Voluntary Assisted Dying Regulation 2022

Part 1 Preliminary

1 Short title

This regulation may be cited as the *Voluntary Assisted Dying Regulation 2022*.

2 Commencement

This regulation commences on 1 January 2023.

Part 2 Prescribing, supplying and disposing of voluntary assisted dying substance

3 Other requirements for prescribing—Act, s 67

- (1) This section prescribes other requirements for section 67 of the Act.
- (2) The coordinating practitioner must state the following information on the prescription for the voluntary assisted dying substance—
 - (a) the coordinating practitioner's name;
 - (b) the place where the coordinating practitioner usually practices;
 - (c) the coordinating practitioner's phone number;
 - (d) the date the prescription is issued;
 - (e) the address of the person who is accessing voluntary assisted dying.
- (3) The coordinating practitioner must sign the prescription.

4 Labelling requirements for voluntary assisted dying substance—Act, s 71

- (1) This section prescribes labelling requirements for section 71 of the Act.
- (2) The authorised supplier must attach a label to the outside of the container or package of the voluntary assisted dying substance stating the following information—
 - (a) the name, address and telephone number of the place where the authorised supplier supplied the substance;
 - (b) the approved name or brand name of the substance;
 - (c) the form and strength of the substance;
 - (d) the total quantity of the substance in the container or package;
 - (e) the words ‘keep out of reach of children’ in red capital letters on a white background;
 - (f) the name of the person who is accessing voluntary assisted dying;
 - (g) the unique identifying number given to the prescription for the supply of the substance by the authorised supplier;
 - (h) the date the substance is supplied;
 - (i) the date on which the substance is due to expire.
- (3) Also, the authorised supplier must attach another label to the outside of the container or package of the voluntary assisted dying substance stating the following information—
 - (a) that the purpose of the dose of the substance is to cause death;
 - (b) that the substance must be stored in accordance with the Act;
 - (c) that any unused or remaining substance must be disposed of in accordance with the Act.
- (4) A word required under subsection (2) or (3) to be written on a label must—

-
- (a) be written in the English language; and
 - (b) be written in letters that are at least 1.5mm in height; and
 - (c) for a word other than a word mentioned in subsection (2)(e)—be written in a colour that provides a distinct contrast to the background colour.
- (5) In this section—
approved name see the Poisons Standard, part 1.

5 Other requirements for supplying—Act, s 73

- (1) This section prescribes other requirements for section 73 of the Act.
- (2) The authorised supplier must not supply the voluntary assisted dying substance if the prescription for the substance was issued more than 6 months before the day the substance is to be supplied.
- (3) Also, the authorised supplier must not supply the voluntary assisted dying substance in accordance with a prescription for the substance if a voluntary assisted dying substance (the *previously supplied substance*) has already been supplied for the person named in the prescription.
- (4) However, subsection (3) does not apply if the previously supplied substance—
 - (a) has been disposed of by an authorised disposer or the administering practitioner for the person; or
 - (b) is in the possession of an authorised disposer or the administering practitioner for the person.
- (5) The authorised supplier must keep the prescription for the voluntary assisted dying substance for at least 2 years after the day the substance was supplied.

6 Storage of voluntary assisted dying substance—Act, s 74

- (1) This section prescribes requirements for section 74 of the Act.

[s 7]

- (2) The person must store the voluntary assisted dying substance in a box—
 - (a) that is not easily penetrable; and
 - (b) that is lockable with a lock of sturdy construction.
- (3) The person must immediately lock the box and keep the box locked unless the voluntary assisted dying substance is being prepared, administered or disposed of.

7 Other requirement for disposal—Act, s 79

- (1) For section 79 of the Act, the authorised disposer or administering practitioner must personally destroy the voluntary assisted dying substance or any unused or remaining substance.
- (2) In this section—

destroy, a voluntary assisted dying substance or unused or remaining substance, means dispose of the substance in a way that renders it unusable and unidentifiable by any person.
