A number plate, other than a dealer plate, must not be attached to a vehicle if—

Note—

See section 127(2)(h)(ii).

Part 4 **Renewal of registration**

42 Registration renewal notice

- (1) A registration renewal notice (a *renewal notice*) for a registered vehicle is a notice sent by the chief executive—
 - (a) addressed to—
 - (i) if the vehicle's registered operator has given the chief executive a direction to address the notice to another person—the person; or

Note—

See part 10, division 3A, subdivision 3 for requirements about the direction.

 - (ii) otherwise—the vehicle's registered operator; and - (b) stating that, if the vehicle's registration is not renewed on or before a stated day, it expires.
- (2) However, if the chief executive does not send, or the registered operator does not receive, a renewal notice, the non-receipt of the notice does not affect—
 - (a) the expiry of the vehicle's registration; or
 - (b) the registered operator's obligation to renew the vehicle's registration before it expires, if the registered operator intends to use the vehicle on a road after the existing registration expires.

43 Renewal of registration

- (1) A person may apply to the chief executive for renewal of a vehicle's registration.

Note—

See part 10, division 3A, subdivision 2 for requirements about the application.

- (1A) The application must be accompanied by the following—
- (a) any vehicle registration fee under schedule 1 or 2 for the vehicle;
 - (b) any registration administration fee for a conditionally registered vehicle under schedule 3 for the vehicle;
 - (c) if the vehicle is a category 1 vehicle—the traffic improvement fee under schedule 3 for the vehicle;
 - (d) if the vehicle is a category 2 vehicle, other than a trailer—the registration administration fee under schedule 3 for the vehicle;
 - (e) any insurance certificate required under the *Motor Accident Insurance Act 1994* for the vehicle for the proposed term of registration or the insurance premium payable under that Act for the certificate;
 - (f) if the vehicle is a COI vehicle under the Vehicle Standards and Safety Regulation—prescribed evidence of a current certificate of inspection under that regulation for the vehicle, but only if its owner is required under that regulation to possess a current certificate of inspection for the vehicle;
 - (g) if the applicant is relying on section 100C or 100D—the evidence or notice required under section 100E.
- (1B) However, subsection (1A)(d) does not apply to a category 2 vehicle if another registration administration fee applies to the vehicle under subsection (1A).
- (2) The applicant must nominate the registration term for the vehicle.

[s 43]

- (3) The registration term must be a term available under section 22 or 45 or permitted under section 23, 97 or 100C.
- (4) The registration of a vehicle may be renewed after its expiry—
 - (a) if the vehicle is registered for a term permitted under section 23—not more than 1 year after the expiry of the registration; or
 - (b) if section 99 or 100F applies—not more than 2 years after the expiry of the registration; or
 - (c) otherwise—not more than 3 months after the expiry of the registration.
- (5) Despite subsection (4), the chief executive may accept an application for renewal of registration at any time if the chief executive considers it reasonable in the circumstances to do so.
- (6) The expiry day of a renewed term of registration for a vehicle must be worked out as if the renewal had commenced—
 - (a) if the vehicle’s registration is deferred for a period under section 23(3)(b), 99(2) or 100F(2) and is renewed during, or at the end of, the period—the day after the day the deferral ended; or
 - (b) otherwise—on the day after the day recorded in the register as the expiry day of the registration being renewed.
- (7) Subsections (4) to (6) do not have the effect of retrospectively registering a vehicle.
- (8) If the period by which a vehicle’s registration may be renewed has ended but the registration has not been renewed, the chief executive may, by written notice given to the person who was recorded as the vehicle’s registered operator before the registration expired, require the person to return the vehicle’s number plates to the chief executive within 14 days after the notice is given.

-
- (9) A person of whom a requirement is made under subsection (8) must not contravene the requirement, unless the person has a reasonable excuse.

Maximum penalty—20 penalty units.

- (10) Despite subsections (1) to (9), or part 10, division 3A, subdivision 2, a person may renew a vehicle's registration using any of the ways stated in the renewal notice for the particular renewal.
- (11) Despite subsections (1) to (10), the chief executive—
- (a) may refuse an application for the renewal of the registration of a vehicle under the same circumstances, and in the same way, that the chief executive may refuse an application for the registration of a vehicle under section 17; and
 - (b) must refuse an application for the renewal of the registration of a vehicle if the chief executive reasonably believes the vehicle or a part of the vehicle is, or may be, stolen.

44 When surcharge is payable for renewal

- (1) This section applies if—
- (a) an applicant for renewal of registration for a vehicle is not required to pay a CTP insurance premium to the chief executive under section 43(1A)(e) in relation to the renewal; and
 - (b) the amount paid by the applicant for the purpose of the registration-related amount for the renewal is more than \$1 below what the registration-related amount would be if the relevant registration fee payable under section 43(1A)(a) for the renewal were for 1 year's registration.
- (2) This section also applies if—
- (a) an applicant for renewal of registration for a vehicle is required to pay a CTP insurance premium to the chief

[s 45]

- executive under section 43(1A)(e) in relation to the renewal; and
- (b) the amount paid by the applicant for the purpose of the registration-related amount for the renewal is more than \$1 below what the registration-related amount would be if—
 - (i) the relevant registration fee payable under section 43(1A)(a) for the renewal were for 1 year's registration; and
 - (ii) the CTP insurance premium payable under section 43(1A)(e) in relation to the renewal were the lowest premium set by any CTP insurer for insurance covering 1 year's registration.
- (3) The applicant under subsection (1) or (2) must pay the surcharge under schedule 3.

45 Registration term if overpayment or underpayment of registration-related amount and any surcharge

- (1) This section applies if an applicant for renewal of registration for a vehicle—
 - (a) does not present an insurance certificate under the *Motor Accident Insurance Act 1994* for the vehicle for the proposed term of registration to the chief executive under section 43(1A)(e); and
 - (b) overpays or underpays the total of the registration-related amount for the renewal and any surcharge payable for the renewal.
- (2) Despite section 22, the registration may be renewed for a term that is in proportion to the amount paid after deducting—
 - (a) any surcharge payable for the renewal under schedule 3; and
 - (b) any administrative fee for late payment payable for the renewal.

- (3) However, the registration must not be renewed under subsection (2) if the amount paid is more than \$1 below what the total of the registration-related amount for the renewal and any surcharge payable under schedule 3 for the renewal would be if any CTP insurance premium, payable under section 43(1A)(e) in relation to the renewal, for the relevant registration term for the vehicle, were the lowest premium set by any CTP insurer.
- (4) Also, if the amount paid is more than the registration-related amount for the renewal that would be payable if the registration were to be renewed for 14 months—
 - (a) the vehicle’s registration may only be renewed for 1 year; and
 - (b) the difference between the amount paid and the registration-related amount for the 1 year renewal must be refunded.
- (5) If the term of registration would, other than for this subsection, not be a whole number of days—
 - (a) the term must be rounded down to the nearest whole day; and
 - (b) the difference between the amount paid and the total of the registration-related amount for the renewal and any surcharge payable for the renewal must be credited to the applicant.
- (6) If subsection (3) applies, the chief executive must refund the amount paid to the applicant.
- (7) The chief executive must give the applicant a written notice stating—
 - (a) the term of registration for the vehicle; or
 - (b) that the amount paid is being refunded because it is below the minimum required to enable renewal of registration.

46 Administrative fee for late payment if cheque dishonoured

- (1) This section applies if—
 - (a) payment for part or all of the amount payable for renewal of registration is made, before the expiry day of the registration, by cheque or other method of payment; and
 - (b) the cheque or payment is not honoured on presentation or is later dishonoured; and
 - (c) after the payment under paragraph (a), payment for part or all of the amount payable for the renewal is made after the expiry day of the registration.
- (2) In applying the administrative fee for late payment, the purported payment made before the expiry day must be disregarded.

47 Issue of receipt and updating of records

- (1) The renewal of the registration of a vehicle is effective—
 - (a) if the renewal involves the issue of the chief executive's receipt for payment before the expiry of the term of registration being renewed—immediately after the expiry of that term; or
 - (b) if the renewal does not involve the issue of the chief executive's receipt for payment but involves transactions that are completed before the expiry of the term of registration being renewed, including on the day of the expiry—immediately after the expiry of that term; or
 - (c) if the renewal involves the issue of the chief executive's receipt for payment after the expiry of the term of registration being renewed—on the issue of the chief executive's receipt for payment; or
 - (d) if the renewal does not involve the issue of the chief executive's receipt for payment but involves transactions that are completed after the expiry of the term of

 - (c) the duty payable, in relation to the acquisition, under the *Duties Act 2001*;
 - (d) a gas certificate for each gas system in the vehicle;

- (3) A dealer who acquires a registered vehicle must give notice to the chief executive of the acquisition within 14 days after the acquisition.

[s 48]

Maximum penalty—16 penalty units.

Note—

See part 10, division 3A, subdivision 3 for requirements about the notice.

- (3A) If the dealer acquires the vehicle from another dealer (the ***disposing dealer***), subsection (3) does not apply if both dealers agree, in writing, that the disposing dealer will apply, or give notice, under subsection (6) within 14 days after the acquisition.
- (4) All amounts payable under subsection (2)(a) and (c) are payable by the person who acquires a vehicle from the day of the acquisition.
- (5) If a person who acquires a registered vehicle is unable to state the full name and address, or include the signature, of the person who sold or disposed of the vehicle in the application or notice, the person acquiring the vehicle must give a statement to that effect to the chief executive.

[s 49]

- (10) The acquirer must not contravene the requirement mentioned in subsection (9A) unless the acquirer has a reasonable excuse.

Maximum penalty—16 penalty units.

- (11) If the chief executive acts under subsection (9), the person in whose name the vehicle is registered or recorded in the register under a disposal notice is taken to be the vehicle's registered operator for this regulation until the chief executive receives another disposal notice for the vehicle or an application for transfer of the vehicle's registration.

See section 19M of the Act, which prohibits recording the transfer of registration in particular circumstances.

Part 6 Expiry and cancellation of registration

- (2) The chief executive must make a partial refund of the registration fee paid for the vehicle to the person who was the registered operator immediately before the cancellation.

[s 57]

- (3) The refund is worked out using the following formula—

$$\text{refund} = \frac{\text{number of days}}{365} \times \text{annual registration fee}$$

where—

number of days is the number of unexpired whole days of the registration term for which the fee was paid, from the day on which the chief executive approves the application to cancel the registration.

- (4) However, the chief executive may deduct from the refund—
