requirements for part of a lot

- (1) If, under section 108, the registrar proposes to register the applicant as owner of only a part (the *relevant part*) of the lot (the *relevant lot*), the registrar may require the applicant to lodge a plan of subdivision for the relevant lot, subdividing the relevant lot into the following lots—
 - (a) a lot made up of the relevant part;
 - (b) a lot made up of the remainder of the relevant lot.
- (2) The applicant may sign the plan of subdivision as if the applicant were the registered owner of the relevant lot.
- (3) However—
 - (a) the plan of subdivision must comply with section 50; and
 - (b) despite the outcome of the applicant's application as an adverse possessor, the registrar can not proceed under section 108 to register the applicant as owner of the relevant part if section 50 can not be complied with.
- (4) The registrar may require that the giving of public notice under section 18(3) and the giving of written notice under section 103(1) be delayed until the applicant satisfies the registrar that the applicant will be able to lodge a plan of subdivision complying with section 50.

108B Consequences of registration

If, under section 108, the registrar registers the applicant as owner of the lot or a part of the lot, the registrar must—

- (a) cancel the registration of the person previously registered as the owner of the lot or the part of the lot; and

- (2) The registrar may register the instrument of transfer.
- (3) A certified copy of a document stating details of the trust, or creating the trust, must be deposited with the instrument of transfer.
- (4) The document deposited with the instrument of transfer does not form part of the freehold land register.

110A Instrument to vest in trustee

- (1) A request to vest may be lodged to vest an interest in a lot in a trustee.
- (2) A request to vest must give effect to an order (the *vesting order*) of a court.
- (3) The registrar may register the request to vest.
- (4) The vesting order, and all other documents (the *other documents*) stating details of the trust subject to which the interest is vested in the trustee, must be deposited with the request to vest.
- (5) The other documents do not form part of the freehold land register.
- (6) The registrar must keep certified copies of the other documents and return the originals to the person who deposited them.

111 Registering personal representative

- (1) A person may lodge an application to be registered as personal representative for a registered proprietor of a lot or an interest in a lot who has died.
- (2) The registrar may register the lot or the interest in the lot in the name of the person as personal representative only if—
 - (a) if the person has obtained a grant of representation, or the resealing of a grant of representation, in Queensland—the grant or resealing, or an office copy of

- the grant or resealing issued by the Supreme Court, is deposited; or
- (b) if paragraph (a) does not apply and the registered proprietor died without a will—
- (i) letters of administration of the deceased person's estate have not been granted in Queensland within 6 months after the death; and
 - (ii) the gross value of the deceased person's Queensland estate at the date of death was no more than the amount prescribed by regulation or, if no amount is prescribed, \$300,000; and
 - (iii) the registrar is of the opinion that the person would succeed in an application for a grant of representation; or
- (c) if paragraph (a) does not apply and the registered proprietor died leaving a will—
- (i) the person is or is entitled to be the deceased's personal representative; or
 - (ii) the registrar considers the person would succeed in an application for a grant of representation; or
 - (iii) the person has obtained a grant of representation other than in Queensland and the registrar considers the person would succeed in an application for the resealing of the grant in Queensland.
- (3) A person registered under this section without a grant of representation has the same rights, powers and liabilities as if a grant of representation had been made to the person.
- (4) The validity of an act done or payment made in good faith by a person registered under this section is not affected by a later grant of representation.
- (5) If the grantee of a grant of representation is different from the person registered under subsection (2), the person registered must—

- (a) account to the grantee for all property of the deceased person controlled by the person before the grant; and
- (b) take all action necessary to divest from the person and vest in the grantee all property of the deceased person remaining under the person's control.

112 Registering beneficiary

- (1) A person who is beneficially entitled under a will to a lot or an interest in a lot of a deceased registered proprietor may apply to the registrar to be registered as proprietor of the lot.
- (2) However, the registrar may register the person only if—
 - (a) written consent is given by—
 - (i) the person who is or is entitled to be the deceased's personal representative; or
 - (ii) a person who, in the registrar's opinion, would succeed in an application for a grant of representation; or
 - (iii) a person who has obtained a grant of representation other than in Queensland and would, in the registrar's opinion, succeed in an application for the resealing of the grant in Queensland; and
 - (b) the person satisfies the registrar that the person is beneficially entitled to the lot or the interest in the lot.

113 Form of application

An application under section 111 or 112 must state—

- (a) the lot to which the application refers; and
- (b) the interest for which registration is sought; and
- (c) the nature of other interests in the lot known to the applicant.

114 Applying for Supreme Court order

- (1) This section applies to—
 - (a) the Attorney-General; or
 - (b) a trustee or beneficiary under a trust; or
 - (c) a personal representative, a devisee or anyone else interested in—
 - (i) a lot of a deceased registered proprietor; or
 - (ii) a trust involving a lot of a deceased registered proprietor.
- (2) A person to whom this section applies may apply to the Supreme Court for an order that a named person be registered as proprietor of a lot.
- (3) The Supreme Court may make 1 or more of the following orders—
 - (a) that a person be registered as proprietor of the lot;
 - (b) that a person be removed from the freehold land register as proprietor of the lot;
 - (c) that a caveat be lodged to protect a person's interest in the lot;
 - (d) that a person advertise in a specified form, content or way;
 - (e) that costs be paid by any person or out of any property.
- (4) The registrar must register particulars of an order if a request to register the order is lodged and an office copy of the order is deposited.
- (5) An order does not vest an interest in the lot until it is registered.

115 Transmission on bankruptcy

The registrar may register a transmission of an interest in a lot under a law about bankruptcy only if a request to register the transmission is lodged.

Part 6A Community titles schemes

Division 1 Preliminary

115A Basic concept for pt 6A—community titles scheme

- (1) A community titles scheme is the basic concept for this part.
- (2) A community titles scheme can only be over freehold land.

115B Meaning of *community titles scheme*

- (1) A *community titles scheme* is—
 - (a) a single community management statement recorded by the registrar identifying land (the *scheme land*); and
 - (b) the scheme land.
- (2) Land may be identified as scheme land if it consists of—
 - (a) 2 or more lots; and
 - (b) other land (the *common property* for the community titles scheme) that is not included in a lot mentioned in paragraph (a).
- (3) Land can not be common property for more than 1 community titles scheme.
- (4) For each community titles scheme, there must be—
 - (a) at least 2 lots; and
 - (b) common property; and
 - (c) a single body corporate; and
 - (d) a single community management statement.
- (5) A community titles scheme is a *basic scheme* if all the lots mentioned in subsection (2)(a) are lots under this Act.
- (6) However, under this part, a lot may be, for its inclusion in a community titles scheme other than a basic scheme, another community titles scheme.

Note—

BCCM Act, schedule 1 (Illustrations) contains examples of possible structures of community titles schemes.

115C Meaning of *layered arrangement of community titles schemes*

(1) A *layered arrangement of community titles schemes* is a grouping of community titles schemes—

(a) in which there is 1 community titles scheme (the *principal scheme*) that—

Note—

See BCCM Act, schedule 1, parts 2 and 3 for examples of layered arrangements of community titles schemes.

(i) is not a lot included in another community titles scheme; and

(ii) is made up of—

(A) the scheme land for all other community titles schemes in the grouping; and

(B) its own common property; and

(C) each lot, if any, that is not a community titles scheme, but that is included in the scheme; and

(b) in which there is at least 1 basic scheme; and

(c) in which there may or may not be 1 or more community titles schemes located between the principal scheme and each basic scheme.

(2) Each community titles scheme, other than the principal scheme, in a layered arrangement of community titles schemes—

(a) is a subsidiary scheme for the principal scheme; and

(b) unless it is a lot included in the principal scheme, may also be a subsidiary scheme for another community titles scheme forming part of the layered arrangement.

-
- (3) A *subsidiary scheme*, for a community titles scheme (*scheme A*), is a community titles scheme the scheme land for which forms part of the scheme land for scheme A.
 - (4) In this Act, the expression *included in*, if used in the context of the inclusion of a lot in a community titles scheme—
 - (a) establishes the relationship the lot has to the scheme; and
 - (b) in general terms, is used to establish that the lot is directly a part of the scheme, rather than only indirectly a part of the scheme.
 - (5) The diagram and notes in the BCCM Act, schedule 1, part 3 illustrate more comprehensively how the expression ‘included in’ is used.

115D Provisions about lots that are community titles schemes

If a community titles scheme (*scheme A*) includes a lot that is another community titles scheme (*scheme B*)—

- (a) a reference in this Act to the owner of the lot is a reference to the body corporate for scheme B; but
- (b) a reference in this Act to a lot included in scheme A does not include a reference to scheme B if the provision is about—
 - (i) the subdivision of a lot; or
 - (ii) the indefeasible title for a lot; or
 - (iii) a lease or mortgage of a lot; or
 - (iv) the occupier or registered proprietor of a lot.

Division 2 Names of community titles schemes

115E Names of community titles schemes

- (1) The registrar may refuse to record a community management statement for a community titles scheme if the scheme's identifying name shown in the statement is—
 - (a) the identifying name in the community management statement for another community titles scheme; or
 - (b) a name reserved under this division, other than a name reserved by the person seeking to record the community management statement; or
 - (c) a name reserved under the *Building Units and Group Titles Act 1980*, section 120; or
 - (d) a name reserved under the *South Bank Corporation Act 1989*; or

Note—
See the *South Bank Corporation Act 1989*, schedule 4, section 9(3A).

 - (e) in the registrar's opinion formed on reasonable grounds, undesirable.
- (2) The registrar must allocate a unique identifying number for a scheme when the first community management statement is recorded for the scheme.

115F Reservation of name

- (1) The registrar may, on application, reserve a name stated in the application as the identifying name to be shown in the community management statement for a proposed community titles scheme.
- (2) The reservation must identify the proposed scheme land for the proposed scheme.

- (3) The registrar must reserve the name unless satisfied he or she would refuse to record a community management statement showing the name.

115G Period of reservation

- (1) The reservation of an identifying name for a proposed community titles scheme is for an initial period of 2 years and may be extended by the registrar, but only once, for an additional period of 1 year.
- (2) The extension may be given only on an application made, within the initial period, by the person for whom the name is reserved.
- (3) However, the reservation ends if—
 - (a) the person withdraws the reservation; or
 - (b) a community titles scheme is established and the reserved name is the identifying name shown in the community management statement for the scheme.

Division 3 Scheme land

115H Single area for scheme land

- (1) Scheme land for a community titles scheme must be made up of a single, continuous area of land.
- (2) Scheme land is taken to be made up of a single, continuous area of land even if—
 - (a) a lot is subdivided under section 53A; or
 - (b) if paragraph (a) does not apply—there is nevertheless a road or watercourse within the external boundaries of the scheme land.
- (3) However, a community titles scheme may be established with scheme land not made up of a single, continuous area of land if all lots that become the scheme land are—

- (a) created under a single plan of subdivision; or
 - (b) in the opinion of the registrar formed on reasonable grounds, located within an area that is sufficiently limited to ensure the scheme can be administered under the BCCM Act efficiently and effectively as a single scheme.
- (4) Nevertheless, if subsection (3) applies, and the scheme is later changed to include additional lots or common property, each of the additional lots or common property must form a single, continuous area of land with a part of the scheme land in existence for the scheme immediately before the inclusion of the additional lots or common property.

115I Enlarging the number of lots through progressive subdivision

- (1) This section applies to a basic scheme for which—
- (a) an application for a development approval is made under the Planning Act; or
 - (b) an application for a development approval, or a request for compliance assessment of development, was made under the repealed *Sustainable Planning Act 2009*; or
 - (c) an application for development approval was made under the repealed *Integrated Planning Act 1997* on or after 4 March 2003.
- (2) The number of lots included in the scheme may be increased through the progressive subdivision of lots to create further lots included in the scheme.

Note—

BCCM Act, schedule 1 (Illustrations), part 4 (Example of progressive subdivision for creating more lots in a scheme) gives an example of the operation of this section.

- (3) Subject to subsection (4), the lots may be subdivided by plans of subdivision of a different format from the plan of subdivision that created the original lots if the subdivision is to create a layered arrangement of community titles schemes.

-
- (4) The lots may be subdivided by plans of subdivision of a different format from the plan of subdivision that created the original lots, without creating a layered arrangement of community titles schemes, if each of the following apply to the scheme—
- (a) the community management statement states that the lots included in the scheme are to be subdivided by different format plans of subdivision;
 - (b) the lots are subdivided by different format plans of subdivision;
 - (c) the contribution schedule lot entitlements equitably reflect the difference in the maintenance requirements of the standard format lots, building format lots and volumetric format lots.

Division 4 Community management statements

115J Lodging request to record a new statement

- (1) A request to record a new community management statement for a community titles scheme must be lodged when a new plan of subdivision affecting the scheme (including affecting a lot in, or the common property for, the scheme) is lodged.
- (2) A request to record a new community management statement for a community titles scheme may be lodged, and the new statement may be recorded for the scheme, even though a plan of subdivision is not lodged, if all plans of subdivision relating to the scheme, and the new statement, will still be consistent after the new statement is recorded.

115K Recording community management statements

- (1) The registrar may record a community management statement if—
 - (a) a request to record the statement is lodged; and

- (b) the statement is deposited with the request; and
 - (c) the statement complies with—
 - (i) section 115H; and
 - (ii) the requirements of the BCCM Act for a community management statement; and
 - (d) for a new community management statement—the body corporate’s consent to the recording of the new statement is endorsed on the statement.
- (2) A community management statement is not an instrument under this Act.
- (3) However, a request to record a community management statement is an instrument, and is lodged, under this Act.
- (4) An interest created under a community management statement recorded under subsection (1) does not have effect as a registered interest.

115L When registrar records community management statement

- (1) When the registrar records a community management statement for a community titles scheme, the registrar must—
- (a) give the statement a unique identifying number; and
 - (b) record a reference to the community management statement, including its unique identifying number, on—
 - (i) the indefeasible title for each lot that is scheme land; and
 - (ii) the indefeasible title for any common property that is scheme land.
- (2) However—
- (a) the registrar is not obliged to examine, but may examine, a community management statement for its validity, including, in particular, its—

- (i) consistency with any plan of subdivision; or
 - (ii) compliance with the requirements for a community management statement; and
- (b) it must not be presumed that a community management statement is valid or enforceable, including, for example, that the by-laws for the scheme included in the statement are valid and enforceable, because the registrar records it; and
- (c) neither the validity nor the enforceability of a community management statement, as recorded by the registrar, is guaranteed by the State.
- (3) The community management statement takes effect when it is recorded by the registrar as the community management statement for the scheme.

Division 5 Statutory easements

115M Application of div 5

- (1) This division provides for easements for lots included in, and common property for, a community titles scheme.
- (2) However, subject to subsection (3), this division applies to the scheme only if the lots included in the scheme are lots on—
 - (a) a building format plan of subdivision; or
 - (b) a volumetric format plan of subdivision; or
 - (c) a standard format plan of subdivision registered under this Act on or after 13 July 1997.
- (3) If a lot is a standard format lot in a community titles scheme intended to be developed progressively and there are no buildings on the lot, this division applies for the lot.
- (4) This division has effect for the scheme subject to the provisions of an easement established under another part of this Act.

115N Easements for support

- (1) An easement of lateral or subjacent support exists—
 - (a) in favour of a lot against another lot capable of supplying lateral or subjacent support; and
 - (b) in favour of a lot against common property capable of supplying lateral or subjacent support; and
 - (c) in favour of common property against a lot capable of supplying lateral or subjacent support; and
 - (d) in favour of common property against other common property capable of supplying lateral or subjacent support.
- (2) An easement of common wall support exists—
 - (a) in favour of a lot (*lot X*) against another lot when a building on the other lot is supplying common wall support to a building on lot X; and
 - (b) in favour of a lot against common property when a building on the common property is supplying common wall support to a building on the boundary of the lot; and
 - (c) in favour of common property against a lot when a building on the lot is supplying common wall support to a building on the boundary of the common property; and
 - (d) in favour of common property against other common property when a building on the other common property is supplying common wall support to a building on the boundary of the common property.
- (3) For subsection (2), a building (*building A*) supplies common wall support to another building (*building B*) if a wall (the *common wall*) of building A is also a wall of building B and the common wall is necessary to ensure the general safety and structural integrity of building A.
- (4) An easement for support under subsection (1) or (2)—

- (1) An easement exists in favour of a lot and against other lots and common property for supplying utility services to the lot and establishing and maintaining utility infrastructure reasonably necessary for supplying the utility services.

115P Easements for utility services and utility infrastructure

- (1) An easement exists in favour of common property and against the lots for supplying utility services to the common property and establishing and maintaining utility infrastructure reasonably necessary for supplying utility services to the common property.

- (1) An easement entitling the owner of a lot to have the lot sheltered by parts of a building within scheme land necessary to supply shelter exists against the lots or parts of common property where the relevant parts of the building are situated.

[s 115R]

- (2) The easement for shelter under subsection (1) entitles the owner of the lot to enter a lot or common property supplying shelter under the easement to maintain or replace the shelter.

115R Easements for projections

- (1) If eaves, guttering, drainpipes, awnings, window sills, or other minor parts of a building within a lot (*lot A*) project over the boundaries of another lot (*lot B*) or common property, an easement exists in favour of lot A and against the part of lot B or common property over which the projection lies, permitting the projection.

115S Easement for maintenance of building close to boundary

-
- (a) if appropriate, having regard to the approved reinstatement process, or a community management statement mentioned in paragraph (b)—a plan of subdivision reflecting the approved reinstatement process; and

- (4) In this section—
termination issues see the BCCM Act, schedule 6.

115V Recording termination of scheme

- (1) If section 115U is complied with, the registrar must record the cancellation of the community management statement, and must also—
 - (a) register the termination in the freehold land register; and
 - (b) cancel the particulars (other than particulars of easements, covenants and other dealings capable of being maintained against scheme land after termination of the scheme) recorded in the freehold land register about scheme land.
- (2) The termination takes effect when the registrar completes the action mentioned in subsection (1).
- (3) On the termination of the scheme, the registrar must create 1 or more indefeasible titles for all land that, immediately before the termination, was scheme land.
- (4) The registered owners for a title mentioned in subsection (3)—

- (a) are the persons (*former owners*) who, immediately before the scheme's termination, were the owners of the scheme land; and
 - (b) must be recorded as tenants in common in the shares proportionate to their respective interest schedule lot entitlements immediately before the termination.
- (5) If a lot included in the scheme was subject to a mortgage immediately before the scheme was terminated, the former owner's interest in the land as tenant in common is subject to the mortgage.

Division 8 Amalgamating community titles schemes

115W Request to record amalgamation of schemes

- (1) A request to record the amalgamation of 2 or more community titles schemes (*scheme A* and *scheme B*) must be lodged.
- (2) The request must be—

 - (d) any other instrument required under this Act.

115X Recording amalgamation of schemes

- (1) If the request to record the amalgamation of schemes A and B complies with the BCCM Act (including with an order of the District Court made under that Act about the amalgamation), the registrar must—
 - (a) record the cancellation of the community management statements for schemes A and B; and
 - (b) record the community management statement for scheme C and any other community management statement accompanying the request; and
 - (c) register the amalgamation in the freehold land register.
- (2) The amalgamation takes effect when the registrar completes the action mentioned in subsection (1).

- (a) a copy of each resolution, or the order, for the creation of the layered arrangement;

 - (a) record the community management statement for the principal scheme in the layered arrangement and any other community management statement accompanying the request; and
 - (b) register any instrument required, under this Act, to be registered for the layered arrangement.

- (2) The creation of the layered arrangement takes effect when the registrar completes the action mentioned in subsection (1).

Part 7 Other dealings

Division 1 Writs of execution

116 Registering a writ of execution

The registrar may register a writ of execution only if a request to register it, and an office copy of it, is lodged.

117 Effect of registering a writ of execution

For purchasers, lessees, mortgagees and creditors, a writ of execution—

- (a) can not, until registered, bind or affect registered lots, whether or not there is actual or constructive notice of the writ; and
- (b) binds or affects registered lots only if the writ is executed and put in force within—
 - (i) 6 months of its lodgement; or
 - (ii) the extended time allowed by the court where the writ is filed and notified to the registrar.

118 Cancellation of registration

Registration of a writ of execution may be cancelled if—

- (a) a request to cancel it is lodged; and
- (b) the registrar is satisfied that the time, or extended time, for executing and putting the writ into force has ended.

119 Discharging or satisfying writ of execution

Discharge or satisfaction of a writ of execution may be registered if a request to register it is lodged.

120 Transfer of lots sold in execution

- (1) If a lot is sold under a registered writ of execution, the sheriff, registrar or clerk of the court of the relevant court may execute an instrument of transfer to the purchaser.
- (2) On registration of the transfer, the transferee becomes the registered owner of the lot subject to—
 - (a) registered interests; and
 - (b) equitable mortgages notified by caveat lodged before registration of the writ of execution.

120A Effect on writ of execution of transfer after sale by mortgagee

- (1) Subsection (2) applies if—
 - (a) a mortgage is registered over a lot; and
 - (b) a writ of execution is later registered in relation to the lot.
- (2) If the mortgagee of the lot signs a transfer of the lot after exercising power of sale under the mortgage—
 - (a) registration of the writ of execution does not prevent registration of the transfer; and
 - (b) on registration of the transfer, the registrar must cancel registration of the writ of execution.

Division 2 Caveats

121 Requirements of caveats

- (1) A caveat must be signed by or for the caveator.

- (2) The caveat must state—
 - (a) the name of the caveator; and
 - (b) an address where documents can be served on the caveator; and
 - (c) unless the registrar dispenses with it, the name and address of—
 - (i) the registered owner of the lot affected by the caveat; and
 - (ii) anyone else having the right to deal with the lot affected by the caveat; and
 - (d) the registered interest affected by the caveat; and
 - (e) if the caveat relates to only a part of a lot—a description of the affected part; and
 - (f) the interest claimed by the caveator; and
 - (g) the grounds on which the interest is claimed.
- (3) This section applies to all caveats under this Act other than a caveat prepared and registered by the registrar under section 17.

122 Lodging a caveat

- (1) A caveat may be lodged by any of the following—
 - (a) a person claiming an interest in a lot;
 - (b) the registrar under section 17;
 - (c) the registered owner of the lot;
 - (d) a person to whom an Australian court has ordered that an interest in a lot be transferred;
 - (e) a person who has the benefit of a subsisting order of an Australian court in restraining a registered proprietor from dealing with a lot.
- (2) However a caveat may only be lodged by an equitable mortgagee if it is a caveat to which section 126 applies.

- (3) To remove any doubt, it is declared that an interest in a lot does not include an interest in a proposed lot under the *Land Sales Act 1984* that a person obtains by agreeing to buy the lot under a contract for the sale of the lot.

123 Notifying caveat

The registrar must give written notice of lodgement of a caveat to each person whose interest or whose right to registration of an instrument is affected by the caveat.

124 Effect of lodging caveat

- (1) A caveat prevents registration of an instrument affecting the lot over which the caveat is lodged from the date and time endorsed by the registrar on the caveat as the caveat's date and time of lodgement.
- (1A) Subsection (1) has effect for a caveat until the caveat lapses or is cancelled, rejected, removed or withdrawn.
- (2) However, lodgement of a caveat does not prevent registration of the following—
 - (a) an instrument specified in the caveat as an instrument to which the caveat does not apply;
 - (b) an instrument if the caveator consents to its registration;
 - (c) an instrument executed by a mortgagee whose interest was registered before lodgement of the caveat if—
 - (i) the mortgagee has power under the mortgage to execute the instrument; and
 - (ii) the caveator claims an interest in the lot as security for the payment of money or money's worth;
 - (d) an instrument of transfer of mortgage executed by a mortgagee whose interest was registered before lodgement of the caveat;
 - (e) another interest that, if registered, will not affect the interest claimed by the caveator.

- (3) The exceptions mentioned in subsection (2)(c) and (d) do not apply to a caveat lodged by the registrar.
- (4) The exception in subsection (2)(d) does not apply to a caveat lodged by the registered owner.
- (5) Lodgement of a caveat does not create in the caveator a registrable interest in the lot affected by the caveat.

125 Withdrawing a caveat

A caveator may withdraw a caveat by lodging a request to withdraw it.

126 Lapsing of caveat

- (1) This section does not apply to a caveat if—
 - (a) it is lodged by the registered owner; or
 - (b) the consent of the registered owner, in the appropriate form, is deposited when the caveat is lodged; or
 - (c) an office copy of a court order mentioned in section 122(1)(d) or (e) is deposited when the caveat is lodged; or
 - (d) it is lodged by the registrar under section 17; or
 - (e) it is lodged other than under this division.
- (1A) However, this section applies to a caveat lodged by the registered owner of a lot if—
 - (a) the lot is subject to a mortgage; and
 - (b) the grounds stated in the caveat relate to the actions of the mortgagee in relation to—
 - (i) if the mortgage is registered—registration of the mortgage; or
 - (ii) the mortgagee's power of sale.
- (2) A caveatee of a caveat to which this section applies may serve on the caveator a notice requiring the caveator to start a

proceeding in a court of competent jurisdiction to establish the interest claimed under the caveat.

- (3) The caveatee must notify the registrar, in the way the registrar requires, within 14 days of service of the notice on the caveator.
- (4) If a caveator does not want a caveat to which this section applies to lapse, the caveator must—
 - (a) start a proceeding in a court of competent jurisdiction to establish the interest claimed under the caveat—
 - (i) if a notice under subsection (2) is served on the caveator—within 14 days after the notice is served on the caveator; or
 - (ii) if a notice under subsection (2) is not served on the caveator—within 3 months after the lodgement of the caveat; and
 - (b) notify the registrar, in the way the registrar requires, within the 14 days or the 3 months that a proceeding has been started and identify the proceeding.
- (5) If the caveator does not comply with subsection (4), the caveat lapses.
- (6) The caveator is taken to have complied with subsection (4)(a) if, before the caveat was lodged—
 - (a) a proceeding has been started in a court of competent jurisdiction to establish the interest claimed under the caveat; and
 - (b) the proceeding has not been decided, discontinued or withdrawn.
- (7) The registrar may remove a caveat that has lapsed from the freehold land register.

127 Removing a caveat

- (1) A caveatee may at any time apply to the Supreme Court for an order that a caveat be removed.

- (2) The Supreme Court may make the order whether or not the caveator has been served with the application, and may make the order on the terms it considers appropriate.

128 Cancelling a caveat

- (1) The registrar may cancel a caveat if a request to cancel the caveat is lodged and the registrar is satisfied that—
 - (a) the interest claimed by the caveator has ceased or the claim to it has been abandoned or withdrawn; or
 - (b) the claim of the caveator has been settled by agreement or otherwise satisfied; or
 - (c) the nature of the interest claimed does not entitle the caveator to prevent registration of an instrument that has been lodged.
- (2) The registrar must notify the caveator of the registrar's intention to cancel the caveat at least 7 days before cancelling it.
- (3) The registrar may remove a caveat immediately before registering an instrument that has been lodged if the instrument—
 - (a) will, on registration, give full effect to an interest claimed in the caveat; or
 - (b) is an instrument of transfer and the registrar is satisfied section 124(2)(c) applies to allow the registration of the instrument.

129 Further caveat

- (1) This section applies if a caveat (the *original caveat*) is lodged in relation to an interest.
- (2) A further caveat with the same caveator can never be lodged in relation to the interest on the same, or substantially the same, grounds as the grounds stated in the original caveat unless the leave of a court of competent jurisdiction to lodge the further caveat has been granted.

- (3) However, subsection (2) does not apply if the original caveat is a caveat prepared and registered by the registrar under section 17.

130 Compensation for improper caveat

- (1) The caveator under a caveat lodged or continued without reasonable cause must compensate anyone else who suffers loss or damage as a result.
- (2) In a proceeding for compensation under subsection (1), a court of competent jurisdiction may include in a judgment for compensation a component for exemplary damages.
- (3) In a proceeding for compensation under subsection (1), it must be presumed that the caveat was lodged or continued without reasonable cause unless the caveator proves that it was lodged or continued with reasonable cause.
- (4) Subsection (1) does not apply to the registrar in relation to a caveat prepared and registered under section 17.

131 Notices to the caveator

- (1) A notice to a caveator under this division is sufficiently served if left at or sent to the address mentioned in section 121(2)(b).
- (2) If the registrar is satisfied that a notice under this division will not reach the caveator if served in the way mentioned in subsection (1), the notice may be served in a way specified in a written direction by the registrar.
- (3) If the registrar is informed in writing, and is satisfied, that the name or address of the caveator has changed, the registrar must note on the caveat details of the new name or address.
- (4) A new name or address noted under subsection (3) becomes the name or address for service of a notice on the caveator.

Division 3 Powers of attorney and disabilities

132 Instrument not registered until power of attorney registered

An instrument executed under the authority of a power of attorney may be registered only if the power of attorney is registered under this division.

133 Registering power of attorney

- (1) The registrar must keep a register of powers of attorney (the *power of attorney register*).
- (2) The registrar may register a power of attorney by recording particulars of it in the power of attorney register if a request to register it is lodged and the power of attorney is deposited with the request.
- (3) The registrar must keep a copy of the registered power of attorney and return the power of attorney to the person who deposited it.
- (4) In this section—
power of attorney includes a copy of a power of attorney that has been certified under the *Powers of Attorney Act 1988*, section 14 or 45.

134 Effect of registering a power of attorney

- (1) An act done by the donee under and in accordance with the terms of a registered power of attorney has the same effect as if the act were done by the donor.
- (2) A registered power of attorney is evidence that the donee is authorised to do anything within the terms of the power of attorney.
- (3) The registrar may register an instrument executed under a registered power of attorney without being satisfied that the power of attorney has not been revoked.

-
- (4) The registrar must not register an instrument executed under a registered power of attorney if the instrument became effective after—
- (a) registration of an instrument of revocation or disclaimer of the power of attorney; or
 - (b) someone else is registered as owner of the relevant lot after the death or bankruptcy of the donor.

135 Revoking or disclaiming a power of attorney

- (1) A registered power of attorney may be revoked by registering an instrument of revocation or disclaimer.
- (2) This section also applies to enduring powers of attorney.

136 Act for a minor

- (1) This section applies if—
 - (a) this Act requires or permits an act to be done by or in relation to a person (the *relevant person*); and
 - (b) the relevant person is a minor; and
 - (c) no person has authority under this or another Act to act for the relevant person for the act.
- (2) A person suitably authorised by a court of competent jurisdiction may act for the relevant person for the act.

137 Act for other person lacking capacity

- (1) This section applies if—
 - (a) this Act requires or permits an act to be done by or in relation to a person (the *relevant person*); and
 - (b) the relevant person is not a minor; and
 - (c) the relevant person does not have capacity for the act.

(2) Subject to the operation of the *Guardianship and Administration Act 2000* and the *Powers of Attorney Act 1998*, a qualified person may act for the relevant person for the act.

(3) In this section—

- (a) understanding the nature and effect of decisions about the act; and
- (b) freely and voluntarily making decisions about the act; and
- (c) communicating the decisions in some way.

qualified person means—

- (a) an administrator for the relevant person appointed under the *Guardianship and Administration Act 2000*; or

(1) A notice (a **priority notice**) for a lot may be deposited by or for a person who is, or will be, a party to an instrument that—

- (a) is to be lodged; and
 - (b) will affect the lot or an interest in the lot.
- (2) A priority notice must—
- (a) be in the appropriate form; and
 - (b) state the person's name; and
 - (c) be signed by or for the person; and
 - (d) sufficiently describe—
 - (i) the lot; and
 - (ii) each instrument to which the notice relates (each a *related instrument*); and
 - (e) state the order in which the related instruments are intended to be lodged.
- (3) The related instruments must include the instrument mentioned in subsection (1).

140 Effect of priority notice

- (1) The deposit of a priority notice for a lot prevents an instrument affecting the lot or an interest in the lot being registered until the notice lapses or is withdrawn, removed or cancelled.
- (2) However, the priority notice does not prevent registration of—
- (a) an instrument if the person for whom the notice was deposited consents to its registration; or
 - (b) an instrument of transfer or release of mortgage executed by a mortgagee whose interest was registered before the notice was deposited; or
 - (c) an instrument lodged before the notice was deposited; or
 - (d) a caveat; or
 - (e) another instrument that, if registered, would not affect an interest the subject of the notice.

- (2) An extension request must be—

142 Lapsing of priority notice

A priority notice lapses on the earliest of the following days—

- (a) either—
 - (i) if an extension request for the notice has been deposited under section 141—the day that is 90 days after the notice was deposited; or
 - (ii) otherwise—the day that is 60 days after the notice was deposited;
- (b) the day when all related instruments have been lodged in the order stated in the notice.

143 Withdrawing priority notice

- (1) A priority notice may be withdrawn by depositing a request to withdraw the notice.
- (2) The request must be—
 - (a) in the appropriate form; and

-
- (b) signed by or for the person for whom the priority notice was deposited.

144 Removing priority notice

- (1) An affected person for a lot may, at any time, apply to the Supreme Court for an order that a priority notice for the lot be removed.
- (2) The Supreme Court may make the order—
 - (a) whether or not the person for whom the priority notice was deposited has been served with the application; and
 - (b) on the terms the court considers appropriate.
- (3) In this section—

affected person, for a lot the subject of a priority notice, means a person, other than the person for whom the priority notice was deposited, who—

- (a) is a registered proprietor of the lot; or
- (b) has another interest in the lot.

145 Cancelling priority notice

- (1) The registrar may cancel a priority notice for a lot if—
 - (a) a request to cancel the notice is deposited; and
 - (b) the registrar is satisfied it is unlikely the related instruments for the notice will be lodged before the notice lapses.
- (2) The registrar must give written notice of the registrar's intention to cancel the priority notice to the person for whom the priority notice was deposited at least 7 days before cancelling the notice.
- (3) The registrar may give the notice by leaving it at, or sending it to, the address stated in the notice for the person who deposited the notice.

146 Compensation for improper priority notice

- (1) This section applies if, without reasonable cause—
 - (a) a priority notice is deposited or extended; or
 - (b) a priority notice is not withdrawn after it is no longer needed to prevent the registration of an instrument.
- (2) The person for whom the priority notice was deposited must compensate another person who suffers loss or damage because of the deposit or extension of the notice, or the failure to withdraw the notice.
- (3) In a proceeding for compensation under subsection (2)—
 - (a) the Supreme Court may include a component for exemplary damages in a judgment for compensation; and
 - (b) proof there was reasonable cause to deposit or extend the priority notice, or not to withdraw the notice after it was no longer needed to prevent the registration of an instrument, rests on the person for whom the notice was deposited.

147 Registrar may withdraw instrument

- (1) The registrar may withdraw an instrument that has been lodged but prevented from being registered by a priority notice.
- (2) The registrar must give written notice of the registrar's intention to withdraw the instrument to the person who lodged the instrument at least 14 days before withdrawing the instrument.

148 Priority of instruments

- (1) Instruments lodged, but prevented from being registered by a priority notice, are taken to have been lodged (in the order in which they were lodged) immediately after lodgment of the related instruments for the notice.

-
- (2) This section does not apply to an instrument withdrawn by the registrar under section 147.

149 Minor correction of priority notice

- (1) This section applies if the registrar receives a written request to correct a priority notice from, or on behalf of, the person for whom the priority notice was deposited.
- (2) The registrar may make the correction if the registrar is satisfied the correction is minor.

Part 8 Instruments

The registrar may register an instrument only if—

- (a) it complies with this Act; and
- (b) it appears on its face to be capable of registration.

154 Returning certificate of title for cancellation

- (1) An instrument may be registered for a lot only if any certificate of title for the lot is returned for cancellation.
- (2) However, a certificate of title need not be returned for cancellation with any of the following—
- (a) an instrument transferring or otherwise dealing with the interest of a lessee under a registered lease that is lodged without the lessor's consent;
 - (b) a request to register a writ of execution;
 - (c) any caveat;
 - (d) a request to register a power of attorney;

- (f) a request to register an instrument of amendment, extinguishment or partial extinguishment of a building management statement, if the request is accompanied by the evidence the registrar reasonably requires to allow the registration of the instrument;

Example of evidence the registrar might require—

a certified copy of the notice of a meeting and a certified copy of the minutes of the meeting, including a record of a resolution agreed to at the meeting

- (g) a request to record the vesting of a lot, or of an interest in a lot, if the vesting is in favour of the State or another entity representing the State;

 - (i) a registered profit a prendre, if the profit a prendre does not benefit any lot;
 - (ii) a registered carbon abatement interest.
- (3) For subsection (2)(j) and (k), an instrument affects the registered proprietor of an interest in land if the registration of the instrument would result in—
- (a) a change in the registered proprietor of the interest, including, for example, because the interest has been transferred or a person beneficially entitled under a will to the interest has been registered as proprietor of the interest; or
 - (b) a change in the registered proprietor's name.

155 Correcting unregistered instruments

- (1) The registrar may correct an obvious error in a lodged plan of survey that is in paper form by—

156 Requisitions

 - (b) if it relates to an electronic conveyancing document, be accompanied by a copy of the document.
- (4) The registrar may extend the time for complying with the requisition.
- (5) The registrar may refuse to deal with the instrument or document lodged or deposited (and any instrument that depends on it for registration) until the requisition is complied with.

156A Electronic communication of statutory declaration or affidavit

- (1) A person is taken to have complied with a requirement under section 156(2) to give the registrar a statutory declaration or affidavit (the *verifying document*) if the person gives a signed electronic form of the verifying document by electronic communication and—
 - (a) having regard to all the relevant circumstances when the communication was sent, the method of generating the electronic form of the verifying document provided a reliable way of maintaining the integrity of the information it contained; and
 - (b) when the communication was sent, it was reasonable to expect the information contained in the electronic form of the verifying document would be readily accessible so as to be useable for subsequent reference; and
 - (c) the registrar consents to the electronic form of the verifying document being given by electronic communication.
- (2) The person is taken to have signed the electronic form of the verifying document if—

-
- (a) a method is used to identify the person and to indicate the person's approval of the information communicated; and

 - (c) the registrar consents to the electronic form of the verifying document being signed by using the method mentioned in paragraph (a).

157 Rejecting instrument or document for failure to comply with requisition

- (1) If a requisition under section 156 is not complied with by a person within the time specified or extended by the registrar, the registrar may reject the instrument or document to which the requisition relates and any instrument that depends on it for registration.

- (a) the instrument will not give effect to the intention expressed in it or a related instrument because of the order in which the instrument has been lodged in relation to other instruments; or
 - (b) the instrument should not have been lodged, including, for example, because the instrument can not be given legal effect.

Example of an instrument that can not be given legal effect—

a power of attorney that names the same person as principal and attorney

- (2) An instrument that is withdrawn by the registrar under subsection (1) remains in the land registry, unless the instrument is an instrument that should not have been lodged.
- (3) The registrar may relodge an instrument that has been withdrawn by the registrar.
- (4) On receiving a written application, the registrar may relodge an instrument that the registrar has permitted to be withdrawn.
- (5) An instrument withdrawn under subsection (1) loses its priority and is taken to have been lodged on the date and at the time endorsed on it by the registrar at the time of its relodgement.
- (6) Subsection (5) does not apply to a plan of subdivision mentioned in section 53.

160 Registrar may call in instrument for correction or cancellation

The registrar may require a person to deposit an instrument for correction or cancellation.

- (5) This section does not apply to a plan of survey.

Note—

Under the Electronic Conveyancing National Law (Queensland), section 9(3)(b), if a registry instrument is digitally signed in accordance with the participation rules applicable to the instrument, the requirements of any other Queensland law relating to the execution, signing, witnessing, attestation or sealing of documents must be regarded as having been fully satisfied.

162 Obligations of witness for individual

A person who witnesses an instrument executed by an individual must—

- (a) first take reasonable steps to ensure that the individual is the person entitled to sign the instrument; and

- (b) is not deposited as security or for safe custody.
- (3) Also, the registrar may dispense with the production of a certificate of title of a lot if the registrar is satisfied the certificate of title is held by a registered mortgagee of the lot.
- (4) In addition, the registrar may dispense with the production of a certificate of title of a lot if the registrar is satisfied the certificate of title is held by a legal practitioner.
- (5) The registrar must record in the freehold land register that production of the instrument has been dispensed with and the date production of it was dispensed with.

165 Requiring plan of survey to be lodged

- (1) The registrar may require a registered proprietor of a lot who proposes to transfer, lease or otherwise deal with all or part of the lot to lodge a plan of survey of the lot.
- (2) The plan of survey must comply with the *Survey and Mapping Infrastructure Act 2003* and must be certified as accurate by a cadastral surveyor within the meaning of the *Surveyors Act 2003*.

- (1) The registrar may destroy a part of the freehold land register or an instrument held in the land registry if the part of the register or the instrument—

- (8) The registrar's powers under subsections (1) and (2) are subject to the *Public Records Act 2002*.

167 Transferor must do everything necessary etc.

A person who, for valuable consideration, executes an instrument to transfer or create an interest in a lot must do everything necessary to give effect to the terms and other matters stated in the instrument or implied by this or another Act.

Division 2 Standard terms documents forming part of instruments

168 Meaning of *standard terms document* in div 2

In this division—

standard terms document means a document containing provisions that are treated as terms of an instrument to which the document is to apply or applies.

168A References to registered standard terms document

In sections 170 and 171, a reference to a registered standard terms document includes a standard terms document that has been, or is taken to be, registered under the *Land Act 1994*.

169 Standard terms document to which instrument refers may be registered

- (1) The registrar or another person may lodge a standard terms document and may amend the standard terms document by lodging a further standard terms document.
- (2) The lodged standard terms document must be given a distinguishing reference and must be registered.

170 Standard terms document that is part of an instrument

All or part of a registered standard terms document, or an amended registered standard terms document, forms part of an instrument if the instrument—

- (a) says it forms part of the instrument; and
- (b) belongs to a class identified in the standard terms document as an instrument to which the standard terms document applies.

171 Instrument not limited to that contained in standard terms document

- (1) In addition to the provisions in a registered standard terms document, an instrument may include a provision incorporating other terms into the instrument.

- (4) Withdrawal or cancellation of a standard terms document, under this section or the *Land Act 1994*, does not affect an instrument already registered or executed within 7 days after its withdrawal or cancellation.

Part 9 Registration of instruments and its effect

Division 1 Registration of instruments

173 How an instrument is registered

The registrar registers an instrument in the freehold land register by recording in the freehold land register the particulars necessary to identify the instrument.

174 When an instrument is registered

An instrument is registered when the particulars are recorded in the freehold land register.

175 Time from when instrument forms part of register etc.

A registered instrument forms part of the freehold land register from when it is lodged.

176 Registered instrument operates as a deed

A registered instrument operates as a deed.

177 Order of registration of instruments

- (1) Instruments affecting a lot, including instruments affecting or creating an interest in the lot, must be registered in the order in which they are lodged.
- (2) Subsection (1) is subject to section 159.
- (3) Despite subsection (1), if an instrument (*instrument 2*) affecting a lot is lodged after another instrument (*instrument 1*) affecting the lot, instrument 2 may be registered before instrument 1 if the registration of instrument 2 can not affect any interest that a person might claim under instrument 1.

Example for subsection (3)—

An instrument of easement over a lot (*instrument 1*) is lodged for registration. Subsequently, an instrument releasing a mortgage of the lot (*instrument 2*) is lodged for registration. However, the registrar has given the person who lodged instrument 1 a requisition relating to instrument 1, and instrument 1 can not yet be registered. The registrar could register instrument 2 even though instrument 1 has not been registered.

178 Priority of registered instruments

- (1) Registered instruments have priority according to when each of them was lodged and not according to when each of them was executed.

- (2) An instrument is taken to be lodged on the date and at the time endorsed on the instrument by the registrar as the date and time of the lodgement unless the contrary is proved.
- (3) Subsection (1) is not affected by actual, implied or constructive notice.

179 Evidentiary effect of recording particulars in the freehold land register

In all proceedings, the particulars of a registered instrument recorded in the freehold land register are conclusive evidence of—

- (a) the registration of the instrument; and
- (b) the contents of the instrument; and
- (c) all terms stated or implied in it by this or another Act; and
- (d) when the instrument was lodged and registered.

Division 2 Consequences of registration

Subdivision A General

180 Benefits of registration

The benefits of this division apply to an instrument whether or not valuable consideration has been given.

181 Interest in a lot not transferred or created until registration

An instrument does not transfer or create an interest in a lot at law until it is registered.

182 Effect of registration on interest

On registration of an instrument that is expressed to transfer or create an interest in a lot, the interest—

- (a) is transferred or created in accordance with the instrument; and
- (b) is registered; and
- (c) vests in the person identified in the instrument as the person entitled to the interest.

183 Right to have interest registered

A person to whom an interest is to be transferred or in whom an interest has been created has a right to have the instrument transferring or creating the interest registered if—

- (a) the instrument has been executed; and
- (b) the person lodges the instrument and any documents required by the registrar to effect registration of the instrument; and
- (c) the person has otherwise complied with this Act in relation to the registration of the instrument.

Subdivision B Indefeasibility

184 Quality of registered interests

- (1) A registered proprietor of an interest in a lot holds the interest subject to registered interests affecting the lot but free from all other interests.
- (2) In particular, the registered proprietor—
 - (a) is not affected by actual or constructive notice of an unregistered interest affecting the lot; and
 - (b) is liable to a proceeding for possession of the lot or an interest in the lot only if the proceeding is brought by the registered proprietor of an interest affecting the lot.

- (3) However, subsections (1) and (2) do not apply—
 - (a) to an interest mentioned in section 185; or
 - (b) if there has been fraud by the registered proprietor, whether or not there has been fraud by a person from or through whom the registered proprietor has derived the registered interest.

185 Exceptions to s 184

- (1) A registered proprietor of a lot does not obtain the benefit of section 184 for the following interests in relation to the lot—
 - (a) an equity arising from the act of the registered proprietor;
 - (b) the interest of a lessee under a short lease;
 - (c) the interest of a person entitled to the benefit of an easement if its particulars have been omitted from, or misdescribed in, the freehold land register;
 - (d) the interest of a person who, on application, would be entitled to be registered as owner of the lot because the person is an adverse possessor;
 - (e) the interest of another registered proprietor making a valid claim under an earlier existing indefeasible title for all or part of the lot;
 - (f) the interest of another registered owner if there are 2 indefeasible titles for the same interest in the lot and the inconsistency has arisen through failure on transfer to cancel, wholly or partly, the indefeasible title of the first registered owner;
 - (g) the interest of another registered proprietor if the lot described in the indefeasible title wrongly includes land in which the other registered proprietor has an interest;
 - (h) the interest of a petroleum authority holder under the *Petroleum and Gas (Production and Safety) Act 2004* under an access agreement under that Act that—

- (i) was made before the registered proprietor became the registered proprietor of the lot; and
- (ii) under that Act, binds the registered proprietor;
- (i) the interest of a GHG authority holder under the *Greenhouse Gas Storage Act 2009* under an access agreement under that Act that—
 - (i) was made before the registered proprietor became the registered proprietor of the lot; and
 - (ii) under that Act, binds the registered proprietor;
- (j) the interest of a geothermal tenure holder under the *Geothermal Energy Act 2010* under an access agreement under that Act that—
 - (i) was made before the registered proprietor became the registered proprietor of the lot; and
 - (ii) under that Act, binds the registered proprietor.

Note—

For when an access agreement mentioned in paragraph (h), (i) or (j) binds the registered proprietor, see the following—

- for the *Petroleum and Gas (Production and Safety) Act 2004*—sections 507 and 509 of that Act
- for the *Greenhouse Gas Storage Act 2009*—sections 292 and 294 of that Act
- for the *Geothermal Energy Act 2010*—sections 225 and 226 of that Act.

- (1A) A registered proprietor of a lot (the *relevant mortgagee*) who is recorded in the freehold land register as a mortgagee of the lot or an interest in the lot does not obtain the benefit of section 184 for the relevant mortgagee's interest as mortgagee if—
- (a) the relevant mortgagee—
 - (i) in relation to the instrument of mortgage or amendment of mortgage, failed to comply with section 11A(2); or

- (ii) in relation to a transfer of the instrument of mortgage, failed to comply with section 11B(2); and
 - (b) the person who was the mortgagor under the instrument of mortgage or amendment of mortgage was not the person who was, or who was about to become, the registered proprietor of the lot or the interest in a lot for which the instrument was registered.
- (1B) For subsection (1A)(b), a person was the mortgagor under an instrument of mortgage or amendment of mortgage if the person executed the instrument as mortgagor, including, if the instrument is an electronic conveyancing document, through a subscriber digitally signing the instrument under the Electronic Conveyancing National Law (Queensland).
- (1C) Also, for subsection (1A)(b), a person was the mortgagor under an instrument of mortgage or amendment of mortgage if the instrument is an electronic conveyancing document and the person signed, as mortgagor, a document that under the participation rules under the Electronic Conveyancing National Law (Queensland)—
- (a) was required as a supporting document for the instrument of mortgage or amendment of mortgage; and

 - (b) a right to renew or extend the term of the short lease beyond 3 years from the beginning of the original term.
- (3) For subsection (1)(c), the particulars of an easement (the *easement particulars*) are taken to have been omitted from the freehold land register only if—
- (a) the easement was in existence when the lot burdened by it was first registered, but the easement particulars have

-
- never been recorded in the freehold land register against the lot; or
- (b) the easement particulars have previously been recorded in the freehold land register, but the current particulars in the freehold land register about the lot do not include the easement particulars, other than because the easement has been extinguished in relation to the lot; or
 - (c) the instrument providing for the easement was lodged for registration but, because of an error of the registrar, has never been registered.
- (4) Subsection (3) applies whether or not the lot has at any time been transferred or otherwise dealt with.
- (5) If an issue arises in a proceeding as to whether a person registered as a mortgagee does not obtain the benefit of section 184 because of subsection (1A), proof that the person complied with section 11A(2) or 11B(2) rests on the person.
- (6) In subsection (3)(b)—
extinguished includes surrendered.

186 Action to correct wrong inclusion of a lot

- (1) If the registrar is satisfied that section 185(1)(g) applies to an indefeasible title, the registrar may correct the indefeasible title.
- (2) A person affected by the correction may apply to the Supreme Court for an order that the correction be amended or set aside.
- (3) The application must be made within 1 month after the person receives written notice of the correction.

187 Orders by Supreme Court about fraud and competing interests

- (1) If there has been fraud by the registered proprietor or section 185(1)(c), (d), (e), (f) or (g) or (1A) applies, the Supreme Court may make the order it considers just.

- (2) The claimant is entitled to compensation from the State for the loss or damage.
- (3) Despite anything in subsection (1) or (2), the claimant is not entitled to compensation under this section for loss or damage caused by the incorrectness of a register kept by the registrar if the registrar may correct the register under section 15.
- (4) Subsection (3) does not limit the claimant's rights to compensation otherwise than under subsections (1) and (2).

- (1) The compensation to which a claimant is entitled under section 188 or 188A does not include compensation for personal injury.

 - (a) because of a breach of a trust or fiduciary duty (whether express, implied or constructive) including a breach of duty arising in the administration of the estate of a deceased person; or

 - (b) if the person, a person acting as agent for the person, or an indemnified legal practitioner acting or purporting to act for the person, caused or substantially contributed to the deprivation, loss or damage by fraud, neglect or wilful default, including, for example, failure to take reasonable steps in response to a notice that the registrar intended to create a new indefeasible title for the relevant lot; or
