Maximum penalty—40 penalty units.

- (3) Also, if the former resident asks, the scheme operator must give information about the following to the former resident as soon as practicable after the end of each month for which the right to reside remains unsold—
 - (a) all sales inquiries relating to the right to reside;
 - (b) what steps the operator is taking to promote the sale of the right to reside;

- (c) the following particulars of all other rights to reside in accommodation units for sale in the village—
 - (i) the number of rights for sale;
 - (ii) the size of the units;
 - (iii) the selling prices of the rights;
 - (iv) how long the rights have been for sale.

Maximum penalty for subsection (3)—40 penalty units.

- (4) This section does not apply if the former resident's right to reside in the retirement village was terminated under section 53(3)(d).

66 Working out exit entitlements

- (1) If a scheme operator accepts an offer for a right to reside less than the agreed value for the right, the former resident's exit entitlement is to be worked out as if the right to reside was sold at the agreed value.
- (2) If a former resident accepts an offer for a right to reside less than the agreed value, the former resident's exit entitlement is to be worked out on the amount of the offer.
- (3) If a former resident's right to reside in the retirement village was terminated under section 53(3)(d), the former resident's exit entitlement is to be worked out as if the right to reside was sold at the agreed resale value.

67 Updating agreed resale value every 3 months

- (1) This section applies if—
 - (a) a former resident's right to reside in a particular accommodation unit—
 - (i) is not sold within 3 months after the termination date; or
 - (ii) was terminated under section 53(3)(d); and

-
- (b) the former resident has not been paid an exit entitlement under section 63.
 - (2) The former resident and the scheme operator are to reconsider the resale value of the right to reside at least every 3 months and, if possible, agree in writing on a new resale value, which may be the same value.
 - (3) If the former resident and the scheme operator can not agree on the resale value of the accommodation unit, the operator is to obtain a valuation of the right to reside in the unit from a valuer within a further 14 days.
 - (4) A valuation obtained under subsection (3) is taken to be the agreed resale value of the right to reside in the accommodation unit.
 - (5) However, subsection (4) does not apply if—
 - (a) the former resident's right to reside in the accommodation unit was terminated under section 53(3)(d); and
 - (b) the valuation obtained under subsection (3) is less than the previous agreed resale value of the right to reside in the accommodation unit determined in accordance with this section or section 60.

67A Updating agreed resale value if exit entitlement is payable before right to reside is sold

- (1) This section applies if—
 - (a) a scheme operator is required under section 63(1)(c) to pay an exit entitlement before a former resident's right to reside in a particular accommodation unit is sold; and
 - (b) the operator and the former resident have not otherwise agreed on the value of the right to reside for the purpose of calculating the amount of the exit entitlement.
- (2) The operator must obtain a valuation of the right to reside from a valuer before, but not more than 14 days before, the day the operator is required to pay the exit entitlement.

- (4) A valuation obtained under subsection (2) is taken to be the agreed resale value of the right to reside.

68 Costs of selling

- (1) The costs of the sale of a right to reside in a particular accommodation unit, including the costs mentioned in sections 60(2) and 67(3), are to be shared by the former resident and the scheme operator in the same proportion as they are to share the gross ingoing contribution on the sale of the right to reside, as provided for in the residence contract.
- (2) However, if the former resident engages a real estate agent to sell the right to reside, the former resident must pay the real estate agent's costs of the sale, if any, and commission.
- (3) Except as provided by subsections (1) and (2), a scheme operator must not charge a former resident a fee, charge or commission, however described, for selling the resident's right to reside in the resident's accommodation unit.

Maximum penalty—40 penalty units.

- (4) However, subsection (3) does not apply to an operator under an existing residence contract.
- (5) This section does not apply if the former resident's right to reside in the retirement village was terminated under section 53(3)(d).

69 Limited ground for scheme operator to refuse to accept offer

A scheme operator may refuse to accept an offer to purchase a right to reside in an accommodation unit if—

- (a) the operator reasonably believes—
 - (i) the prospective resident is not within the age limits for residents stated in the village comparison document; or
 - (ii) the type of unit to which the right to reside relates is unsuitable for the prospective resident; or

Example for subparagraph (ii)—

The accommodation is an independent living unit and the prospective resident needs help with personal care not normally provided by the scheme operator.

- (b) the right to reside was terminated under section 53(3)(d).

70 Valuer

- (1) For this division, the valuer of the resale value of the right to reside in the unit must be a person who—
 - (a) is a registered valuer; and
 - (b) is agreed on by the scheme operator and the former resident.
- (2) If the scheme operator and the former resident can not agree on the valuer—
 - (a) the scheme operator or the former resident must immediately tell the chief executive by written notice; and
 - (b) the valuer is to be a registered valuer decided by the chief executive within 14 days after the chief executive receives the notice mentioned in paragraph (a).
- (3) In this section—

registered valuer means a valuer registered under the *Valuers Registration Act 1992*.

70A Valuer's independence

In a valuation given under this division, a valuer must state any connection to, or agreement with, the scheme operator that may call into question the independence of the valuation.

70AB Submissions to valuer

- (1) This section applies if a valuer is required, under this division or a residence contract, to value the resale value of a

[s 70AC]

resident's, or a former resident's, right to reside in an accommodation unit in a retirement village.

- (2) The valuer must advise the scheme operator and resident or former resident (each a *party*) that the parties may give the valuer a submission about the valuation of the resale value by a stated date decided by the valuer (the *submission date*).
- (3) If a party does not give a submission to the valuer by the submission date, the party is taken to have not made a submission for the purposes of this section or section 70AC(2)(a).
- (4) A party who gives a submission to the valuer must also give a copy of the submission to the other party by the submission date.
- (5) A party who receives a copy of a submission may give the valuer a written response to the submission.
- (6) The response must be given by a stated date decided by the valuer (the *response date*) that is reasonable in the circumstances.
- (7) If a party does not give a response to the valuer by the response date, the party is taken to have not made a response for the purposes of this section or section 70AC(2)(a).

70AC Matters to be considered by valuers

- (1) This section applies if a valuer is required, under this division or a residence contract, to value the resale value of a resident's, or a former resident's, right to reside in an accommodation unit in a retirement village.
- (2) The valuer—
 - (a) must have regard to submissions and responses from the scheme operator, and the resident or former resident, under section 70AB; and
 - (b) must conduct the valuation on the basis that the retirement village is operating, and will continue to operate, normally; and

-
- (c) must have regard to the amount of the exit fee payable by, and the capital gain sharing arrangements applying to, the resident or former resident; and
 - (d) must not have regard to a different exit fee that would be payable by, or different capital gain sharing arrangements that would apply to, any person who purchased the right to reside in the retirement village from the resident or former resident.
- (3) In this section—

capital gain sharing arrangements means the provisions of the residence contract that state how the resident or former resident, and the scheme operator, are to share any capital gain on the sale of the resident or former resident's interest in the accommodation unit.

70AD Valuer may require information from scheme operator

- (1) This section applies if a valuer is required, under this division or a residence contract, to value the resale value of a resident's, or a former resident's, right to reside in an accommodation unit in a retirement village.
- (2) The valuer may, by written notice, require the scheme operator to give the valuer stated information about the retirement village, the accommodation unit or the residence contract that the valuer reasonably needs to carry out the valuation.
- (3) If the scheme operator does not give the stated information to the valuer by the day (the *due day*) 14 days after the notice is given to the scheme operator, the valuer must give the operator, and the resident or former resident, written notice of the operator's non-compliance with the requirement (a *non-compliance notice*)—
 - (a) within 7 days of the due day; but
 - (b) only if the operator has not given the stated information by the day the non-compliance notice is given.

- (4) If the resident or former resident is given a non-compliance notice, a retirement village dispute exists between the scheme operator and the resident or former resident.

Division 5A Relative's right to reside

70B Relative's right to reside after death or vacation

- (1) This section applies if—
 - (a) a resident's right to reside in an accommodation unit under a residence contract, including an existing residence contract, is terminated under this Act because the resident dies or vacates the accommodation unit; and
 - (b) a relative of the resident, although not a party to the residence contract, was living in the accommodation unit when the residence contract was terminated; and
 - (c) the relative has lived in the accommodation unit for at least the 6 months immediately before the residence contract was terminated.
- (2) The relative has a right to reside in the accommodation unit for 3 months after the day the residence contract is terminated if the relative agrees to be bound by the terms of the resident's residence contract while the relative continues to live in the accommodation unit.
- (3) The relative's agreement must be in writing and given to the scheme operator within 14 days after the day the residence contract is terminated.
- (4) During the 3 months, the relative has all the rights and liabilities of a resident under this Act.
- (5) If—
 - (a) the resident's interest in the accommodation unit was a leasehold interest or licence; and

- (b) no other person has a right under the resident's residence contract to reside in the accommodation unit; and
 - (c) the relative meets the eligibility criteria for a resident of the retirement village; and
 - (d) the relative, at least 14 days before the end of the 3 months, advises the scheme operator, in writing, that the relative wants to enter into a residence contract for the accommodation unit;
- then—
- (e) the relative has a right to enter into a residence contract for the accommodation unit; and
 - (f) the scheme operator must enter into a residence contract for the accommodation unit with the relative before the end of the 3 months.
- (6) A residence contract entered into under subsection (5) must be on the same terms as would be offered to any other potential resident of the accommodation unit, as adjusted to include any agreement between the relative and the scheme operator about reinstatement work for the accommodation unit.

Division 5B Exemptions from particular obligations relating to former residents

Subdivision 1 Preliminary

70C Definitions for division

In this division—

exemption start day see section 70H.

exempt scheme means a scheme to which an exemption under section 70D applies.

right to reside, in relation to a scheme, means a right under a residence contract to reside in an accommodation unit in the retirement village operated under the scheme.

Subdivision 2 Exemptions

70D Declaration of exemption

- (1) A regulation may declare that an exemption under this section applies to a stated scheme.
- (2) The Minister may recommend to the Governor in Council the making of a regulation under subsection (1) only if the Minister is satisfied—
 - (a) each residence contract under the scheme is based on a freehold interest in an accommodation unit that is the resident's freehold property; and
 - (b) the exemption would be appropriate because of the extent to which—
 - (i) the residents are in a position to control or influence the affairs of the scheme operator in relation to the operation of the scheme; and
 - (ii) for any of the accommodation units, the scheme operator's assets and ability to generate income are likely to be insufficient to purchase the resident's freehold property.
- (3) When deciding whether an exemption for a scheme would be appropriate under subsection (2)(b), the Minister may have regard to any relevant matter, including the following—
 - (a) whether, for a scheme in which the retirement village land is land included in a community titles scheme, the common area of the retirement village is—
 - (i) common property under the community titles scheme; or

- (ii) a lot owned by the body corporate under the community titles scheme;
 - (b) the extent to which, other than as required by this Act—
 - (i) the scheme operator has any control over, or involvement in, the sale of a former resident's accommodation unit; and
 - (ii) a former resident is required to refurbish, reinstate or renovate the former resident's accommodation unit before it may be sold;
 - (c) the extent to which the scheme operator makes any profit from fees or charges payable by residents;
 - (d) whether any amount is payable to the scheme operator on the sale of an accommodation unit.
- (4) If the Minister stops being satisfied about a matter stated in subsection (2)(a) or (b) in relation to an exempt scheme, the Minister must recommend to the Governor in Council the making of a regulation ending the exemption of the scheme.

70E Effect of exemption

Sections 63(1)(c) and 63A do not apply to the scheme operator of an exempt scheme in relation to a former resident.

70F Scheme operator must notify changes relevant to exemption

- (1) This section applies to the scheme operator of an exempt scheme if the scheme operator knows, or ought reasonably to know, there has been a change to any matter or circumstance that is relevant to a matter mentioned in section 70D(2)(a) or (b).

Example—

a sale of shares, in a scheme operator that is a corporation, that changes the extent to which the residents are in a position to control the corporation

[s 70G]

- (2) Within 28 days after the scheme operator becomes aware or ought reasonably to have become aware of the change, the scheme operator must give the chief executive a notice in the approved form.

Maximum penalty—50 penalty units.

70G Chief executive may require information about exempt scheme

- (1) The chief executive may give the scheme operator of an exempt scheme a notice asking for stated information about a matter or circumstance that the chief executive considers may be relevant to a matter mentioned in section 70D(2)(a) or (b).
- (2) The notice must state the reasonable time, not less than 28 days after the notice is given, within which the information must be given.
- (3) The scheme operator must comply with the notice unless the scheme operator has a reasonable excuse.

Maximum penalty—50 penalty units.

Subdivision 3 Transitional provisions for start of exemption

70H Application of subdivision

This subdivision applies if a resident's right to reside is terminated under this Act before the day (the *exemption start day*) on which an exemption under section 70D starts to apply to a scheme.

70I Exit entitlement payments

- (1) From the exemption start day, section 63(1)(c) does not apply to any exit entitlement of the former resident.
- (2) Subsection (1) does not affect a right acquired or liability incurred in relation to an amount that was required to be paid

under section 63(1)(c) on a day before the exemption start day.

70J Uncompleted contract to purchase freehold property

- (1) This section applies if the scheme operator—
 - (a) entered into a contract under section 63A before the exemption start day to purchase the former resident's freehold property; and
 - (b) did not complete the purchase before the exemption start day.
- (2) At the beginning of the exemption start day, the contract ends.
- (3) If the scheme operator has paid an amount to the seller under the contract towards the purchase of the former resident's freehold property, the scheme operator may give the seller a notice requiring repayment of the amount.
- (4) The notice must state the day, not less than 30 days after the notice is given, by which the amount must be repaid.
- (5) The seller must comply with the notice.
- (6) No compensation is payable to the seller for a loss incurred because the contract ends under this section.
- (7) In this section—

- (1) This section applies if the scheme operator was required, under section 63A or a contract entered into under that section, to complete the purchase of the former resident's freehold property on a day (the *completion day*) before the exemption start day.

- (2) Neither section 70E nor 70J affects any right of a person to claim compensation from the scheme operator for a failure to complete the purchase on the completion day.

70L Proceedings for offences

- (1) This section applies in relation to an offence against section 63(1) or 63A(2) committed by the scheme operator before the exemption start day.
- (2) Without limiting the *Acts Interpretation Act 1954*, section 20, a proceeding for the offence may be continued or started, and the scheme operator may be convicted of and punished for the offence, as if the exemption had not started to apply to the scheme.

Subdivision 4 Transitional provision for end of exemption

70M End of exemption

- (1) This section applies if an exemption applying to a scheme under section 70D ends.
- (2) From the day the exemption ends—
 - (a) sections 63(1)(c) and 63A apply to the scheme operator in relation to a former resident; and
 - (b) if the former resident's right to reside was terminated while the exemption was in effect, this Act applies as if a reference in section 63(1)(c) or 63B(3)(a) to the termination date were a reference to the day the exemption ends.

Division 6 Enforcing residence contracts

- (4) Subsection (1)(b)(ii) and (1)(c)(ii) are subject to section 72.

72 Restriction on enforcing residence contract

91 Capital replacement fund

- (1) A scheme operator must—
 - (a) establish and keep a fund (the *capital replacement fund*) for replacing the retirement village's capital items; and

 - (i) that is established and kept for the purpose; and
 - (ii) the name or style of which includes—
 - (A) the operator's name; and

(B) the retirement village scheme the account is for followed by the words ‘secured capital replacement fund account’; and

 - (c) paying tax on amounts paid into the fund under section 94(1)(b).
- (4) A person who applies or uses an amount in contravention of subsection (3) commits an offence.

Maximum penalty—540 penalty units.

- (5) Without limiting subsection (3), the scheme operator must not use the amount standing to the credit of the fund for—
 - (a) the village’s capital improvement, maintenance or repairs; or
 - (b) capital replacement, maintenance or repairs of body corporate property to which the *Body Corporate and Community Management Act 1997* applies.

Maximum penalty—540 penalty units.

- (6) Immediately the fund is established, a statutory charge is created over it for the benefit of the residents of the village to ensure the availability of the balance of the fund for the purposes mentioned in subsection (3).
- (7) The charge has priority over any other charge over the fund given by the scheme operator, including a charge given before

the commencement of this section, other than a charge created and given priority over other charges under a Commonwealth law or another law of the State.

- (8) Regardless of any change in who controls the scheme's operation, the charge is irrevocable and continues until—
- (a) the village ceases to operate as a retirement village scheme; and
 - (b) all former residents have been paid their exit entitlement.

92 Amount of capital replacement fund

- (1) Before a scheme operator decides a budget under section 93, the operator must obtain an independent quantity surveyor's written report, that complies with section 113AA, about the expected capital replacement costs for the village for the next 10 years.

Maximum penalty—540 penalty units.

- (2) For subsection (1), the report must be—
- (a) a full report—
 - (i) in the 2009 financial year and in every third financial year after that; and
 - (ii) in any other financial year in which substantial changes have been made to the retirement village; and
 - (b) an updated report in every financial year in which a full report need not be obtained.
- (3) The scheme operator must decide the amount to be held in the capital replacement fund for the village (the *capital replacement reserve*) having regard to the fund's purpose, the quantity surveyor's report and any amounts transferred to the fund under section 232 or 234.
- (4) In having regard to the quantity surveyor's report, the scheme operator must use the scheme operator's best endeavours to

implement the surveyor's recommendations in the context of—

- (a) the objects of this Act; and
 - (b) any circumstances relevant to the retirement village that apparently were not considered by the quantity surveyor.
- (5) If the amount a scheme operator must spend on capital replacement at any time is more than the amount held in the capital replacement fund, the operator must pay the difference between the actual amount to be spent and the amount held in the capital replacement fund.
- (6) Within 5 months after the end of each financial year, the scheme operator must give to the chief executive a copy of the full or updated report obtained, under subsections (1) and (2), during the financial year.

Maximum penalty for subsection (6)—200 penalty units.

93 Capital replacement fund budget

- (1) The scheme operator must, having regard to the quantity surveyor's report obtained or updated under section 92(1), adopt a budget (a *capital replacement fund budget*) for each financial year for the capital replacement fund that complies with subsection (2) and section 113AA.

Maximum penalty—200 penalty units.

- (2) For subsection (1), the capital replacement fund budget must—
- (a) allow for raising a reasonable capital amount to—
 - (i) provide for necessary and reasonable spending from the capital replacement fund for the financial year; and
 - (ii) reserve an appropriate proportional share of amounts necessary to be accumulated to meet anticipated major expenditure over at least the next 9 years after the financial year; and

-
- (b) fix the amount (the *capital replacement fund contribution*) to be paid by the scheme operator, from money of the scheme operator, to cover the capital amount mentioned in paragraph (a).

Example—

Replacing a village stand-by electricity generator is anticipated to be necessary in 3 years time at a cost currently estimated at \$60,000. The contribution amount for the capital replacement fund in the budget for the financial year must therefore include the annual proportional share for its replacement of \$20,000. Next year, the estimated cost has increased to \$68,000 and so the second year amount will be \$24,000. The estimated cost in the third year is \$70,000, so with the \$44,000 accumulated, a further \$26,000 is necessary to meet the cost.

- (3) The scheme operator—
- (a) may use all or part of an ingoing contribution to pay the capital replacement fund contribution; but
 - (b) must not otherwise raise, or attempt to raise, all or part of the capital replacement fund contribution from residents.

94 **Payments into capital replacement fund**

- (1) The scheme operator must ensure that the following amounts are paid into the capital replacement fund—
- (a) amounts received under insurance policies for the destruction of items of a capital nature;
 - (b) interest from investment of amounts held in the fund;
 - (c) the capital replacement fund contribution for each financial year;
 - (d) if an existing residence contract requires an amount from a resident's services charge to be paid towards capital replacement—
 - (i) if the amount is stated in the contract—the amount; or
 - (ii) if the amount is not stated in the contract—the amount decided by the operator worked out in the

way stated in the public information document in effect under section 237I;

- (e) any amounts transferred to the fund under section 232 or 234;
- (f) any amount paid by a resident under section 96(2).

Maximum penalty—540 penalty units.

- (2) Subsection (1) does not limit the amounts a scheme operator may pay into the capital replacement fund.
- (3) However, the scheme operator must not pay into the capital replacement fund amounts properly payable into another fund.

Maximum penalty for subsection (3)—540 penalty units.

95 Restriction on investing capital replacement fund amounts

A scheme operator must not invest an amount standing to the credit of the retirement village's capital replacement fund other than in an authorised investment under the *Trusts Act 1973*.

Maximum penalty—540 penalty units.

96 Resident liable for replacing certain capital items

- (1) This section applies if a capital item of a retirement village is—
 - (a) deliberately damaged by a resident; or
 - (b) subjected to accelerated wear caused by a resident's actions.
- (2) The resident is liable for the cost of replacing the item.

Division 5 Maintenance reserve fund

97 Maintenance reserve fund

- (1) A scheme operator must—
- (a) establish and keep a fund (the *maintenance reserve fund*) for maintaining and repairing the retirement village's capital items; and
 - (b) hold amounts standing to the credit of the fund on trust solely for the benefit of residents in a trust account that—
 - (i) is established and kept for the purpose; and
 - (ii) requires withdrawals from it, whether by cheque or otherwise, to be signed by the scheme operator.

Maximum penalty—540 penalty units.

- (2) Residents are solely responsible for contributing to the fund.
- (3) The scheme operator must not use an amount standing to the credit of the fund for a purpose other than—
- (a) maintaining and repairing the village's capital items; or
 - (b) paying the quantity surveyor's reasonable fees for giving a report for section 98; or
 - (c) paying tax on amounts paid into the fund under section 100(1)(b).

Maximum penalty—540 penalty units.

- (4) Without limiting subsection (3), the scheme operator must not use the amount standing to the credit of the fund for—
- (a) the day-to-day maintenance of the village; or
 - (b) the village's capital improvement or replacement; or
 - (c) capital replacement, maintenance or repairs of body corporate property to which the *Body Corporate and Community Management Act 1997* applies.

Maximum penalty—540 penalty units.

- (5) Regardless of any change in who controls the scheme's operation, the trust is irrevocable and continues until—
- (a) the village ceases to operate as a retirement village scheme; and
 - (b) all former residents have been paid their exit entitlement.

98 Amount of maintenance reserve fund

- (1) Before the scheme operator decides a budget under section 99, the operator must obtain an independent quantity surveyor's written report, that complies with section 113AA, about the expected maintenance and repair costs for the village for the next 10 years.

Maximum penalty—540 penalty units.

- (2) For subsection (1), the report must be—
- (a) a full report—
 - (i) in the 2009 financial year and in every third financial year after that; and
 - (ii) in any other financial year in which substantial changes have been made to the retirement village; and
 - (b) an updated report in every financial year in which a full report need not be obtained.
- (3) The scheme operator must decide the amount to be held in the maintenance reserve fund for the village (the *maintenance reserve*) having regard to the fund's purpose, the quantity surveyor's report and any amounts transferred to the fund under sections 232 to 234.
- (4) If the amount held in an existing retirement village's maintenance reserve fund is less than the maintenance reserve, the operator must increase the maintenance reserve fund contribution to reach the maintenance reserve within the following period after the commencement of this division—

-
- (a) if the first resident in the village occupied an accommodation unit 5 or more years before the commencement—10 years;
 - (b) if the first resident in the village occupied an accommodation unit less than 5 years before the commencement—5 years.
- (5) If the amount a scheme operator must spend on maintenance or repairs at any time is more than the amount held in the maintenance reserve fund, the operator must pay the difference between the actual amount to be spent and the amount held in the maintenance reserve fund.
- (6) An amount paid under subsection (5) is to be treated as an interest free loan from the scheme operator to the maintenance reserve fund.
- (7) The scheme operator may adjust the maintenance reserve fund contribution annually to ensure the maintenance reserve is reached within the relevant period mentioned in subsection (4).
- (8) Within 5 months after the end of each financial year, the scheme operator must give to the chief executive a copy of the full or updated report obtained, under subsections (1) and (2), during the financial year.

Maximum penalty for subsection (8)—200 penalty units.

99 Maintenance reserve fund budget

- (1) The scheme operator must adopt a budget for the maintenance reserve fund (a *maintenance reserve fund budget*) for each financial year that—
- (a) complies with subsection (3) and section 113AA; and
 - (b) subject to subsection (2), is consistent with, and implements any recommendations in, the quantity surveyor's report obtained or updated under section 98(1).

Maximum penalty—200 penalty units.

- (2) Subsection (1)(b) does not apply to the scheme operator to the extent of any part of the maintenance reserve fund budget that has been agreed to by the residents by special resolution at a residents meeting.
- (3) For subsection (1), the maintenance reserve fund budget must—
 - (a) allow for raising a reasonable amount for maintenance and repairs to—
 - (i) provide for necessary and reasonable spending from the maintenance reserve fund for the financial year; and
 - (ii) reserve an appropriate proportional share of amounts necessary to be accumulated to meet anticipated major expenditure over at least the next 9 years after the financial year; and
 - (b) fix the amount to be raised by way of contribution to cover the estimated recurrent expenditure mentioned in paragraph (a).

Example—

Painting of village property is anticipated to be necessary in 3 years time at a cost currently estimated at \$3,000. The contribution amount for the maintenance reserve fund in the budget for the financial year must therefore include the annual proportional share for painting of \$1,000. Next year, the estimated cost has increased to \$3,400 and so the second year levy will be \$1,200. The estimated cost in the third year is \$3,500, so with the \$2,200 accumulated, a levy of \$1,300 is necessary to meet the cost.

- (4) If, at the end of a financial year for which a budget for the maintenance reserve fund is adopted, there is a surplus or deficit, the surplus or deficit in the maintenance reserve fund must be carried forward and taken into account in adopting the budget for the next financial year.

100 Payments into maintenance reserve fund

- (1) The scheme operator must ensure that the following amounts are paid into the maintenance reserve fund—

- (a) the residents' maintenance reserve fund contributions;
- (b) interest received on investments belonging to the fund.

Maximum penalty—540 penalty units.

- (2) Subsection (1) does not limit the amounts a scheme operator may pay into the maintenance reserve fund.

Maximum penalty for subsection (3)—540 penalty units.

- (b) if the period of notice given under section 52 is extended—for more than 14 days after the end of the extended period of notice; or
- (c) if the resident's residence contract is terminated because the resident dies—for more than 28 days after the residence contract is terminated.

Maximum penalty—200 penalty units.

 - (a) allow for raising a reasonable amount to provide the general services for the financial year; and
 - (b) fix the amount to be raised by way of contribution to cover the amount.

103 Working out and paying general services charges for residents

- (1) The amount a resident of a retirement village may be charged for general services under a residence contract must be worked out in the way stated in the contract.
- (2) A scheme operator must not charge a resident of a retirement village for general services an amount more than the amount worked out under subsection (1).

Maximum penalty—200 penalty units.

- (3) The scheme operator must not include, or provide for, in a residence contract in a general services charge an amount or component, however described, that is payable for or towards replacing the retirement village's capital items.

Maximum penalty—200 penalty units.

- (4) However, subsection (3) does not apply to an existing residence contract.
- (5) Subject to section 104, a resident of a retirement village is responsible for only the resident's proportion of the general services charges for the period the resident resides in the resident's accommodation unit.
- (6) Subsection (1) or (2) does not prevent the resident from being required to pay, as part of a general services charge under a residence contract, an amount directly or indirectly attributable to GST payable for the supply by, or to, the scheme operator for general services.

supply has the meaning given by *A New Tax System (Goods and Services Tax) Act 1999* (Cwlth).

104 Working out and paying general services charges and maintenance reserve fund contributions for former residents

- (1) This section applies if a resident's right to reside under a residence contract in an accommodation unit is terminated under this Act.
- (2) The former resident is liable for the former part of the general services charge and maintenance reserve fund contribution for a financial year relating to the period from when the former resident vacates the resident's accommodation unit until the first of the following happens—
 - (a) the right to reside in the accommodation unit is sold;
 - (b) a period of 90 days elapses (the *90-day period*);
 - (c) the tribunal orders the scheme operator to pay the former resident's exit entitlement under section 171.
- (3) If the former resident's right to reside in the accommodation unit has not been sold within the 90-day period—
 - (a) the former resident and the scheme operator are each liable, after the 90-day period ends, to pay the relevant part of the general services charge and maintenance reserve fund contribution for a financial year in the same proportion as they are to share the gross ingoing contribution on the sale of the right to reside, as provided for in the residence contract; and
 - (b) the former resident ceases to be liable to continue to pay a proportion of the general services charge and maintenance reserve fund contribution for a financial year when the first of the following happens—

-
- (ii) a period of 9 months after the former resident vacates the accommodation unit ends.
- (4) If a former resident's right to reside in an accommodation unit has not been sold within the 90-day period, the scheme operator may—

105 General services charges and maintenance reserve fund contributions for unsold right to reside in accommodation units

- (1) A scheme operator must pay the proportion of the general services charges and maintenance reserve fund contributions relating to the right to reside in an accommodation unit in the village—
- (a) that has not been occupied under a residence contract; or
 - (b) if the liability of the former resident, who had the right to reside in the accommodation unit, to pay a proportion of the general services charges and maintenance reserve fund contributions has ended—
 - (i) under section 104(4); or
 - (ii) under the terms of the residence contract; or

(c) for which there is no residence contract in force.

CPI means the all groups consumer price index for Brisbane published by the Australian statistician.

CPI percentage increase, for a financial year, means the percentage increase between—

- (a) the CPI published for the third quarter of the financial year before the previous financial year; and
- (b) the CPI published for the third quarter of the previous financial year.

Example—

Under subsection (2), a scheme operator must not fix a total general services charge for the 2018–2019 financial year at an amount that is an increase on the amount of the total general services charge for the 2017–2018 financial year of more than the CPI percentage increase.

The relevant CPI percentage increase is the percentage increase between the CPI published for the third quarter of the 2016–2017 financial year and the CPI published for the third quarter of the 2017–2018 financial year.

This part does not apply if a resident holds a freehold interest or a leasehold interest in an accommodation unit in a retirement village.

Division 2 Creating a statutory charge, its effect and priority

115 Definition for div 2

In this division—

registered, for a security, means registered under the *Land Title Act 1994*.

116 Creating a charge

- (1) Immediately the chief executive registers a retirement village scheme, a statutory charge is created over the retirement village land.
- (2) As soon as practicable after the scheme is registered, the chief executive must give written notice of its registration to the registrar of titles.
- (3) The notice must—

- (a) identify the retirement village land; and
 - (b) state the day on which the scheme was registered.
- (4) The registrar of titles must record the charge in the freehold land register under the *Land Title Act 1994*.
- (5) However, subsection (1) does not apply if, before registering a retirement village scheme, the chief executive decides it should not apply—
- (a) because the scheme operator is—
 - (i) an organisation established for a religious, charitable or community purpose; and
 - (ii) of good standing in operating retirement village schemes; or
 - (b) because of other exceptional circumstances and the chief executive is satisfied the proposed scheme operator provides another security to secure the rights under a residence contract of a resident in the retirement village.

117 Charge extends to new land

- (1) This section applies if land (*new land*) becomes retirement village land of a retirement village after a charge (the *original charge*) on the original retirement village land (the *original land*) for the retirement village is created under section 116.

- (6) The registrar of titles must record the release of the original charge and the creation of the charge under subsection (2) in the freehold land register under the *Land Title Act 1994*.

118 Effect of charge

A statutory charge under this part secures the right of each resident of the retirement village to which it relates—

- (a) to occupy the resident's accommodation unit; and
- (b) to use the village's communal and recreational facilities; and
- (c) to be paid the exit entitlement the resident is entitled to under the resident's residence contract on termination of the contract.

- (1) A statutory charge notified to the registrar of titles under this division has priority over all registered securities in or over the retirement village land to which the notice relates, whether or not the security was registered before the statutory charge was notified to the registrar of titles.
- (2) However, a statutory charge does not have priority over the following registered securities—
 - (a) a charge created, and given priority over other charges, under a Commonwealth law or another law of the State;
 - (b) securities registered in or over the retirement village land before 1 November 1989.

- (2) Without limiting the orders it may make, the court may appoint a person to act as the vendor's agent for the sale.

 - (f) paying the balance to the person who owned the retirement village land immediately before the sale, or to someone else at the person's direction.
- (4) For ensuring compliance with subsection (3)(d), the vendor must take reasonable steps to locate any former resident to whom an exit entitlement is payable.

- (1) A statutory charge created over retirement village land under this part is extinguished on—
- (a) its release by the chief executive under section 125; or
