2 Commencement

This regulation commences on 1 September 2021.

Division 2 Interpretation and key concepts

3 Definitions

The dictionary in schedule 8 defines particular words used in this regulation.

4 Meaning of *exempt vehicle*

A vehicle mentioned in schedule 1 is an *exempt vehicle*.

5 Meaning of *garage address*

- (1) In this regulation, the *garage address* of a vehicle that is normally kept on a road or road-related area when not in use is—

[s 6]

- (a) if there is only 1 registered operator of the vehicle—the address of the registered operator; or
 - (b) if there is more than 1 registered operator of the vehicle and the address of 1 or more of the registered operators is in Queensland—the address of the registered operator in Queensland closest to the road or road-related area where the vehicle is normally kept; or
 - (c) if there is more than 1 registered operator of the vehicle and the address of each registered operator is outside Queensland—the suburb and road, or address of the road-related area, where the vehicle is normally kept.
- (2) The **garage address** of a vehicle that is normally kept at a place other than a road or road-related area when not in use is the place where the vehicle is normally kept.

6 Meaning of **registered operator**

- (1) In this regulation, **registered operator**—
- (a) of a vehicle—does not include a person in whose name the vehicle is registered under a corresponding law; and
 - (b) for a dealer plate—is the person in whose name the dealer plate is currently registered.
- (2) To remove any doubt, it is declared that a person in whose name a dealer plate is equivalently registered is not the **registered operator** for the dealer plate for this regulation.

7 Meaning of **registered vehicle** and **unregistered vehicle**

- (1) A vehicle is a **registered vehicle** if—
- (a) the vehicle is registered under this regulation in a person's name; and
 - (b) the term of the vehicle's registration has not expired under section 30.
- (2) A vehicle is an **unregistered vehicle** if it is not—
- (a) a registered vehicle; or

-
- (b) a vehicle that is equivalently registered.

8 Meaning of *vehicle law*

A *vehicle law*, in relation to a vehicle, is—

- (a) if the vehicle is a heavy vehicle—any of the following under the Heavy Vehicle National Law (Queensland)—
- (i) the heavy vehicle standards;
 - (ii) the mass requirements;
 - (iii) the dimension requirements; or
- (b) otherwise—the light vehicle standards under the *Transport Operations (Road Use Management—Vehicle Standards and Safety) Regulation 2021*.

9 Complying with vehicle law

- (1) A vehicle is taken to comply with a vehicle law if the vehicle complies with the requirements of the law, other than a requirement it is not required to comply with because of—
- (a) an exemption under the Heavy Vehicle National Law (Queensland); or
 - (b) a safe movement approval under the *Transport Operations (Road Use Management—Vehicle Standards and Safety) Regulation 2021*.
- (2) The chief executive may accept any of the following as evidence a vehicle complies with a vehicle law—
- (a) a plate attached to the vehicle under the vehicle law;
 - (b) a written statement from the vehicle’s manufacturer stating the vehicle complies with the vehicle law;
 - (c) an entry for the vehicle in the RAV.
- (3) In the absence of evidence mentioned in subsection (2), the chief executive may, on inspecting the vehicle and being satisfied it complies with the vehicle law, give a certificate to that effect.

[s 10]

Part 2 **Requirements for using vehicles on roads**

10 **Vehicles used on roads must be registered except in particular circumstances**

- (1) A person must not use, or permit to be used, a vehicle on a road that is not a registered vehicle.

Maximum penalty—80 penalty units.

- (2) However, subsection (1) does not apply if the vehicle is—

- (a) an exempt vehicle; or
- (b) being driven or towed under section 11; or
- (c) being used under an authorisation granted under section 14; or
- (d) being used under a permit granted under section 17; or

11 **Driving or towing unregistered vehicle**

- (1) A person may drive or tow an unregistered vehicle on a road to any of the places mentioned in subsection (3), or for the testing mentioned in subsection (4), if the driving or towing is necessary for, or reasonably connected with, registering the vehicle under this regulation.

- (2) Also, if the unregistered vehicle is required to be insured under the *Motor Accident Insurance Act 1994*, the person may drive or tow the vehicle under subsection (1) only if—

-
- (a) a current certificate of insurance has been issued for the vehicle; and
- (b) the certificate of insurance is carried—
- (i) for a trailer—in the motor vehicle towing the trailer; or
- (ii) for another vehicle—in the vehicle.
- (3) For subsection (1), the places are as follows—
- (a) an AIS, or a departmental inspection site, if the vehicle is driven or towed to the AIS or site for inspection for the purpose of obtaining an inspection certificate for the vehicle;
- (b) a written-off vehicle inspection site, if the vehicle is—

 - a place for having an identifying number stamped
 - a place for obtaining a gas compliance document
 - a weighbridge for obtaining a measurement ticket
- (4) Also, for subsection (1), the testing is any testing necessary to confirm the safe operation of the vehicle as part of an inspection mentioned in subsection (3)(a).

[s 12]

12 Conditionally registered vehicles not to be used on road in contravention of conditional registration guideline conditions

A person must not permit a conditionally registered vehicle to be used on a road unless the conditions for the vehicle stated in the conditional registration guideline allow the vehicle to be used on the road.

Maximum penalty—30 penalty units.

13 Person may apply for authorisation to use unregistered vehicle on roads

- (1) A person may apply to the chief executive for an authorisation to use either of the following on a road—
 - (a) a particular unregistered vehicle;
 - (b) a class of unregistered vehicle.

Note—

See part 9, division 2 for requirements for particular applications.

- (2) The application may be made even if the unregistered vehicle or class of unregistered vehicle does not comply with a vehicle law applying to the vehicle or class.
- (3) However, a person may not make an application under subsection (1) in relation to an unregistered heavy vehicle, or a class of unregistered vehicle to the extent the class includes the heavy vehicle, if the vehicle does not comply with a vehicle law.

14 Deciding application

- (1) The chief executive must, after considering an application made under section 13—
 - (a) refuse the authorisation; or
 - (b) grant the authorisation, with or without conditions.
- (2) The chief executive may grant the authorisation only if the chief executive is satisfied the use of the unregistered vehicle

or class of unregistered vehicle on the road would not adversely affect road safety or inconvenience other road users.

- (3) Before granting, or as a condition of, the authorisation, the chief executive may require the applicant to pay the chief executive's actual or estimated costs of any of the following the chief executive considers necessary in relation to allowing the unregistered vehicle or class of unregistered vehicle to be used on the road under the authorisation—
 - (a) assessing the vehicle's route and preparing the relevant plans and estimates;
 - (b) preparing, strengthening, repairing, replacing or reconstructing road transport infrastructure on the vehicle's route;

- (4) Subsection (3) does not apply in relation to an authorisation to use either of the following on a road—
 - (a) an unregistered vehicle that is a heavy vehicle;

15 If application refused

- (b) be accompanied by—
 - (i) the registration fee for the dealer plate; and
 - (ii) if the applicant is required to pay a surcharge for processing the application under section 90—the

surcharge stated in schedule 4, part 4 for processing the application; and

- (iii) an insurance certificate required under the *Motor Accident Insurance Act 1994* for the proposed term of registration or the insurance premium payable under that Act for the certificate; and
- (iv) if the application is made after the registration expires—the administrative fee stated in schedule 4, part 4 for the renewal.

87 Deciding renewal application

- (1) The chief executive must, after considering a renewal application for a dealer plate—
 - (a) refuse the application under subsection (2); or
 - (b) grant the application.
- (2) The chief executive must refuse the application if the chief executive is not satisfied the person in whose name the registration is to be recorded requires the dealer plate for the conduct of the person's business.

88 If renewal application refused

- (1) If the chief executive decides to refuse a renewal application for a dealer plate under section 87, the chief executive must give the applicant written notice of the refusal.
- (2) The notice must state—
 - (a) the decision to refuse; and
 - (b) the reasons for the refusal; and
 - (c) that the decision may be reviewed under section 213.

89 When renewed term of registration expires

- (1) The day a renewed term of a dealer plate's registration expires must be worked out as if the term had started on the day after the recorded expiry day for the registration.
- (2) Nothing in subsection (1) has the effect of retrospectively registering a dealer plate.

90 When surcharge is payable for renewal

- (1) This section applies if a renewal application for a dealer plate is for renewal of the plate's registration for a term of 6 months.
- (2) Also, this section applies if—
 - (a) a renewal application for a dealer plate is accompanied by an insurance certificate mentioned in section 86(b)(iii); and
 - (b) despite the requirement under section 86(b)(i), the applicant underpays the registration fee for the renewal by more than \$1 below what the fee would be if the renewal were for 1 year's registration.
- (3) In addition, this section applies if—
 - (a) a renewal application for a vehicle is not accompanied by an insurance certificate mentioned in section 86(b)(iii); and
 - (b) the applicant underpays the registration-related amount for the renewal by more than \$1 below what the registration-related amount would be if—

 - (b) if an administrative fee stated in schedule 4, part 4 is payable for the renewal—the administrative fee.
- (3) However, if the amount paid is more than \$1 below what the total of the registration-related amount and the surcharge would be if a CTP insurance premium, payable under section 86(b)(iii) in relation to the renewal for 6 months, was the lowest premium set by a CTP insurer for a CTP insurance policy, the chief executive—
 - (a) must not renew the dealer plate’s registration under subsection (2); and
 - (b) must refund the amount paid to the applicant.
- (4) Also, if the amount paid is, on a proportionate basis, more than the registration-related amount for the renewal that would be payable if the registration were to be renewed for 14 months, the chief executive—
 - (a) may only renew the registration for 14 months; and
 - (b) must refund the difference between the amount paid and the registration-related amount for the 14-month renewal to the applicant.

[s 92]

Part 14 Fees and related matters

Division 1 Fees generally

220 Fees

- (1) The registration fees for a category 1 vehicle are the fees stated for the vehicle in schedule 2.

[s 220]

- (2) The registration fees for a category 2 vehicle are the fees stated for the vehicle in schedule 3.
- (3) The registration fee for a category 2 vehicle stated in schedule 3, part 1 or 2 is the total of—
 - (a) the amount of the road use component stated for the vehicle; and
 - (b) the amount of the regulatory component stated for the vehicle.
- (4) Other fees payable under this regulation are stated in schedule 4.
- (5) A fee payable under a relevant provision that relates to the registration of a vehicle or a dealer plate for a term is—
 - (a) if the fee is expressed as a number of fee units—the fee in force on 1 July in the financial year in which the term starts; or
 - (b) if the fee is expressed in dollars—the fee stated in the relevant provision for the financial year in which the term starts.
- (6) For subsection (5), if the fee is for the renewal of registration of a vehicle or a dealer plate, the term is taken to start on the same day it would have started for the purpose of working out when the renewed term expires under section 36 or 89 for the vehicle or dealer plate.
- (7) Also, if the term of a vehicle’s registration is less than 1 year, a registration fee or traffic improvement fee that relates to the registration of the vehicle is to be adjusted in proportion to the number of days in the term.
- (8) In this section—

relevant provision means schedule 2 or 3 or schedule 4, part 3 or 4.

220A Rounding of amounts expressed as numbers of fee units

- (1) This section applies for working out the amount of a fee expressed in this regulation as a number of fee units.
- (2) For the purpose of the *Acts Interpretation Act 1954*, section 48C(3), the amount is to be rounded to the nearest multiple of 5 cents (rounding one-half upwards).

Example—

If a fee were 35 fee units and the value of a fee unit were \$1.015, the number of dollars obtained by multiplying 35 by \$1.015 would be \$35.525. Because \$35.525 is halfway between \$35.50 and \$35.55, it is rounded upwards, so the amount of the fee would be \$35.55.

221 Charging categories

- (1) If a category 2 vehicle falls within 2 or more charging categories stated in schedule 3, part 1 or 2, the registration fee for the vehicle is the higher, or highest, of the fees that could apply to the vehicle.
- (2) For applying schedule 3, the following vehicles are taken to be 1 trailer—
 - (a) a converter dolly and a semitrailer, when used together;
 - (b) a low loader dolly and a low loader, when used together.
- (3) For applying schedule 3 to a vehicle, other than a trailer—
 - (a) 2 axles with less than 1m between them are taken to be 1 axle; and
 - (b) 3 axles with 2m or less between the first and third axles are taken to be 2 axles; and
 - (c) 4 axles with 3.2m or less between the first and fourth axles are taken to be 3 axles.
- (4) For subsection (3), the distance between axles is measured between the centres of the wheels—
 - (a) mounted on the axles; and
 - (b) parallel to the length of the vehicle.

[s 222]

- (5) If a category 2 vehicle is registered as a particular type of vehicle stated in schedule 3, a person must not use the vehicle, or, whether or not the person is the vehicle's registered operator, permit another person to use the vehicle, as a vehicle of another type to which a higher registration fee applies.

Maximum penalty—80 penalty units.

Example—

If a truck (type 1) or a truck (type 2) is not registered as a short combination truck, a person must not use, or permit another person to use, the vehicle to tow a trailer.

- (3) The chief executive may impose conditions on the grant of an application to pay a concessional registration fee for a special interest vehicle.

231 Concessional registration fee for particular vehicles that have, or are proposed to have, 2 registered operators
