A person applies for a commercial activity permit to conduct a commercial tour that is to be conducted in the Barakula State Forest and Carnarvon National Park.

The day before the application was made, the person applied, under the *Nature Conservation Act 1992*, for a commercial activity permit to conduct the tour in Carnarvon National Park and the chief executive has not started considering that application under that Act.

- (2) The chief executive may waive all or part of the application fee payable for the forestry application.
- (3) However, subsection (2) only applies if the holder has paid an application fee (however called) for the related application.
- (4) Also, if the application fee payable for the forestry application is higher than the application fee paid for the related application, the chief executive can only waive an amount that is not more than the application fee paid for the related application.
- (5) In this section—  
*forestry area* means—
  - (a) a forest reserve under the *Nature Conservation Act 1992* that was, immediately before its dedication as a forest reserve, a State forest; or
  - (b) a State forest; or
  - (c) a timber reserve.

### **38 Commercial activity permit—equivalent of permit fee paid under another Act**

- (1) This section applies if—
  - (a) the chief executive waives all or part of the application fee payable for an application for a commercial activity permit under section 37; and
  - (b) the holder of the permit has paid a permit fee (however called) for the authority mentioned in section 37(1)(b) (the related authority).
- (2) The chief executive must also waive—
  - (a) if the permit fee paid for the related authority is the same or higher than the permit fee stated in schedule 6

---

for the commercial activity permit—the permit fee for the commercial activity permit; or

- (b) if the permit fee paid for the related authority is lower than the permit fee stated in schedule 6 for the commercial activity permit—the amount of the permit fee for the commercial activity permit equivalent to the permit fee paid for the related authority.

### 39 **Commercial activity permit—equivalent of daily activity fee paid under another Act**

- (1) This section applies if—
  - (a) the holder of a commercial activity permit, other than for filming or photography, conducts the commercial activity authorised under the permit in the State forest, timber reserve or forest reserve to which the permit applies and either or both of the following—
    - (i) a protected area under the *Nature Conservation Act 1992 (NC Act)*;
    - (ii) a recreation area under the *Recreation Areas Management Act 2006 (RAM Act)*; and
  - (b) the activity conducted in the State forest, timber reserve or forest reserve is also conducted for the same clients in the protected area or recreation area under a permit (however called) (***equivalent permit***) issued or granted under the NC Act or the RAM Act that authorises the conduct of the activity; and
  - (c) the holder has paid a daily fee (however called) for conducting the activity under the equivalent permit.
- (2) The daily activity fee for conducting the activity under the commercial activity permit is the amount worked out by deducting the amount of the daily fee paid for conducting the activity under the equivalent permit from the daily activity fee stated in schedule 6 for the commercial activity permit.
- (3) If the amount under schedule 6 of the daily activity fee payable for conducting the activity is the same or less than the

amount of the daily fee paid for conducting the activity under the equivalent permit, the chief executive must waive payment of the daily activity fee.

*Example—*

The holder of a commercial activity permit conducts a commercial tour lasting more than 3 hours for 10 clients in Barakula State Forest and Carnarvon National Park and the holder has paid a daily fee of \$37.50 (\$3.75 for each client) under the *Nature Conservation Act 1992* for conducting the tour in the national park under an equivalent permit under that Act.

The daily activity fee payable for conducting the commercial tour in the State forest under the commercial activity permit is nil, being the daily activity fee stated in schedule 6 for conducting the tour (\$3.75 for each client) reduced by \$37.50, being the daily fee paid under the *Nature Conservation Act 1992* for conducting the tour in Carnarvon National Park under an equivalent permit under that Act.

(4) In this section—

*daily activity fee* does not include a fee payable for camping overnight.

*forest reserve* means a forest reserve under the *Nature Conservation Act 1992*.

    - (i) 31 July 2020;
    - (ii) a day fixed under subsection (4).
- (2) Payment of the fee is waived for the holder.
- (3) If the holder has paid the fee, the chief executive must refund the fee.

  - (b) otherwise—31 July 2020.
- (6) In this section—
- daily activity fee* see schedule 6, item 4(c).
