4 Meaning of *character* of an area

- (1) In this regulation, the *character*, of an area, means the characteristics of the area that affect the enjoyment or experience of a person using the area for a purpose for which it is normally used.

[s 5]

- (2) For subsection (1), each of the following characteristics of an area affect the enjoyment or experience of a person using the area—
- (a) the extent to which the natural condition of the area has been, or is likely to be, modified by human activity, including, for example, by—
 - (i) roads or other access routes; or
 - (ii) buildings or other structures; or
 - (iii) litter; or
 - (iv) noise from human activity;
 - (b) the extent to which the person is likely to experience social interaction with other people in the area, having regard to the normal amount of social interaction that would be reasonably expected in the area;
 - (c) the extent of regulation of activities within the area, including, in particular, through signs, regulatory notices and enforcement activities.

5 Meaning of *commercial activity*

- (1) An activity is a *commercial activity* in relation to a protected area if—
- (a) the activity is conducted for gain in, over or adjacent to the area; or

- 3 commercial photography of a protected area
- 4 advertising a protected area to promote a tour, scenic flight, tourist facility or resort

- (2) However, a *commercial activity* does not include—

- (a) an activity for which the use of a protected area is incidental to, and not integral to, the conducting of the activity; or

Examples for paragraph (a)—

- 1 a scheduled bus service through a protected area that is not a part of a tour

- (b) filming or photography in relation to an event—
- (i) that is conducted when, or as soon as practicable after, the event happens; and
 - (ii) that is conducted for publishing a report of the event—
 - (A) on television or in a newspaper, magazine or similar publication; and
 - (B) to inform the public about the event; and
 - (iii) that is a type of filming or photography the chief executive has stated is an exempt media activity on the department's website.

6 Meaning of *organised event*

- (1) An *organised event* is an event involving activities, other than commercial activities—
- (a) that includes the organised use of a protected area or part of a protected area; and
 - (b) that is likely—
 - (i) to have a detrimental impact on the area or part; or
 - (ii) to affect the use of the area or part by other people.

Examples of events that may be organised events—

- (2) For considering the impact or effect of an event mentioned in subsection (1) under this regulation, regard must be had to the following matters—

 - (b) the day of effect stated in the information notice.

Subdivision 3 Immediate amendments or suspensions by chief executive

138 Grounds for amendment or suspension

The chief executive may, by complying with this subdivision, immediately amend or suspend a protected area authority if—

- (a) the chief executive reasonably believes the amendment or suspension is necessary—
 - (i) to ensure the health or safety of a person or protect a person's property; or
 - (ii) to minimise risk to, or safeguard the health of, a person because of a fire or natural disaster; or
 - (iii) to conserve or protect the cultural or natural resources of the protected area to which the authority applies; or
- (b) the area to which the authority applies is declared, after the grant of the authority, to be a restricted access area, or an area closed to the public; or
- (c) the chief executive reasonably believes the activities being conducted under the authority are having an unacceptable impact on the character or amenity of the protected area to which the authority applies.

139 Advising of amendment or suspension

- (1) The chief executive must advise the holder of a protected area authority amended or suspended under section 138 that, until the chief executive otherwise decides—
 - (a) the authority is amended in the way the chief executive advises; or
 - (b) the authority is suspended to the extent the chief executive advises.
- (2) The chief executive may advise the holder verbally, if practicable.

140 Effect of amendment or suspension

- (1) An amendment or suspension of a protected area authority under section 138—
 - (a) takes effect immediately after the holder is advised of the amendment or suspension, regardless of whether the amendment is noted on the authority; and
 - (b) continues to have effect until the chief executive decides the reason for the amendment or suspension no longer exists.
- (2) The chief executive must, as soon as practicable after the amendment or suspension ends, advise the holder of the protected area authority that the amendment or suspension no longer applies.

Subdivision 4 Suspensions or cancellations by chief executive for non-compliance

141 Grounds for suspension or cancellation

The chief executive may, by complying with this subdivision, suspend or cancel a protected area authority if—

[s 142]

- (i) the authority was obtained because of false or misleading information; or
- (ii) the holder of the authority has failed to comply with a condition of the authority; or
- (iii) the holder of the authority is not, or is no longer, a suitable person to hold the authority; or

Note—

See part 1 for when a person is not a suitable person.

- (b) the holder of the authority is convicted of an offence against the Act and the chief executive is satisfied the activities of the holder that led to the conviction are relevant to the holder's ability to conduct activities under the authority in a competent and ethical way; or
- (c) the holder of the authority has failed to give the chief executive information required to be given under the Act for the authority; or
- (d) the holder of a protected area authority has failed to pay a fee or royalty payable for the authority; or
- (e) the authority is a joint marine park permit and the chief executive is aware a related permission for the authority has been, or is about to be—
 - (i) amended to an extent that it is no longer consistent with the authority; or
 - (ii) replaced with another permission that is not consistent with the authority; or
 - (iii) suspended or cancelled.

142 Notice for suspension or cancellation

- (1) Before suspending or cancelling a protected area authority under section 141 (the *proposed action*), the chief executive must give the holder of the authority notice stating the following matters—
 - (a) the proposed action;

- (b) the ground for the proposed action;
 - (c) an outline of the facts and circumstances forming the basis for the ground;
 - (d) if the proposed action is suspension of the authority—the proposed suspension period;
 - (e) an invitation to make written representations, within a stated period of at least 20 business days after the notice is given, about why the proposed action should not be taken.
- (2) However, subsection (1)(e) does not apply if the proposed action is because the holder of the protected area authority has failed to do any of the following (each a *fee or return failure*)—
- (a) pay a fee or royalty payable for the authority;
 - (b) give a return of operations for the authority.
- (3) For a fee or return failure, the notice must also state the following matters—
- (a) the holder must rectify the failure by a day stated in the notice that is at least 10 business days after the notice is given;
 - (b) if the holder does not rectify the failure by the stated day, the chief executive may suspend or cancel the authority under this division.

143 Decision on suspension or cancellation

- (1) The chief executive must consider any written representations made under section 142 within the stated period by the holder of a protected area authority and decide whether or not—
- (a) if the holder has not rectified a fee or return failure by the stated day under section 142—to take the proposed action; or

[s 144]

- (b) if the proposed action was to otherwise suspend the authority—to suspend the authority for not longer than the proposed suspension period; or
 - (c) if the proposed action was to otherwise cancel the authority—to cancel the authority or to suspend it for a period; or
- (2) If the chief executive decides to suspend or cancel the authority, the chief executive must give the holder an information notice for the decision.
 - (3) If the chief executive decides not to take the proposed action, the chief executive must give the holder notice of the decision.
 - (4) A suspension or cancellation takes effect on the later of the following days—
 - (a) the day the information notice for the suspension or cancellation is given to the holder;
 - (b) the day of effect stated in the information notice.

144 Earlier ending of suspension or cancellation in particular circumstances

- (1) If a protected area authority is suspended because of a fee or return failure, the suspension continues until the earlier of the following—
 - (a) the day the holder rectifies the failure; or
 - (b) the end of the suspension period stated in the information notice for the suspension.
- (2) If a protected area authority is suspended because of the conviction of a person for an offence and the conviction is quashed, the suspension period ends on the day the conviction is quashed.
- (3) If a protected area authority is cancelled because of the conviction of a person for an offence and the conviction is quashed, the cancellation stops having effect.

- (2) The chief executive may enter into the commercial activity agreement in any of the following ways—
 - (a) by using an expression of interest process under part 2;
 - (b) by using an application process under part 3;

[s 163]

- (3) The commercial activity agreement may be combined with—
 - (a) a commercial activity agreement entered into by the person under the *Marine Parks Regulation 2017*, section 52; or
 - (b) a commercial activity agreement entered into by the person under the *Recreation Areas Management Act 2006*, section 69.

163 Restrictions on entering into agreement—conservation of protected area

- (1) A commercial activity agreement must be consistent with—
 - (a) the management principles for the protected area to which it applies; and
 - (b) the interim or declared management intent, or management plan, for the protected area to which it applies.
- (2) Also, a commercial activity agreement must not—
 - (a) create an interest in land in a protected area; or
 - (b) authorise the carrying out of major earthworks, or the installation of a permanent structure, in a protected area; or
 - (c) otherwise provide for a matter for which a lease, agreement, licence, permit or other authority made or given under section 34, 35 or 36 of the Act would be more appropriate.

Example—

It would be more appropriate to enter into a lease, agreement, licence, permit or other authority made or given under section 34, 35 or 36 of the Act for the installation of a sewage pipeline or communications tower in a national park.

- (3) In this section—

major earthworks means earthworks that cause a major disturbance to the cultural or natural resources of a protected area.

164 Restrictions on entering into agreement—suitability of party

- (1) The chief executive may enter into a commercial activity agreement with a person only if the chief executive is satisfied the person is a suitable person to be a party to the agreement.
- (2) In deciding whether a person is a suitable person, the chief executive may have regard to—
 - (a) the person’s ability to comply with the proposed terms and conditions of the agreement sought by the person; and
 - (b) any other matter relevant to the person’s ability to conduct the activities for which the agreement is sought in a competent and ethical way.
- (3) A person is not a suitable person if, had the person applied for a commercial activity permit for the activities for which the agreement is sought, the person would not, having regard to the matters mentioned in chapter 5, part 1, be a suitable person to hold the permit.

165 Restrictions on entering into agreement—insurance

- (1) The chief executive may enter into a commercial activity agreement with a person only if the chief executive is satisfied there is adequate insurance cover for the activities for which the agreement is sought.
- (2) However, subsection (1) does not apply if the chief executive considers insurance cover is not required having regard to the nature of the activities, including whether insurance is commonly available for the activities.

Note—

See section 5 of the Act for how the object of the Act is to be achieved.

- (2) The chief executive must not—
 - (a) enter into the agreement unless it is made subject to the conservation condition; or

 - (b) states that failure to comply with the condition may constitute an offence against that section.

The chief executive must, within 10 business days after deciding not to negotiate with a submitter of an expression of interest, give the submitter a notice for the decision.
