Public Health (Infection Control for Personal Appearance Services) Regulation 2016

1 Short title

This regulation may be cited as the *Public Health (Infection Control for Personal Appearance Services) Regulation 2016*.

2 Commencement

This regulation commences on 1 September 2016.

3 Higher risk personal appearance service—Act, s 14(e)

For section 14(e) of the Act, tattoo removal is prescribed as a higher risk personal appearance service.

4 Infection control competency standard

- (1) For schedule 2 of the Act, definition *infection control qualification*, the infection control competency standard is attainment of the competency called ‘HLTINF005—Maintain infection prevention for skin penetration treatments’, approved by the Australian Industry and Skills Committee.
- (2) The competency mentioned in subsection (1) is taken to include the competency by its former titles—
 - (a) ‘HLTIN2A—Maintain Infection Control Standards in Office Practice Settings’; and
 - (b) ‘HLTIN402B—Maintain Infection Control Standards in Office Practice Settings’; and
 - (c) ‘HLTIN402C—Maintain Infection Control Standards in Office Practice Settings’.
- (3) In this section—

Australian Industry and Skills Committee means the committee established by the Council of Australian Governments’ Industry and Skills Council in May 2015.
