Division 2 Applying for, and issue of, licences

36 Procedural requirements for application

- (1) An application for a licence must—
- (a) be made to the QBCC commissioner; and
 - (b) be in the approved form; and
 - (c) be accompanied by—
 - (i) satisfactory evidence of relevant practical experience and qualifications; and
 - (ii) the fee prescribed under a regulation; and
 - (iii) any other documents, identified in the approved form, the QBCC commissioner reasonably requires; and

- (2) Information in the application must, if the approved form requires, be verified by a statutory declaration.

An individual is entitled to a licence if the QBCC commissioner is, on application by the individual, satisfied the individual—

- (a) has the qualifications and practical experience required by regulation for the licence; and
- (b) has not had an interstate or New Zealand licence suspended or cancelled.

38 Inquiries into application

- (1) Before deciding the application, the QBCC commissioner may—

 - (b) does not undergo an examination under subsection (1)(c).
 - (5) A notice under subsection (1)(b) or (c) must be given to the applicant within 40 business days after the commissioner receives the application.

39 Further consideration of application

- (1) This section applies if the QBCC commissioner considers it needs further time to make a decision on the application because of the complexity of the matters that need to be considered in deciding the application.

Example for subsection (1)—

an application requiring the QBCC commissioner to obtain and consider information about the applicant from a foreign licensing authority

- (2) The commissioner may at any time before the final consideration day give notice to the applicant that—
 - (a) because of the complexity of the matters that need to be considered in deciding the application, the commissioner needs further time to decide the application; and
 - (b) the period within which the commissioner must decide the application is extended to a day (the *extended day*) that is 40 business days after the final consideration day.
- (3) Also, the applicant and commissioner may at any time before the final consideration day agree in writing on a day (the *agreed extended day*) by which the application must be decided.
- (4) The commissioner is taken to have decided to refuse to license the applicant if it does not decide the application by—

- (a) if subsection (2) applies—the extended day; or
 - (b) if subsection (3) applies—the agreed extended day; or
 - (c) if both subsections (2) and (3) apply—the later of the extended day or agreed extended day.
- (5) In this section—
- final consideration day* means the later of the following days—
- (a) the day that is 40 business days after receipt of the application;
 - (b) if the commissioner has, under section 38(1)(b), required the applicant to give the commissioner further information or a document—the day that is 40 business days after the commissioner receives the further information or document.

40 Decision on application for licence

- (1) The QBCC commissioner must consider the application and decide to—
- (a) license the applicant; or
 - (b) provisionally license the applicant for the class of licence applied for; or
 - (c) refuse to license the applicant.
- (2) The commissioner may act under subsection (1)(b) only if—
- (a) the applicant has not had an interstate or New Zealand licence suspended or cancelled; and
 - (b) at least 1 of the following applies—
 - (i) the commissioner reasonably considers the applicant needs more practical experience before being licensed;
 - (ii) the commissioner reasonably considers the applicant does not have the qualifications required under section 37(a), but does have enough practical

experience to be able to perform work under the provisional licence;

(iii) the commissioner reasonably considers the applicant holds a relevant corresponding licence;

(iv) the commissioner reasonably considers the applicant has the qualifications and experience required under section 37(a), but evidence of them has not been given to the commissioner.

(3) However, subsection (2)(a) does not apply if the applicant holds an interstate or New Zealand licence that is in force.

(4) In this section—

relevant corresponding licence means any of the following—

(a) an interstate or New Zealand licence;

(b) a licence, however called, issued in another country, that allows the applicant to perform part of the work to which the licence application relates.

41 Imposing conditions on licence

(1) The QBCC commissioner may issue a licence, including a provisional licence, on conditions the commissioner considers necessary or desirable for the licensee to competently practise the trade.

(2) The commissioner must not record details of the conditions in the register unless it reasonably believes it is in the interests of users of the licensee's services or the public to know the details.

42 Steps to be taken after application decided

(1) If the QBCC commissioner decides to license the applicant, including a provisional licence, it must as soon as practicable issue the appropriate licence to the applicant.

(2) If the commissioner issues a licence with conditions, or issues a provisional licence instead of the licence applied for or

refuses to license the applicant, it must as soon as practicable give the applicant an information notice about the conditions, provisional licence or refusal.

Note—

For reviews of the decision, see the QBCC Act, part 7, division 3.

- (3) If the commissioner refuses to license the applicant or the applicant withdraws the application, the commissioner must refund to the applicant the application fee paid, less the amount of the cost to the commissioner of processing the application.

43 Failure to decide application

- (1) Subject to subsections (2) and (3), if the QBCC commissioner fails to decide the application within 40 business days after its receipt, the failure is taken to be a decision by the commissioner to refuse to license the applicant.
- (2) Subsection (3) applies if the commissioner has—
 - (a) under section 38(1)(b), required the applicant to give the commissioner further information or a document; or
 - (b) under section 38(1)(c), required the applicant to undergo an examination.
- (3) The commissioner is taken to have decided to refuse to license the applicant if it fails to decide the application by the later of the following days—
 - (a) the day that is 40 business days after the commissioner receives the further information or document;
 - (b) the day that is 40 business days after the commissioner receives the results of the examination.
- (4) This section is subject to section 39.

45 Duration of licence

- (1) A licence remains in force for the period stated in it.
- (2) The period mentioned in subsection (1) must not be more than—
 - (a) for a provisional licence—1 year; or
 - (b) for any other licence—5 years.

Division 3 Upgrading provisional licences

46 QBCC commissioner may upgrade provisional licence

- (1) Subsection (2) applies if—
 - (a) an individual applied for a licence; and
 - (b) the QBCC commissioner gave the individual a provisional licence instead of the licence the individual applied for; and
 - (c) the provisional licence has not expired; and
 - (d) the provisional licensee satisfies the commissioner about a matter that caused the commissioner to give the provisional licence rather than the licence.
- (2) The commissioner may, under division 2, license the applicant, with or without the conditions originally applied for.
- (3) The provisional licence is cancelled when the licence applied for is issued.

Division 4 Renewing licences

47 Notice of expiry of licence

The QBCC commissioner must give each licensee notice of the expiry of the licensee's licence at least 40 business days before its expiry.

48 Procedural requirements for applications to renew a licence

- (1) A licensee, other than a provisional licensee, may apply to the QBCC commissioner for the renewal of the licensee's licence.
- (2) The application must be—
 - (a) made after the notice under section 47 is given to the licensee and before the licence expires; and
 - (b) in the approved form; and
 - (c) accompanied by—
 - (i) the fee prescribed under a regulation; and
 - (ii) any documents, identified in the approved form, the commissioner reasonably requires to decide the application.
- (3) The fee mentioned in subsection (2)(c)(i) is the reduced fee prescribed under a regulation if the applicant gives the commissioner a statutory declaration stating—
 - (a) the applicant is retired; and
 - (b) the applicant no longer performs plumbing or drainage work for payment; and
 - (c) the applicant does not intend to perform plumbing or drainage work for payment.

49 Existing licence taken to be in force while application is considered

- (1) If an application is made under section 48 to renew a licence, the licence is taken to continue in force from the day it would, apart from this section, have expired until the day a new licence is issued to the applicant under section 50(1).
- (2) Subsection (1) does not apply if the licence is earlier suspended under this Act.

50 Steps to be taken after application made

- (1) If the application complies with section 48, the QBCC commissioner must, as soon as practicable, issue a new licence to the applicant.
- (2) The licence issued under subsection (1) must be subject to the same conditions as the licence that expired.
- (3) If the application does not comply with section 48, the commissioner must, as soon as practicable, tell the applicant how the application does not comply with section 48.

Division 5 Restoring expired licences

51 When application to restore licence may be made

- (1) If a licence has expired, the person who was the licensee for the licence may ask the QBCC commissioner to restore the licence.

- (2) Information in the application must, if the approved form requires, be verified by a statutory declaration.

53 Previous conditions continue for expired licence

If the QBCC commissioner decides to restore the applicant's licence, the licence is subject to the conditions attaching to the licence immediately before its expiry.

54 How division 4 applies for applying to restore licence

For restoring a licence, division 4 applies as if—

- (a) an application for renewal of a licence were an application for restoration of a licence; and
- (b) an applicant for renewal of a licence were an applicant for restoration of a licence; and
- (c) a renewal of a licence were a restoration of a licence.

Division 6 Reviewing licence conditions

55 How licensee may start review

- (1) A licensee whose licence is subject to conditions may apply to the QBCC commissioner for a review of the conditions.
- (2) However, the application must not be made—

 - (b) if the licensee has applied to QCAT for a review of the conditions—while the decision to impose the conditions is being reviewed by QCAT.

- (3) The application must—
 - (a) be in the approved form; and
 - (b) be accompanied by the fee prescribed under a regulation.
- (4) The approved form must require the licensee to state—
 - (a) that the licensee believes the conditions are no longer appropriate; and
 - (b) the reason for the licensee's belief.
- (5) The commissioner must consider the application and make a decision under section 59.

56 Reviewing conditions during review period

- (1) This section applies if, during the review period applying to the conditions, the QBCC commissioner reasonably believes the conditions may no longer be appropriate.

- (2) A notice under subsection (1)(b) must be given to the licensee within 20 business days after the commissioner agrees with the licensee to review the conditions.

- (3) The commissioner may require the information or document mentioned in subsection (1)(b) to be verified by a statutory declaration.

58 Deemed withdrawal of application etc.

- (1) Subsections (2) and (3) apply if the conditions are being reviewed because of an application made by the licensee under section 55.
- (2) The licensee is taken to have withdrawn the application if, within the stated time, the licensee does not comply with a requirement under section 57(1)(b).
- (3) A notice under section 57(1)(b) must be given to the licensee within 40 business days after the QBCC commissioner receives the application.

- (4) If the commissioner decides to confirm or change the conditions, it must as soon as practicable—
 - (a) also decide the review period applying to the confirmed or changed conditions; and
 - (b) give the licensee an information notice about the decision.

Note—

For reviews of the decision, see the QBCC Act, part 7, division 3.

- (5) If the commissioner decides to remove the conditions, it must as soon as practicable give the licensee notice of the decision.

60 When decision takes effect

- (1) If the QBCC commissioner decides to confirm the conditions, the decision takes effect when it is made.
- (2) If the commissioner decides to change the conditions, the change—
 - (a) takes effect when an information notice about the decision is given to the licensee under section 59(4)(b); and
 - (b) does not depend on—
 - (i) the licence being amended to record the change; or
 - (ii) a replacement licence being issued.
- (3) If the commissioner decides to remove the conditions, the removal—
 - (a) takes effect when notice of the decision is given to the licensee under section 59(5); and

 - (ii) a replacement licence being issued.

61 Failure by QBCC commissioner to make decision on application

- (2) Subsection (3) applies if the commissioner has under section 57(1)(b), required the applicant to give the commissioner further information or a document.
- (3) The commissioner is taken to have decided to confirm the conditions if the commissioner fails to decide the application within 40 business days after the day the commissioner receives the further information or document.
