In this part—

dual sector entity means an entity prescribed as a dual sector entity under division 2.

VET operations, in relation to a dual sector entity, means the operations of the dual sector entity that involve the delivery of vocational education and training.

Division 2 Establishing dual sector entity

57B Dual sector entity may be prescribed

- (1) A regulation may prescribe an entity as a dual sector entity.

- (2) The Minister may recommend the making of a regulation under subsection (1)—
 - (a) only with the entity's agreement; and
 - (b) only if the Minister is satisfied the entity is a suitable entity for performing VET operations at an appropriate standard.

Division 3 Operational plans

57C Application of division

- (1) This division applies to a dual sector entity in the performance of all its operations.
- (2) However, if a regulation under this section prescribes a day for the entity, this division applies to the entity on and from the prescribed day only to the extent of the performance of its VET operations.

57D Relationship with operational plan requirements under FA Act

- (1) The requirements applying to a dual sector entity under this division are in addition to any requirements about an operational plan that may apply to the entity as a statutory body or otherwise under the FA Act.
- (2) Subsection (1) does not stop the dual sector entity combining its compliance with this division with its compliance with the FA standards to the extent it is reasonable and practicable to do so.

57E Purpose and operation of division

The purpose of this division is to require a dual sector entity to have an operational plan and to comply with the plan.

57F Preparation of draft plan

- (1) A dual sector entity must give the Minister, for the Minister's agreement, a draft operational plan for each operational plan year for the entity (the *relevant year*).
- (2) This section does not apply for a dual sector entity's first operational plan as provided for in section 57L.
- (3) The draft must be given at least 2 months before the start of the relevant year.
- (4) It is Parliament's expectation that the Minister and the dual sector entity should reach agreement about the draft plan at least 1 month before the start of the relevant year.
- (5) Despite subsections (3) and (4), if an entity becomes a dual sector entity in the last 3 months immediately before the start of the relevant year—
 - (a) the draft plan must be given as soon as possible; and
 - (b) it is Parliament's expectation that the Minister and the dual sector entity should reach agreement about the draft plan as soon as possible, whether before or after the start of the relevant year.

Note—

Section 57L would nevertheless apply to require a first draft operational plan for the period before the relevant year starts.

- (6) In this section—

operational plan year, for a dual sector entity, means—

 - (a) if the dual sector entity is a university established under an Act—the period stated under that Act as the university's financial year; or
