15 Applications

- (1) An application for a licence must be made to an issuing officer for the land mentioned in the application.
- (2) The application must be in the approved form and accompanied by the fee prescribed by regulation for the licence.
- (3) However, if the chief executive, by gazette notice, directs that an application for a licence for a stated mining district, designated fossicking land or fossicking area must be made to a stated issuing officer, an application of that kind must be made to the stated issuing officer.

Note—

Generally, an issuing officer may grant a licence for all land other than land excluded from the Act's application under part 2. However, in some cases, the issuing officer will only be able to grant a licence for a limited area. If the issuing officer can not deal with the application, the applicant must be told where to apply for the licence.

16 How issuing officer may deal with applications for licence

- (1) An issuing officer must consider an application for a licence and either—
 - (a) grant the licence, with or without conditions; or
 - (b) refuse to grant the licence.
- (2) If the terms of the issuing officer's appointment prevent the officer granting the licence, the officer—
 - (a) must not grant the licence; and
 - (b) must tell the applicant where to apply for the licence.
- (3) The issuing officer must not grant a licence to—
 - (a) a child; or
 - (b) an authorised officer; or
 - (c) someone who held a licence cancelled not more than 2 years before the day of the application.
- (4) If the issuing officer decides to grant the licence, the officer must promptly give the applicant—
 - (a) the licence; and
 - (b) if a condition is stated on the licence—a written notice stating—
 - (i) the reasons for the condition; and
 - (ii) that the applicant may appeal against the imposition of the condition within 28 days to the Land Court.

- (5) If the issuing officer decides not to grant the licence, the officer must promptly give the applicant a written notice stating—
- (a) the decision; and
 - (b) the reasons for the decision; and
 - (c) that the applicant may appeal against the decision within 28 days to the Land Court.

17 License conditions must not be contravened

A licensee must not contravene the licence conditions.

Maximum penalty—20 penalty units.

18 Licence not transferable

A licence is not transferable.

19 Term of licence

- (1) A licence is for the term, of not more than 1 year, stated in the licence.
- (2) A regulation may authorise the issue of a stated kind of licence for a stated shorter term.

20 Replacement licences

- (1) A licensee may apply to an issuing officer for the replacement of a lost, stolen or destroyed licence.
- (2) The issuing officer must consider the application and either—
 - (a) replace the licence; or
 - (b) refuse to replace the licence.
- (3) If the issuing officer is satisfied a licence has been lost, stolen or destroyed, the officer must replace the licence.

- (4) If the issuing officer decides to refuse to replace the licence, the officer must give the applicant a written notice stating—
 - (a) the decision; and
 - (b) the reasons for the decision; and
 - (c) that the applicant may appeal against the decision within 28 days to the Land Court.

21 Suspension and cancellation of licences—grounds

A ground for the suspension or cancellation of a licence exists if—

- (a) the licensee has contravened a provision of this Act or a condition of the licence; or
- (b) the licence was obtained by fraud or misrepresentation.

22 Suspension and cancellation of licences—procedures

- (1) If the chief executive considers there is a ground to suspend or cancel a licence (the *proposed action*), the chief executive may give the licensee a written notice—
 - (a) stating the proposed action; and
 - (b) stating the grounds for the proposed action; and
 - (c) outlining the facts and circumstances forming the basis of the grounds; and
 - (d) if the proposed action is suspension of the licence—stating the proposed suspension period; and
 - (e) inviting the licensee to show, within a stated time of at least 28 days, why the proposed action should not be taken.
- (2) If, after considering all written representations made within the stated time, the chief executive still considers there is a ground to take the proposed action, the chief executive may—

- (a) if the proposed action was to suspend the licence for a stated period—suspend the licence for not longer than the proposed suspension period; or
 - (b) if the proposed action was to cancel the licence—either cancel the licence or suspend it for a period.
- (3) The chief executive must inform the licensee of the decision by written notice.
- (4) If the chief executive decides to suspend or cancel the licence, the notice must state—
- (a) the reasons for the decision; and
 - (b) that the licensee may appeal against the decision within 28 days to the Land Court.
- (5) The decision takes effect on the later of—
- (a) the day when notice is given to the licensee; or
 - (b) the day of effect stated in the notice.
- (6) However, if the licence is suspended or cancelled because of the conviction of a person for an offence—
- (a) the suspension or cancellation does not take effect until—
 - (i) the end of the time to appeal against the conviction; and
 - (ii) if an appeal is made against the conviction—the appeal is finally decided; and
 - (b) the suspension or cancellation has no effect if the conviction is quashed on appeal.

23 Return of licence

- (1) The holder of a suspended licence, or the former holder of a cancelled licence, must return the licence to the chief executive within 7 days after the suspension or cancellation takes effect, unless the person has a reasonable excuse for not returning it or not returning it within that time.

Maximum penalty—20 penalty units.

- (2) If a suspended licence is returned to the chief executive, the chief executive must return it to the licensee at the end of the suspension period.

In this division—

licensee includes a member of a club, commercial tour group, educational organisation or licensee's family.

26 Licensee's right to enter unoccupied land to fossick

- (1) Despite any other Act, a licensee may enter and fossick on unoccupied land.
- (2) However, a person must not fossick on excluded land.
Maximum penalty—100 penalty units.

- (3) In this section—

excluded land means land excluded from the Act's operation under part 2.

unoccupied land means land other than occupied land.

27 Licensee must get permission to fossick on occupied land etc.

- (1) A licensee must not fossick—
 - (a) on occupied land (other than a road reserve, designated fossicking land or a fossicking area) without the owner's written permission; or
 - (b) on land to which a mining claim or mining lease applies without the claim or lease holder's written permission; or
 - (c) on land where a person may take quarry materials under a quarry materials permit without the permit holder's written permission; or
 - (d) on land the subject of an exclusive possession determination without the written permission of the native title holders for the determination.

Maximum penalty—50 penalty units.

- (2) Permission under subsection (1)—
 - (a) may be given on conditions; and
 - (b) must be written on or attached to the licensee's licence.
- (3) If the owner, claim, lease or permit holder, or native title holder, (the *permitter*) withdraws the permission, the

permitter must give a licensee on the land reasonable written notice of its withdrawal.

- (4) If the licensee does not leave the land within the reasonable period stated in the notice, the licensee commits an offence against this Act.

Maximum penalty—50 penalty units.

- (5) Subsection (4) does not affect a right or remedy the permitter may have against a licensee apart from this section.
- (6) In this section—

exclusive possession determination, for land, means an approved determination of native title under the *Native Title Act 1993* (Cwlth) that includes a determination to the effect that native title rights and interests under the determination confer possession of the land on native title holders to the exclusion of all others.

quarry materials includes controlled quarry materials under the *Water Act 2000*.

quarry materials permit means—

- (a) an agreement, contract, licence, permit, or other authority under the *Forestry Act 1959*; or
- (b) an allocation of quarry material under the *Water Act 2000*.

28 General permissions

- (1) A person whose permission is needed to allow someone else to fossick on land may give the chief executive permission (***general permission***) for—
- (a) fossicking on the land; and
- (b) camping on the land by persons fossicking under a licence.
- (2) If a person gives a general permission for fossicking on particular land, a licensee does not need the person's written permission to fossick on the land.

- (3) If a person gives a general permission for camping on particular land by persons fossicking on the land under a licence, a licensee does not need the person's written permission under the following provisions to camp on the land.

Note—

Unless a general permission for camping is given, written permission is needed for camping on non-regulated designated fossicking land and fossicking areas, and other areas on which a person fossicking under a licence may camp.

- (4) However, if the general permission requires the licensee to get another type of permission before entering the land, the licensee must get the other permission before entering the land.

29 Licensee must comply with conditions of permission

- (1) This section applies if permission under this Act to fossick on land is given on conditions.
- (2) A licensee must comply with the conditions of the permission.
- (3) If a licensee does not comply with a condition of the permission—
- (a) the licensee's right to remain on the land ends; and
 - (b) an authorised officer, or the person who gave the permission, may require the licensee to leave the land immediately.
- (4) If the licensee does not immediately leave the land, the licensee commits an offence against this Act, unless the licensee has a reasonable excuse.

Maximum penalty—50 penalty units.

- (5) This section does not affect a right or remedy the person who gave the permission may have against a licensee apart from this section.

30 Commercial tour operator sometimes needs other permissions

A commercial tour operator's fossickers licence does not replace the need for a licence, permit or authority under another Act to enter occupied land.

31 Other limits on commercial tour operator's fossicker licence

A commercial tour operator must not conduct a commercial tour in which—

- (a) the members of the commercial tour group are allowed to fossick in more than 1 area at the same time; or
- (b) there are more than 50 members of the commercial tour group who are allowed to fossick under the licence at the same time; or

Division 3 General

34 When fossicking materials become licensee's property

- (1) If fossicking materials lawfully collected under a licence are the property of the State, the materials become the licensee's property on collection.
- (2) However, the licensee must pay royalties on the fossicking materials.
- (3) Subsection (1) applies despite the following provisions—
 - *Mineral Resources Act 1989*, section 8.
 - *Forestry Act 1959*, section 45
 - *Water Act 2000*, section 279.

35 Payment of royalties to State

- (1) This Act does not affect a requirement under another Act to lodge royalty returns for, and pay royalties on, fossicking materials collected by a licensee.
- (2) However, despite the *Mineral Resources Act 1989*, a licensee need not file a royalty return under the Act for minerals collected by the licensee in a royalty period if no royalty is payable under the Act for the minerals for the period.
- (3) In this section—

licensee means—

 - (a) the holder of an individual or family fossickers licence;
or

- (b) an individual fossicking under another kind of fossickers licence.

36 Sale or use of fossicking material in trade or commerce

- (1) This section applies to fossicking material collected under a licence.
- (2) A licensee must not—
 - (a) in trade or commerce, sell the material; or
 - (b) use the material in the production of something else for sale in trade or commerce.

Maximum penalty—400 penalty units.

- (3) However, this section does not apply to—
 - (a) an occasional sale or use of fossicking material; or
 - (b) a sale or use prescribed by regulation.

37 Volume, weight or number of specimens may be restricted

- (1) A regulation may restrict the volume, weight or number of fossicking material specimens an individual may collect on particular land.
- (2) A licensee must not contravene a restriction prescribed by regulation.

Maximum penalty—50 penalty units.

38 Use of machinery etc. prohibited

A person fossicking under a licence must not use machinery or equipment (other than a hand tool) to fossick.

Maximum penalty—400 penalty units.

39 Limits on digging

- (1) A person fossicking under a licence must not dig below ground level—
- (a) to a depth, measured from the highest point at the top of the land dug, of more than—
 - (i) 0.5m in a watercourse; or
 - (ii) 2m on other land; or
 - (iii) a depth fixed under subsection (2); or
 - (b) if the digging involves tunnelling under land or creating an overhang; or
 - (c) in a road reserve.

Maximum penalty—20 penalty units.

- (2) If, in the Minister's opinion, digging to a depth mentioned in subsection (1)(a)(i) or (ii) on particular land may be unsafe, the Governor in Council may fix a reduced depth for the land by regulation.

40 Discovery of minerals does not confer rights

To remove any doubt, a licence does not give a person who discovers a mineral deposit while fossicking a right to do anything other than fossick for the mineral in the deposit under the licence.

Note—

The licensee must get a permit, claim, licence or lease under the *Mineral Resources Act 1989* to be able to develop the mineral deposit for commercial purposes and has no prior right to a permit, claim, licence or lease merely because of the discovery.

Part 4 Designated fossicking land and fossicking areas

Division 1 Designated fossicking land

41 Proposal for declaration of designated fossicking land

- (1) If the chief executive is satisfied particular land should be declared designated fossicking land, the chief executive must prepare a proposal for the declaration.
- (2) The proposal must describe the land proposed to become designated fossicking land.
- (3) The chief executive must give written notice to owners of land proposed to become designated fossicking land and the local government for the land.
- (4) The notice must state a day by which an owner or the local government may make submissions to the chief executive about the proposal.
- (5) The chief executive may give notice of the proposal in the newspaper the chief executive considers appropriate if—
 - (a) the chief executive considers it is impracticable to give notice to each owner of a particular class; or
 - (b) after making the inquiries the chief executive considers appropriate, an owner's name can not easily be found out.
- (6) In this section—
owner includes a person having an interest in the land.

42 Declaration of designated fossicking land

- (1) A regulation may declare particular land to be designated fossicking land, and give the land a name.

-
- (2) A regulation must not make a declaration for occupied land without the owner's written agreement or for a known fossil site.
 - (3) The agreement of 1 owner who is a joint tenant or tenant in common with other owners, is, in the absence of evidence to the contrary, taken to be agreement of each other owner who is a joint tenant or tenant in common for subsection (2).
 - (4) A declaration under subsection (1) does not affect—
 - (a) the rights under the *Mineral Resources Act 1989* of a holder of a prospecting permit, exploration permit, mineral development licence, mining claim or mining lease for land stated in the declaration; or
 - (b) a right obtained under the *Mineral Resources Act 1989* after the declaration, under an application made before the declaration, for a permit, licence, claim or lease mentioned in paragraph (a) for land stated in the declaration.

Division 2 Fossicking areas

43 Proposal for declaration of fossicking area

- (1) If the chief executive is satisfied particular land should be declared a fossicking area, the chief executive must prepare a proposal for the declaration.

Note—

A fossicking area differs from designated fossicking land. An interest under the *Mineral Resources Act 1989* may be granted for land in a fossicking area only if an application for the interest is made before the land becomes a fossicking area or there is an existing interest under that Act. Further interests can be granted for designated fossicking land.

- (2) The proposal must describe the land proposed to become a fossicking area.
- (3) The chief executive must give written notice to the following persons—

[s 44]

- (a) owners of land proposed to become a fossicking area;
 - (b) applicants for, and holders of, an exploration permit, mineral development licence, mining claim or mining lease for the land;
 - (c) the local government for the land.
- (4) The notice must state a day by which a person mentioned in subsection (3) may make submissions to the chief executive about the proposal.
- (5) The chief executive may give notice of the proposal in the newspaper the chief executive considers appropriate if—
- (a) the chief executive considers it is impracticable to give notice to each owner of a particular class; or
 - (b) after making the inquiries the chief executive considers appropriate, an owner's name can not easily be found out.
- (6) In this section—
- owner* includes a person having an interest in the land.

44 Declaration of fossicking area

- (1) A regulation may declare particular land to be a fossicking area, and give the area a name.
- (2) A regulation must not make a declaration—
 - (a) for occupied land—without the owner's written agreement; or
 - (b) for land in an exploration permit, mineral development licence, mining claim or mining lease—without written agreement of the permit, licence, claim or lease holder; or
 - (c) for land in an application under the *Mineral Resources Act 1989* for an exploration permit, mineral development licence, mining claim or mining lease that has not been rejected or withdrawn when the declaration is made—without the applicant's written agreement; or

- (d) for a known fossil site.
- (3) However, a declaration may be made for land in an application mentioned in subsection (2)(c) for which the applicant's agreement was not obtained if the application is rejected or withdrawn before the declaration is made.
- (4) The agreement of 1 owner who is a joint tenant or tenant in common with other owners, is, in the absence of evidence to the contrary, taken to be agreement of each other owner who is a joint tenant or tenant in common for subsection (2)(a).

Division 3 General

45 Declaration does not normally affect person's title to land

A declaration of land as designated fossicking land or a fossicking area does not affect a person's title to land unless the owner's agreement to the declaration contains terms binding on the State and the owner and the owner's successors in title.

Note—

Under section 48 (Some agreements run with land) an owner's agreement to a declaration of land as designated fossicking land or a fossicking area may be made binding on the State, the owner and successors in title.

46 No fee payable

An owner of designated fossicking land or land in a fossicking area must not charge a fee for fossicking on the land.

Maximum penalty—10 penalty units.

47 Restriction on alienation of unallocated State land

- (1) This section applies if unallocated State land under the *Land Act 1994* is part of designated fossicking land or a fossicking area.

- (2) Unallocated State land mentioned in subsection (1) must not be alienated, leased or occupied without the Minister's approval.
- (3) However, failure to obtain the Minister's approval does not invalidate an alienation, lease or occupancy.

48 Some agreements run with land

An owner's agreement to the declaration of land as designated fossicking land or a fossicking area may contain terms binding on the State, the owner and the owner's successors in title.

49 When does agreement end?

- (1) An owner's agreement to the declaration of land as designated fossicking land or a fossicking area has effect until it ends under its terms unless—
 - (a) it is earlier ended under subsection (2); or
 - (b) the declaration of the land as designated fossicking land or a fossicking area is repealed.
- (2) The agreement may be ended if—
 - (a) the owner asks for it to be ended; or
 - (b) the Minister considers the land to which the agreement applies is no longer needed, or suitable for use under the agreement, as designated fossicking land or a fossicking area.

50 Amendment of agreements

An owner's agreement to the declaration of land as designated fossicking land or a fossicking area may be amended by a later agreement between the State and the owner, including, for example, by removing from the designated fossicking land or fossicking area, if the owner asks, land no longer needed, or

suitable for use as designated fossicking land or a fossicking area.

51 When agreement is not needed

If land that is already designated fossicking land or a fossicking area is proposed to be included with other land in a later declaration of land as designated fossicking land or a fossicking area, the owner's agreement to the inclusion of the land in land to be covered by the declaration is not needed.

52 Chief executive may erect signs and carry out works

- (1) The chief executive may erect signs and carry out works on designated fossicking land and fossicking areas for administrative purposes, hygiene reasons or public enjoyment and protection.
- (2) However, if the land is occupied land, the chief executive must not carry out works (other than erecting a sign) on the land without the owner's consent.
- (3) A sign does not affect an owner's access to the land or prevent the exercise of the owner's rights on the land.

53 Management plans

- (1) The chief executive may prepare a draft management plan for designated fossicking land or a fossicking area if, in the chief executive's opinion, the use of the designated fossicking land or fossicking area should be regulated because of the extent of use of, or the impact of activities on, the land.
- (2) In preparing the draft management plan, the chief executive must consult with landowners, any land manager for the land, the local government for the land and anyone else the chief executive considers may be affected by the plan.
- (3) In preparing a final management plan, the chief executive must consider submissions properly made to the chief executive.

- (4) If the chief executive approves a final management plan, the chief executive must ensure the approved plan is available for public inspection at the places the chief executive considers appropriate.

54 Minister may appoint manager

- (1) This section applies to land that is designated fossicking land or a fossicking area (the *land*).
- (2) The Minister may, with the owner's approval, appoint a manager for the land (the *land manager*).
- (3) The terms of the appointment are as stated in the instrument of appointment.
- (4) The Minister must not appoint a person as the land manager if the owner does not agree to the person's appointment.
- (5) The land manager must—
 - (a) care for and administer the land; and
 - (b) ensure the management plan for the land is properly carried out; and
 - (c) keep records of all amounts received by the land manager under this Act; and
 - (d) account to the chief executive for the amounts.
- (6) The *Public Sector Management and Employment Act 1988* does not apply to the appointment or employment of the land manager.

55 Trading and commercial activities on designated fossicking land or fossicking areas generally not allowed

- (1) A person must not carry out a trading or commercial activity on designated fossicking land or a fossicking area.
Maximum penalty—400 penalty units.

-
- (2) Subsection (1) does not apply to lawful activities by or for the owner of the land or the holder of a mining claim or lease over the land.
 - (3) Also, subsection (1) does not prevent a commercial tour group visiting the land under a commercial tour operator's fossicking licence.

56 Living on designated fossicking land and fossicking areas

- (1) A person must not live on designated fossicking land or a fossicking area without the chief executive's written permission.

Maximum penalty—400 penalty units.

- (2) Subsection (1) does not apply to—
 - (a) an owner of occupied land in designated fossicking land or a fossicking area; or
 - (b) a member of the owner's family, a lessee or sub-lessee from the owner, or anyone living on the land with the owner's permission; or
 - (c) the holder of a mining claim or lease; or
 - (d) an agent or employee of the holder of a mining claim or lease; or
 - (e) anyone else living on the land when it became designated fossicking land or a fossicking area.

57 Conduct on designated fossicking land and fossicking areas

A person on designated fossicking land or a fossicking area must not—

- (a) obstruct a person lawfully on the land or area, unless the person has a reasonable excuse; or
- (b) be disorderly; or

- (c) create a disturbance, unless the person has a reasonable excuse.

Maximum penalty—20 penalty units.

Part 5 Camping

Division 1 Permits

58 Fossickers camping permits

- (1) An issuing officer may grant the following kinds of fossickers camping permits—
 - (a) individual fossickers camping permits;
 - (b) family fossickers camping permits;
 - (c) club fossickers camping permits;
 - (d) educational organisation fossickers camping permits;
 - (e) commercial tour operator fossickers camping permits;
 - (f) another kind of fossickers camping permit prescribed by regulation.
- (2) A regulation may provide for camping under self-registration procedures provided in the regulation.

59 Applications for fossickers camping permits

- (1) An application for a permit must be made to an issuing officer for the land to which the application applies.
- (2) The application must be in the approved form and accompanied by the fee prescribed by regulation for the permit.
- (3) However, if the chief executive, by gazette notice, directs that an application for a permit for particular designated fossicking land or a particular fossicking area must be made to a

particular issuing officer, an application of that kind must be made to that issuing officer.

- (4) If a person may camp on particular land under self-registration procedures, this section does not prevent the person applying for a permit under the self-registration procedures.

60 How issuing officer may deal with applications for permit

- (1) An issuing officer must consider an application for a permit and either—
 - (a) grant the permit, with or without conditions; or
 - (b) refuse to grant the permit.
- (2) If the terms of the issuing officer's appointment prevent the officer granting the permit, the officer—
 - (a) must not grant the permit; and
 - (b) must tell the applicant where to apply for the permit.
- (3) If the issuing officer decides to grant the permit, the officer must promptly give the applicant the permit.
- (4) However, the issuing officer must refuse to grant a permit for camping on regulated camping land if granting it would allow the applicant to camp continuously on the same regulated camping land for longer than the maximum term of a permit.

61 Permit conditions must not be contravened

The permit holder and anyone else camping under the permit must comply with the permit conditions.

Maximum penalty—20 penalty units.

62 Permit not transferable

A permit is not transferable.

63 Term of permit

- (1) A permit is for the term stated in the permit.
- (2) A regulation may prescribe a maximum term for permits.

Division 2 Camping

64 Division does not apply to some individuals

This division does not apply to camping on designated fossicking land or a fossicking area if the person camping on the land is—

- (a) the owner; or
- (b) an agent of, or lessee or sub-lessee from, the owner; or
- (c) someone else camping on the owner's land with the owner's permission; or
- (d) the holder of a mining claim or mining lease over the land where the person is camping; or
- (e) an agent of a mining claim or lease holder of the land where the person is camping.

- (1) A regulation may declare designated fossicking land or a fossicking area to be prohibited camping land.
- (2) A person must not camp on prohibited camping land.
Maximum penalty for subsection (2)—20 penalty units.

66 Regulated camping land

- (1) A regulation may declare designated fossicking land or a fossicking area to be regulated camping land.
- (2) A regulation must not declare land to be regulated camping land without the agreement of—

- (a) if camping on the land is regulated under a local law—the local government for the land; or
 - (b) if the land is occupied land—the owner of the land.
- (3) If land mentioned in subsection (2)(a) or (b), or land on which camping is regulated under another Act, becomes regulated camping land—
- (a) a provision of the Act or local law regulating camping on the land ceases to apply to the land to the extent stated in the regulation; and
 - (b) no camping fee is payable to the owner by persons camping on the land under this Act.

67 Permit needed to camp on regulated camping land

- (1) A person must not camp on regulated camping land unless the person—
- (a) holds a permit; or
 - (b) is a member of a club holding a permit; or
 - (c) is taking part in a commercial tour under the commercial tour operator's permit; or
 - (d) is a member of—
 - (i) an educational organisation holding a permit; or
 - (ii) a permit holder's family.
- (2) Also, if the regulated camping land is land to which a mining claim or lease applies, the person must not camp on the land without the claim or lease holder's permission.

Maximum penalty—20 penalty units.

Note—

A permission mentioned in this section and sections 68 and 69 includes a general permission under section 28 (General permissions).

68 Camping on non-regulated designated fossicking land and fossicking areas

- (1) This section applies to camping on designated fossicking land or a fossicking area (other than prohibited camping land and regulated camping land).
- (2) If the land is occupied land or land to which a mining claim or lease applies, a person fossicking under a licence must not camp on the land without the owner's or claim or lease holder's permission.

Maximum penalty—20 penalty units.

69 Camping on other land

- (1) This section applies to camping on land other than designated fossicking land and a fossicking area.

Maximum penalty—20 penalty units.

70 Breach of conditions of permission

- (1) This section applies to a person camping on land (other than prohibited camping land) while fossicking on the land under a licence.
- (2) If the person does not comply with the conditions of the permission to camp on the land—
 - (a) the person's right to remain on the land ends; and
 - (b) an authorised officer, the landowner, claim holder or lease holder may require the person to leave the land immediately.
- (3) If the person does not leave the land immediately, the person commits an offence against this Act.

Maximum penalty—50 penalty units.

-
- (4) This section does not affect a right or remedy the owner may have against the person apart from this section.

Part 6 Administration and enforcement

Division 1 Administration

71 Chief executive may appoint issuing officers

- (1) The chief executive may appoint an appropriate person as an issuing officer under this Act.
- (2) The chief executive may, in the appointment—
- (a) authorise the person to grant a licence or permit for any land to which this Act applies, or a particular mining district, designated fossicking land or fossicking area; or
 - (b) limit the person's authority to grant a licence or permit to—
 - (i) a particular kind of licence or permit; or

Maximum penalty—20 penalty units.

- (4) This section does not apply to an officer of another department or an employee of a government owned

corporation who holds an identity card issued by that department or corporation.

79 Safety of fossicking sites

- (1) An authorised officer or an inspector under the *Mining and Quarrying Safety and Health Act 1999* may direct a person fossicking under a licence to take stated reasonable steps within a stated reasonable time to make land used by the person safe.

Maximum penalty—20 penalty units.

80 Authorised officer may restrict activities

- (1) An authorised officer may prohibit fossicking, camping or the use of fire on designated fossicking land or a fossicking area for a stated period by notice displayed on the land if the officer considers it necessary or desirable—

- (a) for safety or hygiene reasons; or
- (b) to allow land to be rehabilitated; or
- (c) to prevent inconvenience to anyone on the land.

Examples of paragraph (c)—

- 1 there may be too many people fossicking on the land

2 the owner may want to muster stock on the land

- (2) A person must comply with a notice displayed under subsection (1), unless the person has a reasonable excuse for not complying with it.

Maximum penalty—20 penalty units.

81 Production of licence or permit

- (1) An authorised officer may ask a person apparently fossicking under a licence or camping on regulated camping land to produce the person's licence or permit immediately for inspection.
- (2) The person must produce the licence or permit, unless the person has a reasonable excuse for not producing it.

Maximum penalty—5 penalty units.

82 Entry of place

An authorised officer or an inspector under the *Mining and Quarrying Safety and Health Act 1999* may enter a place if—

- (a) it is designated fossicking land or a fossicking area and the land entered is not part of a living area; or
- (b) a general permission to fossick or camp on the land is in force and the land entered is not part of a living area; or
- (c) its occupier consents to the entry or the purpose of the entry is to get the occupier's consent; or

- (e) it is—
- (i) not within a city or town under the *Local Government Act 2009* and is used for rural purposes; or
- (ii) town land used for rural purposes or an extractive industry; or

- (iii) vacant town land;
and, in all the circumstances, it is not reasonably practicable to obtain the consent of the owner of the place; or
- (f) the entry is authorised by a warrant.

83 Warrants

- (1) An authorised officer may apply to a magistrate for a warrant for a place.
- (2) An application must be sworn and state the grounds on which the warrant is sought.
- (3) The magistrate may refuse to consider the application until the authorised officer gives the magistrate all the information the magistrate requires about the application in the way the magistrate requires.

Example—

The magistrate may require additional information supporting the application to be given by statutory declaration.

- (4) The magistrate may issue a warrant only if the magistrate is satisfied there are reasonable grounds for suspecting—
 - (a) there is a particular thing (the *evidence*) that may provide evidence of the commission of an offence against this Act; and
 - (b) the evidence is, or may be within the next 7 days, at the place.
- (5) The warrant must state—
 - (a) that the authorised officer may, with necessary and reasonable help and force, enter the place or vehicle and exercise the authorised officer's powers under this Act; and
 - (b) the evidence for which the warrant is issued; and
 - (c) the hours of the day when entry may be made; and

- (d) the day (within 14 days after the warrant's issue) when the warrant ends.

 - (a) the magistrate must—
 - (i) tell the authorised officer what the terms of the warrant are; and
 - (ii) tell the authorised officer the date and time the warrant was signed; and
 - (iii) record on the warrant the reasons for issuing the warrant; and
 - (b) the authorised officer must—
 - (i) complete a form of warrant (**warrant form**) in the same terms as the warrant issued by the magistrate; and

- (6) The facsimile warrant, or the warrant form properly completed by the authorised officer, is authority for the entry and the exercise of the other powers authorised by the warrant issued by the magistrate.
- (7) The authorised officer must send to the magistrate—
- (a) the sworn application; and
 - (b) if a warrant form was completed by the officer—the completed warrant form.
- (8) The sworn application form and any completed warrant form must be sent to the magistrate at the earliest practicable opportunity.
- (9) When the magistrate receives the application and any warrant form, the magistrate must attach them to the warrant issued by the magistrate.
- (10) If—
- (a) in a proceeding a question arises whether the exercise of a power was authorised by a warrant issued under this section; and
 - (b) the warrant is not produced in evidence;
- the court must presume the exercise of a power was not authorised by a warrant unless the contrary is proved.

85 Entry of vehicles

- (1) An authorised officer may enter a vehicle if the authorised officer has reasonable grounds for suspecting—
- (a) the vehicle is being, or has been, used in the commission of an offence against 1 of the following provisions—
 - section 36
 - section 37

- section 38
