Disaster Management Act 2003

An Act to provide for matters relating to disaster management in the State, and for other purposes

Part 1 Preliminary

Division 1 Introduction

1 Short title

This Act may be cited as the *Disaster Management Act 2003*.

2 Commencement

This Act commences on a day to be fixed by proclamation.

Division 2 Objects

3 Main objects of Act

The main objects of this Act are as follows—

- (a) to help communities—
 - (i) mitigate the potential adverse effects of an event; and
 - (ii) prepare for managing the effects of an event; and
 - (iii) effectively respond to, and recover from, a disaster or an emergency situation;
- (b) to provide for effective disaster management for the State.

4 How the objects are to be primarily achieved

The objects are to be achieved primarily by making provision about the following—

- (a) establishing disaster management groups for the State, disaster districts and local government areas;
- (b) preparing disaster management plans and guidelines;
- (c) ensuring communities receive appropriate information about preparing for, responding to and recovering from a disaster;
- (d) declaring a disaster situation;
- (e) establishing the Office of the Inspector-General of Emergency Management.

4A Guiding principles

This Act is to be administered according to the following principles—

- (a) disaster management should be planned across the following four phases—
 - (i) the taking of preventative measures to reduce the likelihood of an event occurring or, if an event occurs, to reduce the severity of the event;
 - (ii) the taking of preparatory measures to ensure that, if an event occurs, communities, resources and services are able to cope with the effects of the event;
 - (iii) the taking of appropriate measures to respond to an event, including action taken and measures planned in anticipation of, during, and immediately after an event to ensure that its effects are minimised and that persons affected by the event are given immediate relief and support;
 - (iv) the taking of appropriate measures to recover from an event, including action taken to support disaster-affected communities in the reconstruction

of infrastructure, the restoration of emotional, social, economic and physical wellbeing, and the restoration of the environment;

- (b) all events, whether natural or caused by human acts or omissions, should be managed in accordance with the following—
- (i) a strategic policy framework developed by the State group;
 - (ii) the State disaster management plan;
 - (iii) any disaster management guidelines;
- (c) local governments should primarily be responsible for managing events in their local government area;
- (d) district groups and the State group should provide local governments with appropriate resources and support to help the local governments carry out disaster operations.

Division 3 Application

5 Act binds all persons

- (1) This Act binds all persons including the State and, as far as the legislative power of the Parliament permits, the Commonwealth and the other States.
- (2) Subsection (1) does not make the State, the Commonwealth or another State liable for an offence.

6 Relationship to other Acts about particular declarations

- (1) Nothing in this Act prevents a person declaring an emergency under another Act.

Examples of other Acts—

- *Public Safety Preservation Act 1986*
- *State Transport Act 1938*

- (2) However, the existence of a declaration mentioned in subsection (1) does not prevent the declaration of a disaster situation under this Act.

7 Public Safety Preservation Act 1986, pt 3, not affected

This Act is in addition to, and does not limit, the *Public Safety Preservation Act 1986*, part 3.

8 Powers under this Act and other Acts

- (1) This section applies to a person exercising declared disaster powers or rescue powers under this Act.

Examples of persons who may be exercising the powers—

- an ambulance officer under the *Ambulance Service Act 1991*
- a fire officer under the *Fire and Emergency Services Act 1990*
- a police officer under the *Police Service Administration Act 1990*

- (2) The declared disaster powers and rescue powers are in addition to and do not limit the powers the person may have under another Act.

9 Directions about powers under other Acts during disaster situation

- (1) This section applies if there is a disaster situation.
- (2) The chairperson of the State group, or a relevant district disaster coordinator for the disaster situation, may give directions about the circumstances in which a power under another Act may be exercised during the period of the disaster situation.
- (3) However, the chairperson or relevant district disaster coordinator must not give directions about the way in which the power may be exercised.
- (4) A direction under subsection (2) may be given—
- (a) only to the person who may exercise the power under the other Act; and

-
- (b) only if it is necessary for effective management of the disaster for which the disaster situation is declared.

Examples—

- The chairperson of the State group may direct an authorised person under the *Environmental Protection Act 1994* to delay exercising particular powers until the chairperson considers it is appropriate in the circumstances for the powers to be exercised.
 - If the disaster situation involves an outbreak of an animal disease, the chairperson of the State group may direct an authorised officer under the *Biosecurity Act 2014* to delay exercising particular powers until the chairperson considers it is appropriate in the circumstances for the powers to be exercised.
- (5) Also, a direction under subsection (2)—
- (a) may be general or limited to a particular class of persons; and
- (b) may be given on conditions.
- (6) Before giving a direction under subsection (2) about the exercise of a power under another Act, the chairperson or relevant district disaster coordinator must take reasonable steps to consult with the chief executive of the department or other agency in which the Act is administered.
- (7) A failure to consult under subsection (6) does not affect the validity of the direction.
- (8) Subsection (2) does not apply to the *Police Powers and Responsibilities Act 2000* or to terrorist emergency powers or CBR emergency powers under the *Public Safety Preservation Act 1986*.

10 Limit on application of Act in particular circumstances

This Act does not authorise anyone to do, or make preparations to do, any of the following—
