Section 66 of the *Valuers Registration Act 1992*

Section 72 of the *Vegetation Management Act 1999*

Section 1014(2)(a) of the *Water Act 2000*

Policy objectives and the reasons for them

The objective of the regulation is to index regulatory fees for the Department of Natural Resources and Mines. Regulatory fees are reviewed annually in accordance with government policy.

Minor amendments identified by the Office of the Queensland Parliamentary Counsel are also being made. This meets the policy objective to keep legislation current and consistent.

Achievement of policy objectives

This subordinate legislation will achieve its objective by increasing fees and charges under the Acts administered by the Department of Natural Resources and Mines. An index figure of 3.5% has been applied (with rounding for coinable amounts), as advised by Queensland Treasury and Trade.

The minor amendments will achieve consistency and currency of the department's legislation in line with government objectives.

Consistency with policy objectives of authorising law

The amendment regulation is consistent with the objective of the relevant Acts.

Inconsistency with policy objectives of other legislation

The subordinate legislation is not inconsistent with any policy objectives of any legislation.

Benefits and costs of implementation

The indexation of fees provides a mechanism understood by the community and industry to maintain price relativity, aiding the government in formulating the state and departmental budgets.

There are no additional costs associated with implementing the regulation.

Consistency with fundamental legislative principles

The subordinate legislation is consistent with fundamental legislative principles.

Consultation

Consultation has been undertaken with the Queensland Office for Regulatory Efficiency, Queensland Treasury and Trade in determining that the amendment was excluded from the requirement to undertake a Regulatory Assessment Statement.

ENDNOTES

- 1 Laid before the Legislative Assembly on . . .
- 2 The administering agency is the Department of Natural Resources and Mines.
