10 Chief executive to form panel etc.

- (1) As soon as practicable after receiving a request under section 9(2), the chief executive must select 2 animal valuers to form a panel to value the animal for the proceeding.
- (2) An animal valuer selected to form the panel must participate in the panel under this regulation unless the animal valuer is unavailable to perform the valuer's functions.

-
- (3) The chief executive may form more than 1 panel for a proceeding, but only if the panels are formed to value different animals for the proceeding.
 - (4) For each panel formed for a proceeding, the chief executive must tell—
 - (a) each animal valuer forming the panel of—
 - (i) the charge details; and
 - (ii) the name and contact details of the other valuer forming the panel; and
 - (iii) the contact details of a prosecutor for the proceeding; and

[s 12]

- (b) appear as a witness for the prosecution in the proceeding.

Note—

See also section 18.

- (3) Subsection (2)—

 - (b) does not prevent the subpoena of an animal valuer.

12 Disclosure of conflicts of interest

- (1) This section applies if an animal valuer, who is selected to form a panel to value an animal for a proceeding, becomes aware that the valuer has an actual conflict of interest or potential conflict of interest about the proceeding (both a *conflict of interest*).
- (2) The valuer must immediately give notice to the following persons of the issue giving rise to the conflict of interest—

- (a) all parties to the proceeding have been notified of the issue giving rise to the conflict of interest and consent to the tendering of the certificate of valuation; or
 - (b) if 1 or more parties to the proceeding do not consent—the court is satisfied that it is appropriate for the certificate to be tendered and to proceed with the proceeding with only 1 animal valuer forming the panel.

- (a) the replacement of the animal valuer on the panel; and
 - (b) a new certificate of valuation to be tendered in the proceeding.
- (7) In this section—

actual conflict of interest, for an animal valuer about a proceeding, means the valuer has an interest, financial or otherwise, that conflicts with the proper performance of the valuer's functions for the proceeding.

Division 2 Deciding animal's value

13 Deciding animal's value

- (1) The value of an animal for an offence provision is the animal's value as decided under this division.
- (2) The panel formed to value the animal must use a method of valuation (an *appropriate method*) that reflects a fair and reasonable estimate of the cost to the animal's owner of replacing the animal with a comparable animal—
 - (a) on the day of the offence; and
 - (b) at or near the place where, on the day of the offence, the animal was primarily kept by the owner.
- (3) If the animal valuers forming the panel do not agree on the animal's value, the value of the animal for the offence provision is the average of the values decided by each animal valuer forming the panel.
- (4) If, during the proceeding for the offence, the panel's valuation of the animal is challenged and a different value is proven to be the correct value using an appropriate method, the value of the animal for the offence provision is the value proven to be correct.

Note—

See section 16.

- (5) The valuation of the animal, and the certificate of valuation for the animal, is of no effect if 1 or both of the persons forming the panel were no longer animal valuers during part or all of the period from the panel's formation to its making of the certificate of valuation.
- (6) If the animal is not available for examination by the panel, the panel may use any of the following to decide the animal's value—

- (2) The certificate must be in the approved form.
- (3) The approved form must include provision for the panel to state—
 - (a) the name of each animal valuer forming the panel; and
 - (b) a description of the animal; and
 - (c) or attach, any identifying information for the animal used by the panel; and
 - (d) details of the appropriate method used by each animal valuer forming the panel; and
 - (e) the value of the animal, as at a date stated in the certificate, decided by the panel; and

appropriate method see section 13(2).

Part 4 Evidentiary provisions

- (b) of the value of the animal as at the day stated in the certificate; and
- (c) that the value of the animal has been decided under a regulation made under the Code, section 450F; and
