Exhibited Animals Act 2015

An Act to provide for exhibiting and dealing with particular animals

Chapter 1 Preliminary

Part 1 Introduction

1 Short title

This Act may be cited as the *Exhibited Animals Act 2015*.

2 Commencement

- (1) Subject to subsection (2), this Act commences on a day to be fixed by proclamation.
- (2) If a provision of this Act does not commence before 1 July 2016, it commences on that day.
- (3) The *Acts Interpretation Act 1954*, section 15DA does not apply to this Act.

Part 2 **Purposes of Act and achieving the purposes**

3 **Purposes of Act**

- (1) The main purpose of this Act is to provide for exhibiting and dealing with exhibited animals.
- (2) It is also a purpose of this Act to ensure the relevant risks and relevant adverse effects associated with exhibiting and dealing with exhibited animals are prevented or minimised.

4 **How purposes are primarily achieved**

The purposes of this Act are to be achieved primarily by—

- (a) imposing a general obligation on persons exhibiting and dealing with exhibited animals to prevent or minimise the relevant risks and relevant adverse effects associated with exhibiting and dealing with exhibited animals; and
- (b) requiring that authorities be obtained to allow particular animals to be exhibited; and
- (c) imposing additional obligations on persons exhibiting or dealing with authorised animals under exhibited animal authorities; and
- (d) providing for monitoring and enforcement of compliance with this Act; and
- (e) providing for codes of practice relating to a person's obligations under this Act; and
- (f) providing for the chief executive to make guidelines about the application of this Act and how a person may comply with obligations imposed under this Act.

Part 3 **Application and operation of Act**

5 Act binds all persons

- (1) This Act binds all persons, including the State and, so far as the legislative power of the Parliament permits, the Commonwealth and the other States.
- (2) Subsection (1) does not make the State, the Commonwealth or another State liable to be prosecuted for an offence.

6 Application of Act to State for protected or wild animal

This Act does not apply to the State for an animal only because it is—

- (a) a protected animal or an animal in the wild; and
- (b) the property of the State under the Nature Conservation Act, another Act or the common law.

Note—

See the Nature Conservation Act, section 83.

7 Relationship with particular Acts

- (1) Unless this Act otherwise states, it does not affect the application of—
 - (a) the *Animal Care and Protection Act 2001*; or
 - (b) the Biosecurity Act; or
 - (c) the Nature Conservation Act; or
 - (d) the *Work Health and Safety Act 2011*.
- (2) However, this Act does apply to the NCA chief executive if the NCA chief executive is exhibiting or dealing with an exhibited animal only under the authority of the Nature Conservation Act, section 173P.

8 **Contravention of this Act does not create civil cause of action**

No provision of this Act creates a civil cause of action based on a contravention of the provision.

9 **Act does not affect other right or remedy**

- (1) This Act does not affect or limit a civil right or remedy that exists apart from this Act, whether at common law or otherwise.
- (2) Without limiting subsection (1), compliance with this Act does not necessarily show that a civil obligation that exists apart from this Act has been satisfied or has not been breached.

10 **Exhibiting or dealing with animal to which Act does not apply**

- (1) This Act does not apply to exhibiting or dealing with an animal if—
 - (a) the animal is of a species mentioned in schedule 1; or
 - (b) the animal is authorised or permitted to be exhibited under the Biosecurity Act or Nature Conservation Act; or
 - (c) the animal can be lawfully exhibited and dealt with (without an exhibited animal authority or a licence, permit or other authority under the Biosecurity Act or Nature Conservation Act) and any of the following apply—
 - (i) the animal is being used for scientific purposes;
 - (ii) the animal is displayed for the purpose of its sale;
 - (iii) the animal is displayed for no longer than 11 days at a time; or

Examples for subparagraph (iii)—

- displaying an animal at an agricultural show or community event

- displaying Gouldian finches at a meeting of a bird fanciers' association
 - displaying an animal for 'show and tell' in a school classroom
- (d) the animal is a protected animal being rehabilitated for return to the wild and is displayed under the authority of the Nature Conservation Act, section 173P(1), for 1 or more of the following purposes—
- (i) to give public information about the ecological role of that species of animal;
 - (ii) to promote education about, and the conservation of, that species of animal;
 - (iii) to promote an understanding of ecology and the conservation of that species of animal;
 - (iv) to raise funds to assist in providing care and treatment for animals being rehabilitated for return to the wild; or
- (e) the animal is international wildlife or a protected animal, other than an animal mentioned in paragraph (d), that is displayed under the authority of the Nature Conservation Act, section 173P(1), for no longer than 11 days at a time.
- (2) However, if an animal as mentioned in subsection (1)(c)(iii) or (e) is displayed for a commercial purpose, this Act does apply to exhibiting or dealing with the animal.

- (2) Despite subsection (1)(a) and (b), a person is not a responsible person for an animal because the person records the animal's image or employs someone else to record the animal's image unless the person is otherwise a responsible person for the animal under this section.

Example for subsection (2)—

A person goes to a zoo as a member of the public and photographs an animal being displayed at the zoo. The person is not a responsible person for the animal only because the person photographs the animal.

Example for subsection (1)—

A measure that may be reasonable and practical to prevent or minimise the relevant adverse effects of the escape of an exhibited animal from its enclosure may include a strategy for that event that ensures the following happens quickly—

- recapturing or destroying the animal

- warning persons about the dangers posed by the animal and advising them about appropriate action they should take for their safety.
- (2) Despite subsection (1), a responsible person for an exhibited animal has a general exhibition and dealing obligation to prevent or minimise a biosecurity risk associated with exhibiting or dealing with the animal only if the person knows or ought reasonably to know that exhibiting or dealing with the animal poses, or is likely to pose, the risk.

Note—

See the Biosecurity Act, section 23(1).

A person on whom a general exhibition and dealing obligation is imposed must discharge the obligation.

Maximum penalty—750 penalty units.

- (2) Unless otherwise stated in the regulation, the regulation provision does not prescribe all the person must do, or must not do, to discharge the person's general exhibition and dealing obligation.
- (3) However, for applying section 19, the person fails to discharge the person's general exhibition and dealing obligation if the person contravenes the regulation provision.

21 Effect of code of practice for discharge of general exhibition and dealing obligation

- (1) This section applies if a code of practice states a way of discharging a person's general exhibition and dealing obligation.
- (2) Unless otherwise stated in the code of practice, the code of practice does not state all the person must do, or must not do, to discharge the person's general exhibition and dealing obligation.
- (3) However, for applying section 19, the person fails to discharge the general exhibition and dealing obligation if the person—
 - (a) contravenes the code of practice; and
 - (b) does not follow a way that is as effective as, or more effective than, the code of practice for discharging the general exhibition and dealing obligation.
- (4) Also, for applying section 19, if a regulation requires a person to comply with the whole or a stated part of a code of practice to discharge the person's general exhibition and dealing obligation, the person fails to discharge the obligation if the person contravenes the code of practice or stated part.

 - (b) comply, so far as the person is reasonably able, with any reasonable instruction that is given by the responsible person to allow the responsible person to comply with that person’s general exhibition and dealing obligation in relation to the exhibited animal.

Maximum penalty—100 penalty units.

 - (c) the type of information the chief executive may consider relevant in a management plan for managing the relevant risks and relevant adverse effects associated with exhibiting or dealing with an exhibited animal.
- (3) Before making a guideline, the chief executive must take reasonable steps to allow entities the chief executive considers may have an interest in the proposed guideline to give the chief executive written submissions about it.
- (4) A failure to take reasonable steps to allow an entity to give the chief executive written submissions about a proposed guideline under subsection (3) does not affect the validity of the guideline.

 - (i) is satisfied the applicant is a suitable person to hold the exhibited animal authority applied for; and
 - (ii) approves a management plan for exhibiting and dealing with each particular animal or the animals of each species that are to be authorised under the authority (the *proposed authorised animals*); and
 - (c) for an application in relation to an activity that is categorised as assessable development under the *Planning Act 2016*—a development approval has been given under that Act for the development; and
 - (d) for an application in relation to an activity that is PDA-related development and is PDA assessable development under the *Economic Development Act 2012*—a PDA development approval has been given under that Act for the development.

(2) For subsection (1)(b)(ii), the chief executive may approve a management plan only if satisfied the proposed authorised animals will be exhibited and dealt with under the management plan in a way that prevents or minimises the relevant risks and relevant adverse effects associated with exhibiting or dealing with the animals.

(3) In this section—

PDA-related development means—

- (a) development in a priority development area under the *Economic Development Act 2012*; or
- (b) PDA-associated development for a priority development area under the *Economic Development Act 2012*.

59 Particular criterion for exhibiting or dealing with animal in residential premises

If the application relates to exhibiting or dealing with an animal in premises or a part of premises used for residential purposes, the chief executive may grant the application only if the applicant—

- (a) is the occupier of the premises or part; and
- (b) has given the chief executive written consent for an inspector to enter the premises or part under section 69(1)(g).

60 Particular criteria for exhibiting or dealing with animal at 2 or more premises

If the application relates to exhibiting or dealing with 1 or more animals at 2 or more premises, the chief executive may grant the application only if satisfied—

- (a) exhibiting or dealing with the animals at each of the premises is operationally interrelated; and
- (b) the same individuals (the ***designated carers***) will have the day-to-day care and control of the animals at each of the premises; and

- (c) the location of each of the premises allows the integrated day-to-day care and control of the animals by the designated carers to be feasible.

61 Decision on application

- (1) If the chief executive decides to grant the application, the chief executive must give the applicant the exhibited animal authority applied for.
- (2) If the chief executive refuses to grant the application, or decides to grant the application on conditions other than those applied for, the chief executive must give the applicant an information notice for the decision.

62 Failure to decide application

- (1) Subject to subsections (2) and (3), if the chief executive fails to decide the application within 40 days after its receipt, the failure is taken to be a decision by the chief executive to refuse to grant the application.
- (2) Subsection (3) applies if the chief executive has—
 - (a) required the applicant to give further information or a document under section 54(1); or
 - (b) asked the applicant to consent to an official assessment (application) under section 55(2).
- (3) The chief executive is taken to have refused to grant the application if the chief executive does not decide the application within 40 days after the chief executive receives the further information or document or the consent.
- (4) If the chief executive is taken to have refused to grant the application, the applicant is entitled to be given an information notice for the decision by the chief executive.

Part 5 **Granting temporary authorities**

63 **Chief executive may grant temporary authority**

 - (ii) the holder of an exhibition licence does not apply for its renewal or restoration under section 87(1) or (2) and the licence expires;
 - (iii) an application for renewal or restoration of an exhibition licence is withdrawn or taken to have been withdrawn and the licence expires;
 - (iv) the chief executive decides to refuse, or is taken to have refused, to renew or restore an exhibition licence and the licence expires;
 - (v) an interstate exhibitors permit expires or is cancelled or suspended and an animal to which the permit related is in the State; and
 - (b) the chief executive considers there may not be adequate arrangements in place for managing the relevant risks or relevant adverse effects associated with exhibiting and dealing with an animal that was an authorised animal under the exhibition licence or interstate exhibitors permit.
- (2) The chief executive may grant a temporary authority to the person who was the holder of the exhibition licence or interstate exhibitors permit.
- (3) If a temporary authority is granted, the exhibition licence or interstate exhibitors permit mentioned in subsection (2) is the **previous authority** for the temporary authority.
- (4) Subsections (1)(a)(ii) to (v) and (2) do not prevent the chief executive granting a temporary authority before the expiry of the previous authority for the temporary authority, but the

temporary authority takes effect only when the previous authority expires.

-
- (2) However, the term of an exhibition licence must not be more than 3 years.
 - (3) Also, the term of an interstate exhibitors permit—
 - (a) must not be more than 1 year; and
 - (b) must not extend beyond the end of the term of the primary authority for the permit.

Part 7 Authority conditions

Division 1 Mandatory conditions—all authorities

69 Mandatory conditions of exhibited animal authority

- (1) Each of the following is a condition of an exhibited animal authority—
 - (a) each particular authorised animal or animal of each species of authorised animal must be supplied with an authorised enclosure suitable for the animal's use;
 - (b) no animal may be exhibited or dealt with in an authorised enclosure other than an animal authorised under the authority to be exhibited or dealt with in the enclosure;
 - (c) an authorised animal must, to the greatest extent practicable, have the use of the entire enclosure in which it is exhibited or kept;
 - (d) an authorised animal may be exhibited and dealt with only in a way authorised under the authority and consistent with the approved management plan for the authority;
 - (e) if an authorised animal is authorised to be exhibited outside an authorised enclosure, whether inside or

outside a controlled area, the animal must be under the immediate control of a responsible person for the animal while it is so exhibited;

- (f) if an authorised animal is authorised to be dealt with outside an authorised enclosure and a controlled area, the animal must be under the immediate control of a responsible person for the animal while it is so dealt with;
- (g) if an animal is authorised to be exhibited or dealt with in premises or a part of premises used for residential purposes and occupied by the authority holder, the holder must consent to an inspector entering the premises or part (at any reasonable time but on written or oral notice of at least 1 hour) to inspect an authorised animal or enclosure to monitor compliance with this Act;
- (h) while an authorised animal is being exhibited, an exhibition notice must be displayed in a prominent position so it is easily visible to persons attending the place where the animal is exhibited;
- (i) an authorised animal with visible signs of serious illness or injury may be exhibited only if information about the nature and cause, or suspected nature and cause, of the illness or injury is made available to persons viewing the animal;

Examples of making information available for paragraph (i)—

- showing the information in a sign placed in a prominent position near the enclosure in which the animal is exhibited
 - arranging for a competent person to explain the nature and cause of the illness or injury to persons viewing the animal
- (j) an occurrence of serious aggressive behaviour of a particular authorised animal must not be disclosed to a member of the public for an advertising, marketing or promotional purpose;
 - (k) the reproduction of an authorised animal that is not native wildlife must be managed in accordance with the approved management plan for the authority;

-
- (1) any other condition prescribed by regulation.
 - (2) To remove any doubt, it is declared that subsection (1)(a) to (c) does not prevent more than 1 authorised animal being exhibited or dealt with in the same enclosure.
 - (3) In this section—
 - exhibition notice*, for exhibiting an authorised animal, means a notice stating—
 - (a) the name and contact details, other than a residential address, of the authority holder; and
 - (b) the term of the authority.
 - serious aggressive behaviour* means behaviour that has caused the death of, or serious injury or illness to or of, a person.

Division 2 Mandatory conditions—exhibition licences

Subdivision 1 Preliminary

70 Application of div 2

This division states further conditions that apply to an exhibition licence.

Subdivision 2 Exhibiting and keeping authorised animals generally

71 Particular conditions about regular enclosures

Each of the following is also a condition of an exhibition licence—

- (a) an authorised animal must remain in a regular enclosure for the animal, other than to the extent (if any) the

licence authorises the animal to be exhibited or dealt with outside the enclosure;

- (b) each regular enclosure for an authorised animal must remain at a regular enclosure site under the licence, other than to the extent (if any) the licence authorises the enclosure to be located elsewhere;
- (c) each regular enclosure site under the licence must be located at premises of which the licence holder is the occupier.

72 Keeping authorised animal

It is a condition of an exhibition licence that an authorised animal must be kept under the licence for at least 1 month, unless the chief executive gives written approval for the earlier disposal of the animal.

73 Exhibiting authorised animal (category C2)

It is a condition of an exhibition licence that an authorised animal (category C2) may be exhibited only at—

- (a) a regular enclosure for the animal at a regular enclosure site under the licence; or
- (b) a place outside a regular enclosure site under the licence but within a controlled area including a regular enclosure for the animal at the site; or
- (c) another place, but only if the exhibition is authorised under a special exhibition approval included in the licence.

Note—

See sections 65(3) and 265.

Subdivision 3 Minimum exhibition periods

74 Application of sdiv 3

This subdivision applies to an exhibition licence subject to any other condition of the licence about the way in which the animal is to be exhibited.

75 Minimum number of occasions for exhibiting authorised animal (category B)

- (1) This section applies to exhibiting an authorised animal (category B) whether identified in an exhibition licence as a particular animal or only as an animal of a species.

Note—

See also section 265.

- (2) It is a condition of the licence that at least 1 authorised animal of the species must be exhibited in each calendar month (the ***relevant month***) during the term of the exhibition licence.
- (3) However, the condition is taken to have been complied with if at least 1 authorised animal of the species has been exhibited—
- (a) on a combined total of at least 12 separate occasions in the year (the ***preceding year***) ending immediately before the relevant month; or
 - (b) if animals of the species have been kept under the licence for only part of the preceding year (the ***interim period***)—on a combined total number of separate occasions at least equal to the number of whole calendar months in the interim period.

Example for paragraph (b)—

Authorised animals (category B) of a species have been kept under an exhibition licence for 6 months and 10 days in the preceding year and exhibited on 6 separate occasions in that period. The condition is taken to have been complied with.

- (4) Despite section 13(2)(a), the display of an animal at a private event is not an exhibition of the animal for subsection (2) or (3) if the animal is displayed at a regular enclosure site under the licence.
- (5) Also, despite section 13(3), a responsible person for an authorised animal recording the animal's image is not an exhibition of the animal for subsection (2) or (3) unless the recording is by way of filming for a film or television production in the form of a story, narrative or documentary.
- (6) In this section—
separate occasion, for exhibiting an animal, means—
 - (a) if the animal is exhibited more than once on a particular day to audiences not consisting substantially of the same people—each occasion the animal is exhibited on that day; or
 - (b) otherwise—a particular day on which the animal is exhibited.

76 Minimum exhibition period for authorised animal (category C)

- (1) This section applies to exhibiting an authorised animal (category C) whether identified in an exhibition licence as a particular animal or only as an animal of a species.

Note—

See, however, section 265.

- (2) It is a condition of the licence that at least 1 authorised animal of the species must be exhibited for a combined total of at least 50 hours in each calendar month (the *relevant month*) during the term of the exhibition licence.
- (3) However, the condition is taken to have been complied with if at least 1 authorised animal of the species has been exhibited—

-
- (a) for a combined total of at least 600 hours in the year (the *preceding year*) ending immediately before the relevant month; or
 - (b) if animals of the species have been kept under the licence for only part of the preceding year (the *interim period*)—for a combined total number of hours that corresponds to an average of at least 50 hours in each whole calendar month in the interim period.

Example for paragraph (b)—

Authorised animals (category C) of a species have been kept under an exhibition licence for 6 months and 10 days in the preceding year. The animals are exhibited for a combined total of 300 hours averaging 50 hours for each whole month in the period. The condition is taken to have been complied with.

- (4) An authorised animal (category C2) is exhibited for subsection (2) or (3) only to the extent it is exhibited for at least 3 hours on each occasion it is exhibited.
- (5) Despite section 13(2)(a), the display of an animal at a private event is not an exhibition of the animal for subsection (2) or (3).
- (6) Also, despite section 13(3), a responsible person for an authorised animal recording the animal's image is not an exhibition of the animal for subsection (2) or (3) unless the recording is by way of filming for a film or television production in the form of a story, narrative or documentary.

Division 3 Other authority conditions and related matters

77 Conditions of authority decided by the chief executive

- (1) In addition to the mandatory conditions, an exhibited animal authority is subject to the conditions for the authority decided by the chief executive and stated in the authority (the *special conditions*).

[s 77]

- (2) The special conditions must be those the chief executive considers appropriate, having regard to the relevant risks and relevant adverse effects associated with exhibiting or dealing with an authorised animal under the exhibited animal authority.
- (3) Without limiting subsection (2), the special conditions may be about any of the following—
 - (a) the maximum or minimum number of authorised animals that may be exhibited and dealt with under the exhibited animal authority;
 - (b) prohibiting or restricting the reproduction of an authorised animal;
 - (c) requiring the authority holder to maintain public risk insurance of a stated amount as the chief executive considers is reasonable having regard to the exhibitions and dealings authorised under the exhibited animal authority;
 - (d) a record requirement.
- (4) Also, without limiting subsection (2), a temporary authority may include a condition equivalent or similar to a mandatory condition of an exhibition licence.
- (5) A special condition of an exhibited animal authority may allow something to be done or omitted to be done that, other than for this subsection and section 79, would contravene a mandatory condition of the authority, but only if the special condition applies for a period, of no more than 1 year, stated in the authority.

Examples for subsection (5)—

- 1 An eastern grey kangaroo that is an authorised animal under an exhibition licence requires prolonged training to prepare it for filming for a television production. The licence is amended to include a condition allowing the holder to train the animal for 6 months without being required to comply with the mandatory condition under section 75.
- 2 An exhibition licence holder (the *new owner*) obtains an authorised animal (category C) at short notice from another holder of an exhibition licence who is having difficulties properly managing the

animal. To allow adequate time to arrange to exhibit the animal, the new owner's licence is amended to include a condition allowing the new owner to keep the animal for 3 months without being required to comply with the mandatory condition under section 76.

78 Inconsistency between licence and approval conditions

- (1) This section applies if there is an inconsistency between—
 - (a) a mandatory condition or a special condition of an exhibition licence applying to an authorised animal; and
 - (b) a condition of a special exhibition approval, granted under section 96(1), applying to the authorised animal (the *approval condition*).
- (2) The approval condition prevails to the extent of the inconsistency while the authorised animal is exhibited or dealt with under the special exhibition approval.

79 Inconsistency between temporary and mandatory conditions

- (1) This section applies to the following conditions (each a *temporary condition*)—
 - (a) a special condition of an exhibited animal authority to which section 77(5) applies;
 - (b) a condition of an exhibition licence or interstate exhibitors permit decided under section 137(5)(b) that is inconsistent with a mandatory condition of the licence or permit.
- (2) The temporary condition prevails to the extent of the inconsistency with the mandatory condition.

 - (b) a notice of a serious incident as mentioned in section 81(3)(a);
 - (c) a notice of a significant change as mentioned in section 82(2).
- (2) Evidence of the notification, and other evidence directly or indirectly derived from the notification, is not admissible against the individual in any proceeding to the extent it tends to incriminate the individual, or expose the individual to a penalty, in the proceeding.

- (3) Subsection (2) does not apply to a proceeding about the false or misleading nature of the notification or anything in the notification or in which the false or misleading nature of the notification or anything in it is relevant evidence.

Subdivision 3 Persons acting under authorities

84 Obligation of person to notify authority holder

- (1) This section applies if a person—
- (a) is acting under an exhibited animal authority; and

Part 9 **Other applications relating to particular authorities**

Division 1 **Renewal or restoration**

87 **Application for renewal or restoration of exhibition licence**

- (1) The holder of an exhibition licence may apply to the chief executive for renewal of the licence no earlier than 6 months and no later than 3 months before the term of the licence ends (the *renewal period*).
- (2) The holder or former holder of an exhibition licence may apply to the chief executive, after the end of the renewal period until 3 months after the term of the licence ends, for—
 - (a) renewal of the licence; or
 - (b) if the licence has expired—restoration of the licence.
- (3) An application for renewal or restoration of an exhibition licence must—
 - (a) be in the approved form; and
 - (b) be accompanied by the fee prescribed by regulation.
- (4) However, the chief executive may waive payment of the fee if the chief executive waived payment of the application fee for the grant of the exhibition licence under section 51(2).
- (5) The application may also be accompanied by either or both of the following—
 - (a) a new management plan;
 - (b) a private assessment report for exhibiting and dealing with an animal that is, or is to be, authorised under the exhibition licence.

Note—

See section 108.

88 Application of relevant provisions to application

- (1) Each of the relevant provisions applies to an application for renewal or restoration of an exhibition licence as if—
 - (a) a reference in a relevant provision to an application were a reference to the application for renewal or restoration of the licence; and
 - (b) a reference in a relevant provision to an applicant were a reference to the applicant for renewal or restoration of the licence.
- (2) This section is subject to sections 89 and 90.
- (3) In this section—

relevant provisions means sections 52 to 56, 58 to 60 and 62.

89 Continuation of approved management plan

An approved management plan for an exhibition licence continues in force if—

- (a) the application for renewal or restoration of the licence is not accompanied by a new management plan; or
- (b) both of the following apply—
 - (i) the application is accompanied by a new management plan that the chief executive considers includes a material change from the approved management plan;
 - (ii) the chief executive asks the applicant to apply under division 2 to amend the licence to reflect the change.

90 Request for consent to official assessment (application)

Section 55(2) does not apply to an application for renewal or restoration of an exhibition licence if the application is accompanied by a private assessment report unless—

- (a) the report states that in the opinion of the accredited person preparing it—
 - (i) an authorised animal has not been, or is not being, exhibited or dealt with in compliance with this Act; or
 - (ii) an enclosure in which an authorised animal has been, is being, or is expected to be, exhibited or dealt with does not comply with this Act; or
- (b) an accredited person gives the chief executive details under section 121(3) about an alleged contravention of this Act by the applicant; or
- (c) the chief executive considers the application should not be decided on the basis of the report.

Example for paragraph (c)—

A private assessment report for an application for an exhibition licence states the facts and circumstances forming the basis for the accredited person's belief that activities are being carried out under the licence that the accredited person was not able to observe. The chief executive may consider the application should not be decided on the basis of the report.

91 Deciding application

- (1) The chief executive must consider an application mentioned in section 87(1) and decide to renew, or refuse to renew, the exhibition licence.
- (2) The chief executive must consider an application mentioned in section 87(2) and decide to—
 - (a) renew, or refuse to renew, the exhibition licence; or
 - (b) for an exhibition licence that has expired—restore, or refuse to restore, the licence.
- (3) Without limiting subsection (1) or (2), the chief executive must have regard to any contravention of an exhibited animal direction by the applicant.
- (4) If the chief executive decides under subsection (1) or (2) to refuse to renew or restore the exhibition licence, the chief

executive must give the applicant an information notice for the decision.

- (5) An exhibition licence may be renewed or restored by the giving of another licence to replace it.

92 Licence continues pending decision about renewal

 - (ii) managing reproduction of an authorised animal that is not native wildlife.

- (1) The chief executive may immediately suspend an exhibition licence or interstate exhibitors permit if the chief executive believes—
 - (a) a ground exists to cancel or suspend the licence or permit; and

188A Application of division

This division applies if an inspector reasonably believes, or is aware, that a person is contravening section 22A on private land or at a public place.

188B Power to direct person to move

- (1) The inspector may, to stop the contravention, direct the person—
 - (a) if the person is on private land—to leave the land immediately; or
 - (b) if the person is at a public place—to move immediately away from the place where the contravention of section 22A is happening to a place within a reasonable distance.

-
- (2) When giving the direction under subsection (1), the inspector must—
- (a) tell the person the reasons for giving the direction; and
 - (b) give the person an offence warning for the direction.

188C Failure to comply with direction

- (1) The person to whom a direction is given under section 188B must comply with the direction unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

- (2) It is a reasonable excuse for the person not to comply with a direction if to comply immediately would endanger the person or someone else or cause loss or damage to property, and the person complies as soon as it is practicable to do so.
- (3) Subsection (2) does not limit what may be a reasonable excuse for subsection (1).
- (4) A person does not commit an offence against subsection (1) if the person is not given an offence warning for the direction.

Division 4 Seizure

Subdivision 1 Powers to seize

189 Seizure with consent

An inspector who has, under this Act, entered a place may—

- (a) seize an exhibited animal at the place with the written consent of—
 - (i) a responsible person for the animal; or
 - (ii) a person the inspector reasonably believes is a responsible person for the animal; or

- (b) seize another thing at the place with the written consent of—
 - (i) the owner or person in possession of the thing; or
 - (ii) a person the inspector reasonably believes is the owner or person in possession of the thing.

190 Seizing evidence consistent with purpose of entry by consent

- (1) This section applies if an inspector—
 - (a) is authorised to enter a place with the consent of an occupier of the place; and
 - (b) enters the place after obtaining the consent.
- (2) The inspector may seize an exhibited animal or other thing at the place if—
 - (a) the inspector reasonably believes it is evidence of an offence against this Act; and
 - (b) the seizure is consistent with the purpose of entry as explained to the occupier when asking for the occupier's consent.

191 Seizing evidence for which warrant issued

- (1) This section applies if an inspector—
 - (a) is authorised to enter a place under a warrant; and
 - (b) enters the place under the warrant.
- (2) The inspector may seize the evidence for which the warrant was issued.

192 Other seizure powers

- (1) This section applies if an inspector—
 - (a) is authorised to enter a place under this Act, whether by consent, or under a warrant, or otherwise; and

- (b) enters the place.
- (2) The inspector may seize an exhibited animal or other thing at the place if—
 - (a) the inspector reasonably believes—
 - (i) it is evidence of an offence against this Act; and
 - (ii) the seizure is necessary to prevent it being hidden, lost or destroyed; or
 - (b) the inspector reasonably believes it has just been used in, or is relevant to, the commission of an offence against this Act; or
 - (c) for an exhibited animal—a responsible person for the animal has contravened, or is contravening, an exhibited animal direction or a court order about the animal; or
 - (d) for an exhibited animal or another animal, the inspector reasonably believes—
 - (i) the animal—
 - (A) is under an imminent risk of death or injury; or
 - (B) requires veterinary treatment; or
 - (C) is experiencing undue pain; and
 - (ii) the interests of the welfare of the animal require its immediate seizure.

193 Seizure of property subject to security

- (1) An inspector may seize an exhibited animal or other thing, and exercise powers relating to it, despite a lien or other security over it claimed by another person.
- (2) However, the seizure does not affect the other person's claim to the lien or other security against a person other than the inspector or a person acting for the inspector.

Subdivision 2 Powers to support seizure

194 Requirement of person in control of exhibited animal or other thing

- (1) To enable an exhibited animal or other thing to be seized, an inspector may require the person in control of it—
 - (a) to take it to a stated reasonable place by a stated reasonable time; and
 - (b) if necessary, to remain in control of it at the stated place for a stated reasonable time.
- (2) The requirement—
 - (a) must be made by notice given to the person; or
 - (b) if for any reason it is not practicable to give a notice, may be made orally and confirmed by notice as soon as practicable.

195 Powers to secure seized exhibited animal or other thing

- (1) Having seized an exhibited animal or other thing under this division, an inspector may—
 - (a) leave it at the place where it was seized (the *place of seizure*) and take reasonable action to restrict access to it; or
 - (b) move it from the place of seizure.
- (2) For subsection (1)(a), the inspector may, for example—
 - (a) mark, tag, or otherwise identify an animal or other thing to show access to it is restricted; or
 - (b) seal the entrance to the place of seizure and mark the place to show access to the place is restricted; or
 - (c) for equipment—make it inoperable; or

Example—

make it inoperable by dismantling it or removing a component without which the equipment can not be used

- (d) require a person the inspector reasonably believes is a responsible person for an exhibited animal, or a person in control of another thing or a place of seizure, to do an act mentioned in paragraph (a), (b) or (c) or anything else an inspector could do under subsection (1)(a).

196 Offence to contravene seizure requirements

A person must comply with a requirement made of the person under section 194 or 195(2)(d) unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

197 Particular powers for seized animals

- (1) Without limiting section 195, having seized an animal under this division, an inspector may—
 - (a) take it to a place the inspector considers appropriate; or
 - (b) provide accommodation, food, rest, water or other living conditions; or
 - (c) if the inspector reasonably believes that, in the interests of its welfare, the animal requires veterinary treatment—arrange for the treatment; or
 - (d) if an exhibited animal direction has been given in relation to the animal and the direction has not been complied with—take other action to ensure the direction is complied with.
- (2) While an animal seized under this division is at the place of seizure, an inspector may enter the place only to—
 - (a) provide the animal with food, water or veterinary treatment if the inspector reasonably believes the animal needs the food, water or treatment; or
 - (b) take the animal to another place the inspector considers appropriate.

198 Offence to interfere

- (1) If access to a seized exhibited animal or other thing is restricted under section 195, a person must not tamper with the animal or thing or with anything used to restrict access to the animal or thing without—
- (a) an inspector's approval; or
 - (b) a reasonable excuse.

Maximum penalty—100 penalty units.

- (2) If access to a place is restricted under section 195, a person must not enter the place in contravention of the restriction or tamper with anything used to restrict access to the place without—
- (a) an inspector's approval; or
 - (b) a reasonable excuse.

Maximum penalty—100 penalty units.

Subdivision 3 Safeguards for seized property

199 Receipt and information notice for seized property

- (1) This section applies if, under this division or a warrant, an inspector seizes an exhibited animal or other thing, unless—
- (a) the seizure was with the written consent of a person under section 189; or
 - (b) the inspector reasonably believes there was no-one apparently in possession of the animal or thing, or the animal or thing had been abandoned, before it was seized; or
 - (c) for a seized thing other than an animal, it would be impracticable or unreasonable to expect the inspector to account for the thing given its condition, nature and value.

-
- (2) The inspector must, as soon as practicable after the seizure, give a responsible person for the exhibited animal or the owner or person who was in possession of the other thing before it was seized—
 - (a) a receipt for the animal or thing that generally describes it and its condition; and
 - (b) an information notice for the decision to seize it.
 - (3) However, if a following person is not present at the place of seizure, the receipt and information notice may be given by leaving them at the place in a conspicuous position and in a reasonably secure way—
 - (a) for an exhibited animal—a responsible person for the animal;
 - (b) for another thing—the owner or person in possession of the thing.
 - (4) The receipt and information notice may—
 - (a) be given in the same document; and
 - (b) relate to more than 1 seized animal or other thing.
 - (5) The inspector may delay giving the receipt and information notice if the inspector reasonably suspects doing so may frustrate or otherwise hinder an investigation by the inspector under this Act.
 - (6) However, the delay may be only for so long as the inspector continues to have the reasonable suspicion and remains in the vicinity of the place of seizure to keep it under observation.

200 Access to seized property

- (1) This section applies to an inspector who has, under this division or a warrant, seized an exhibited animal or other thing until it is forfeited under division 6 or returned under section 201 or 202.
- (2) The inspector must allow a responsible person for the exhibited animal or the owner of the other thing—

- (a) to inspect it at any reasonable time and from time to time; and
 - (b) if it is a document—to copy it.
- (3) Subsection (2) does not apply if it is impracticable or would be unreasonable to allow the inspection or copying.
- (4) The inspection or copying must be allowed free of charge.

201 Return of seized animal

- (1) This section applies if an inspector has, under this division or a warrant, seized an exhibited animal or another animal.
- (2) The inspector must, within 28 days after the seizure, return the animal to the appropriate person unless—
- (a) the owner of the animal agrees in writing to transfer ownership of it to the State; or
 - (b) the animal is forfeited to the State under division 6; or
 - (c) an application has been made for a disposal order or prohibition order for the animal; or
 - (d) continued retention of the animal is needed as evidence for a proceeding or proposed proceeding for an offence involving the animal; or
 - (e) for an exhibited animal—an exhibited animal direction given in relation to the animal has not been complied with and the inspector is taking, or proposes to take, action to ensure the direction is complied with; or
 - (f) the inspector reasonably believes the animal's condition may require its destruction under section 203.
- (3) If subsection (2)(c) applies, the inspector must promptly return the animal to the appropriate person if the application for the disposal order or prohibition order—
- (a) is withdrawn; or
 - (b) has been finally decided or otherwise ended and a disposal order or prohibition order has not been made for the animal.

-
- (4) If subsection (2)(d) applies, the inspector must promptly return the animal to the appropriate person if its continued retention as evidence is no longer required.
 - (5) If subsection (2)(e) applies, the inspector must promptly return the animal to the appropriate person if—
 - (a) the exhibited animal direction is complied with; or
 - (b) the inspector ceases to take, or propose to take, action to ensure the direction is complied with.
 - (6) If subsection (2)(f) applies, the inspector must promptly return the animal to the appropriate person if the inspector no longer believes the animal's condition may require its destruction under section 203.
 - (7) Nothing in this section affects a lien or other security over the animal.
 - (8) In this section—

appropriate person means—

 - (a) for an exhibited animal—a responsible person for the animal; or
 - (b) for another animal—its owner.

202 Return of seized property other than an animal

- (1) This section applies if—
 - (a) an inspector has, under this division or a warrant, seized a thing other than an animal; and
 - (b) the thing has some intrinsic value; and
 - (c) the owner of the thing has not agreed in writing to transfer ownership of it to the State; and
 - (d) the thing has not been forfeited under division 6; and
 - (e) a disposal order has not been made in relation to the thing.
- (2) The inspector must return the thing to its owner—

- (a) generally—at the end of 6 months after the seizure; or
 - (b) if a proceeding for an offence involving the thing is started within the 6 months—at the end of the proceeding and any appeal from the proceeding.
- (3) Despite subsection (2), the inspector must promptly return a thing seized as evidence to its owner if the inspector is satisfied—
- (a) its continued retention as evidence is no longer required; and
 - (b) its continued retention is not necessary to prevent the thing being used to continue, or repeat, the offence; and
 - (c) it is lawful for the person to possess the thing.
- (4) If, at the time mentioned in subsection (2), an application has been made for a disposal order in relation to the thing, the inspector must promptly return the thing to its owner if the application—
- (a) is withdrawn; or
 - (b) has been finally decided or otherwise ended and a disposal order has not been made in relation to the thing.
- (5) Nothing in this section affects a lien or other security over the thing.

Division 5 Urgent destruction of animals

203 Power to destroy an animal

- (1) An inspector may destroy an animal, or cause it to be destroyed, if—
- (a) the animal has been seized under division 4 or an appropriate person for the animal has given written consent to its destruction; and
 - (b) the inspector reasonably believes the animal is in pain to the extent that it is cruel to keep it alive.

(2) In this section—

appropriate person means—

- (a) for an exhibited animal—a responsible person for the animal; or
- (b) for another animal—its owner.

Division 6 Forfeiture

204 Forfeiture decision of chief executive

- (1) This section applies if an exhibited animal or other thing is seized under division 4.
- (2) The chief executive may decide the animal or other thing is forfeited to the State if—
 - (a) an inspector—
 - (i) after making reasonable inquiries, can not find a responsible person for the exhibited animal or the owner of the other thing; or
 - (ii) after making reasonable efforts, can not return the animal or other thing to the responsible person or owner mentioned in subparagraph (i); or
 - (b) for an exhibited animal or other thing seized in relation to an alleged offence against section 19, an inspector reasonably believes it is necessary to keep the animal or thing to prevent it being used to commit the offence; or
 - (c) for an exhibited animal seized in relation to an alleged offence against section 85(1), an inspector reasonably believes the animal is the progeny of an authorised animal being exhibited or kept in contravention of the mandatory condition under section 69(1)(k).
- (3) For subsection (2)(a)—
 - (a) the period over which the inquiries or efforts are made must be at least 4 days; and

- (b) the inspector is not required to—
 - (i) make inquiries if it would be unreasonable to make inquiries to find a responsible person for the exhibited animal or the owner of the other thing; or
 - (ii) make efforts if it would be unreasonable to make efforts to return the exhibited animal to the responsible person or other thing to its owner.

Example for subparagraph (ii)—

The owner of the thing has migrated to another country.

- (4) Also, regard must be had to an exhibited animal or other thing's condition, nature and value in deciding—
 - (a) whether it is reasonable to make inquiries or efforts; and
 - (b) if inquiries or efforts are made—what inquiries or efforts, including the period over which they are made, are reasonable.

205 Information notice for forfeiture decision

- (1) This section applies if the chief executive decides under section 204(2) that an exhibited animal or other thing, other than a seized thing mentioned in section 199(1)(c), is forfeited.
- (2) The chief executive must give the former owner of the animal or other thing an information notice for the decision.
- (3) However, subsection (2) does not apply if—
 - (a) the decision was made under section 204(2)(a)(i) or (ii); and
 - (b) the place where the animal or other thing was seized is—
 - (i) a public place; or
 - (ii) a place where the notice is unlikely to be read by the former owner.
- (4) If the decision was made under section 204(2)(a)(i) or (ii), the information notice may be given by leaving it at the place

where the animal or other thing was seized, in a conspicuous position and in a reasonably secure way.

206 When exhibited animal or other thing becomes property of the State

An exhibited animal or other thing becomes the property of the State if—

- (a) it is forfeited to the State under section 204(2); or
- (b) the owner of the animal or thing and the State agree, in writing, to transfer ownership of it to the State.

207 How property may be dealt with

- (1) This section applies if, under section 206, an exhibited animal or other thing becomes the property of the State.
- (2) The chief executive may deal with the exhibited animal or other thing as the chief executive considers appropriate, including, for example, by destroying it or giving it away.
- (3) The chief executive must not deal with the exhibited animal or other thing in a way that could prejudice the outcome of an appeal against the forfeiture of which the chief executive is aware.
- (4) Subsection (3) does not limit an inspector's power under section 203 to destroy an animal.
- (5) If the State sells the exhibited animal or other thing, it may, after deducting the following, return the proceeds of the sale to the former owner of the animal or thing—
 - (a) the costs of the sale;
 - (b) any costs it recovers from the former owner under section 237.
- (6) The chief executive may deal with the exhibited animal or other thing for the State.

- (7) This section is subject to a decision, direction or order under chapter 7, part 3 or 4 about the exhibited animal or other thing.

208 Power of destruction for immediate biosecurity risk

Without limiting section 207(2), an inspector may destroy an exhibited animal or other thing seized under division 4 and forfeited under this division if the inspector reasonably believes the animal or thing poses an immediate biosecurity risk.

Division 7 Other information-obtaining powers of inspectors

209 Power to require name and address

- (1) This section applies if an inspector—
- (a) finds a person committing an offence against this Act; or
 - (b) finds a person in circumstances that lead the inspector to reasonably suspect the person has just committed an offence against this Act; or
 - (c) has information that leads the inspector to reasonably suspect a person has just committed an offence against this Act; or
 - (d) reasonably believes the person is a responsible person for an exhibited animal and proposes to give the person an exhibited animal direction.
- (2) The inspector may require the person to state the person's name and residential address.
- (3) The inspector may also require the person to give evidence of the correctness of the stated name or address if, in the circumstances, it would be reasonable to expect the person to—

-
- (a) be in possession of evidence of the correctness of the stated name or address; or
 - (b) otherwise be able to give the evidence.
- (4) When making a personal details requirement, the inspector must give the person an offence warning for the requirement.
- (5) A requirement under this section is a *personal details requirement*.

210 Offence to contravene personal details requirement

- (1) A person of whom a personal details requirement has been made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) A person may not be convicted of an offence under subsection (1) unless—
- (a) for a personal details requirement given in relation to an exhibited animal direction—the direction is given to the person and the person is found guilty of an offence against section 188 of not complying with the direction; or
 - (b) otherwise—the person is found guilty of the offence in relation to which the personal details requirement was made.

211 Power to require production of document

- (1) An inspector may require a person to make available for inspection by an inspector, or to produce to the inspector for inspection, at a reasonable time and place nominated by the inspector—
- (a) a document issued to the person under this Act; or
 - (b) a document required to be kept by the person under—
 - (i) this Act; or

- (ii) another Act or a law of the Commonwealth or another State, if the document relates to dealing with exhibited animals; or
 - (c) if a document or information to which paragraph (b) applies is stored or recorded by means of a device—a document that is a clear written reproduction of the stored or recorded document or information.
- (2) A requirement under subsection (1) is a ***document production requirement***.
- (3) For an electronic document, compliance with the document production requirement requires the making available or production of a clear written reproduction of the electronic document.
- (4) The inspector may keep the document to copy it.
- (5) If the inspector copies the document, or an entry in the document, the inspector may require the person responsible for keeping the document to certify the copy as a true copy of the document or entry.
- (6) A requirement under subsection (5) is a ***document certification requirement***.
- (7) The inspector must return the document to the person as soon as practicable after copying it.
- (8) However, if a document certification requirement is made of a person, the inspector may keep the document until the person complies with the requirement.

212 Offence to contravene document production requirement

- (1) A person of whom a document production requirement has been made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is not a reasonable excuse for a person to fail to comply with a document production requirement on the basis that

complying with the requirement might tend to incriminate the person or expose the person to a penalty.

Note—

See, however, section 222.

- (3) The inspector must inform the person, in a way that is reasonable in the circumstances—
 - (a) that the person must comply with the document production requirement even though complying might tend to incriminate the person or expose the person to a penalty; and
 - (b) that, under section 222, there is a limited immunity against the future use of the information or document given in compliance with the requirement.
- (4) If the person fails to comply with the document production requirement when the inspector has failed to comply with subsection (3), the person can not be convicted of the offence against subsection (1).
- (5) If a court convicts a person of an offence against subsection (1), the court may, as well as imposing a penalty for the offence, order the person to comply with the document production requirement.

213 Offence to contravene document certification requirement

- (1) A person of whom a document certification requirement has been made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is not a reasonable excuse for a person to fail to comply with a document certification requirement on the basis that complying with the requirement might tend to incriminate the person or expose the person to a penalty.

Note—

See, however, section 222.

- (3) The inspector must inform the person, in a way that is reasonable in the circumstances—
 - (a) that the person must comply with the document certification requirement even though complying might tend to incriminate the person or expose the person to a penalty; and
 - (b) that, under section 222, there is a limited immunity against the future use of the information or document given in compliance with the requirement.
- (4) If the person fails to comply with the document certification requirement when the inspector has failed to comply with subsection (3), the person can not be convicted of the offence against subsection (1).

214 Power to require information

- (1) This section applies if an inspector reasonably believes—
 - (a) an offence against this Act has been committed; and
 - (b) a person may be able to give information about the offence.
- (2) The inspector may, by notice given to the person, require the person to give the inspector information related to the offence at a stated reasonable time and place.
- (3) A requirement under subsection (2) is an *information requirement*.
- (4) For information that is an electronic document, compliance with the information requirement requires the giving of a clear image or written version of the electronic document.
- (5) In this section—

information includes a document.

215 Offence to contravene information requirement

- (1) A person of whom an information requirement is made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is a reasonable excuse for an individual not to give the information if giving the information might tend to incriminate the individual or expose the individual to a penalty.

Part 4 Miscellaneous provisions relating to inspectors

Division 1 Damage

216 Duty to avoid inconvenience and minimise damage

In exercising a power, an inspector must take all reasonable steps to cause as little inconvenience, and do as little damage, as possible.

Note—

See also section 218.

217 Notice of relevant event

- (1) This section applies if—
 - (a) an inspector is exercising, or purporting to exercise, a power; and
 - (b) either of the following (each a *relevant event*) happens—
 - (i) the inspector kills or injures an animal or damages another thing;

- (ii) a person (the *directed person*) acting under the direction or authority of the inspector kills or injures an animal or damages another thing.
- (2) However, this section does not apply to injury or damage the inspector reasonably considers is trivial.
 - (3) Also, this section does not apply if the inspector reasonably believes—
 - (a) there is no-one apparently in possession of the animal or other thing; or
 - (b) the animal or other thing has been abandoned.
 - (4) The inspector must give notice of the relevant event to the person who appears to the inspector to be an owner, or person in control, of the animal or other thing.
 - (5) However, if for any reason it is not practicable to comply with subsection (4), the inspector must—
 - (a) leave the notice at the place where the relevant event happened; and
 - (b) ensure it is left in a conspicuous position and in a reasonably secure way.
 - (6) The inspector may delay complying with subsection (4) or (5) if the inspector reasonably suspects complying with the subsection may frustrate or otherwise hinder an investigation by the inspector.
 - (7) The delay may be only for so long as the inspector continues to have the reasonable suspicion and remains in the vicinity of the place.
 - (8) If the inspector believes the animal was killed or injured or the other thing was damaged because of circumstances beyond the control of the inspector or the directed person, the inspector may state the belief in the notice.

Example of circumstances for subsection (8)—

a latent defect in a thing

- (9) The notice must state—

- (a) particulars of the relevant event; and
- (b) that a person who has suffered loss or damage because of the relevant event may claim compensation under section 218.

Division 2 Compensation

218 Compensation

- (1) A person may claim compensation from the State if the person incurs loss because of the exercise, or purported exercise, of a power by or for an inspector including a loss arising from compliance with a requirement made of the person under this Act.
- (2) However, subsection (1) does not include loss arising from a lawful seizure or lawful forfeiture.
- (3) The compensation may be claimed and ordered in a proceeding—
 - (a) brought in a court with jurisdiction for the recovery of the amount of compensation claimed; or
 - (b) for an alleged offence against this Act the investigation of which gave rise to the claim for compensation.
- (4) A court may order the payment of compensation only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (5) In considering whether it is just to order compensation, the court must have regard to any relevant offence committed by the claimant.
- (6) A regulation may prescribe other matters that may, or must, be taken into account by the court when considering whether it is just to order compensation.
- (7) Section 216 does not provide for a statutory right of compensation other than is provided by this section.
- (8) In this section—

loss includes costs and damage.

Division 3 Other offences relating to inspectors

- (2) Subsection (1) applies to information given in relation to the administration of this Act whether or not the information was given in response to a specific power under this Act.

- (3) However, subsection (1) does not apply to a person if the person, when giving the information—

- (a) tells the inspector, to the best of the person's ability, how it is false or misleading; and
(b) if the person has, or can reasonably obtain, the correct information—gives the correct information.

- (4) In this section—

information includes a document containing information.

220 Obstructing inspector

- (1) A person must not obstruct an inspector exercising a power, or someone helping an inspector exercising a power, unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

- (2) If a person has obstructed an inspector, or someone helping an inspector, and the inspector decides to proceed with the exercise of the power, the inspector must warn the person that—

- (a) it is an offence to cause an obstruction unless the person has a reasonable excuse; and
 - (b) the inspector considers the person's conduct an obstruction.
- (3) In this section—

 - (b) makes available for inspection by, or produces to, an inspector a document under section 211(1); or
 - (c) certifies a copy of a document or an entry in a document under section 211(5).
- (2) Evidence of the information or document, and other evidence directly or indirectly derived from the information or document, is not admissible against the individual in any proceeding to the extent it tends to incriminate the individual, or expose the individual to a penalty, in the proceeding.

- (2) Use of a body-worn camera by an inspector under subsection (1) includes use that is—
 - (a) inadvertent or unexpected; or
 - (b) incidental to use while exercising the inspector's power.
- (3) Subsection (1) does not affect an ability the inspector has at common law or under another Act to record images or sounds.
- (4) To remove any doubt, it is declared that subsection (1) is a provision authorising the use by an inspector of a listening device, for the purposes of the *Invasion of Privacy Act 1971*, section 43(2)(d).
- (5) In this section—

body-worn camera means a device—

 - (a) worn on clothing or otherwise secured on a person; and
 - (b) designed to be used to—
 - (i) record images; or

228 Statement of complainant's knowledge

229 Allegation of false or misleading information or document

In any proceeding for an offence against this Act involving false or misleading information, or a false or misleading document, it is enough for a charge to state that the information or document was 'false or misleading' to the person's knowledge, without specifying which.

230 Responsibility for act or omission of representative

- (1) This section applies in a proceeding for an offence against this Act.
- (2) If it is relevant to prove a person's state of mind about a particular act or omission, it is enough to show—
 - (a) the act was done or omitted to be done by a representative of the person within the scope of the representative's actual or apparent authority; and

- (b) the representative had the state of mind.
- (3) An act done or omitted to be done for a person by a representative of the person within the scope of the representative's actual or apparent authority is taken to have been done or omitted to be done also by the person, unless the person proves the person could not, by the exercise of reasonable diligence, have prevented the act or omission.
- (4) In this section—
 - representative* means—
 - (a) for a corporation—an executive officer, employee or agent of the corporation; or
 - (b) for an individual—an employee or agent of the individual.

- (1) If a person is convicted of an offence against this Act, the court may make an order for the disposal of any of the following things the person owns—
 - (a) the animal or anything else that was the subject of, or used to commit, the offence;
 - (b) another animal;

- (c) another thing the court considers is likely to be used by the person or another person in committing a further offence against this Act.
- (2) The court may make a disposal order for an animal or other thing—
 - (a) whether or not it has been seized under chapter 6, part 3, division 4; and
 - (b) if the animal or thing has been seized—whether or not it has been returned to its former owner.
- (3) If a disposal order authorises the sale of an animal, the order may direct—
 - (a) the way in which the sale is to take place; or
 - (b) how the proceeds of the sale are to be distributed.
- (4) The court may make any other order to enforce the disposal order that it considers appropriate.
- (5) This section does not limit the court's powers under another law.

232 Prohibition order

- (1) If a person is convicted of an animal offence, the court may make an order that the person must not buy or otherwise acquire or take possession of—

 - (b) someone else (the *owner*) owns the animal the subject of the offence; and
 - (c) the court considers—
 - (i) an act done, or omission made, by the owner contributed to, or allowed, the commission of the offence; and
 - (ii) the owner is, and will continue to be, incapable of discharging the owner's general exhibition and dealing obligation for exhibiting or dealing with the animal.
- (2) The court may make an order of the type mentioned in section 231 or 232 against the owner as if the owner had been convicted of the animal offence.
- (3) An order under subsection (2) must state whether it is a disposal order or a prohibition order.

234 Criteria for making disposal or prohibition order

- (1) The court may make a disposal order or prohibition order against a person only if satisfied, on the balance of probabilities, it is just to make the order in the circumstances.
- (2) In considering whether it is just to make the order, the court must consider the following—
 - (a) the nature of the offence to which the hearing relates;
 - (b) the effect of the offence on the relevant risks and relevant adverse effects associated with exhibiting or dealing with an animal the subject of, or used to commit, the offence;
 - (c) the welfare of the animal and any other animal owned by the person;

- (d) the likelihood of the person committing another offence against this Act.
- (3) Subsection (2) does not limit the matters the court may consider.

235 Procedure and power for making disposal or prohibition order

- (1) A disposal order or prohibition order may be made only—
 - (a) on the court’s initiative; or
 - (b) on an application by the prosecution, which may be made at any time.
- (2) The court must not make an order under section 233(2) unless the owner under that section has been given an opportunity to be heard about whether the order should be made.
- (3) In deciding whether to make a disposal order or prohibition order, the court—
 - (a) may require notice to be given to anyone the court considers appropriate, including, for example, the animal’s owner if the person against whom the order is sought is not the owner; and
 - (b) must not refuse to hear a person to whom a notice under paragraph (a) is given.
- (4) The court may make a disposal order and a prohibition order against the same person in relation to the same offence.

236 Review of prohibition order

- (1) This section applies if a prohibition order is made against a person permanently or for a stated period of 5 years or more.
- (2) The court that made the prohibition order (whether or not constituted by the same judicial officer) may, on the application of the person, amend or cancel the order (a *review order*).
- (3) However—

- (a) the person can not apply for a review order if the person has within 12 months before the date of the application applied for a review order in relation to the prohibition order; and
 - (b) the court must not make a review order within 5 years after the prohibition order was made.
- (4) The applicant must give the chief executive notice of the application.
- (5) In deciding the application, the court must—
- (a) give the chief executive, and anyone else it considers appropriate, an opportunity to be heard; and
 - (b) consider the matters mentioned in section 234(2) in relation to the prohibition order and any change relevant to the matters since the order was made.

Part 4 Remedies

237 Recovery of seizure, compliance or destruction costs

- (1) This section applies if the State incurs a cost for an inspector to do 1 or more of the following acts in relation to an animal—

 - (i) taking possession of, or moving, it; or
 - (ii) taking action to restrict access to it; or
 - (iii) providing it with accommodation, food, rest, water or other living conditions; or
 - (iv) arranging for it to receive veterinary or other treatment;

-
- (b) if an exhibited animal direction given in relation to the animal has not been complied with—taking action to ensure the direction is complied with;
 - (c) if the animal is destroyed under section 203—destroying it.
- (2) The State may recover the cost from the animal’s owner or former owner if incurring the cost was necessary and reasonable—
- (a) to prevent or minimise a relevant risk or relevant adverse effect associated with exhibiting or dealing with the animal; or
 - (b) if the animal is destroyed under section 203—for the destruction.
- (3) However, if a cost mentioned in subsection (1)(a)(iii) or (iv) is for a period during which the animal was retained under section 201(2)(d), it may be recovered only if the animal’s retention was reasonably required as evidence.

238 Recovery of costs of investigation

- (1) This section applies if—
- (a) a person is convicted of an offence against this Act; and
 - (b) the State applies to a court for an order against the person for the payment of costs the State has incurred during the investigation of the offence; and
 - (c) the court finds the State reasonably incurred the costs.
- (2) The court may order the person to pay the State an amount equal to the costs if satisfied it would be just to make the order in the circumstances of the particular case.
- (3) This section does not limit the court’s powers under the *Penalties and Sentences Act 1992* or another law.
- (4) An application to a court under this section, and any order made by the court on the application, is a judgment in the court’s civil jurisdiction.

- (5) Any issue is to be decided on the balance of probabilities.

239 Compensation because of animal offence

- (1) A court may order a person convicted of an animal offence to pay—
- (a) compensation to a person who, because of the commission of the offence, has—
 - (i) suffered damage or loss to property; or
 - (ii) incurred costs in avoiding or minimising, or attempting to avoid or minimise, damage or loss to property; or
 - (b) an amount to a person for costs incurred by the person in—
 - (i) taking possession of, or moving, the animal to which the offence relates; or
 - (ii) providing the animal with accommodation, food, rest, water or other living conditions; or
 - (iii) arranging for the animal to receive veterinary or other treatment.
- (2) However, an order under subsection (1) must not be made in favour of the State.

A person may not apply to QCAT for review of a decision or appeal against a decision to the court unless the person has applied for an internal review of the decision under this division.

242 Who may apply for internal review

- (1) A person who has been given, or is entitled to be given, an information notice for a decision made under this Act (an *original decision*) may apply (an *internal review application*) to the chief executive for a review (an *internal review*) of the decision under this division.
- (2) A person who has not been given, but is entitled to be given, an information notice for an original decision may ask the chief executive for an information notice for the decision.
- (3) The failure by the chief executive to give a person an information notice for an original decision does not limit or otherwise affect the person's right to apply for an internal review of the decision under subsection (1).

243 Requirements for making application

- (1) An internal review application must—
 - (a) be in the approved form; and
 - (b) if the applicant is given an information notice for the original decision to which the application relates—
 - (i) be supported by enough information to enable the chief executive to decide the application; and
 - (ii) be made within 14 days after the applicant is given the information notice.
- (2) However, the chief executive may, at any time, extend the time for making an internal review application.

244 Stay of operation of original decision

- (1) An internal review application does not stay the original decision to which it relates.
- (2) However, the applicant may apply to the relevant body for a stay of the original decision.

-
- (3) The relevant body may stay the original decision to secure the effectiveness of the internal review and a later appeal to the court or an external review by QCAT.

 - (a) may be given on conditions the relevant body considers appropriate; and
 - (b) operates for the period fixed by the relevant body; and
 - (c) may be amended or revoked by the relevant body.
 - (5) The period of the stay must not extend past the time when the chief executive makes an internal review decision about the original decision and any later period the relevant body allows the applicant to enable the applicant to appeal against, or apply for an external review of, the internal review decision.
 - (6) An internal review application affects the original decision, or carrying out of the decision, only if the decision is stayed.
 - (7) In this section—

 - (a) for a seizure or forfeiture decision—the court; or
 - (b) for another original decision—QCAT.

 - (b) does not apply to an original decision made by the chief executive personally.
- (4) If the chief executive does not make a decision under subsection (1)(b) within the decision period, the chief executive is taken to have made an internal review decision confirming the original decision.
- (5) If the internal review decision confirms, or under subsection (4) or section 246(4), is taken to confirm, the original decision, for the purpose of an appeal or external review, the original decision is taken to be the internal review decision.
- (6) If the internal review decision amends the original decision, for the purpose of an appeal or external review, the original decision as amended is taken to be the internal review decision.

246 Notice of internal review decision

- (1) Within 10 days after making an internal review decision, the chief executive must give the applicant notice of the decision (the *decision notice*).
- (2) If the internal review decision relates to an original decision other than a seizure or forfeiture decision and is not the decision sought by the applicant, the decision notice must be accompanied by a QCAT notice for the internal review decision.
- (3) If the internal review decision relates to a seizure or forfeiture decision and is not the decision sought by the applicant, the

decision notice must include a notice (an *appeal information notice*) stating the following—

247 Applicant may ask for QCAT or appeal information notice

- (1) A person who has not been given, but is entitled to be given, a QCAT notice or an appeal information notice for an internal review decision may ask the chief executive for a QCAT notice or appeal information notice for the decision.
- (2) The failure by the chief executive to give a person a QCAT notice for an internal review decision does not limit or otherwise affect the person's right to apply for an external review of the decision under section 248.
- (3) The failure by the chief executive to give a person an appeal information notice for an internal review decision does not

limit or otherwise affect the person's right to appeal, under section 249, against the decision.

248 Who may apply for external review

A person given, or entitled to be given, a QCAT notice under section 246(2) or (5)(b) for an internal review decision may apply, as provided under the QCAT Act, to QCAT for an external review of the decision.

253 Effect of decision of court on appeal

- (1) If the court sets aside the internal review decision and returns the matter to the chief executive with directions the court considers appropriate, and the chief executive makes a new decision in accordance with the directions, the new decision is not subject to a review or appeal under this part.
- (2) If the court sets aside the internal review decision and substitutes another decision—
 - (a) the substituted decision is taken to be the decision of the chief executive; and
 - (b) the chief executive must give effect to the decision as if it were the original decision of the chief executive and no application for review or appeal had been made.
