Policy objectives and the reasons for them

This regulation will introduce a variety of departmental fees and charges for the 2014-15 financial year.

Each year the Department of Transport and Main Roads undertakes a review of fees and charges. The review adjusts general fees and charges based on Queensland government policy, which states that fees and charges are to be increased annually by the current Government indexation policy.

The current Government indexation policy was confirmed on 20 March 2014 to be 3.5 per cent.

Registration fees for motor vehicles with a gross vehicle mass of more than 4.5 tonnes are not subject to the Queensland Government's approved indexation factor. They are increased in accordance with recommendations made by the National Transport Commission.

The National Transport Commission has not advised the recommended increase for 2014-15. As such, heavy vehicle registration fees do not form part of this regulation and will be amended by a separate amendment regulation.

Achievement of policy objectives

The new fees and charges will be introduced by amendments to the following pieces of legislation:

Consistency with policy objectives of authorising law

The amendments are consistent with the policy objectives of the authorising laws.

Benefits and costs of implementation

The costs associated with implementation of the new general fees and charges are minor administrative costs. These are not considered to be significant and will be funded by existing budget allocations.

Heavy vehicle registration fees contribute to the recovery of the cost of heavy vehicles' share of road expenditure. Recovering the costs of providing and maintaining roads that are attributable to heavy vehicles will ensure the ongoing sustainability of road infrastructure in Queensland.

Consistency with fundamental legislative principles

The amendments are consistent with fundamental legislative principles.

Consultation

Queensland Treasury and Trade requires State Government fees and charges to be indexed annually. No consultation has been undertaken with external stakeholders.
