Note—

The National Law, section 205 provides for the relevant National Board to give effect to the health ombudsman’s decision.

 - (a) stating the proposed decision; and

- (b) imposing stated restrictions on the provision of any health service, or a stated health service, by the practitioner.

68 Power to issue interim prohibition orders

(1) The health ombudsman may issue an interim prohibition order to a health practitioner (other than in the person's capacity as a registered health practitioner) if—

- (a) the health ombudsman reasonably believes that—
 - (i) because of the practitioner's health, conduct or performance, the practitioner poses a serious risk to persons; and
 - (ii) it is necessary to issue the order to protect public health or safety; or
- (b) the health ombudsman reasonably believes issuing the order is otherwise in the public interest.

Example of when issuing the order is in the public interest—

A health practitioner is charged with a serious criminal offence, unrelated to the practitioner's practice, for which an interim prohibition order is required to be issued to maintain public confidence in the provision of services by health practitioners.

- (2) Without limiting subsection (1)(a), the serious risk posed to a person by a health practitioner may be a serious risk of harm caused by the practitioner—
 - (a) practising the practitioner’s profession unsafely, incompetently or while intoxicated by alcohol or drugs; or
 - (b) financially exploiting the person; or
 - (c) engaging in a sexual or improper personal relationship with the person; or
 - (d) discouraging the person from seeking clinically accepted care or treatment; or
 - (e) making false or misleading claims about the health benefits of a particular health service; or
 - (f) making false or misleading claims about the practitioner’s qualifications, training, competence or professional affiliations.
- (3) In deciding under subsection (1)(a) whether, because of a health practitioner’s health, conduct or performance, the practitioner poses a serious risk to persons, the health ombudsman may have regard to a prescribed conduct document under section 288.
- (4) The health ombudsman may issue an interim prohibition order at any time, whether or not a complaint has been made in relation to the practitioner.

68A Varying interim prohibition order on health ombudsman’s own initiative

- (1) This section applies if, at any time after a decision to issue an interim prohibition order to a health practitioner, there is a material change in relation to the matter giving rise to the issue of the interim prohibition order.
- (2) The health ombudsman may vary an interim prohibition order only if—

-
- (a) the health ombudsman reasonably believes the material change justifies varying the decision made; and
 - (b) the variation is on the grounds mentioned in section 68.

Example of varying interim prohibition order—

The health ombudsman varies an interim prohibition order prohibiting the person from providing a health service to persons under the age of 18, to an interim prohibition order prohibiting the person from providing any health service in a clinical or non-clinical capacity.

- (3) If the health ombudsman makes a decision (the **variation decision**) to vary the interim prohibition order, sections 69 to 76, 78, 79, 94 and 279 apply to the variation decision as if it were, to the extent of the variation, a decision to issue an interim prohibition order.

68B Varying interim prohibition order on application by health practitioner

- (1) A health practitioner may apply to the health ombudsman to vary an interim prohibition order if there is a material change in relation to the matter giving rise to the issue of the interim prohibition order.
- (2) An application under subsection (1) must—
 - (a) be in the approved form; and
 - (b) be accompanied by any other information reasonably required by the health ombudsman.
- (3) In deciding the application, the health ombudsman—
 - (a) must consider whether the material change justifies varying the action taken; and
 - (b) is limited to the grounds mentioned in section 68.
- (4) The health ombudsman must decide to do 1 of the following—
 - (a) vary the interim prohibition order in the way requested in the application;
 - (b) vary the interim prohibition order in a way that is different to that requested in the application;

- (c) not to vary the interim prohibition order.
- (5) If the health ombudsman decides to vary the interim prohibition order in the way requested in the application—
 - (a) the health ombudsman must give the practitioner who made the application written notice of the decision; and
 - (b) sections 71, 73, 76, 78, 79, 94 and 279 apply to the variation decision as if it were, to the extent of the variation, a decision to issue an interim prohibition order.
 - (6) If the health ombudsman proposes to vary the interim prohibition order in a way that is different to that requested in the application, sections 69(1) to (3), 70, 71, 73 to 76, 78, 79, 94 and 279 apply to the variation decision as if it were, to the extent of the variation, a decision to issue an interim prohibition order.
 - (7) If the health ombudsman proposes not to vary the interim prohibition order, the health ombudsman must give the practitioner who made the application written notice—
 - (a) stating the proposed decision; and
 - (b) inviting the practitioner to make a submission to the health ombudsman, within a stated period of at least 7 days, about the proposed decision.
 - (8) The practitioner may make submissions orally or in writing.
 - (9) The health ombudsman must have regard to any submissions made by the practitioner within the stated period before deciding not to vary the interim prohibition order.
 - (10) If the health ombudsman decides not to vary the interim prohibition order, the health ombudsman must give notice of the decision to the practitioner stating the following—
 - (a) the decision;
 - (b) the reasons for the decision;
 - (c) that the practitioner may apply to QCAT for a review of the decision;

-
- (d) how, and the period within which, the practitioner may apply for the review of the decision.

69 Show cause process

- (1) If the health ombudsman proposes to issue an interim prohibition order to a health practitioner, the health ombudsman must give the practitioner a notice—
- (a) stating the proposed order; and
 - (b) inviting the practitioner to make a submission to the health ombudsman, within a stated period of at least 7 days, about the proposed order.
- (2) The practitioner may make submissions orally or in writing.
- (3) The health ombudsman must have regard to any submissions made by the practitioner within the stated period before deciding whether to issue the interim prohibition order.
- (4) However, if the health ombudsman is satisfied it is necessary to do so to ensure the health and safety of an individual or the public, the health ombudsman may issue an interim prohibition order without complying with subsections (1) to (3).

70 Content of interim prohibition order

An interim prohibition order—

- (a) must state the details of the order that apply to the practitioner; and
- (b) must also state, or be accompanied by a notice that states, the following—
 - (i) the reasons for the decision to issue the order;
 - (ii) the further relevant action that the health ombudsman proposes to take in relation to the practitioner;
 - (iii) that the practitioner may apply to QCAT for a review of the decision to issue the order; and

- (iv) how, and the period within which, the practitioner may apply for the review of the decision.

71 Notice to complainant

If an interim prohibition order was issued in response to a complaint, the health ombudsman must give the complainant a notice stating the details of the order that apply to the practitioner.

Note—

Notice is also given to employers and may be given to particular health practitioners with whom the health practitioner shares premises under section 279.

72 Show cause process after issuing order

- (1) This section applies if, under section 69(4), the health ombudsman issues an interim prohibition order to a health practitioner without complying with section 69(1) to (3).
- (2) The interim prohibition order must include, or be accompanied by, an invitation for the practitioner to make a submission to the health ombudsman, within a stated period of at least 7 days, about the order.
- (3) If the practitioner makes a submission within the stated period, the health ombudsman must—
 - (a) have regard to the submission and decide if the interim prohibition order is appropriate; and
 - (b) give the practitioner—
 - (i) a notice confirming the order; or
 - (ii) a notice under section 76 revoking the order.

73 Period of interim prohibition order

- (1) An interim prohibition order takes effect on the day it is given to the health practitioner or, if a later day is stated in the order, the later day.

-
- (2) The order continues to have effect until the earlier of the following happens—
- (a) QCAT sets aside the decision to issue the order—
 - (i) on application by the practitioner for a review of the decision; or
 - (ii) on referral of the matter to QCAT by the director of proceedings on the health ombudsman’s behalf;
 - (b) the health ombudsman revokes the order under section 76.

74 Application to QCAT for review

- (1) If the health ombudsman decides to issue an interim prohibition order to a health practitioner, the practitioner may apply, as provided under the QCAT Act, to QCAT for a review of the decision.
- (2) If the health ombudsman gives a notice to the practitioner under section 72(3)(b)(i) confirming the order, an application to QCAT for a review of the decision to issue the order may be made within 28 days after that notice is given.

75 Health ombudsman must immediately take further relevant action

Immediately after issuing an interim prohibition order to a health practitioner, the health ombudsman must—

- (a) investigate the matter giving rise to the issue of the order under part 8; or
- (b) refer the matter to an entity of the State, another State or the Commonwealth under part 9; or
- (c) refer the matter to the director of proceedings under part 10, division 2.

76 Health ombudsman may revoke order

- (1) This section applies if, at any time after issuing an interim prohibition order to a health practitioner, the health ombudsman is satisfied the order is no longer necessary on the grounds mentioned in section 68.
- (2) The health ombudsman must—
 - (a) revoke the order; and
 - (b) give notice of the revocation to the practitioner and, if the interim prohibition order was issued in response to a complaint, to the complainant.

77 Corresponding interstate interim orders

A regulation may prescribe an order to be a corresponding interstate interim order if the order—

- (a) is issued under a law of another State; and
- (b) corresponds, or substantially corresponds, to an interim prohibition order under this division.

78 Offence of contravening order

A person must not contravene an interim prohibition order or corresponding interstate interim order.

Maximum penalty—200 penalty units.

79 Publication of orders

- (1) The health ombudsman must publish, on a publicly accessible website of the health ombudsman, the following information about each current interim prohibition order—
 - (a) the name of the health practitioner to whom the order was issued;
 - (b) the day the order took effect;
 - (c) the details of the order mentioned in section 67(a) or (b) that apply to the practitioner.

- (2) The health ombudsman must notify the provider about the investigation before or when it is started.

83 Investigative powers

Part 15 provides for powers that may be exercised for the purpose of conducting an investigation.

84 Progress reports

- (1) The health ombudsman must, at not less than 3 monthly intervals, give a notice of the progress of an investigation to—
 - (a) any health service provider being investigated; and
 - (b) if the investigation relates to a health service complaint, the complainant.
- (2) A person who has a right to be given a notice under subsection (1) may, by notice to the health ombudsman, waive the right.
- (3) At any time before the investigation is complete, a notice given by a person to the health ombudsman under subsection (2) may be withdrawn.

85 Times by which investigations must be completed

- (1) The health ombudsman must complete an investigation as quickly as is reasonable in all the circumstances and, in any case, by the day (the *due day*) that is 1 year, or any extended time decided under subsection (2), after the decision to carry out the investigation.
- (2) The health ombudsman may extend the due day for completing an investigation if the health ombudsman reasonably considers that, in all the circumstances (including, for example, the size and complexity of the matters being

investigated), it is not possible to properly complete the investigation by the due day.

- (3) The due day for completing an investigation may be extended more than once under subsection (2) but each extension may not be more than 3 months.
- (4) The health ombudsman must keep a register, on a publicly accessible website of the health ombudsman, of investigations that have not been completed within 1 year after the decision to carry them out.
- (5) The register must list the following matters for each of the investigations—
 - (a) the general nature of the matter being investigated;
 - (b) the day on which it was decided to carry out the investigation;
 - (c) the current due day for completing the investigation;
 - (d) the reason for each extension of the due day.
- (6) The register must not include information that identifies a complainant, health service provider or individual to whom a health service was provided.
- (7) Also, despite subsection (5)(a), the register must not state anything about the nature of the matter being investigated if the health ombudsman considers that doing so may—
 - (a) put at serious risk a person's health or safety; or
 - (b) put a complainant or other person at risk of being harassed or intimidated; or
 - (c) prejudice an investigation or inquiry.
- (8) If an investigation is not completed within 2 years after the decision to carry it out—
 - (a) the health ombudsman must give notices to the Minister and the parliamentary committee stating—
 - (i) details of the matter being investigated; and
 - (ii) why the investigation has not been completed; and

- (b) without limiting section 179(1)(c), the parliamentary committee may review the health ombudsman's performance of functions under this part in relation to the investigation.
- (9) This section does not apply to an investigation carried out in compliance with a direction by the Minister under section 81 if the direction includes a stated time by which the investigation must be completed.

86 Investigation reports

- (1) After completing an investigation, the health ombudsman may prepare a report on the investigation (an *investigation report*) containing information, comment or recommendations for action.
- (2) In preparing an investigation report, the health ombudsman may have regard to a prescribed conduct document under section 288.
- (3) The health ombudsman must not include in an investigation report any adverse comment about an entity identifiable from the report unless the entity has been given a copy of the comment and given a reasonable period of at least 28 days to make a submission about it.
- (4) If an entity makes a submission under subsection (3), the health ombudsman—
 - (a) must have regard to the submission before finalising the investigation report; and
 - (b) must not include the relevant comment in the report unless the health ombudsman also includes the entity's submission, or a fair summary of it, in the report.
- (5) If the health ombudsman proposes to recommend in an investigation report that a particular entity take particular action, the health ombudsman must consult with the entity about the recommendation before finalising the report.
- (6) Subsection (3) does not apply to—

-
- (a) an investigation report that is not made publicly available and not given to any entity other than the Minister, the parliamentary committee, the National Agency, a National Board or a government entity; or
 - (b) an investigation report to the extent it is given to the director of proceedings or disclosed in a proceeding for a matter referred to QCAT.
- (7) Also, subsections (3) and (5) do not apply to the extent that the health ombudsman reasonably considers giving an entity a copy of comments or consulting with the entity about a matter would—
- (a) put at serious risk a person’s health or safety; or
 - (b) put a complainant or other person at risk of being harassed or intimidated; or
 - (c) prejudice an investigation or inquiry.

87 To whom investigation report is given

- (1) If the health ombudsman decides to refer an investigated matter to the director of proceedings under part 10, division 2 for decision about whether to refer the matter to QCAT, the health ombudsman must not make the investigation report publicly available and may only give the report to an entity mentioned in section 86(6).
- (2) Otherwise, subject to section 88, the health ombudsman may—
 - (a) make an investigation report publicly available; and
 - (b) give a copy of an investigation report to an entity the health ombudsman considers appropriate.

Examples of entities to whom an investigation report may be given—

- for an investigation of a matter arising from a health service complaint about a health service organisation—the complainant and relevant health service organisation
- the parliamentary committee
- the National Agency or a National Board

- an entity with functions relevant to the matters raised in the report
- (3) Also, if an investigation was carried out in compliance with a direction by the Minister under section 81, or if the Minister asks for a copy, the health ombudsman must give a copy of the investigation report to the Minister.

88 Disclosure of investigation report containing confidential information

- (1) For the purpose of section 272(3)—
- (a) section 87(2) authorises the disclosure of an investigation report containing confidential information identifying a person who is or was a health service provider; but
 - (b) section 87(2) does not authorise the disclosure of an investigation report containing confidential information identifying a protected person other than a person who is or was a health service provider.
- (2) Subsection (1)(b) does not limit the extent to which an investigation report containing confidential information about a protected person may be disclosed under section 272(4) to (6).
- (3) In this section—

confidential information see section 272(8).

protected person means a person mentioned in section 272(8), definition *confidential information*, paragraph (b).

89 Implementation of recommendations and supplementary report

- (1) This section applies if an investigation report includes recommendations about a health service provider taking particular action.
- (2) When, or after, giving a copy of the investigation report to the health service provider under section 87, the health ombudsman may ask the health service provider to give to the

health ombudsman, by a stated day (the *due day*), a report about any implementation of the recommendations.

- (3) The due day must be a reasonable period of at least 14 days after the request is made.
- (4) The health service provider must comply with the request unless the provider has a reasonable excuse.

Maximum penalty—50 penalty units.

- (5) After having regard to any report received from the health service provider by the due day, the health ombudsman may prepare a supplementary report to the investigation report.
- (6) Sections 86(2) to (7), 87 and 88 apply to a supplementary report prepared under subsection (5) as if it were an investigation report.

90 Notice of decision after investigating matter

After completing an investigation of a matter, the health ombudsman must—

- (a) decide—
 - (i) to take particular relevant action to further deal with the matter; or
 - (ii) to take no further action in relation to the matter; and

Note—

See section 44 for the grounds on which the health ombudsman may decide to take no further action on a matter.

- (b) give notice of the decision—
 - (i) if the investigation relates to a health service complaint—to the complainant and relevant health service provider under section 278; or
 - (ii) otherwise—to any health service provider being investigated.

Part 9 Referral to National Agency or other entity

91 Referral to National Agency

- (1) The health ombudsman may refer a health service complaint or other matter concerning a registered health practitioner to the National Agency, unless the matter indicates that—
 - (a) the practitioner may have behaved in a way that constitutes professional misconduct; or
 - (b) another ground may exist for the suspension or cancellation of the practitioner’s registration.

Note—

A matter mentioned in paragraph (a) or (b) may be referred to the director of proceedings who may refer it to QCAT on the health ombudsman’s behalf under section 103.

- (2) The health ombudsman must consult with the National Agency about the proposed referral before referring the matter.
- (3) When referring the matter, the health ombudsman must give the National Agency all relevant information that the health ombudsman has about the matter, including, for a health service complaint—
 - (a) details of the complaint, the complainant and the relevant health service provider; and
 - (b) if the health ombudsman intends to start or continue conciliating the complaint while or after the National Agency or a National Board deals with it—that fact.
- (4) In this section—

information includes a submission.

92 Referral to other government entities

- (1) The health ombudsman may refer a health service complaint or other matter to an entity of the State, another State or the

Commonwealth with functions that include dealing with the matter.

- (2) The health ombudsman may refer a matter concerning a registered health practitioner to the co-regulatory authority for a co-regulatory jurisdiction if—
 - (a) the matter happened in the co-regulatory jurisdiction; or
 - (b) the practitioner’s principal place of practice is in the co-regulatory jurisdiction.
- (3) The health ombudsman must consult with the entity about the proposed referral before referring the matter.

93 Reports from State entities

- (1) This section applies if, under section 92, a matter is referred to an entity of the State.
- (2) The entity may, on its own initiative or if asked by the health ombudsman, give the health ombudsman reports about the progress and results of the action taken by the entity about the matter.
- (3) As soon as practicable and within 28 days after ceasing to deal with the matter, the entity must give the health ombudsman a written report of the results of the action taken about the matter.

Part 10 QCAT

Division 1 General

94 QCAT’s jurisdiction

- (1) QCAT has jurisdiction—
 - (a) to review a decision by the health ombudsman—

- (i) to take immediate registration action in relation to a registered health practitioner; or
 - (ii) to issue an interim prohibition order to a health practitioner; or
 - (iii) not to vary an immediate registration action in relation to a registered health practitioner; or
 - (iv) not to vary an interim prohibition order issued to a health practitioner; and
 - (b) to hear a matter referred to QCAT by the director of proceedings on the health ombudsman's behalf under section 103; and
 - (c) to hear an application under section 110 to change or remove a condition imposed by QCAT on a registered health practitioner's registration.
- (2) Also, under the National Law, QCAT is given jurisdiction to—
- (a) hear a matter referred to QCAT by a National Board under the National Law, section 193B; and
 - (b) review an appellable decision under the National Law, section 199.

Note—

The National Law, section 199 refers to an appeal to QCAT against an appellable decision. This is taken to be a reference to a review of the decision as provided under the QCAT Act. See the *Health Practitioner Regulation National Law Act 2009*, section 9.

- (3) For the QCAT Act, this Act is taken to be an enabling Act that confers the jurisdiction mentioned in subsection (2) on QCAT.
- (4) Subsection (3) applies even though it is the National Law that confers the jurisdiction on QCAT and, on that basis, is also an enabling Act for the QCAT Act.

Note—

The QCAT Act, sections 6 and 7 include provision about the relationship between that Act and an enabling Act.

-
- (5) QCAT is to exercise its review jurisdiction to review a decision as mentioned in subsection (1)(a) or (2)(b).
 - (6) QCAT is to exercise its original jurisdiction to hear and decide any other matter mentioned in this section.

95 Notices to be given to complainant

- (1) For a matter before QCAT arising from a health service complaint—
 - (a) the complainant is a person to whom notice must be given under a QCAT notice provision; but
 - (b) a requirement under a QCAT notice provision for the relevant health practitioner to give a notice to the complainant is taken to be a requirement that the health ombudsman or a National Board (whichever is a party to the proceeding) give the notice to the complainant.
- (2) In this section—

QCAT notice provision means the QCAT Act, section 37(2)(b), 92(b), 121(1)(b) or 138(3)(b).

96 Orders that QCAT may make

- (1) Division 3 provides for the orders that QCAT may make after hearing—
 - (a) a matter relating to a registered health practitioner that was referred to QCAT by the director of proceedings on the health ombudsman's behalf under section 103; or
 - (b) an application under section 110 to change or remove a condition imposed by QCAT on a registered health practitioner's registration.
- (2) Division 4 provides for the orders that QCAT may make after hearing a matter, relating to a health practitioner other than a registered health practitioner, referred to QCAT by the director of proceedings on the health ombudsman's behalf under section 103.

[s 97]

- (3) The National Law, part 8, division 12 provides for the orders that QCAT may make after hearing a matter referred to QCAT by a National Board under the National Law, section 193B.
- (4) The QCAT Act provides for the orders that QCAT may make when exercising its review jurisdiction.

97 Constitution of QCAT

- (1) For a disciplinary proceeding, QCAT must be constituted by 1 judicial member.

Note—

Division 6 provides for QCAT to be assisted by assessors.

- (2) In this section—

judicial member see the QCAT Act, schedule 3.

98 Particular hearings to be held in private

- (1) A hearing for an impairment matter relating to a health practitioner is not open to the public unless—
 - (a) QCAT reasonably believes it is in the public interest for it to be open to the public; or
 - (b) the practitioner asks for it to be open to the public.
- (2) In this section—

impairment matter, in relation to a health practitioner, means—

- (a) a matter referred to QCAT by the director of proceedings or a National Board on the ground that the practitioner has or may have an impairment; or
- (b) the review of a decision under the National Law, section 199, if the decision was or appears to have been made only on the ground that the practitioner had or may have had an impairment; or
- (c) an application under section 110 to change or remove a condition imposed on a registered health practitioner's

registration, if the condition was or appears to have been imposed only on the ground that the practitioner had or may have had an impairment.

99 QCAT may exclude witnesses from hearing

- (1) This section applies if—
 - (a) a complainant or other witness is to give evidence to QCAT in a disciplinary proceeding; and
 - (b) QCAT reasonably believes the attendance of the complainant or witness before giving evidence would seriously prejudice the fairness of the hearing.
- (2) QCAT may direct that the complainant or other witness be excluded from a part or all of the hearing until the complainant or witness gives evidence.

100 No stay of decision to take immediate action

- (1) This section applies if a health practitioner applies for a review of—
 - (a) a decision of the health ombudsman to take immediate action under part 7; or
 - (b) a decision of a National Board to take immediate action under the National Law, part 8, division 7.
- (2) QCAT must not grant a stay of the decision.

Division 2 Director of proceedings

101 Application of div 2

This division applies if the health ombudsman decides to refer a complaint or other matter to the director of proceedings.

102 Information to be given with referral

When referring the matter, the health ombudsman must give the director all the relevant information that the health ombudsman has about the matter.

103 How director must deal with referral

- (1) The director must—
 - (a) refer the matter, as provided under the QCAT Act, to QCAT on behalf of the health ombudsman; or
 - (b) refer the matter back to the health ombudsman to deal with under section 105.
- (2) If referring the matter back to the health ombudsman, the director may recommend that particular further action be taken by the health ombudsman.

Example—

The director may be unable to decide if a matter should be referred to QCAT or may consider that further evidence is needed to enable a matter to be prosecuted on referral to QCAT. The director may refer the matter back to the health ombudsman with a recommendation that the matter be further investigated under part 8.

- (3) In deciding whether to refer the matter to QCAT, the director must have regard to—
 - (a) the paramount guiding principle; and
 - (b) the seriousness of the matter; and
 - (c) the likelihood of proving relevant matters before QCAT; and
 - (d) the orders that QCAT may make; and
 - (e) anything else the director considers relevant.
- (4) Before deciding whether to refer to QCAT a matter relating to a registered health practitioner, the director may consult with the relevant National Board.

- (5) The director must refer the matter to QCAT if it is a matter that, under the National Law, the health ombudsman is required to refer to QCAT.

104 Referral to QCAT

- (1) If the director decides to refer the matter to QCAT on behalf of the health ombudsman, QCAT may exercise its original jurisdiction under the QCAT Act to hear and decide the matter.
- (2) If the matter relates to a health service complaint, the referral must include the details of the complainant.

105 Referral back to health ombudsman

If the director refers the matter back to the health ombudsman, the health ombudsman must—

- (a) decide—
- (i) to take particular relevant action to further deal with the matter; or
 - (ii) to take no further action in relation to the matter; and

Note—

See section 44 for the grounds on which the health ombudsman may decide to take no further action on a matter.

- (b) give notice of the decision—
- (i) if the matter is a complaint—to the complainant and relevant health service provider under section 278; or
 - (ii) otherwise—to any health service provider to whom the matter relates.

Division 3 Matters relating to registered health practitioners

106 Application of div 3

This division applies in relation to a matter concerning a registered health practitioner.

107 Decision about registered health practitioner other than student

- (1) This section applies in relation to a matter referred to QCAT by the director of proceedings under section 103.
- (2) After hearing the matter, QCAT may decide—
 - (a) the practitioner has no case to answer and no further action is to be taken in relation to the matter; or
 - (b) one or more of the following—
 - (i) the practitioner has behaved in a way that constitutes unsatisfactory professional performance;
 - (ii) the practitioner has behaved in a way that constitutes unprofessional conduct;
 - (iii) the practitioner has behaved in a way that constitutes professional misconduct;
 - (iv) the practitioner has an impairment;
 - (v) the registration was improperly obtained because the practitioner or someone else gave the relevant National Board information or a document that was false or misleading in a material particular.
- (3) If QCAT makes a decision referred to in subsection (2)(b), it may decide to do one or more of the following—
 - (a) caution or reprimand the practitioner;
 - (b) impose a condition on the practitioner's registration, including, for example—

- (i) a condition requiring the practitioner to complete specified further education or training, or to undergo counselling, within a specified period; or

 - (iii) a condition requiring the practitioner to do, or refrain from doing, something in connection with the practitioner's practice; or
 - (iv) a condition requiring the practitioner to manage the practitioner's practice in a specified way; or
 - (v) a condition requiring the practitioner to report to a specified person at specified times about the practitioner's practice; or
 - (vi) a condition requiring the practitioner not to employ, engage or recommend a specified person or class of persons;
- (c) require the practitioner to pay a fine of not more than \$30,000 to the health ombudsman;
 - (d) suspend the practitioner's registration for a specified period;
 - (e) cancel the practitioner's registration.
- (4) If QCAT decides to cancel the practitioner's registration or the practitioner does not hold registration, QCAT may also decide to—

- (1) A person of whom a requirement has been made under section 210 must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

- (2) It is a reasonable excuse for an individual not to comply with a requirement made under section 210 if complying might tend to incriminate the individual or expose the individual to a penalty.

Subdivision 2 Seizure by authorised persons and forfeiture

212 Seizing evidence at a place that may be entered without consent or warrant

- (1) This section applies to a place that an authorised person may enter under this part without the consent of an occupier of the place and without a warrant.

[s 213]

- (2) An authorised person who enters the place may seize a thing at the place if the authorised person reasonably believes the thing is evidence—
 - (a) about a matter being investigated by the health ombudsman; or
 - (b) of an offence against this Act.

213 Seizing evidence at a place that may be entered only with consent or warrant

- (1) This section applies if—
 - (a) an authorised person is authorised to enter a place only with the consent of an occupier of the place or a warrant; and
 - (b) the authorised person enters the place after obtaining the consent or under a warrant.
- (2) If the authorised person enters the place with the occupier's consent, the authorised person may seize a thing at the place only if—
 - (a) the authorised person reasonably believes the thing is evidence—
 - (i) about a matter being investigated by the health ombudsman; or
 - (ii) of an offence against this Act; and
 - (b) seizure of the thing is consistent with the purpose of entry as explained to the occupier when asking for the occupier's consent.
- (3) If the authorised person enters the place under a warrant, the authorised person may seize the evidence for which the warrant was issued.
- (4) The authorised person may also seize anything else at the place if the authorised person reasonably believes—
 - (a) the thing is evidence—

-
- (i) about a matter being investigated by the health ombudsman; or
 - (ii) of an offence against this Act; and
- (b) the seizure is necessary to prevent the thing being hidden, lost or destroyed.
- (5) The authorised person may also seize a thing at the place if the authorised person reasonably believes it has just been used in committing an offence against this Act.

214 Seizure of property subject to security

- (1) An authorised person may seize a thing, and exercise powers relating to the thing, despite a lien or other security over the thing claimed by another person.
- (2) However, the seizure does not affect the other person's claim to the lien or other security against a person other than the authorised person or a person acting for the authorised person.

215 Power to secure seized thing

- (1) Having seized a thing under this division, an authorised person may—
 - (a) leave it at the place where it was seized (the *place of seizure*) and take reasonable action to restrict access to it; or
 - (b) move it from the place of seizure.
- (2) For subsection (1)(a), the authorised person may, for example—
 - (a) seal the thing, or the entrance to the place of seizure, and mark the thing or place to show access to the thing or place is restricted; or
 - (b) for equipment—make it inoperable; or

Example—

make it inoperable by dismantling it or removing a component without which the equipment can not be used

- (c) require a person who the authorised person reasonably believes is in control of the place or thing to do an act mentioned in paragraph (a) or (b) or anything else an authorised person could do under subsection (1)(a).

216 Offence to contravene other seizure requirement

A person must comply with a requirement made of the person under section 215(2)(c) unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

217 Offence to interfere

- (1) If access to a seized thing is restricted under section 215, a person must not tamper with the thing or with anything used to restrict access to the thing without—
 - (a) an authorised person’s approval; or
 - (b) a reasonable excuse.

Maximum penalty—100 penalty units.

- (2) If access to a place is restricted under section 215, a person must not enter the place in contravention of the restriction or tamper with anything used to restrict access to the place without—
 - (a) an authorised person’s approval; or
 - (b) a reasonable excuse.

Maximum penalty—100 penalty units.

Subdivision 3 Safeguards for seized things

218 Receipt and information notice for seized thing

- (1) This section applies if an authorised person seizes anything under this division unless—

- (a) the authorised person reasonably believes there is no-one apparently in possession of the thing or it has been abandoned; or
 - (b) because of the condition, nature and value of the thing it would be unreasonable to require the authorised person to comply with this section.
- (2) The authorised person must, as soon as practicable after seizing the thing, give an owner or person in control of the thing before it was seized—
- (a) a receipt for the thing that generally describes the thing and its condition; and
 - (b) an information notice about the decision to seize it.
- (3) However, if an owner or person from whom the thing is seized is not present when it is seized, the receipt and information notice may be given by leaving them in a conspicuous position and in a reasonably secure way at the place at which the thing is seized.
- (4) The receipt and information notice may—
- (a) be given in the same document; and
 - (b) relate to more than 1 seized thing.
- (5) The authorised person may delay giving the receipt and information notice if the authorised person reasonably suspects giving them may frustrate or otherwise hinder an activity carried out by the authorised person under this part for the purpose of an investigation by the health ombudsman.
- (6) However, the delay may be only for so long as the authorised person continues to have the reasonable suspicion and remains in the vicinity of the place at which the thing was seized to keep it under observation.

219 Access to seized thing

- (1) Until a seized thing is forfeited or returned, the authorised person who seized the thing must allow an owner of the thing—

- (a) to inspect it at any reasonable time and from time to time; and
 - (b) if it is a document—to copy it.
- (2) Subsection (1) does not apply if it is impracticable or would be unreasonable to allow the inspection or copying.
- (3) The inspection or copying must be allowed free of charge.

220 Return of seized thing

- (1) This section applies if a seized thing has some intrinsic value and is not—
- (a) forfeited or transferred under subdivision 4 or 5; or
 - (b) subject to a disposal order under division 4.
- (2) The authorised person must return the seized thing to an owner—
- (a) generally—at the end of 6 months after the seizure; or
 - (b) if a proceeding for an offence involving the thing, or a disciplinary proceeding in which the thing is proposed to be used as evidence, is started within the 6 months—at the end of the proceeding and any appeal from the proceeding.
- (3) Despite subsection (2), if the thing was seized as evidence, the authorised person must return the thing seized to an owner as soon as practicable after the authorised person is satisfied—
- (a) its continued retention as evidence is no longer necessary; and
 - (b) it is lawful for the owner to possess it.
- (4) Nothing in this section affects a lien or other security over the seized thing.

Subdivision 4 Forfeiture

221 Forfeiture by health ombudsman decision

- (1) The health ombudsman may decide a seized thing is forfeited to the State if an authorised person—
 - (a) after making reasonable inquiries, can not find an owner; or
 - (b) after making reasonable efforts, can not return it to an owner.
- (2) However, the authorised person is not required to—
 - (a) make inquiries if it would be unreasonable to make inquiries to find an owner; or
 - (b) make efforts if it would be unreasonable to make efforts to return the thing to an owner.

Example for paragraph (b)—

the owner of the thing has migrated to another country

- (3) Regard must be had to the thing's condition, nature and value in deciding—
 - (a) whether it is reasonable to make inquiries or efforts; and
 - (b) if inquiries or efforts are made—what inquiries or efforts, including the period over which they are made, are reasonable.

222 Information notice about forfeiture decision

- (1) If the health ombudsman decides under section 221(1) to forfeit a thing, the health ombudsman must as soon as practicable give a person who owned the thing immediately before the forfeiture (the *former owner*) an information notice about the decision.
- (2) The information notice may be given by leaving it at the place where the thing was seized, in a conspicuous position and in a reasonably secure way.

[s 223]

- (3) The information notice must state that the former owner may apply for a stay of the decision if he or she appeals against the decision.
- (4) However, subsections (1) to (3) do not apply if the place where the thing was seized is—
 - (a) a public place; or
 - (b) a place where the notice is unlikely to be read by the former owner.

Subdivision 5 Dealing with property forfeited or transferred to State

A thing becomes the property of the State if—

- (a) the thing is forfeited to the State under section 221(1);
or
- (b) the owner of the thing and the State agree, in writing, to the transfer of the ownership of the thing to the State.

224 How property may be dealt with

- (1) This section applies if, under section 223, a thing becomes the property of the State.
- (2) The health ombudsman may deal with the thing as the health ombudsman considers appropriate, including, for example, by destroying it or giving it away.
- (3) The health ombudsman must not deal with the thing in a way that could prejudice the outcome of an appeal against the forfeiture under this part.
- (4) If the health ombudsman sells the thing, the health ombudsman may, after deducting the costs of the sale, return the proceeds of the sale to the former owner of the thing.

-
- (5) This section is subject to any disposal order made for the thing.

Division 4 Disposal orders

225 Disposal order

- (1) This section applies if a person is convicted of an offence against this Act.
- (2) The court may make an order (a *disposal order*), on its own initiative or on an application by the prosecution, for the disposal of any of the following things owned by the person—
- (a) anything that was the subject of, or used to commit, the offence;
 - (b) another thing the court considers is likely to be used by the person or another person in committing a further offence against this Act.
- (3) The court may make a disposal order for a thing—
- (a) whether or not it has been seized under this part; and
 - (b) if the thing has been seized—whether or not it has been returned to the former owner.
- (4) In deciding whether to make a disposal order for a thing, the court—
- (a) may require notice to be given to anyone the court considers appropriate, including, for example, any person who may have any property in the thing; and
 - (b) must hear any submissions that any person claiming to have any property in the thing may wish to make.
- (5) The court may make any order to enforce the disposal order that it considers appropriate.
- (6) This section does not limit the court's powers under another law.

Division 5 Other information-obtaining powers of authorised persons

226 Power to require name and address

- (1) This section applies if an authorised person—
 - (a) finds a person committing an offence against this Act; or
 - (b) finds a person in circumstances that lead the authorised person to reasonably suspect the person has just committed an offence against this Act; or
 - (c) has information that leads the authorised person to reasonably suspect a person has just committed an offence against this Act.
- (2) The authorised person may require the person to state the person's name and residential address.
- (3) The authorised person may also require the person to give evidence of the correctness of the stated name or address if, in the circumstances, it would be reasonable to expect the person to—
 - (a) be in possession of evidence of the correctness of the stated name or address; or
 - (b) otherwise be able to give the evidence.
- (4) When making a requirement under this section, the authorised person must give the person a warning that it is an offence for the person not to comply with the requirement unless the person has a reasonable excuse.

 - (b) attend before the authorised person at a stated reasonable time and place to answer questions, or produce documents, related to the offence or matter being investigated.

 - (b) the thing has been abandoned.
- (3) The authorised person must give notice of the damage to the person who appears to the authorised person to be an owner, or person in control, of the thing.
- (4) However, if for any reason it is not practicable to comply with subsection (3), the authorised person must—
 - (a) leave the notice at the place where the damage happened; and
 - (b) ensure it is left in a conspicuous position and in a reasonably secure way.
- (5) The authorised person may delay complying with subsection (3) or (4) if the authorised person reasonably suspects complying with the subsection may frustrate or otherwise hinder an investigation.
- (6) The delay may be only for so long as the authorised person continues to have the reasonable suspicion and remains in the vicinity of the place.
- (7) If the authorised person believes the damage was caused by a latent defect in the thing or other circumstances beyond the control of the authorised person or the assistant, the authorised person may state the belief in the notice.
- (8) The notice must state—
 - (a) particulars of the damage; and

- (b) that the person who suffered the damage may claim compensation under section 232.

232 Compensation

- (1) A person may claim compensation from the State if the person incurs loss because of the exercise, or purported exercise, of a power by or for an authorised person including a loss arising from compliance with a requirement made of the person under division 3 or 5.
- (2) However, subsection (1) does not include loss arising from a lawful seizure or a lawful forfeiture.
- (3) The compensation may be claimed and ordered in a proceeding—
 - (a) brought in a court with jurisdiction for the recovery of the amount of compensation claimed; or
 - (b) for an alleged offence against this Act, the investigation of which gave rise to the claim for compensation.
- (4) A court may order the payment of compensation only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (5) In considering whether it is just to order compensation, the court must have regard to any relevant offence committed by the claimant.
- (6) A regulation may prescribe other matters that may, or must, be taken into account by the court when considering whether it is just to order compensation.

- (2) The application must be made within 20 business days after—
 - (a) the day the person is given the information notice about the decision; or
 - (b) if the person is not given an information notice for the decision—the day the person otherwise becomes aware of the decision.

238 Stay of operation of decision

- (1) An application for a review of a decision does not stay the decision.
- (2) However, the applicant may immediately apply for a stay of the decision to the Magistrates Court.
- (3) The court may stay the decision to secure the effectiveness of the review and a later appeal to the court.
- (4) The stay—
 - (a) may be given on conditions the court considers appropriate; and
 - (b) operates for the period fixed by the court; and
 - (c) may be amended or revoked by the court.
- (5) The period of the stay must not extend past the time when the health ombudsman makes a review decision about the decision and any later period the court allows to enable the applicant to appeal against the review decision.
- (6) An application for a review of a decision affects the decision, or the carrying out of the decision, only if the decision is stayed.

 - (b) the reasons for the decision;
 - (c) that the applicant may appeal against the decision to the Magistrates Court within 28 days after the review notice day;
 - (d) how to appeal;
 - (e) that the applicant may apply to the Magistrates Court for a stay of the decision.
- (3) If the health ombudsman does not give the review notice within the 28 days, the health ombudsman is taken to have made a review decision confirming the original decision.

A person who has applied for a review of an original decision and is dissatisfied with the review decision may appeal to the Magistrates Court against the decision.

- (2) A copy of the notice must be served on the health ombudsman.
- (3) The notice of appeal must be filed within 28 days after the review notice day.
- (4) The court may, whether before or after the time for filing the notice of appeal ends, extend the period for filing the notice of appeal.
- (5) The notice of appeal must state fully the grounds of the appeal.

242 Stay of operation of review decision

 - (a) confirm the review decision; or
 - (b) set aside the review decision and substitute another decision; or
 - (c) set aside the review decision and return the matter to the health ombudsman with directions the court considers appropriate.

244 Effect of decision of court on appeal

- (1) If the Magistrates Court acts to set aside the review decision and return the matter to the health ombudsman with directions the court considers appropriate, and the health ombudsman makes a new decision, the new decision is not subject to review or appeal under this division.
- (2) If the court substitutes another decision, the substituted decision is taken to be the decision of the health ombudsman, and the health ombudsman must give effect to the decision as if the decision was the original decision of the health ombudsman and no application for a review or appeal had been made.
