4 How main objects are achieved

The main objects are to be achieved primarily by—

Part 2 Registration of architects

Division 1 Preliminary

7A Types of registration as an architect

The types of registration as an architect under this Act are registration as a practising architect or a non-practising architect.

8 Applying for registration

- (1) Only an individual may apply to the board for registration as an architect.
- (2) The application must be—
 - (a) in the approved form and state the type of registration to which the application relates; and
 - (b) accompanied by each of the following—
 - (i) satisfactory evidence of the applicant's eligibility for registration;
 - (ii) any other documents, identified in the approved form, the board reasonably requires to decide the application;
 - (iii) the application fee and registration fee prescribed under a regulation.

[s 9]

- (3) The approved form must provide for the inclusion of the applicant's contact details as an architect.
- (4) The applicant also must provide any other relevant information reasonably required by the board to decide the application.

Note—

For how the board may make a requirement for information under section 8(4), 18(6) or 23(5), see section 27.

Division 2 Eligibility for registration

9 Eligibility

- (1) An applicant for registration is eligible for registration only if—
 - (a) the applicant is qualified, under section 10, for registration; and
 - (b) the board considers the applicant is fit to practise as an architect.
- (2) Also, an applicant for registration as a non-practising architect is eligible for registration only if the board is satisfied that the applicant will not carry out, or be responsible for the carrying out of, architectural services within the registration period to which the application for registration relates.

10 When applicant is qualified for registration

An applicant for registration is qualified for registration if the applicant has—

- (a) 1 or more of the following qualifications—
 - (i) a qualification in architecture recognised by the Architects Accreditation Council of Australia (the *AACA*);
 - (ii) a qualification in architecture obtained outside Australia and assessed by the *AACA* to be

-
- equivalent to a qualification mentioned in subparagraph (i);
- (iii) successful completion of the National Program of Assessment, or another program, coordinated by the AACA; and
- (b) successfully completed—
- (i) the AACA's Architectural Practice Examination; or
 - (ii) another examination, if any, arranged or approved by the board.

11 Fitness to practise as an architect

In deciding whether an applicant for registration is fit to practise as an architect, the board may have regard to each of the following—

- (a) whether the applicant has a conviction, other than a spent conviction, for—
 - (i) an indictable offence; or
 - (ii) an offence against this Act or the repealed Act; or
 - (iii) another offence, relating to the practice of architecture, against a law applying, or that applied, in the State, the Commonwealth, another State or a foreign country;
- (b) if the applicant has been registered under this Act or the repealed Act, or registered to practise as an architect under a law applying, or that applied, in the Commonwealth, another State or a foreign country and the registration was suspended or cancelled—the reason for its suspension or cancellation;
- (c) if the applicant has been a member of an association of architects, whether in Australia or a foreign country, and the membership was suspended or cancelled—the reason for its suspension or cancellation;

- (d) an order about the applicant made under section 130 or 131 of this Act or section 80 of the repealed Act;
- (e) a proceeding taken against the applicant for a matter mentioned in section 36 under a law applying, or that applied, in the Commonwealth, another State or a foreign country;
- (f) whether the applicant—
 - (i) is affected by bankruptcy action; or
 - (ii) is an executive officer of a corporation affected by control action after the commencement of this section;
- (g) if the applicant was required to undergo a health assessment—
 - (i) whether the applicant complied with the requirement; and
 - (ii) whether the applicant cooperated with the medical practitioner appointed to perform the assessment;
- (h) whether a health assessment report for the applicant states that the applicant is unable to competently and safely practise as an architect;
- (i) whether the board reasonably believes a materially false or misleading representation or document is included in the application;
- (j) any other issue relevant to the applicant's ability to competently practise as an architect, including, for example, the applicant's mental or physical health.

Division 3 Decision on applications for registration

12 Deciding application

The board must consider each application for registration made under section 8 and either grant or refuse to grant the

application as soon as practicable after the last of the following events to happen—

- (a) the board receives the application;
- (b) the board receives all necessary information to decide the application.

13 Grant of application

If the board decides to grant the application, it must as soon as practicable give the applicant a certificate of registration.

14 Refusal of application

If the board decides to refuse to grant the application, it must as soon as practicable—

- (a) give the applicant an information notice for the decision; and
- (b) refund the fees that accompanied the application less a reasonable amount, if any, prescribed under a regulation for processing the application.

15 Period of registration

- (1) The period of registration that is to apply to an architect (the *registration period*) is a financial year.
- (2) If the board decides to register an applicant during a registration period, the registration remains in force for the period—
 - (a) commencing on the day when the board makes the decision; and
 - (b) ending on the last day of the registration period.

Division 4 Renewal and restoration of registrations

Subdivision 1 Preliminary

16 Meaning of *continuing registration requirements*

- (1) *Continuing registration requirements* are requirements of the board that, if satisfied, demonstrate that an applicant for renewal or restoration of registration has maintained competency in the practice of architecture.
- (2) The requirements may include requirements about the following—
 - (a) the nature, extent and period of practice of architecture by the applicant;
 - (b) the nature and extent of continuing professional development to be undertaken by the applicant;
 - (c) the nature and extent of research, study or teaching, relating to architecture, to be undertaken by the applicant;
 - (d) the nature and extent of administrative work, relating to architecture, to be performed by the applicant.
- (3) The requirements are satisfied by complying with the board's continuing registration requirements for architecture.
- (4) The board must—
 - (a) keep published the board's continuing registration requirements on the board's website; and
 - (b) keep the requirements available for inspection, without charge, at the board's office when the office is open to the public; and
 - (c) if asked by a person and on payment of the fee, if any, prescribed under a regulation, give the person a copy of the requirements.

17 Notification of expiry of registration

The board must give an architect notice of the expiry of the architect's registration at least 3 months before the expiry.

Subdivision 2 Renewal

18 Applying for renewal

- (1) An architect may apply to the board for renewal of the architect's registration.
- (2) The application may only be made at least 1 month, but not more than 3 months, before the last day of the registration period (the *expiry day*).
- (3) The application must be—
 - (a) in the approved form; and
 - (b) accompanied by each of the following—
 - (i) any other documents, identified in the approved form, the board reasonably requires to decide the application;
 - (ii) the annual registration fee.
- (4) Despite subsection (2), the board may accept an application for renewal of registration made within 1 month before the expiry day if the board is satisfied it would be reasonable in all the circumstances to accept the application.
- (5) The approved form must provide for the inclusion of the applicant's contact details as an architect.
- (6) The architect also must provide any other relevant information reasonably required by the board to decide the application.

19 Registration in force while application is considered

- (1) If an application is made under section 18(2), or the board decides to accept an application under section 18(4), the

applicant's registration is taken to continue in force from the day it would, apart from this section, have expired until—

- (a) if the board decides to renew the registration—the day a new certificate of registration is given to the applicant under section 21; or
 - (b) if the board decides to refuse to renew the registration—the day stated, under section 22(a), in the information notice for the decision; or
 - (c) if the application is taken to have lapsed under section 27—the day it is taken to have lapsed.
- (2) Subsection (1) does not apply if the registration is earlier suspended or cancelled under this Act.

20 Deciding application

- (1) The board must consider an accepted application and either renew or refuse to renew the registration as soon as practicable after the last of the following events to happen—
 - (a) the board receives the application;
 - (b) the board receives all necessary information to decide the application.
- (2) In deciding the application, the board must have regard to—
 - (a) whether the board considers the applicant is fit to practise as an architect; and
 - (b) the extent, if any, to which the applicant has satisfied the continuing registration requirements.
- (3) Also, for an application for renewal of registration as a non-practising architect, the board must be satisfied that the applicant will not carry out, or be responsible for the carrying out of, architectural services within the registration period to which the application relates.
- (4) In considering whether an applicant is fit to practise as an architect, the board may have regard to the same matters to

which the board may have regard in deciding whether an applicant for registration is fit to practise as an architect.

Note—

For the matters the board may have regard to in deciding if an applicant for registration is fit to practise as an architect, see section 11 (Fitness to practise as an architect).

(5) In this section—

accepted application means an application made under section 18(2) or an application the board accepts under section 18(4).

21 Renewal of registration

If the board decides to renew the applicant's registration, it must as soon as practicable give the applicant a new certificate of registration.

22 Refusal to renew registration

If the board decides to refuse to renew the registration, it must as soon as practicable—

- (a) give the applicant an information notice for the decision stating the day, not before the expiry day and not earlier than 7 days after the notice is given, on which the registration ends; and
- (b) refund the annual registration fee that accompanied the application.

Subdivision 3 Restoration

23 Applying for restoration

- (1) If an individual's registration has expired, the individual, within 2 months after the expiry, may apply to the board for restoration of the registration.
- (2) The application must be—

- (a) in the approved form; and
- (b) accompanied by each of the following—
 - (i) any documents, identified in the approved form, the board reasonably requires to decide the application;
 - (ii) the application fee prescribed under a regulation;
 - (iii) the annual registration fee.
- (3) Despite subsection (1), the board may accept an application for restoration of registration made more than 2 months after the expiry if the board is satisfied it would be reasonable in all the circumstances to accept the application.
- (4) The approved form must provide for the inclusion of the applicant's contact details as an architect.
- (5) The applicant also must provide any other relevant information reasonably required by the board to decide the application.

24 Deciding application

- (1) The board must consider an accepted application and either restore or refuse to restore the registration as soon as practicable after the last of the following events to happen—
 - (a) the board receives the application;
 - (b) the board receives all necessary information to decide the application.
- (2) In deciding the application, the board must have regard to—
 - (a) whether the board considers the applicant is fit to practise as an architect; and
 - (b) the extent, if any, to which the applicant has satisfied the continuing registration requirements.
- (3) Also, for an application for restoration of registration as a non-practising architect, the board must be satisfied that the applicant will not carry out, or be responsible for the carrying

out of, architectural services within the registration period to which the application relates.

(4) In considering whether an applicant is fit to practise as an architect, the board may have regard to the same matters to which the board may have regard in deciding whether an applicant for registration is fit to practise as an architect.

(5) In this section—

accepted application means an application made under section 23(1) or an application the board accepts under section 23(3).

25 Restoration of registration

(1) If the board decides to restore the applicant's registration, the board must as soon as practicable give the applicant a new certificate of registration.

(2) The registration remains in force for the period—

(a) commencing on the day when the board makes the decision; and

(b) ending on the last day of the registration period in which the decision is made.

26 Refusal to restore registration

If the board decides to refuse to restore the registration, it must as soon as practicable—

(a) give the applicant an information notice for the decision; and

(b) refund the annual registration fee that accompanied the application.

Division 5 Lapsing of applications

27 Lapsing of application

- (1) This section applies if an application for registration, or renewal or restoration of registration, is made under this part.
- (2) The board may make a requirement under section 8(4), 18(6) or 23(5) for information to decide the application by giving the applicant a notice stating—
 - (a) the required information; and
 - (b) the time by which the information must be given to the board; and
 - (c) that, if the information is not given to the board by the stated time, the application will lapse.
- (3) The stated time must be at least 21 days after the requirement is made.
- (4) The board may give the applicant a further notice extending or further extending the time if the board is satisfied it would be reasonable in all the circumstances to give the extension.
- (5) A notice may be given under subsection (4) even if the time to which it relates has lapsed.
- (6) If the applicant does not comply with the requirement within the stated time, or any extension, the application lapses.
- (7) If an application lapses under subsection (6), the board must, as soon as practicable after it lapses, refund the fees that accompanied the application less a reasonable amount, if any, prescribed under a regulation for processing the application.

Division 6 Cancellation and immediate suspension of registrations

28 Grounds for cancellation

The board may cancel an architect's registration under this part if—

- (a) the board believes on reasonable grounds the architect was registered because of a materially false or misleading representation or document; or
- (b) the architect is—
 - (i) affected by bankruptcy action; or
 - (ii) an executive officer of a corporation affected by control action; or
- (c) the architect's registration to practise as an architect under a law applying, or that applied, in the Commonwealth, another State or a foreign country has been cancelled under that law for disciplinary reasons; or
- (d) the architect's membership of an association of architects, whether in Australia or a foreign country, has been cancelled under the association's rules for disciplinary reasons; or
- (e) an order about the architect is made under section 130 or 131; or
- (f) a proceeding is taken against the architect for a matter mentioned in section 36 under a law applying in the Commonwealth, another State or a foreign country; or

Division 7B General powers of investigators after entering places

62J Application of division

- (1) The powers under this division may be exercised if the investigator enters a place under section 62A.
- (2) However, if an investigator enters a place to get the occupier's consent to enter a place, this division applies to the investigator only if the consent is given or the entry is otherwise authorised.

62K General powers

- (1) The investigator may do any of the following (each a *general power*)—
 - (a) search any part of the place;

- (b) inspect, examine or film any part of the place or anything at the place;
 - (c) take for examination a thing, or a sample of or from a thing, at the place;
 - (d) take an extract from, or copy, a document at the place, or take the document to another place to copy;
 - (e) take into or onto the place any person, equipment and materials the investigator reasonably requires for exercising a power under this division;
 - (f) remain at the place for the time necessary to achieve the purpose of the entry.
- (2) The investigator may take a necessary step to allow the exercise of a general power.
- (3) If the investigator takes a document from the place to copy it, the investigator must copy the document and return it to the place as soon as practicable.
- (4) If the investigator takes from the place an article or device reasonably capable of producing a document from an electronic document to produce the document, the investigator must produce the document and return the article or device to the place as soon as practicable.
- (5) In this section—
- examine* includes analyse, test, account, measure, weigh, grade, gauge and identify.
- film* includes photograph, videotape and record an image in another way.
- inspect*, a thing, includes open the thing and examine its contents.

62L Power to require reasonable help

- (1) The investigator may make a requirement (a *help requirement*) of an occupier of the place or a person at the place to give the investigator reasonable help to exercise a

general power, including, for example, to produce a document or to give information.

- (2) When making the help requirement, the investigator must give the person an offence warning for the requirement.

62M Offence to contravene help requirement

- (1) A person of whom a help requirement has been made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is a reasonable excuse for an individual not to comply with a help requirement if complying might tend to incriminate the individual or expose the individual to a penalty.

Division 7C Power to seize evidence

62N Seizing evidence at a public place that may be entered without consent or warrant

- (1) This section applies if an investigator enters a public place.
- (2) The investigator may seize a thing at the public place if the investigator reasonably believes the thing is evidence of an offence against this Act.

62O Seizing evidence at a place that may only be entered with consent or warrant

- (1) This section applies if—
 - (a) an investigator is authorised to enter a place under this part only with the consent of the occupier of the place or a warrant; and
 - (b) the investigator enters the place after obtaining the necessary consent or warrant.

- (2) If the investigator enters the place with the occupier's consent, the investigator may seize a thing at the place if—
 - (a) the investigator reasonably believes the thing is evidence of an offence under this Act; and
 - (b) seizure of the thing is consistent with the purpose of entry as explained to the occupier when asking for the occupier's consent.
- (3) If the investigator enters the place under a warrant, the investigator may seize the evidence for which the warrant was issued.
- (4) The investigator may also seize anything else at the place if the investigator reasonably believes—
 - (a) the thing is evidence of an offence against this Act; and
 - (b) the seizure is necessary to prevent the thing being hidden, lost or destroyed.

62P Power to secure seized thing

- (1) Having seized a thing under this division, an investigator may—
 - (a) leave it at the place where it was seized (the *place of seizure*) and take reasonable action to restrict access to it; or
 - (b) move the thing from the place of seizure.
- (2) For subsection (1)(a), the investigator may, for example—
 - (a) seal the thing, or the entrance to the place of seizure, and mark the thing or place to show access to the thing or place is restricted; or
 - (b) for equipment—make it inoperable; or
 - (c) require a person the investigator reasonably believes is in control of the place or thing to do an act mentioned in paragraph (a) or (b) or anything else an investigator could do under subsection (1)(a).

62Q Offence to contravene seizure requirement

A person must comply with a requirement made of the person under section 62P(2)(c) unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

62R Offence to interfere

(1) If access to a seized thing is restricted under section 62P, a person must not tamper with the thing or with anything used to restrict access to the thing without—

- (a) an investigator's approval; or
- (b) a reasonable excuse.

Maximum penalty—50 penalty units.

(2) If access to a place is restricted under section 62P, a person must not enter the place in contravention of the restriction or tamper with anything used to restrict access to the place without—

- (a) an investigator's approval; or
- (b) a reasonable excuse.

Maximum penalty—50 penalty units.

62S Receipt and information notice for seized thing

(1) This section applies if an investigator seizes anything under this division unless—

- (a) the investigator reasonably believes there is no-one apparently in possession of the thing or it has been abandoned; or
- (b) because of the condition, nature and value of the thing it would be unreasonable to require the investigator to comply with this section.

[s 62T]

- (2) The investigator must, as soon as practicable after seizing the thing, give an owner or person in control of the thing before it was seized—
 - (a) a receipt for the thing that generally describes the thing and its condition; and
 - (b) an information notice about the decision to seize it.
- (3) However, if an owner or person from whom the thing is seized is not present when it is seized, the receipt and information notice may be given by leaving them in a conspicuous position and in a reasonably secure way at the place at which the thing is seized.
- (4) The receipt and information notice may—
 - (a) be given in the same document; and
 - (b) relate to more than 1 seized thing.
- (5) The investigator may delay giving the receipt and information notice if the investigator reasonably suspects giving them may frustrate or otherwise hinder an investigation by the investigator under this part.
- (6) However, the delay may be only for so long as the investigator continues to have the reasonable suspicion and remains in the vicinity of the place at which the thing was seized to keep it under observation.

62T Access to seized thing

- (1) Until a seized thing is forfeited or returned, the investigator who seized the thing must allow an owner of the thing—
 - (a) to inspect it at any reasonable time and from time to time; and
 - (b) if it is a document—to copy it.
- (2) Subsection (1) does not apply if it is impracticable or would be unreasonable to allow the inspection or copying.
- (3) The inspection or copying must be allowed free of charge.

62U Return of seized things

- (1) If a seized thing is not forfeited, the investigator must return it to its owner—
 - (a) at the end of 1 year; or
 - (b) if proceedings involving the thing are started within 1 year, at the end of the proceedings and any appeal from the proceedings.
- (2) Despite subsection (1), unless a thing that has been seized as evidence is forfeited, the investigator must immediately return it to its owner if the investigator stops being satisfied its continued retention as evidence is necessary.

62V Forfeiture of seized things

- (1) The board may decide a thing that has been seized under this division is forfeited to the board if the board or an investigator—
 - (a) after making reasonable inquiries, can not find an owner; or
 - (b) after making reasonable efforts, can not return it to an owner; or
 - (c) reasonably believes it is necessary to keep the thing to prevent it being used to commit the offence for which it was seized.
- (2) However, for subsection (1)(a) and (b), the board or investigator is not required to—
 - (a) make inquiries if it would be unreasonable to make inquiries to find an owner; or
 - (b) make efforts if it would be unreasonable to make efforts to return the thing to an owner.

Example for paragraph (b)—

The owner of the thing has migrated to another country.

- (3) Regard must be had to the thing's condition, nature and value in deciding—

- (a) whether it is reasonable to make inquiries or efforts; and
- (b) if inquiries or efforts are made—what inquiries or efforts, including the period over which they are made, are reasonable.

62W Information notice about forfeiture decision

- (1) If the board decides under section 62V(1) to forfeit a seized thing, the board must as soon as practicable give a person who owned the thing immediately before the forfeiture (the *former owner*) an information notice about the decision.
- (2) If the decision was made under section 62V(1)(a) or (b), the information notice may be given by leaving it at the place where the seized thing was seized, in a conspicuous position and in a reasonably secure way.
- (3) The information notice must state that the former owner may apply for a stay of the decision if he or she applies to the tribunal for a review of the decision.
- (4) However, subsections (1) to (3) do not apply if—
 - (a) the decision was made under section 62V(1)(a) or (b); and
 - (b) the place where the seized thing was seized is—
 - (i) a public place; or
 - (ii) a place where the notice is unlikely to be read by the former owner.

62X When thing becomes property of the board

A thing becomes the property of the board if the thing is forfeited to the board under section 62V.

62Y How property may be dealt with

- (1) This section applies if, under section 62X, a thing becomes the property of the board.

- (2) The board may deal with the thing as the board considers appropriate, including, for example, by destroying it or giving it away.
- (3) The board must not deal with the thing in a way that could prejudice the outcome of an appeal against the forfeiture under this part.
- (4) If the board sells the thing, the board must, after deducting the costs of the sale, make reasonable efforts to return the proceeds of the sale to the former owner of the thing.

Division 8 Notice of damage and compensation

63 Notice of damage

- (1) This section applies if the board or an investigator damages property when exercising or purporting to exercise a power under division 6 or 7.
- (2) The board or investigator must immediately give notice of the damage to the person who appears to the board or investigator to be the owner of the property.
- (3) The notice must state—
 - (a) the particulars of the damage; and
 - (b) that the person who suffered the damage may be entitled to claim compensation under section 64.
- (4) If the board or investigator believes the damage was caused by a latent defect in the property or circumstances beyond the board's or investigator's control, the board or investigator may state the belief in the notice.
- (5) This section does not apply to damage the board or investigator reasonably believes is trivial.
- (6) In subsection (2)—

owner, of property, includes the person in possession or control of it.

64 Compensation

- (1) This section applies if a person incurs loss or damage because of the exercise or purported exercise of a power under division 6 or 7.
- (2) The person is entitled to be paid the reasonable compensation because of the loss or damage agreed between the board and the person, or failing agreement, decided by a court.
- (3) Compensation may be claimed and ordered to be paid in a proceeding—
 - (a) brought in a court with jurisdiction for the recovery of the amount of compensation claimed; or
 - (b) for an offence against this Act brought against the person claiming compensation.
- (4) A court may order compensation to be paid only if it is satisfied it is fair to make the order in the circumstances of the particular case.

- (2) If a person has obstructed the board or an investigator as mentioned in subsection (1) and the board or investigator decides to proceed with the exercise of the power, the board or investigator must warn the person that—

- (5) Also, regardless of what the board decides under subsection (2)(a) to (d), the board may start proceedings to prosecute the architect for an offence.
- (6) A decision to take action as mentioned in subsection (2)(b) to (e) does not prevent the board taking the matter the subject of the investigation into consideration at a later time as part of a pattern of conduct or practice that may result in starting a disciplinary proceeding against the architect.

74 Notice of result of investigation about architects

- (1) As soon as practicable after making a decision under section 73(2) or (4) about an architect, the board must give notice of the decision to—
