

Water Resource (Georgina and Diamantina) Plan (Postponement of Expiry) Notice 2014

Explanatory notes for SL 2014 No. 167

made under the

Water Act 2000

General Outline

Short title

Water Resource (Georgina and Diamantina) Plan (Postponement of Expiry) Notice 2014

Authorising law

Section 52A of the *Water Act 2000* (the Act)

Policy objectives and the reasons for them

The primary objective of this subordinate legislation is to postpone the expiry of the *Water Resource (Georgina and Diamantina) Plan 2004*.

The *Water Resource (Georgina Diamantina) Plan 2004* continues to be appropriate for the plan area as the level of demand for water in the catchment remains low, therefore the plan's expiry has been postponed to its maximum period. There are no expected adverse impacts of the postponement of plan expiry on water users or the environment.

Achievement of policy objectives

The policy objectives are achieved through the notice, which is declared to be subordinate legislation under section 52B(9) of the Act.

Consistency with policy objectives of authorising law

The notice is consistent with the main objects of the Act.

Inconsistency with policy objectives of other legislation

The notice is not inconsistent with the policy objectives of other legislation.

Benefits and costs of implementation

There are no costs associated with implementation of this notice.

Consistency with fundamental legislative principles

The notice is consistent with fundamental legislative principles.

Consultation

A notice outlining the proposed new expiry date for the plan and the reasons for the proposed postponement was published on the Department of Natural Resources and Mines website and advertised in the Longreach Leader and North West Star. Public submissions received were considered in making a final decision to postpone the expiry of the *Water Resource (Georgina and Diamantina) Plan 2004*.

The Office of Best Practice Regulation was consulted in relation to the notice and confirmed that a Regulatory Impact Statement is not required.
