Mineral and Energy Resources (Common Provisions) Act 2014

An Act to provide for the first step in creating a simplified common framework for managing resource authorities in order to optimise development and use of Queensland’s mineral and energy resources and to manage overlapping coal and petroleum resource authorities for coal seam gas, and further to repeal the Coal and Oil Shale Mine Workers’ Superannuation Act 1989, and to amend this Act, the Aboriginal Cultural Heritage Act 2003, the Environmental Protection Act 1994, the Geothermal Energy Act 2010, the Greenhouse Gas Storage Act 2009, the Land Court Act 2000, the Mineral Resources Act 1989, the Mount Isa Mines Limited Agreement Act 1985, the Petroleum Act 1923, the Petroleum and Gas (Production and Safety) Act 2004, the Property Law Act 1974, the State Development and Public Works Organisation Act 1971, the Torres Strait Islander Cultural Heritage Act 2003 and the Mineral Resources Regulation 2013 for particular purposes

Chapter 1 Preliminary

Part 1 Introduction

1 Short title

This Act may be cited as the *Mineral and Energy Resources (Common Provisions) Act 2014*.

2 Commencement

This Act commences on a day to be fixed by proclamation.

Part 2 Purposes and application of Act

3 Main purposes

The main purposes of this Act are—

- (a) to consolidate particular provisions common to each of the Resource Acts; and*
- (b) to provide for particular common processes that apply to resource authorities; and*
- (c) to manage overlapping coal and petroleum resource authorities for coal seam gas; and*
- (d) to assist in achieving the purposes of each of the Resource Acts.*

4 How main purposes are achieved

- (1) The main purposes are achieved by providing for the following matters mainly in this Act, rather than in each of the Resource Acts—*
 - (a) dealings, caveats and associated agreements;*
 - (b) land access;*
 - (c) the new framework for overlapping coal and petroleum resource authorities for coal seam gas;*
 - (d) the resource authority register;*
 - (e) other miscellaneous matters.*
- (2) It is the intention of Parliament that this Act be the first step towards the replacement of the Resource Acts with a*

simplified common framework that will apply to all resource authorities.

5 Act binds all persons

- (1) *This Act binds all persons, including the State and as far as the legislative power of the Parliament permits, the Commonwealth and the other States.*
- (2) *Nothing in this Act makes the State, the Commonwealth or another State liable to be prosecuted for an offence against this Act.*

6 Relationship with Resource Acts

- (1) *This Act is to be read and construed with, and as if it formed part of, each Resource Act.*
- (2) *Without limiting subsection (1), the following principles apply—*
 - (a) *this Act is not intended to exclude, limit or otherwise affect the operation of a Resource Act unless this Act otherwise expressly provides;*
 - (b) *a reference to ‘this Act’ in a provision of a Resource Act relating to any of the following matters includes a reference to this Act—*
 - (i) *the functions or powers of an authorised officer under a Resource Act, including, for example, the power to give a compliance direction;*
 - (ii) *the functions or powers of a Minister under a Resource Act, including, for example, the power to take noncompliance action;*
 - (iii) *proceedings for an offence against a provision of a Resource Act;*
 - (c) *if the context permits, a reference to ‘this Act’ in a provision of a Resource Act, other than a provision mentioned in paragraph (b), includes a reference to this Act.*

[s 7]

- (3) *Without limiting subsection (2)(a), this Act is not intended to exclude, limit or otherwise affect the following unless this Act otherwise expressly provides—*
- (a) *the power under a Resource Act to grant a resource authority;*
 - (b) *the carrying out of authorised activities for a resource authority;*
 - (c) *the duties, obligations, requirements or restrictions imposed on a resource authority holder.*
- (4) *Despite subsections (2)(a) and (3), if this Act is inconsistent with a Resource Act, this Act prevails to the extent of the inconsistency.*
- (5) *Without limiting subsection (1), (2), (3) or (4)—*
- (a) *if a provision of this Act deals with a particular matter and a provision of a Resource Act deals with the same matter and it is impossible to comply with both provisions, a person must comply with the provision of this Act and is excused from complying with the provision of the Resource Act, to the extent that it can not be complied with; and*
 - (b) *if a provision of this Act deals with a particular matter and a provision of a Resource Act deals with the same matter and it is possible to comply with both provisions, a person must comply with both provisions.*

7 Reference to a Resource Act includes reference to this Act

If the context permits, a reference in another Act or document to a Resource Act is taken to include a reference to this Act.

Chapter 2 Dealings, caveats and associated agreements

Part 1 Dealings

16 What is a dealing

A dealing, in relation to a resource authority, is—

- (a) any transaction or arrangement that causes the creation, variation, transfer or extinguishment of an interest in the resource authority; or*
- (b) another transaction or arrangement, prescribed by regulation, that affects the resource authority.*

17 Prescribed dealings require registration

- (1) A regulation may prescribe the dealings with a resource authority (each a **prescribed dealing**) that must be registered under this part to have effect.*
- (2) A prescribed dealing must not be registered without the Minister's approval.*
- (3) A prescribed dealing has no effect unless, and until, it is registered under this part.*

18 Prohibited dealings have no effect

- (1) The following dealings with a resource authority are prohibited—*
 - (a) a dealing with a resource authority that transfers a divided part of the authorised area for the resource authority, unless the dealing is—*
 - (i) a sublease of a resource authority that is a lease;*
 - or*

[s 19]

- (ii) *a transfer of a sublease mentioned in subparagraph (i) or of a share in the sublease;*
 - (b) *a dealing with a resource authority prescribed by regulation as prohibited.*
 - (2) *A dealing with a resource authority prohibited under subsection (1) must not be registered under this part and has no effect.*

19 Application for Minister's approval to register dealing

- (1) *The **ordinary rule** is that the following entities may apply to the Minister for approval to register a prescribed dealing—*
 - (a) *the affected resource authority holder;*
 - (b) *any other entity with the affected resource authority holder's consent.*
- (2) *However, if a prescribed dealing is required to be executed because of the operation of a law, a regulation may change the ordinary rule by prescribing the following—*
 - (a) *who may or must make the application;*
 - (b) *the period within which the application must be made.*

Example of dealing required to be executed because of the operation of a law—

the transfer of an interest in a resource authority because of the death of the resource authority holder

- (3) *Chapter 5, part 1 applies for processing the application, and the Minister must decide to either refuse to give the approval or give the approval with or without conditions.*

Note—

See section 23 if the approval relates to a prescribed dealing for which an indicative approval has been given under that section.

- (4) *In this section—*

***affected resource authority holder** means—*

-
- (a) *for a prescribed dealing affecting the whole of a resource authority—the holder of the resource authority; or*
- (b) *for a prescribed dealing affecting a share in a resource authority—the holder of the share.*

20 Unpaid royalties prevent transfer of resource authority

- (1) *This section applies if a prescribed dealing is a transfer of a resource authority or of a share in a resource authority.*
- (2) *However, this section does not apply if—*
- (a) *the share in the resource authority is being transferred to a person who already holds a share in the resource authority; and*
- (b) *the person transferring the share continues, after the transfer, to hold a share in the resource authority.*
- (3) *The Minister must not give an approval under section 19 while any royalty payable by the holder of the resource authority remains unpaid.*

21 Security may be required

- (1) *This section applies if a prescribed dealing is a transfer of a resource authority or of a share in a resource authority.*
- (2) *As a condition of deciding to give an approval under section 19, the Minister may require the proposed transferee to give the State security for the resource authority.*
- (3) *The provisions of the relevant Resource Act for giving security for the type of resource authority are taken to apply to the proposed transferee and the security as if the security were given under those provisions.*

Examples of the provisions of the relevant Resource Act—

- *For the Geothermal Act, see chapter 6, part 4.*
- *For the Greenhouse Gas Act, see chapter 5, part 6.*
- *For the Mineral Resources Act, see sections 83, 144, 190 and 277.*

- *For the 1923 Act, see part 6G.*
- *For the P&G Act, see chapter 5, part 1.*

22 Effect of registration and Minister's approval

The registration of a prescribed dealing, or the Minister's approval to register the dealing under section 19, allows the dealing to have effect according to its terms but does not of itself give the dealing any more effect or validity than it would otherwise have.

23 Indication of Minister's approval to register

- (1) *This section applies for a proposed prescribed dealing.*
- (2) *The prescribed applicant for the proposed prescribed dealing may apply to the Minister for an indication of (an **indicative approval**)—*
 - (a) *whether the Minister is likely to give approval to register the proposed prescribed dealing; and*
 - (b) *what, if any, conditions are likely to be imposed by the Minister.*
- (3) *Chapter 5, part 1 applies for processing the application, and the Minister must decide to either refuse to give the indicative approval or give the indicative approval with or without conditions.*
- (4) *Subsection (5) applies if—*
 - (a) *the indicative approval indicates the Minister will give approval to register the proposed prescribed dealing; and*
 - (b) *within the prescribed period, the prescribed applicant applies to the Minister under section 19 for approval to register the proposed prescribed dealing.*
- (5) *The Minister must grant the approval in accordance with the indicative approval unless—*

- (a) *the proposed prescribed dealing is a transfer of the resource authority and the proposed transferee is not eligible to be a resource authority holder under this Act or the relevant Resource Act; or*
 - (b) *the application for the indicative approval contained incorrect material information or omitted material information and, had the Minister been aware of the discrepancy, the Minister would not have given the indicative approval; or*
 - (c) *preconditions for the indicative approval have not been complied with.*
- (6) *To remove any doubt, it is declared that granting of the approval is subject to sections 20 and 21.*
- (7) *In this section—*

***preconditions**, for an indicative approval, means conditions imposed on the approval under this section that must be complied with before a related application is made for approval under section 19.*

***prescribed applicant**, for a proposed prescribed dealing, means the entity that may, under section 19(1) or (2), apply for approval to register the dealing.*

Part 2 **Caveats**

24 **Definition for pt 2**

In this part—

***affected resource authority**, for a caveat, means the resource authority over which the caveat is lodged.*

25 Lodging of caveat

- (1) *A person claiming an interest in a resource authority may lodge a caveat over the resource authority if the caveat—*
 - (a) *complies with the prescribed requirements for it; and*
 - (b) *is not a prohibited caveat; and*
 - (c) *is accompanied by the fee prescribed by regulation.*
- (2) *On receipt of the caveat, the chief executive must—*
 - (a) *record its existence in the register; and*
 - (b) *notify each holder of the affected resource authority of the receipt of the caveat; and*
 - (c) *notify all other persons who have a registered interest in the resource authority, and any subsisting prior caveator, of the receipt of the caveat.*
- (3) *A caveat has no effect for this Act if—*
 - (a) *it does not comply with the prescribed requirements for it; or*
 - (b) *it is a prohibited caveat.*
- (4) *In this section—*

***prohibited caveat** means a caveat of a type, prescribed by regulation, that can not be lodged.*

***registered interest**, in a resource authority, means an interest in the resource authority recorded in the register.*

26 Effect of lodging caveat

- (1) *Until a caveat lapses, is withdrawn or is removed, the caveat prevents registration of a dealing in relation to the affected resource authority from the date and time endorsed by the chief executive on the caveat as the caveat's date and time of lodgement.*
- (2) *However—*

-
- (a) *lodgement of a caveat does not prevent registration of an instrument of a type prescribed by regulation; and*
 - (b) *if a caveat is lodged over only a share in a resource authority, lodgement of the caveat does not prevent registration of a dealing in relation to the other shares in the resource authority.*
- (3) *A caveat does not create an interest in the affected resource authority.*

27 Lapsing of caveat

- (1) *A caveat lapses—*
- (a) *for a caveat for which there was consent—at the expiration of the term, if any, stated in the caveat; or*
 - (b) *for a caveat for which there was no consent—*
 - (i) *if an order of the Land Court is in force in relation to the caveat—at the expiration of the order; or*
 - (ii) *otherwise—at the expiration of 3 months after the date of lodgement of the caveat or a shorter term stated in the caveat.*
- (2) *If there was consent to a caveat and the caveat does not state a term for which it continues, the caveat continues until it is withdrawn or removed.*
- (3) *There is consent to a caveat only if each holder of the affected resource authority has consented to the lodgement of the caveat and the consent is lodged together with the caveat.*

28 Withdrawal or removal of caveat

- (1) *The caveator for a caveat may withdraw the caveat by notifying the chief executive in writing.*
- (2) *Either of the following persons may apply to the Land Court for an order that a caveat be removed—*
- (a) *a person who has a right or interest (present or prospective) in the affected resource authority;*

- (b) *a person whose right (present or prospective) to deal with the affected resource authority is affected by the caveat.*

Note—

See the Land Court Rules 2000 for how to make an application to the Land Court.

- (3) *The Land Court may make the order—*
- (a) *whether or not the caveator has been served with the application; and*
- (b) *on the terms it considers appropriate.*

29 Recording of lapsing, withdrawal or removal of caveat

As soon as practicable after a caveat lapses, is withdrawn or is ordered to be removed, the chief executive must record the lapse, withdrawal or removal in the register.

30 Further caveat not available to same person

- (1) *This section applies if a caveat (the **original caveat**) is lodged over an interest in an affected resource authority.*
- (2) *A further caveat with the same caveator can not be lodged over the interest on the same, or substantially the same, grounds as those stated in the original caveat unless—*
- (a) *the consent of each holder of the affected resource authority is lodged with the caveat; or*
- (b) *leave of a court of competent jurisdiction to lodge the further caveat is granted.*

31 Compensation for lodging caveat without reasonable cause

The caveator for a caveat lodged over a resource authority without reasonable cause is liable to compensate anyone else who suffers loss or damage because of the caveat.

Part 3 **Associated agreements**

32 **What is an associated agreement**

- (1) *An **associated agreement**, for a resource authority, means an agreement relating to the resource authority.*
- (2) *However, neither of the following agreements is an **associated agreement**—*
 - (a) *a prescribed dealing;*
 - (b) *another agreement prescribed by regulation.*

33 **Recording associated agreements**

- (1) *The holder of a resource authority to which an associated agreement relates may apply to the chief executive to have the agreement recorded in the register against the resource authority.*
- (2) *The application may include the date on which the associated agreement expires and it is to be removed from the register.*
- (3) *Chapter 5, part 1 applies for processing the application.*
- (4) *After lodgement of a valid application, the chief executive must record the associated agreement in the register against the resource authority to which the agreement relates.*
- (5) *The chief executive is not required to examine, or to determine the validity of, an associated agreement.*

34 **Effect of recording associated agreements**

The recording of an associated agreement in the register does not of itself—

- (a) *give the agreement any more effect or validity than it would otherwise have; or*
- (b) *create an interest in the resource authority against which it is recorded.*

35 Removing associated agreements from register

- (1) *The holder of a resource authority to which an associated agreement relates may apply to the chief executive to have the agreement removed from the register.*
- (2) *Chapter 5, part 1 applies for processing the application.*
- (3) *After lodgement of a valid application, the chief executive must remove the associated agreement from the register.*

Chapter 3 Land access

Part 1 Land access codes

36 Making of land access codes

*A regulation may make 1 or more codes for all Resource Acts (each a **land access code**) that—*

- (a) *states best practice guidelines for communication between the holders of resource authorities and owners and occupiers of land, public land authorities and public road authorities; and*
- (b) *imposes on resource authorities mandatory conditions concerning the conduct of authorised activities on land.*

Part 2 **Private land**

Division 1 **Application of pt 2**

37 **Application of pt 2**

This part does not apply in relation to the following resource authorities under the Mineral Resources Act—

- (a) *a prospecting permit;*
- (b) *a mining claim;*
- (c) *a mining lease.*

Division 2 **Entry for authorised activities and access requires entry notice**

38 **Application of div 2**

This division applies to an entry to private land for the purpose of—

- (a) *carrying out an authorised activity for a resource authority; or*
- (b) *crossing access land for the resource authority; or*
- (c) *gaining entry to access land for the resource authority.*

39 **Obligation to give entry notice to owners and occupiers**

- (1) *A person must not enter private land for a purpose mentioned in section 38 unless the resource authority holder has given each owner and occupier of the land an entry notice about the entry.*

Maximum penalty—500 penalty units.

- (2) *An entry notice is invalid if—*

[s 40]

- (a) *it does not comply with the prescribed requirements for the notice; or*
 - (b) *it states a period for entry that is longer than the maximum period for entry; or*
 - (c) *it is not given to an owner or occupier at least 10 business days before the entry.*
- (3) *However, an entry notice is not invalid if—*
- (a) *given to an owner or occupier less than 10 business days before the entry; and*
 - (b) *the owner or occupier has agreed in writing to the shorter period.*
- (4) *In this section—*

give includes to give by publication if the resource authority holder has been given an approval to do so under section 41 and complies with the approval.

maximum period for entry means the maximum period, prescribed under a regulation, that access to land is to be allowed for a particular entry to the land.

40 Exemptions from obligations under div 2

 - (e) *the entry is of a type prescribed under a regulation.*

-
- (2) *An obligation under this division to give an entry notice about an entry to private land for a purpose mentioned in section 38 also does not apply if the resource authority holder has 1 of the following with each owner and occupier of the land—*
- (a) *a waiver of entry notice for the entry that is in effect;*
- Note—*
- An owner or occupier of land may give a waiver of entry notice for an entry to the land. See section 42.*

- (ii) *the holder complies with the alternative obligations for the entry;*
- (c) *an opt-out agreement.*

- (3) *In this section—*

independent legal right, to enter land, means a right to enter the land that is enforceable under any law, including a common law right, but does not include a right to enter the land under this Act or a Resource Act.

Example of an independent legal right to enter land—

a contractual arrangement allowing a party to the contract to enter particular land

41 Approval to give entry notices by publication

- (1) *A resource authority holder may apply to the chief executive for approval to give an entry notice by publishing it in a stated way.*
- (2) *The application may relate to more than 1 entry notice or a particular type of entry.*

[s 42]

- (b) *for an owner or occupier who is an individual—it is impracticable to give the owner or occupier the notice personally.*
- (4) *Chapter 5, part 1 applies for processing the application, and the chief executive must decide to either refuse to give the approval or give the approval with or without conditions.*

42 Right to give waiver of entry notice

- (1) *An owner or occupier of land may give a waiver of entry notice for an entry made to the land for a purpose mentioned in section 38.*

 - (b) *can not be withdrawn during the notified period; and*
 - (c) *ceases to have effect at the end of the notified period.*
- (3) *In this section—*

***notified period**, for a waiver of entry notice, means the period stated in the notice as the period during which the land may be entered.*

Division 3 Entry for advanced activities requires agreement

43 Carrying out advanced activities on private land requires agreement

- (1) *A person must not enter private land to carry out an advanced activity for a resource authority unless each owner and occupier of the land—*

 - (e) *the entry is of a type prescribed under a regulation.*
- (3) *In this section—*

***independent legal right**, to enter land, means a right to enter the land that is enforceable under any law, including a common law right, but does not include a right to enter the land under this Act or a Resource Act.*

- (1) *An owner or occupier of land may enter into an agreement (a **deferral agreement**) with a resource authority holder that a conduct and compensation agreement can be entered into after entry to the land.*
- (2) *A deferral agreement is invalid if it does not comply with the prescribed requirements for the agreement.*

45 Right to elect to opt out

- (1) *An owner or occupier of land may elect to opt out of entering into a conduct and compensation agreement or a deferral agreement with a resource authority holder.*
- (2) *The election to opt out is an **opt-out agreement** and is invalid if it does not comply with the prescribed requirements for the agreement.*
- (3) *Despite any term of the opt-out agreement, either party to the agreement may, by giving written notice to the other parties to the agreement, unilaterally terminate the agreement within 10 business days of a signed copy of the agreement being given to the owner or occupier of land.*
- (4) *An opt-out agreement for land ends—*
 - (a) *according to its terms; or*
 - (b) *if the resource authority ends; or*
 - (c) *if it is terminated by the parties or under subsection (3); or*
 - (d) *if the parties enter into any of the following agreements—*
 - (i) *a deferral agreement;*
 - (ii) *a conduct and compensation agreement;*
 - (iii) *another opt-out agreement for the land.*

Note—

An opt-out agreement does not negate a resource authority holder's liability to compensate an eligible claimant. See section 81.

**Division 4 Access to private land outside
 authorised area**

Subdivision 1 Application

46 Application of div 4

This division does not apply in relation to mineral development licences under the Mineral Resources Act.

**Subdivision 2 Access rights and access
 agreements**

47 Limited access to private land outside authorised area

- (1) *A resource authority holder may exercise an access right over access land if—*
- (a) *the following have agreed orally or in writing to the exercise of the rights—*
 - (i) *if exercising the rights is likely to have a permanent impact on access land—each owner and occupier of the land;*
 - (ii) *if exercising the rights is unlikely to have a permanent impact on access land—each occupier of the land; or*
 - (b) *the exercise of the rights is needed to preserve life or property or because of an emergency that exists or may exist.*
- (2) *An agreement about the exercise of the rights mentioned in subsection (1)(a) is an **access agreement**.*
- (3) *In this section—*
- access land**, for a resource authority, means land, outside the authorised area for the resource authority, that it is*

[s 48]

reasonably necessary to allow the holder to cross in order to enter the authorised area.

Note—

See section 49 for the criteria for deciding whether access is reasonable.

access rights, over access land for a resource authority, means the right to—

- (a) *cross the access land if it is reasonably necessary to allow the holder to enter the authorised area; and*
- (b) *carry out activities on the access land that are reasonably necessary to allow the crossing of the land.*

Example for paragraph (b)—

opening a gate or fence

permanent impact, on land, means a continuing effect on the land or its use or a permanent or long-term adverse effect on its current lawful use by an occupier of the land.

Example of an exercise of access rights that is likely to have a permanent impact—

building a road

Example of an exercise of access rights that is unlikely to have a permanent impact—

opening or closing a gate

48 Owner or occupier must not unreasonably refuse to make access agreement

- (1) *An owner or occupier of access land must not, if asked by a resource authority holder, unreasonably refuse to make an access agreement with the holder.*
- (2) *For subsection (1), the owner or occupier does not unreasonably refuse only because the owner or occupier asks for the agreement to be subject to reasonable and relevant conditions offered by the owner or occupier.*
- (3) *If an owner or occupier has not made an access agreement within 20 business days after being asked to make the*

agreement by a resource authority holder, the owner or occupier is taken to have refused to make the agreement.

Note—

Either party may refer a refusal under subsection (1) or (3) to the Land Court to decide whether the refusal is unreasonable. See section 52.

49 Criteria for deciding whether access is reasonable

- (1) *This section provides for matters to be considered in deciding whether—*
 - (a) *it is reasonably necessary for a resource authority holder to cross access land to allow the holder to enter the authorised area for the resource authority; or*
 - (b) *it is reasonably necessary for a resource authority holder to carry out activities on access land to allow the crossing of the land; or*
 - (c) *an owner or occupier of access land has unreasonably refused to make an access agreement.*
- (2) *The resource authority holder must first show it is not possible or reasonable to exercise the access rights by using a formed road.*
- (3) *After subsection (2) has been satisfied, the following must be considered—*
 - (a) *the nature and extent of any impact the exercise of the access rights will have on access land and the owner or occupier's use and enjoyment of it;*
 - (b) *how, when and where, and the period during which, the resource authority holder proposes to exercise the access rights.*
- (4) *In this section—*

formed road *means any existing road or track on private land or public land used, or that may reasonably be capable of being used, to drive or ride motor vehicles.*

50 Additional topics for access agreements

- (1) *This section applies if a resource authority holder and an owner or occupier of access land make an access agreement for the exercise of access rights over the access land.*
- (2) *The access agreement may provide for alternative obligations, for entry to the access land, to the entry notice obligations under section 39.*
- (3) *If the access agreement is in writing, it may include a conduct and compensation agreement for the exercise or future exercise of access rights by the resource authority holder.*

51 Other rights to grant entry not affected

This subdivision does not limit or otherwise affect the ability of an owner or occupier to grant a resource authority holder a right of access to land, including, for example, by the grant of an easement.

Subdivision 3 Land Court resolution

52 Power of Land Court to decide access agreement

- (1) *If a dispute arises between a resource authority holder and an owner or occupier of land (the **parties**) about a matter mentioned in section 49(1), either party may apply to the Land Court for it to decide the matter.*
- (2) *In deciding the matter, the Land Court—*
 - (a) *must have regard to section 49(2) and (3); and*
 - (b) *may impose conditions it considers appropriate for the exercise of the access rights.*
- (3) *Conditions imposed under subsection (2)(b) are taken to be—*
 - (a) *if there is already an access agreement between the parties—conditions of that agreement; or*

-
- (b) *if there is no access agreement between the parties—an access agreement between the parties.*

53 Power of Land Court to vary access agreement

- (1) *A resource authority holder, or an owner or occupier of land, may apply to the Land Court to vary an access agreement between them.*
- (2) *In deciding the application, the Land Court must have regard to section 49(2) and (3).*
- (3) *The Land Court may vary the access agreement only if it considers the change is appropriate because of a material change in circumstances.*
- (4) *This section does not prevent the owner or occupier and the resource authority holder from agreeing to vary the access agreement.*
- (5) *The power of the Land Court to vary an access agreement is not limited by part 6.*

Division 5 Periodic notice after entry of land

54 Notice to owners and occupiers

- (1) *This section applies if—*
- (a) *private land has been entered to carry out authorised activities for a resource authority; or*
- (b) *access land for a resource authority has been entered in the exercise of the access rights over the land.*
- (2) *The holder of the resource authority must, within the prescribed period, give each owner and occupier of the land a notice complying with the prescribed requirements for it.*

Division 6 Access to carry out rehabilitation and environmental management

55 Right of access for authorised activities includes access for rehabilitation and environmental management

- (1) *This section applies if, under this part, the holder of a resource authority has the right to enter private land to carry out authorised activities for the resource authority.*
- (2) *The right includes a right to enter the land to carry out rehabilitation or environmental management required of the holder under any relevant environmental requirement under the Environmental Protection Act.*

Part 3 Public land

Division 1 Entry to public lands and particular uses of public roads

56 Application of div 1

- (1) *This division applies for—*
 - (a) *an entry to public land; and*
 - (b) *the use of a public road, other than a notifiable road use.*

Note—

For the obligations of a resource authority holder for a notifiable road use, see division 2.

- (2) *However, this division does not apply in relation to the following resource authorities under the Mineral Resources Act—*
 - (a) *a prospecting permit;*

- (b) *a mining claim;*
- (c) *a mining lease.*

57 What is a periodic entry notice

- (1) *A **periodic entry notice** is the first notice about an entry, or series of entries, to public land to carry out an authorised activity for a resource authority.*
- (2) *A periodic entry notice must—*
 - (a) *state the period (the **entry period**) for which the resource authority holder, or any of the holder’s employees or agents, may enter the land to carry out the authorised activity; and*
 - (b) *be given to the public land authority no less than the prescribed period before the start of the entry period; and*
 - (c) *otherwise comply with the prescribed requirements for the notice.*
- (3) *An entry period can not be longer than the prescribed period applying for the entry unless the public land authority agrees in writing to a longer period.*
- (4) *A periodic entry notice that does not comply with this section is invalid.*

58 Entry to public land to carry out authorised activity is conditional

- (1) *A person must not enter public land to carry out an authorised activity for a resource authority unless—*
 - (a) *the activity is an activity that may be carried out by a member of the public without requiring specific approval of the public land authority for the land; or*
Example—
travelling on a public road in the area of the resource authority

[s 59]

- (b) *the public land authority for the land has given a waiver of entry notice for the entry; or*
- (c) *the entry is made in compliance with a periodic entry notice given by the resource authority holder to the public land authority for the land under section 57; or*
- (d) *the entry is needed to preserve life or property or because of an emergency that exists, or may exist.*

Maximum penalty—100 penalty units.

- (2) *A person may comply with subsection (1)(b) or (c) despite merely being an applicant for the resource authority at the time of giving the notice.*

59 Conditions public land authority may impose

- (1) *This section applies if a resource authority holder gives a public land authority a periodic entry notice about an entry to public land to carry out an authorised activity for the resource authority.*
- (2) *The public land authority may, for the entry period stated in the notice, impose reasonable and relevant conditions on the resource authority holder about the entry to the public land or the carrying out of the authorised activity.*
- (3) *The conditions may, for example, be about—*
 - (a) *giving the public land authority, at stated intervals, notice of particular activities being carried out on the land by or for the holder; or*
 - (b) *affecting other owners and occupiers of the public land.*
- (4) *However, if the public land authority imposes a condition about giving the authority further notice of subsequent entries made during the entry period, the condition must require the notice be given—*
 - (a) *generally—at least 2 business days before the entry; or*

-
- (b) *if the holder and the public land authority have agreed to a longer or shorter period for giving the notice—within the agreed period.*
- (5) *The public land authority can not impose a condition for a resource authority or its relevant environmental authority that is—*
- (a) *the same as a condition already applying to the authority; or*
- (b) *substantially the same as a condition already applying to the authority; or*
- (c) *inconsistent with a condition already applying to the authority.*
- (6) *However, if the public land authority is the chief executive of the department in which the Nature Conservation Act 1992 is administered, that chief executive may impose a condition more stringent than the environmental authority's conditions.*
- (7) *The public land authority may vary any condition it imposes if the condition would otherwise be inconsistent with the requirements under subsection (5).*
- (8) *If the public land authority decides—*
- (a) *to impose a condition, other than a condition agreed to or requested by the resource authority holder; or*
- (b) *to vary a condition, other than a variation agreed to or requested by the resource authority holder;*
- it must give the holder an information notice about the decision.*
- (9) *The resource authority holder must comply with the conditions imposed by the public land authority.*
- Maximum penalty for subsection (9)—100 penalty units.*
- (10) *In this section—*
- entry period**, for a periodic entry notice, see section 57(2).*

60 Right to give waiver of entry notice

- (1) *A public land authority for land may give a waiver of entry notice for an entry made to the land to carry out an authorised activity for a resource authority.*
- (2) *A waiver of an entry notice—*
 - (a) *is invalid if it does not comply with the prescribed requirements for the notice; and*
 - (b) *can not be withdrawn during the notified period; and*
 - (c) *ceases to have effect at the end of the notified period.*
- (3) *In this section—*

***notified period**, for a waiver of entry notice, means the period stated in the notice as the period during which the land may be entered.*

Division 2 Notifiable road use

61 Application of div 2

This division applies to the use of a public road if the use is a notifiable road use.

62 What is a notifiable road use

*A **notifiable road use**, of a public road, is the use of the road as prescribed under a regulation.*

63 Use of public roads for notifiable road use

- (1) *A resource authority holder must not use a public road for a notifiable road use unless—*
 - (a) *the holder has given the public road authority for the road a notice, complying with the prescribed requirements, that the holder proposes to carry out the use; and*

-
- (b) *1 of the following applies—*
- (i) *the holder and the relevant public road authority have signed a compensation agreement for the use;*
 - (ii) *the public road authority has given written consent to the carrying out of the use;*
 - (iii) *an application has been made under section 100 to decide the holder's compensation liability to the public road authority relating to the road.*
- (2) *A requirement of a resource authority holder under subsection (1) is taken to be a condition of the resource authority.*

64 *Directions about notifiable road use*

- (1) *The public road authority for a public road may, by written notice, give a resource authority holder a reasonable direction (a **road use direction**) about the way the holder may use the road for a notifiable road use.*

Examples of what a direction may be about—

- *when the road may be used*
- *the route for the movement of heavy vehicles*
- *safety precautions the holder must take*

- (2) *The road use direction may also require the holder to—*

- (a) *carry out an assessment of the impacts likely to arise from a notifiable road use the subject of the notice; and*
- (b) *consult with the public road authority in carrying out the assessment.*

- (3) *However—*

- (a) *an assessment can not be required if the notifiable road use is transport relating to a seismic survey or drilling activity; and*
- (b) *the public road authority can not require an assessment of an impact to the extent it has already been assessed*

under an EIS under the Environmental Protection Act or a similar document under another Act.

- (4) *A road use direction is invalid—*
- (a) *to the extent it is about more than the following matters—*
 - (i) *preserving the condition of the road;*
 - (ii) *the safety of road users or the public; and*
 - (b) *if it is not accompanied by, or does not include, an information notice about the decision to give the direction.*
- (5) *Compliance with a road use direction given to a resource authority holder is taken to be a condition of the resource authority.*

65 Exemptions from div 2

- (1) *A resource authority or a project may be prescribed under a regulation as being exempt from some or all of the provisions of this division.*
- (2) *An exemption prescribed under subsection (1) may include conditions that must be complied with for the exemption to apply.*

- (d) *make any order it considers necessary or desirable for a matter mentioned in paragraph (a), (b) or (c).*

Example—

The Land Court declares that a particular proposed authorised activity interferes with the carrying out of lawful activities by the eligible claimant. It may also order that a stated modification of, or reduction in, the activity would remove the interference.

104 What is an overlapping area

- (1) An **overlapping area** is land that is the subject of both a column 1 resource authority and a corresponding column 2 resource authority for the column 1 resource authority.
- (2) However, land is an **overlapping area** only if the column 1 resource authority was granted after the corresponding column 2 resource authority was granted.
- (3) A reference to an overlapping area includes, if the circumstances permit, an area that will become an overlapping area when a column 1 resource authority that has been applied for is granted.
- (4) Even if subsections (1) to (3) do not apply to make land an overlapping area, land is an **overlapping area** if it is the subject of both a coal resource authority and a petroleum resource authority.

105 What is an ML (coal) holder

- (1) *An **ML (coal) holder** is the holder of an ML (coal).*
- (2) *A reference to an ML (coal) holder includes, if the circumstances permit, a reference to the applicant for an ML (coal).*

106 What is a PL holder

- (1) *A **PL holder** is the holder of a PL.*
- (2) *A reference to a PL holder includes, if the circumstances permit, an applicant for a PL.*

107 Extended meaning of ML (coal) and PL

For this chapter, a reference to an ML (coal) or a PL includes, if the circumstances permit, a reference to an ML (coal) or PL that has been applied for but has not been granted.

Division 3 Other key provisions

108 Purpose of div 3

This division contains definitions and other provisions relevant to the operation of this chapter.

109 What is an initial mining area or IMA

- (1) *An **initial mining area, or IMA**, is an area in an overlapping area, identified in a joint development plan for the overlapping area, for which an ML (coal) holder to which the plan applies requires sole occupancy to carry out authorised activities for the ML (coal).*
- (2) *The total area that may be identified as an IMA is the minimum area that is reasonably considered to be required for 10 years of safe mining.*

- (3) *An IMA may be a single area, or a number of separate areas, each of which is an IMA.*

110 What is a future mining area or FMA

- (1) *A **future mining area**, or **FMA**, is an area in an overlapping area, identified in a joint development plan for the overlapping area, in which the ML (coal) holder to which the plan applies intends to carry out authorised activities for the ML (coal) as mining operations advance outside the IMA.*
- (2) *An FMA must be contiguous with an IMA.*

111 What is a rolling mining area or RMA

- (1) *A **rolling mining area**, or **RMA**, is an area in an overlapping area, identified in a joint development plan for the overlapping area, for which an ML (coal) holder to which the plan applies requires sole occupancy to carry out authorised activities for the ML (coal).*
- (2) *The total area that may be identified as an RMA is the minimum area that is reasonably considered to be required for 1 year of safe mining.*
- (3) *An RMA must be within an FMA.*
- (4) *Each RMA must be considered on a sequential, year by year basis.*
- (5) *An RMA for a particular year must not be more than 10% of the total of the areas that are an IMA or FMA in the overlapping area.*

112 What is a simultaneous operations zone or SOZ

*The **simultaneous operations zone**, or **SOZ**, for an IMA or RMA, is an area in an overlapping area, contiguous with an IMA or RMA, in relation to which safety and health arrangements for the co-existence of an ML (coal) and a petroleum resource authority are reasonably considered to be required.*

113 What is sole occupancy

- (1) *If an ML (coal) holder has **sole occupancy** of an IMA or RMA, to the extent the ML (coal) is for a surface mine—*
 - (a) *the ML (coal) holder may carry out any authorised activity for the ML (coal) in the IMA or RMA; and*
 - (b) *the holder of a corresponding column 2 resource authority for the ML (coal) may not carry out any authorised activity for the authority in the IMA or RMA.*
- (2) *If an ML (coal) holder has **sole occupancy** of an IMA or RMA, to the extent the ML (coal) is for an underground mine—*
 - (a) *the ML (coal) holder may carry out any authorised activity for the ML (coal) in the IMA or RMA; and*
 - (b) *the holder of a corresponding column 2 resource authority for the ML (coal) may carry out an authorised activity for the authority in the IMA or RMA unless the site senior executive for the underground mine directs the holder not to carry out the authorised activity for the purpose of facilitating safety and health arrangements for the co-existence of an ML (coal) and a petroleum resource authority that are reasonably considered to be required.*
- (3) *The ML (coal) holder's sole occupancy of an IMA or RMA does not limit the right of the corresponding column 2 resource authority holder to carry out authorised activities for the authority within the overlapping area but outside the IMA or RMA.*
- (4) *If the corresponding column 2 resource authority is a PL, and it is necessary for PL major gas infrastructure for the PL on an IMA or RMA to be replaced, the PL holder is not required to abandon the use of the infrastructure on the IMA or RMA until replacement PL major gas infrastructure has been constructed and commissioned, and is in operation.*

114 What is joint occupancy

*If an ML (coal) holder and the holder of a corresponding column 2 resource authority for the ML (coal) have **joint occupancy** of a SOZ for an IMA or RMA—*

- (a) the ML (coal) holder may carry out authorised activities for the ML (coal) in the SOZ subject to any safety and health arrangements for the co-existence of an ML (coal) and a petroleum resource authority that are reasonably considered to be required; and*
- (b) the holder of the corresponding column 2 resource authority for the ML (coal) may carry out authorised activities for the authority subject to any safety and health arrangements for the co-existence of an ML (coal) and a petroleum resource authority that are reasonably considered to be required.*

115 What is the proposed mining commencement date

- (1) The **proposed mining commencement date**, for an IMA or RMA, is the date, identified in a proposed joint development plan for an overlapping area, on which the ML (coal) holder to which the plan applies proposes to start carrying out authorised activities for the ML (coal) in the IMA or RMA.*
- (2) The proposed mining commencement date for an IMA must be—*

for which the indicative approval was given; and

(ii) subsection (5)(c)(i) and (ii) is satisfied.

(a) is unambiguous; and

(b) *accurately shows where the boundary is located on the ground or allows the boundary's location on the ground to be accurately worked out.*

Examples of ways the boundary of a proposed mining tenement may be defined—

- *a way stated in a guideline under the practice manual*
 - *using GPS coordinates*
 - *visually, by marking the boundary on a map or aerial photograph*
 - *by reference to identifiable points of reference such as known survey marks, infrastructure or the boundaries of lots or other mining tenements, watercourses or roads*
- (3) *Without limiting subsection (2), the boundary may, but need not, be defined by reference to 1 or more physical monuments.*
- (4) *Also, if the chief executive has given the applicant a notice under section 386J or a notice applying to the application has been published under section 386S, the boundary must be defined in the way stated in the notice.*

- (3) *The notice may apply to—*
- (a) *applications of the type stated in the notice;*

 - (a) *in the gazette;*
 - (b) *on the department's website;*

- (3) *Before the person first enters the land, the person must give the owner of the land written notice (an **entry notice**) of the proposed entry.*
