Chapter 1 Preliminary

Part 1 Introduction

1 Short title

This Act may be cited as the *Mental Health Act 2016*.

2 Commencement

This Act commences on a day to be fixed by proclamation.

3 Main objects of Act

- (1) The main objects of this Act are—
 - (a) to improve and maintain the health and wellbeing of persons who have a mental illness who do not have the capacity to consent to be treated; and
 - (b) to enable persons to be diverted from the criminal justice system if found to have been of unsound mind at the time of committing an unlawful act or to be unfit for trial; and
 - (c) to protect the community if persons diverted from the criminal justice system may be at risk of harming others.
- (2) The main objects are to be achieved in a way that—

- (a) safeguards the rights of persons; and
 - (b) is the least restrictive of the rights and liberties of a person who has a mental illness; and
 - (c) promotes the recovery of a person who has a mental illness, and the person's ability to live in the community, without the need for involuntary treatment and care.
- (3) For subsection (2)(b), a way is the least restrictive of the rights and liberties of a person who has a mental illness if the way adversely affects the person's rights and liberties only to the extent required to protect the person's safety and welfare or the safety of others.

4 Act binds all persons

- (1) This Act binds all persons, including the State and, as far as the legislative power of the Parliament permits, the Commonwealth and the other States.

 - (b) a reference in the Act to treatment and care of a person means a reference to care of the person; and
 - (c) a reference in the Act to recovery of a person means a reference to the rehabilitation, and development of living skills, of the person.

Part 3 Interpretation

9 Definitions

The dictionary in schedule 3 defines particular words used in this Act.

10 Meaning of *mental illness*

- (1) *Mental illness* is a condition characterised by a clinically significant disturbance of thought, mood, perception or memory.
- (2) However, a person must not be considered to have a mental illness merely because—
 - (a) the person holds or refuses to hold a particular religious, cultural, philosophical or political belief or opinion; or
 - (b) the person is a member of a particular racial group; or
 - (c) the person has a particular economic or social status; or
 - (d) the person has a particular sexual preference or sexual orientation; or
 - (e) the person engages in sexual promiscuity; or
 - (f) the person engages in immoral or indecent conduct; or
 - (g) the person takes drugs or alcohol; or

- (h) the person has an intellectual disability; or
 - (i) the person engages in antisocial behaviour or illegal behaviour; or
 - (j) the person is or has been involved in family conflict; or
 - (k) the person has previously been treated for a mental illness or been subject to involuntary assessment or treatment.
- (3) Subsection (2) does not prevent a person mentioned in the subsection having a mental illness.

Examples for subsection (3)—

- 1 A person may have a mental illness caused by taking drugs or alcohol.
 - 2 A person may have a mental illness as well as an intellectual disability.
- (4) A decision that a person has a mental illness must be made in accordance with internationally accepted medical standards.

11 Meaning of *involuntary patient*

An *involuntary patient* means—

- (a) a person subject to any of the following—
 - (i) an examination authority;
 - (ii) a recommendation for assessment;
 - (iii) a treatment authority;
 - (iv) a forensic order;
 - (v) a treatment support order;
 - (vi) a judicial order; or
- (b) a person detained in an authorised mental health service or public sector health service facility under section 36; or
- (c) a person from another State detained in an authorised mental health service under section 368(3)(b).

12 Meaning of *treatment criteria*

- (1) The *treatment criteria* for a person are all of the following—
 - (a) the person has a mental illness;
 - (b) the person does not have capacity to consent to be treated for the illness;
 - (c) because of the person’s illness, the absence of involuntary treatment, or the absence of continued involuntary treatment, is likely to result in—
 - (i) imminent serious harm to the person or others; or
 - (ii) the person suffering serious mental or physical deterioration.
- (2) For subsection (1)(b), the person’s own consent only is relevant.
- (3) Subsection (2) applies despite the *Guardianship and Administration Act 2000*, the *Powers of Attorney Act 1998* or any other law.

13 Meaning of *less restrictive way*

- (1) For this Act, there is a *less restrictive way* for a person to receive treatment and care for the person’s mental illness if, instead of receiving involuntary treatment and care, the person is able to receive the treatment and care that is reasonably necessary for the person’s mental illness in 1 of the following ways—
 - (a) if the person is a minor—with the consent of the minor’s parent;
 - (b) if the person has made an advance health directive—under the advance health directive;
 - (c) if a personal guardian has been appointed for the person—with the consent of the personal guardian;
 - (d) if an attorney has been appointed by the person—with the consent of the attorney;

- (e) otherwise—with the consent of the person’s statutory health attorney.

Examples of when there may not be a less restrictive way for a person to receive the treatment and care that is reasonably necessary for the person’s mental illness—

- 1 An advance health directive does not cover the matters that are clinically relevant or appropriate for the person’s treatment and care.
 - 2 An advance health directive does not authorise the administration of the medications that are clinically necessary for the person’s treatment and care.
 - 3 An attorney does not consent to the administration of the medications that are clinically necessary for the person’s treatment and care.
- (2) In deciding whether there is a less restrictive way for a person to receive the treatment and care that is reasonably necessary for the person’s mental illness, a person performing a function or exercising a power under this Act must—
- (a) consider the ways mentioned in subsection (1) in the listed order set out in the subsection; and
 - (b) comply with the policy that must be made by the chief psychiatrist under section 305(1)(a) about when it may not be appropriate for a person to receive treatment and care for the person’s mental illness under an advance health directive or with the consent of a personal guardian, attorney or statutory health attorney for the person.
- (3) To remove any doubt, it is declared that this section does not limit the power of the public guardian to act as a statutory health attorney for a person under the *Powers of Attorney Act 1998*.
- (4) In this section—
- statutory health attorney** means the person’s statutory health attorney under the *Powers of Attorney Act 1998*, section 63(1).

14 Meaning of *capacity* to consent to be treated

- (1) A person has *capacity* to consent to be treated if the person—
 - (a) is capable of understanding, in general terms—
 - (i) that the person has an illness, or symptoms of an illness, that affects the person’s mental health and wellbeing; and
 - (ii) the nature and purpose of the treatment for the illness; and
 - (iii) the benefits and risks of the treatment, and alternatives to the treatment; and
 - (iv) the consequences of not receiving the treatment; and
 - (b) is capable of making a decision about the treatment and communicating the decision in some way.
- (2) A person may have *capacity* to consent to be treated even though the person decides not to receive treatment.
- (3) A person may be supported by another person in understanding the matters mentioned in subsection (1)(a) and making a decision about the treatment.
- (4) This section does not affect the common law in relation to—
 - (a) the capacity of a minor to consent to be treated; or
 - (b) a parent of a minor consenting to treatment of the minor.

14A Territory of Norfolk Island taken to be a State

For this Act, the Territory of Norfolk Island is taken to be a State.

15 Responsibility for involuntary patient or forensic disability client

- (1) This section applies if a provision of this Act states that—

- (a) an authorised mental health service is responsible for an involuntary patient; or
 - (b) the forensic disability service is responsible for a person subject to a forensic order (disability).
- (2) If subsection (1)(a) applies, the administrator of the authorised mental health service is responsible for the treatment and care of the involuntary patient under the authority or order to which the person is subject.
- (3) If subsection (1)(b) applies, the administrator of the forensic disability service is responsible for the care of the person under the forensic order (disability) to which the person is subject.

16 Purpose of limited community treatment

The purpose of limited community treatment is to support a patient's recovery by transitioning the patient to living in the community with appropriate treatment and care.

Part 4 Overview of Act

17 Purpose of pt 4

This part gives an overview of this Act.

18 Treatment authorities

- (1) A treatment authority is a lawful authority to provide treatment and care to a person who has a mental illness who does not have capacity to consent to be treated.
- (2) A treatment authority may be made for a person if an authorised doctor considers the treatment criteria apply to the person and there is no less restrictive way for the person to receive treatment and care for the person's mental illness, including, for example, under an advance health directive.

-
- (3) Key elements of the treatment criteria are that the person does not have capacity to consent to be treated and there is a risk of imminent serious harm to the person or others.
 - (4) The category of a treatment authority is—
 - (a) community, if the person’s treatment and care needs can be met in the community; or
 - (b) inpatient, if the person’s treatment and care needs can be met only by being an inpatient.
 - (5) If the category of a person’s treatment authority is inpatient, the person may receive limited community treatment, for a period of not more than 7 consecutive days, if authorised under this Act.

19 Persons in custody

A person in custody, including, for example, in a watch house or prison, may be transferred to an authorised mental health service for an assessment to decide if a treatment authority should be made for the person, or for treatment and care for the person’s mental illness.

20 Psychiatrist reports

- (1) If a person subject to a treatment authority, forensic order or treatment support order is charged with a serious offence, the person, or someone on the person’s behalf, may request that a psychiatrist prepare a report stating the psychiatrist’s opinion about whether the person—
 - (a) may have been of unsound mind at the time of the alleged commission of the serious offence; or
 - (b) may be unfit for trial.
- (2) Also, if a person is charged with a serious offence, whether or not the person is subject to a treatment authority, forensic order or treatment support order, the chief psychiatrist may direct that a psychiatrist prepare a report about the matters

mentioned in subsection (1) if the chief psychiatrist considers it is in the public interest.

- (3) A serious offence is an indictable offence, other than an offence that, under the Criminal Code, must be heard and decided summarily.

21 Mental Health Court

- (1) The Mental Health Court decides whether a person charged with a serious offence or other particular offences was of unsound mind or, for the offence of murder, of diminished responsibility, when the offence was allegedly committed or is unfit for trial.
- (2) If the court decides a person was of unsound mind when the offence was allegedly committed, or is unfit for trial, the court may make a forensic order or treatment support order for the person.
- (3) The forensic order may be a forensic order (mental health) or a forensic order (disability).
- (4) The court must also decide the category of the order and, if the category is inpatient, any limited community treatment for the person.
- (5) If the court decides a person is unfit for trial and the unfitness for trial is not permanent, the person's fitness for trial is periodically reviewed by the Mental Health Review Tribunal.

22 Magistrates Courts

- (1) A Magistrates Court may dismiss a complaint for a simple offence if the court is reasonably satisfied, on the balance of probabilities, that the person charged with the offence was, or appears to have been, of unsound mind when the offence was allegedly committed or is unfit for trial.
- (2) A Magistrates Court may also order that a person appearing before the court be examined by an authorised doctor to decide whether to make a treatment authority for the person or

to make recommendations about the person's treatment and care.

23 Treatment and care of patients

- (1) The treatment and care of a patient is the responsibility of authorised doctors and administrators of authorised mental health services.
- (2) A person subject to a treatment authority must be regularly assessed to decide if the treatment authority should continue.
- (3) An authorised doctor may amend a person's treatment authority, forensic order or treatment support order by changing the category of the authority or order, its conditions, or the nature or extent of limited community treatment.
- (4) An amendment of an authority or order by an authorised doctor must be in accordance with decisions of the Mental Health Court and the Mental Health Review Tribunal.
- (5) To the extent practicable, decisions in relation to treatment and care for a patient must be made in consultation with the patient and the patient's family, carers and other support persons, subject to the patient's right to privacy.
- (6) The performance of electroconvulsive therapy and non-ablative neurosurgical procedures is regulated under this Act.
- (7) Psychosurgery is prohibited under this Act.

24 Mechanical restraint, seclusion, physical restraint and other practices

- (1) The use of mechanical restraint, seclusion, physical restraint, and other practices are regulated under this Act.
- (2) The use of mechanical restraint on an involuntary patient in an authorised mental health service must be approved by the chief psychiatrist.

- (3) Mechanical restraint and seclusion may be used only if there is no other reasonably practicable way to protect the patient or others from physical harm.

25 Rights of patients

- (1) This Act provides for a statement of rights for involuntary patients and other patients of authorised mental health services.
- (2) A person may appoint 1 or 2 nominated support persons to support the person under this Act if the person becomes an involuntary patient.
- (3) The health service chief executive responsible for a public sector mental health service must appoint 1 or more independent patient rights advisers to advise patients and their nominated support persons, family, carers and other support persons of their rights under this Act.

26 Chief psychiatrist

- (1) The chief psychiatrist protects the rights of patients in authorised mental health services.
- (2) The chief psychiatrist makes policies and practice guidelines that must be complied with by persons performing functions in authorised mental health services.
- (3) The chief psychiatrist has powers to investigate matters under this Act.

27 Information notices

Victims of unlawful acts, close relatives of the victims, and other particular persons may apply to the chief psychiatrist to receive specific information about the person who committed the unlawful act, including when treatment in the community is authorised for the person.

28 Mental Health Review Tribunal

- (1) The Mental Health Review Tribunal reviews the following—
 - (a) treatment authorities;
 - (b) forensic orders;
 - (c) treatment support orders;
 - (d) the fitness for trial of particular persons;
 - (e) the detention of minors in high security units.
- (2) The Mental Health Review Tribunal also hears applications for the following—
 - (a) examination authorities;
 - (b) the approval of regulated treatment;
 - (c) the transfer of particular patients into and out of Queensland.
- (3) This Act states when periodic reviews of treatment authorities, forensic orders and treatment support orders must take place.
- (4) An involuntary patient, or an interested person for the patient, may apply for a review at any time.

29 Appeals

This Act provides for—

- (a) an appeal to the Mental Health Review Tribunal against particular decisions of the chief psychiatrist or the administrator of an authorised mental health service; and
- (b) an appeal to the Mental Health Court against particular decisions of the Mental Health Review Tribunal; and
- (c) an appeal to the Court of Appeal against a decision of the Mental Health Court on a reference in relation to a person.

Note—

See also chapter 3 for other matters in relation to persons in custody who have or may have a mental illness.

Part 2 Examinations and recommendations for assessment

Division 1 Examinations generally

31 Examination

- (1) A doctor or authorised mental health practitioner may examine a person to decide whether to make a recommendation for assessment for the person.
- (2) Without limiting subsection (1), the examination may be carried out—
 - (a) if the person asks for, or consents to, the examination; or
 - (b) under this Act or another Act providing for the examination, including, for example, under an examination authority or emergency examination authority.

Note—

See chapter 12, part 8 in relation to applications for examination authorities.

- (3) However, a doctor or authorised mental health practitioner must not examine a person subject to a forensic order (mental health), forensic order (Criminal Code) or treatment support order to decide whether to make a recommendation for assessment for the person.

Division 2 Powers under examination authorities

32 Powers of doctor or authorised mental health practitioner

- (1) This section applies if a person is subject to an examination authority.

- (2) A doctor or authorised mental health practitioner may—
 - (a) enter a place stated in the authority or another place in which the doctor or authorised mental health practitioner considers the person may be found, and any other place necessary for entry to either of those places, to find the person; and
 - (b) examine the person, without the person’s consent, at—
 - (i) the place at which the person is found; or
 - (ii) if the doctor or authorised mental health practitioner considers it clinically appropriate—an authorised mental health service or public sector health service facility; and
 - (c) detain the person at the place at which the person is examined—
 - (i) if the place is an authorised mental health service or public sector health service facility—for a period, of not more than 6 hours, starting when the person first attends at the service or facility for the examination; or
 - (ii) otherwise—for a period, of not more than 1 hour, starting when the person is found at the place.
- (3) If subsection (2)(b)(ii) applies to the person, an authorised person may transport the person to the authorised mental health service or public sector health service facility for the examination.
- (4) The doctor or authorised mental health practitioner examining the person may extend, or further extend, the period under subsection (2)(c)(i) before it ends if the doctor or authorised mental health practitioner considers the extension is necessary to carry out or finish the examination.
- (5) An extension under subsection (4) may be for a period, of not more than 12 hours, starting when the person first attends at the service or facility for the examination.

33 Reasonable help and force to exercise powers

A doctor or authorised mental health practitioner may exercise a power under section 32 with the help, and using the force, that is necessary and reasonable in the circumstances.

34 Asking police officer for help

For performing a function or exercising a power under section 32 in relation to a person, a doctor or authorised mental health practitioner is a public official for the *Police Powers and Responsibilities Act 2000*.

Note—

For the powers of a police officer while helping a public official, see the *Police Powers and Responsibilities Act 2000*, section 16.

35 Action before exercising powers

 - (b) tell the person an examination authority has been made;
 - (c) explain to the person, in general terms, the nature and effect of the authority;
 - (d) give the person a copy of the authority, if requested;
 - (e) if the doctor or health practitioner is entering a place—give the person an opportunity to allow the doctor or health practitioner immediate entry to the place without using force.
- (2) However, the doctor or authorised mental health practitioner need not comply with subsection (1) if the doctor or health practitioner believes on reasonable grounds that not complying with the subsection is required to ensure the execution of the authority is not frustrated.

- (3) The doctor or authorised mental health practitioner must give a copy of the authority to the person's nominated support persons, personal guardian or attorney, if requested.

Division 3 Detention of particular persons to make recommendation for assessment

36 Powers of doctor or authorised mental health practitioner

- (1) This section applies if—
 - (a) a person asks for, or consents to, an examination under section 31 by a doctor or authorised mental health practitioner in an authorised mental health service or public sector health service facility; and
 - (b) after examining the person, the doctor or authorised mental health practitioner decides under section 39 to make a recommendation for assessment for the person; and
 - (c) there is a risk the person will leave the authorised mental health service or public sector health service facility in which the person is being examined before the recommendation for assessment is made.
- (2) The doctor or authorised mental health practitioner may detain the person in the authorised mental health service or public sector health service facility for the period, of not more than 1 hour, reasonably necessary to make the recommendation for assessment.
- (3) The doctor or authorised mental health practitioner must record in the person's health records—
 - (a) the reasons for detaining the person under subsection (2); and
 - (b) the duration of the detention.

37 Reasonable help and force to exercise powers

A doctor or authorised mental health practitioner may exercise a power under section 36 with the help, and using the force, that is necessary and reasonable in the circumstances.

38 Action before exercising powers

Before exercising a power under section 36 in relation to a person, a doctor or authorised mental health practitioner must do or make a reasonable attempt to do the following—

- (c) explain to the person, in general terms, the nature and effect of a recommendation for assessment;
- (d) explain to the person that the person will be detained in the authorised mental health service or public sector health service facility for the period, of not more than 1 hour, reasonably necessary to make the recommendation for assessment;
- (e) give the person an opportunity to allow the doctor or health practitioner to make the recommendation for assessment without detaining the person.

Division 4 Recommendations for assessment**39 Making recommendation for assessment**

- (1) A doctor or authorised mental health practitioner may, after examining a person under section 31, make a recommendation for assessment for the person if satisfied—
 - (a) the treatment criteria may apply to the person; and
 - (b) there appears to be no less restrictive way for the person to receive treatment and care for the person's mental illness.

- (2) The recommendation for assessment must be made within 7 days after the examination.
- (3) The recommendation for assessment must be in the approved form.

40 Notice of making

- (1) As soon as practicable after deciding to make the recommendation for assessment, the doctor or authorised mental health practitioner must—
 - (a) tell the person of the decision; and
 - (b) explain to the person the effect of the recommendation; and
 - (c) give the person a copy of the recommendation, if requested.
- (2) Subsection (1)(c) does not apply if the doctor or authorised mental health practitioner considers giving the person a copy may adversely affect the health and wellbeing of the person.
- (3) Also, the doctor or authorised mental health practitioner must give a copy of the recommendation to the person's nominated support persons, personal guardian or attorney, if requested.

41 Duration

A recommendation for assessment is in force for 7 days after the day it is made.

42 Revocation

- (1) A doctor or authorised mental health practitioner who makes a recommendation for assessment for a person may revoke the recommendation at any time before the start of the assessment period for the person.
- (2) The doctor or authorised mental health practitioner may act under subsection (1) only if the doctor or health practitioner is no longer satisfied—

- (a) the treatment criteria may apply to the person; or
- (b) there appears to be no less restrictive way for the person to receive treatment and care for the person's mental illness.

Part 3 Assessments

43 Making assessment

- (1) An authorised doctor may make an assessment of a person subject to a recommendation for assessment to decide—
 - (a) whether the treatment criteria apply to the person; and
 - (b) whether there is a less restrictive way for the person to receive treatment and care for the person's mental illness.
- (2) The authorised doctor who makes the assessment under subsection (1) must not be the authorised doctor who made the recommendation for assessment for the person.
- (3) Subsection (2) does not apply if the authorised doctor is an authorised doctor for an authorised mental health service (rural and remote) and is the only authorised doctor reasonably available to make the assessment.
- (4) For subsection (1)(b), the authorised doctor must take reasonable steps to find out whether there is a less restrictive way for the person to receive treatment and care for the person's mental illness, including, for example, by searching the person's health records to find out whether the person has made an advance health directive or has a personal guardian.

44 Where and how person may be assessed

- (1) A person subject to a recommendation for assessment may be assessed in—
 - (a) an authorised mental health service; or

- (b) a public sector health service facility; or
 - (c) another place considered clinically appropriate by the authorised doctor making the assessment.
- (2) An authorised person may transport the person to an authorised mental health service or a public sector health service facility for assessment.

Notes—

- 1 For a person in custody subject to a recommendation for assessment, see section 65.
 - 2 For the powers of an authorised person when detaining and transporting a person, see chapter 11, part 6, division 5.
- (3) An authorised doctor making an assessment of a person must discuss the assessment with the person.

45 Detention for assessment

- (1) If a person subject to a recommendation for assessment is to be assessed in an authorised mental health service or public sector health service facility, the person may be detained for assessment in the service or facility for a period of not more than 24 hours starting—
- (a) if the person is at the service or facility when the recommendation for assessment is made—when the recommendation is made; or
 - (b) otherwise—when the person first attends at the service or facility for the assessment.
- (2) The authorised doctor making the assessment of the person may extend, or further extend, the period under subsection (1) before it ends to a period of not more than 72 hours after it starts if the authorised doctor considers the extension is necessary to carry out or finish the assessment.
- (3) If, at any time during the period mentioned in subsection (1), or extended under subsection (2), the authorised doctor making the assessment makes a decision on the assessment, the period for which the person may be detained for assessment ends.

-
- (4) The period under this section for which the person may be detained for assessment is the *assessment period* for the person.

46 Start of assessment period to be noted

- (1) If the assessment period for a person starts as mentioned in section 45(1)(a)—
- (a) the doctor or authorised mental health practitioner who made the recommendation for assessment for the person must make a note on the recommendation of the time when the assessment period starts; and
 - (b) the note must be made when the recommendation for assessment is made.
- (2) If the assessment period for a person starts as mentioned in section 45(1)(b)—
- (a) an employee of the service or facility must make a note on the recommendation for assessment of the time when the assessment period starts; and
 - (b) the note must be made as soon as practicable after the person is admitted to the service or facility.

47 Explaining decision not to make treatment authority

- (1) This section applies if, on making an assessment of a person subject to a recommendation for assessment, an authorised doctor decides—
- (a) the treatment criteria do not apply to the person; or
 - (b) there is a less restrictive way for the person to receive treatment and care for the person's mental illness.
- (2) The authorised doctor must—
- (a) tell the person of the decision; and
 - (b) explain its effect to the person; and

- (c) make a note on the recommendation for assessment of the decision not to make a treatment authority for the person.

Part 4 Treatment authorities

48 Application of pt 4

This part applies if, on making an assessment of a person under part 3, the authorised doctor making the assessment is satisfied—

- (a) the treatment criteria apply to the person; and
- (b) there is no less restrictive way for the person to receive treatment and care for the person’s mental illness.

49 Making treatment authority

The authorised doctor may make an authority (a *treatment authority*) for the person.

50 Form of treatment authority

- (1) The treatment authority must—
 - (a) be in the approved form; and
 - (b) state the following—
 - (i) the grounds on which the authorised doctor is satisfied the treatment criteria apply to the person;
 - (ii) the authorised mental health service responsible for the person’s treatment and care under the authority;
 - (iii) the category of the authority;
 - (iv) if the authorised doctor decides under section 51(1) that the category of the authority is

inpatient—whether limited community treatment is authorised for the person;

- (v) any conditions the authorised doctor considers necessary for the person’s treatment and care.

Note—

See schedule 3, definition *condition*.

- (2) For subsection (1)(b)(ii), if the authorised doctor decides under section 51(1) that the category of the authority is inpatient, the authorised mental health service responsible for the person’s treatment and care must not be a high security unit without the prior written approval of the chief psychiatrist.

51 Category

- (1) If the authorised doctor makes a treatment authority for the person, and the person is not a classified patient, the authorised doctor must decide whether the category of the authority is—
- (a) inpatient; or
 - (b) community.
- (2) In deciding the category of the authority, the authorised doctor must have regard to the relevant circumstances of the person.
- (3) However, the authorised doctor may decide the category of the authority is inpatient only if the authorised doctor considers, after having regard to the relevant circumstances of the person, that 1 or more of the following can not reasonably be met if the category of the authority is community—
- (a) the person’s treatment and care needs;
 - (b) the safety and welfare of the person;
 - (c) the safety of others.
- (4) If the person is a classified patient, the category of the authority is inpatient.

52 Limited community treatment

- (1) If the authorised doctor decides under section 51(1) that the category of the treatment authority is inpatient, the authorised doctor must decide whether to authorise limited community treatment.

Note—

See chapter 7, part 6 for the authorisation of limited community treatment for classified patients.

- (2) The authorised doctor may decide to authorise limited community treatment only if satisfied limited community treatment is appropriate having regard to—
 - (a) the relevant circumstances of the person; and
 - (b) the purpose of limited community treatment.
- (3) If limited community treatment is authorised under this section, the person's treatment authority must state—
 - (a) the nature and conditions of the limited community treatment; and
 - (b) the period, of not more than 7 consecutive days, of the limited community treatment; and
 - (c) the duration for which the authorisation is in force.

Example for paragraphs (b) and (c)—

limited community treatment may be authorised for a period of 1 day per week for a duration of 8 weeks

53 Nature and extent of treatment and care

- (1) The authorised doctor must decide the nature and extent of the treatment and care to be provided to the person under the treatment authority.
- (2) In deciding the nature and extent of the treatment and care, the authorised doctor must—
 - (a) discuss the treatment and care to be provided with the person; and

- (b) have regard to the views, wishes and preferences of the person, to the extent they can be expressed, including, for example, in an advance health directive.

54 When advance health directive not followed

- (1) This section applies if—
 - (a) the person has an advance health directive relating to the person's future treatment and care for a mental illness; and
 - (b) either—
 - (i) the authorised doctor decides to make a treatment authority despite the person having an advance health directive; or
 - (ii) the nature and extent of the treatment and care decided by the authorised doctor under section 53 is inconsistent with the views, wishes and preferences of the person expressed in the advance health directive.
- (2) The authorised doctor must—
 - (a) explain to the person the reasons why the authorised doctor made the decision mentioned in subsection (1)(b); and
 - (b) record the reasons in the person's health records.

55 Notice of making

- (1) As soon as practicable after making a treatment authority for a person, the authorised doctor must—
 - (a) tell the person of the decision; and
 - (b) explain its effect to the person.
- (2) If the authorised doctor is a psychiatrist, the administrator of the person's treating health service must, within 7 days after the treatment authority is made—

- (a) give the person a copy of the authority; and
 - (b) give the person's nominated support persons, personal guardian or attorney a copy of the authority, if requested; and
 - (c) give the tribunal written notice of its making.
- (3) If the authorised doctor is not a psychiatrist, the administrator of the person's treating health service must—
- (a) give the person a copy of the authority, if requested; and
 - (b) give the person's nominated support persons, personal guardian or attorney a copy of the authority, if requested.

56 Review of treatment authority if not made by psychiatrist

- (1) This section applies if a treatment authority is made by an authorised doctor who is not a psychiatrist.
- (2) An authorised psychiatrist must review the treatment authority and decide whether—
- (a) to confirm the treatment authority, with or without amendment; or
 - (b) to revoke the treatment authority.
- (3) The review must happen—
- (a) within 3 days (the *review period*) after the treatment authority is made; or
 - (b) if the person subject to the treatment authority is a patient of an authorised mental health service (rural and remote) and it is not reasonably practicable to complete the review within 3 days—within 7 days (also the *review period*) after the treatment authority is made.
- (4) An authorised doctor may give the person subject to the treatment authority a written notice directing the person to attend for the review at a stated authorised mental health service or public sector health service facility on a stated day within the review period.

Note—

See chapter 11, part 6, division 3 for the powers that may be used in relation to a person who does not comply with a direction under subsection (4).

- (5) The person subject to the treatment authority may be detained for the review in the stated service or facility for a period of not more than 6 hours starting when the person attends for the review at the service or facility.
- (6) A review of a treatment authority does not affect the operation of the treatment authority before a decision is made to confirm or revoke it under subsection (2).

57 Decision on review

- (1) On a review under section 56 of a treatment authority, the authorised psychiatrist may decide to confirm the treatment authority only if satisfied—
 - (a) the treatment criteria apply to the person; and
 - (b) there is no less restrictive way for the person to receive treatment and care for the person’s mental illness.
- (2) If the authorised psychiatrist decides to confirm the treatment authority, the authorised psychiatrist must—
 - (a) decide whether to amend the treatment authority in any of the following ways—
 - (i) to change the category of the authority;
 - (ii) to authorise or revoke, or change the nature or extent of, limited community treatment;
 - (iii) to impose a condition on, or change a condition of, the authority; and
 - (b) decide the nature and extent of the treatment and care to be provided to the person under the treatment authority.
- (3) In deciding—
 - (a) whether to change the category of the authority, section 51 applies to the authorised psychiatrist as if a

reference in the section to an authorised doctor were a reference to the authorised psychiatrist; and

- (b) whether to authorise or revoke, or change the nature or extent of, limited community treatment, section 52 applies to the authorised psychiatrist as if a reference in the section to an authorised doctor were a reference to the authorised psychiatrist; and
 - (c) the nature and extent of the treatment and care to be provided to the person, section 53 applies to the authorised psychiatrist as if a reference in the section to an authorised doctor were a reference to the authorised psychiatrist.
- (4) If, after reviewing the treatment authority, the authorised psychiatrist is not satisfied of the matters mentioned in subsection (1), the authorised psychiatrist must decide to revoke the treatment authority.
- (5) The authorised psychiatrist must make a note on the treatment authority of the decision on the review.
- (6) If a treatment authority made by an authorised doctor who is not an authorised psychiatrist is not confirmed under subsection (1) or revoked under subsection (4) within the review period for the treatment authority, the treatment authority is revoked at the end of the review period.
- (7) However, subsection (6) does not apply if the person does not attend for the review as directed under section 56(4).

58 Notice about review

- (1) As soon as practicable after making a decision under section 57 on a review of a treatment authority for a person, the authorised psychiatrist must—
- (a) tell the person of the decision; and
 - (b) explain its effect to the person.

- (2) If the decision on the review is to confirm the treatment authority, the administrator of the person's treating health service must, within 7 days after the decision—
 - (a) give the person a copy of the authority; and
 - (b) give the person's nominated support persons, personal guardian or attorney a copy of the authority, if requested; and
 - (c) give the tribunal written notice of the decision.

59 Date for first assessment

- (1) If an authorised doctor makes a treatment authority for a person, the authorised doctor must decide and record in the person's health records a date for the first regular assessment of the patient under section 205.
- (2) The date for the assessment must be not later than 3 months after the day the treatment authority is made.

60 Relationship with forensic order (disability)

If a treatment authority for a person is inconsistent with a forensic order (disability) for the person, the forensic order (disability) prevails to the extent of the inconsistency.

 - (b) the minor’s treatment and care needs;
 - (c) the security requirements for the minor.
- (3) As soon as practicable after deciding to give the approval, the chief psychiatrist must give a copy of the written approval to the administrator.

71 Custodian consent

- (1) This section applies to a person in custody who—
 - (a) is subject to a recommendation for assessment; or

- (b) is subject to a treatment authority, forensic order (mental health) or treatment support order; or
 - (c) consents to receiving treatment and care for the person's mental illness in an inpatient unit of an authorised mental health service.
- (2) The custodian of the person in custody must, in the approved form, consent to the person being transported by an authorised person from the person's place of custody to an inpatient unit of an authorised mental health service—
 - (a) for a person mentioned in subsection (1)(a)—for assessment under chapter 2, part 3; or
 - (b) for a person mentioned in subsection (1)(b) or (c)—to receive treatment and care for the person's mental illness.
- (3) However, subsection (2) does not apply if the custodian is satisfied that carrying out the assessment, or providing the treatment and care, would pose an unreasonable risk to the safety of the person or others having regard to the security requirements for the person.
- (4) The approved form must state the particular authorised mental health service to which the person is to be transported for the assessment or the treatment and care.

72 Notice to chief psychiatrist if person in custody not transported within 72 hours

- (1) This section applies if—
 - (a) a person mentioned in section 65 is not transported to an inpatient unit of an authorised mental health service within 72 hours after the recommendation for assessment for the person is made; or
 - (b) a person mentioned in section 66 or 67 is not transported to an inpatient unit of an authorised mental health service within 72 hours after the transfer recommendation for the person is made.

-
- (2) As soon as practicable after the end of the 72 hour period, a doctor or authorised mental health practitioner must give the chief psychiatrist written notice that the person has not been transported to an inpatient unit of an authorised mental health service under the recommendation for assessment or transfer recommendation.

73 Chief psychiatrist consent for transport

- (1) This section applies if the chief psychiatrist—
 - (a) receives a written notice under section 72(2) about a person in custody; or
 - (b) otherwise becomes aware a person has not been transported to an inpatient unit of an authorised mental health service under a recommendation for assessment or transfer recommendation for the person.
- (2) The chief psychiatrist may decide to consent to the person being transported to an inpatient unit of an authorised mental health service for the assessment or for the treatment and care.
- (3) In deciding whether to give consent, the chief psychiatrist must have regard to the matters to which an administrator of an authorised mental health service must have regard under section 69(3) in giving consent under section 69(2).
- (4) As soon as practicable after the chief psychiatrist decides to give consent, the chief psychiatrist must give written notice of the decision to the administrator of the authorised mental health service to which the person is to be transported.
- (5) The chief psychiatrist's consent has the same effect as if the administrator had given consent under section 69(2) for the transport of the person.
- (6) As soon as practicable after receiving the notice under subsection (4), and subject to a custodian consent being given for the person, the administrator must arrange for the person to be transported by an authorised person to the inpatient unit of the authorised mental health service.

Part 3

Persons in custody remaining in authorised mental health services

74 Person subject to examination order or court examination order remaining in authorised mental health service

- (1) This section applies if—
 - (a) a person is transported by an authorised person, under an examination order or a court examination order, from the person’s place of custody to an authorised mental health service; and
 - (b) the authorised doctor making the examination considers it is clinically appropriate for the person to receive treatment and care for the person’s mental illness in an inpatient unit of an authorised mental health service; and
 - (c) either—
 - (i) the person is subject to a treatment authority, forensic order (mental health) or treatment support order; or
 - (ii) the person consents to receiving treatment and care for the person’s mental illness in an inpatient unit of an authorised mental health service.
- (2) The person may remain in the inpatient unit of the authorised mental health service to receive treatment and care for the person’s mental illness if all of the following have been made for the person—
 - (a) a recommendation in writing by the authorised doctor for the person to receive treatment and care for the person’s mental illness in an inpatient unit of an authorised mental health service;
 - (b) an administrator consent;
 - (c) a custodian consent.

-
- (3) For subsection (2)(a), the authorised doctor may make the recommendation only if satisfied the person may have a mental illness and it is clinically appropriate for the person to receive treatment and care for the person's mental illness in an authorised mental health service.
 - (4) For subsection (2)(b), the administrator of an authorised mental health service may, in the approved form, consent to the person remaining in an inpatient unit of the authorised mental health service to receive treatment and care for the person's mental illness.
 - (5) The administrator may consent only if satisfied—
 - (a) the authorised mental health service has capacity to provide treatment and care for the person's mental illness; and
 - (b) for an authorised mental health service that is not a high security unit—that providing the treatment and care would not pose an unreasonable risk to the safety of the person or others having regard to—
 - (i) the person's mental state and psychiatric history; and
 - (ii) the person's treatment and care needs; and
 - (iii) the security requirements for the person.
 - (6) For subsection (2)(c), the custodian of the person must, in the approved form, consent to the person remaining in an inpatient unit of the authorised mental health service to receive treatment and care for the person's mental illness.
 - (7) However, subsection (6) does not apply if the custodian is satisfied that providing the treatment and care would pose an unreasonable risk to the safety of the person or others having regard to the security requirements for the person.
 - (8) The authorised doctor may detain the person, under the order, in the authorised mental health service for the period, of not more than 7 days, reasonably necessary to obtain an administrator consent and custodian consent for the person.

- (9) When a person mentioned in subsection (1)(c)(i) starts receiving treatment and care for the person's mental illness as a classified patient in the inpatient unit of the authorised mental health service—
- (a) if the category of the person's treatment authority, forensic order (mental health) or treatment support order is community—the category is changed to inpatient; and
 - (b) if limited community treatment has been authorised for the person by an authorised doctor under section 52, 57, 209, 212 or 216—the authorisation is revoked; and
 - (c) if limited community treatment has been approved or ordered by the Mental Health Court or tribunal—the approval or order is of no effect while the person is receiving treatment and care in the inpatient unit.
- (10) Also, as soon as practicable after the person remains in the inpatient unit of the authorised mental health service to receive treatment and care for the person's mental illness, the authorised doctor must—
- (a) tell the person of the making of the recommendation under subsection (2)(a); and
 - (b) explain its effect to the person; and
 - (c) give the person a copy of the recommendation, if requested.
- (11) Subsection (10)(c) does not apply if the authorised doctor considers giving the copy may adversely affect the health and wellbeing of the person.
- (12) In this section—
- administrator consent*** means consent given under subsection (4).
- custodian***, of a person, means the custodian of the person immediately before the making of an examination order or a court examination order for the person.
- custodian consent*** means consent given under subsection (6).

Part 4 **Requirements applying when person in custody becomes classified patient**

Note—

See chapter 15, part 2 for the suspension of criminal proceedings against a person who becomes a classified patient.

75 **Explanation to person in custody who becomes classified patient**

If a person in custody becomes a classified patient (involuntary) or classified patient (voluntary), an authorised doctor must explain to the person how this Act applies to the person.

76 **Notice to chief psychiatrist of person in custody becoming classified patient**

As soon as practicable after a person in custody becomes a classified patient, the administrator of the authorised mental health service to which the person is transported must give the chief psychiatrist written notice that the person is a classified patient.

77 **Notice to tribunal of minor in custody becoming classified patient in high security unit**

- (1) This section applies if a person in custody who is a minor becomes a classified patient in a high security unit.
- (2) As soon as practicable after the minor becomes a classified patient, the administrator of the high security unit must give the tribunal written notice that the minor has been admitted to the high security unit.
- (3) If the minor stops being detained in the high security unit, the administrator of the high security unit must, as soon as practicable, give the tribunal written notice of that fact.

78 Examination of classified patient under s 201

In examining a classified patient under section 201, the authorised doctor examining the patient must consider whether it is clinically appropriate for the patient to receive treatment and care for the patient's mental illness in an inpatient unit of an authorised mental health service.

Note—

See section 81 for the requirement to give notice to the chief psychiatrist if the authorised doctor decides it is not clinically appropriate.

79 Classified patient (involuntary) may become classified patient (voluntary)

- (1) This section applies to—
 - (a) a classified patient (involuntary) who is subject to a recommendation for assessment, if the assessment period for the patient ends and a treatment authority is not made for the patient; or
 - (b) a classified patient (involuntary) who is subject to a treatment authority, forensic order (mental health) or treatment support order, if the authority or order is revoked.
- (2) Despite subsection (1)(b), this section does not apply if the tribunal—
 - (a) on revoking the forensic order (mental health), makes either of the following for the patient—
 - (i) a treatment support order under section 450;
 - (ii) a treatment authority under section 451(1)(b); or
 - (b) on revoking the treatment support order, makes a treatment authority under section 483(1)(b) for the patient.
- (3) The person may be detained in an inpatient unit of an authorised mental health service as a classified patient (voluntary) if—

-
- (a) an authorised doctor or authorised mental health practitioner is satisfied—
 - (i) the person has, or may have, a mental illness; and
 - (ii) it is clinically appropriate for the person to receive treatment and care for the person’s mental illness in an inpatient unit of an authorised mental health service; and
 - (b) the person consents to receiving treatment and care for the person’s mental illness in an inpatient unit of an authorised mental health service.
- (4) The person may withdraw consent under subsection (3)(b) at any time.
- Note—*
- If the person withdraws consent, see sections 80 and 83.
- (5) Subsection (4) does not prevent a treatment authority being made under chapter 2 for the person.

80 Notice to chief psychiatrist if classified patient (voluntary) withdraws consent

- (1) This section applies if a person withdraws consent, under section 67(4) or 79(4), to receiving treatment and care for the person’s mental illness in an inpatient unit of an authorised mental health service.
- (2) As soon as practicable after the person withdraws consent, an authorised doctor must give the chief psychiatrist written notice of the person’s withdrawal of consent.

Note—

See section 83 for the return of the classified patient to custody.

Part 5

Return to custody, or release from detention in authorised mental health service, of classified patient

81 Notice to chief psychiatrist of notice event

- (1) This section applies if any of the following happens (each a *notice event*)—
 - (a) for a person in custody who has become a classified patient (involuntary) due to a recommendation for assessment—
 - (i) the assessment period for the person ends and a treatment authority is not made for the person; and
 - (ii) the person does not become a classified patient (voluntary) under section 79;
 - (b) for a person in custody who has become a classified patient (involuntary) due to a treatment authority, forensic order (mental health) or treatment support order—

 - (c) for a person in custody who has become a classified patient to receive treatment and care for the patient's mental illness—an authorised doctor is satisfied it is not, or is no longer, clinically appropriate for the person to receive treatment and care for the patient's mental illness in an inpatient unit of an authorised mental health service.
- (2) Despite subsection (1)(b)(i), this section does not apply if the tribunal—
 - (a) on revoking the forensic order (mental health), makes either of the following for the person—

-
- (i) a treatment support order under section 450;
 - (ii) a treatment authority under section 451(1)(b); or
 - (b) on revoking the treatment support order, makes a treatment authority under section 483(1)(b) for the person.
 - (3) As soon as practicable after the notice event happens, an authorised doctor must give the chief psychiatrist written notice of the notice event.
 - (4) The notice must—
 - (a) be in the approved form; and
 - (b) if the notice is about a notice event mentioned in subsection (1)(c)—state the reasons the authorised doctor is satisfied under that subsection.
 - (5) For a notice about a notice event mentioned in subsection (1)(a) or (b), the authorised doctor must—
 - (a) tell the classified patient of the notice; and
 - (b) explain its effect to the classified patient.

82 Chief psychiatrist may decide to return classified patient to place of custody

- (1) The chief psychiatrist, on receiving a notice about a notice event mentioned in section 81(1)(c), may decide—
 - (a) it is not clinically appropriate for the classified patient to receive treatment and care for the patient’s mental illness in an inpatient unit of an authorised mental health service; and
 - (b) the classified patient should be returned under section 83 to a place of custody.
- (2) Also, the chief psychiatrist may, on the chief psychiatrist’s own initiative, decide—
 - (a) it is not clinically appropriate for a classified patient to receive treatment and care for the patient’s mental

illness in an inpatient unit of an authorised mental health service; and

- (b) the classified patient should be returned under section 83 to a place of custody.
- (3) As soon as practicable after the chief psychiatrist makes a decision under subsection (1) or (2), the chief psychiatrist must give the administrator of the classified patient's treating health service written notice of the decision.
- (4) As soon as practicable after receiving a notice under subsection (3), an authorised doctor for the classified patient's treating health service must—
 - (a) tell the classified patient of the decision; and
 - (b) explain its effect to the classified patient.

83 Return of classified patient to custody

- (1) This section applies if any of the following happens (a *return event*)—
 - (a) the chief psychiatrist receives notice of a notice event mentioned in section 81(1)(a) or (b) about a classified patient;
 - (b) the chief psychiatrist decides under section 82(1) or (2) that a classified patient should be returned to a place of custody;
 - (c) the chief psychiatrist receives notice under section 80 that a classified patient (voluntary) has withdrawn consent to receiving treatment and care for the person's mental illness in an inpatient unit of an authorised mental health service and a treatment authority has not been made for the person.
- (2) As soon as practicable after the return event happens, the chief psychiatrist must give written notice to the following persons of the return event—
 - (a) the custodian who gave the custodian consent for the person (the *first custodian*);

-
- (b) if the person is charged with an offence or awaiting sentence on conviction for an offence—the chief executive (justice).
- (3) Within 1 day after receiving the notice, the first custodian must make arrangements for an authorised person to transport the person from the authorised mental health service—
- (a) to a place in which the person will be in the first custodian’s custody; or
 - (b) if the first custodian agrees with another person (the *second custodian*) that the person should be transported to a place in which the person will be in the second custodian’s custody—to the place in which the person will be in the second custodian’s custody.
- (4) An authorised person may transport the person from the authorised mental health service to the place in which the person will be in the custody of the first custodian or second custodian.
- (5) The person stops being a classified patient when the person is discharged from the authorised mental health service into the custody of the first custodian or second custodian.
- (6) As soon as practicable after the chief executive (justice) receives a notice under subsection (2)(b) about a person, the chief executive (justice) must give the following persons a copy of the notice—
- (a) the registrar of the court in which the proceeding for the offence has been brought;
 - (b) the prosecuting authority for the offence;
 - (c) if the person is a minor—the chief executive (youth justice).

84 Person stops being classified patient if Mental Health Court makes decision on reference

If a reference in relation to a person is made to the Mental Health Court, the person stops being a classified patient in

relation to the reference when the Mental Health Court makes a decision on the reference.

85 Release of classified patient

- (1) This section applies if an event happens that means there is no longer a reason for a classified patient to be in lawful custody if the person were not a classified patient (a *release event*).

Examples of when there is no longer a reason for a classified patient to be in lawful custody—

- the person would be in lawful custody on a charge of an offence, but the person has been granted bail or the prosecution of the charge is discontinued
 - the person would be in lawful custody awaiting sentence on conviction for an offence, but the person has been sentenced to a term of imprisonment which has been suspended or an order of imprisonment has not been made
 - the person would be in lawful custody serving a term of imprisonment, but the person has been released on parole or the term of imprisonment ends
- (2) Within 1 day after the release event happens, the person's custodian must give the administrator of the person's treating health service written notice of the release event.
- (3) Immediately after the administrator receives the notice—

 - (b) the administrator must not detain the person in the treating health service as a classified patient.
- (4) As soon as practicable after receiving the notice, the administrator must give the chief psychiatrist written notice of the release event.
- (5) Subsection (3) does not limit a power under this Act to detain a person in an authorised mental health service other than as a classified patient.

Chapter 4 Psychiatrist reports for serious offences

Part 1 Preliminary

86 Purpose of ch 4

The purpose of this chapter is to provide for the preparation of a psychiatrist report and, in particular circumstances, a second psychiatrist report, about a person charged with a serious offence, other than an offence against a law of the Commonwealth.

87 Definitions for ch 4

In this chapter—

psychiatrist report, about a person in relation to a charge of a serious offence, means a report prepared by an authorised psychiatrist stating whether the authorised psychiatrist considers the person—

- (a) may have been of unsound mind when the serious offence was allegedly committed; or
- (b) may be unfit for trial.

second psychiatrist report see section 100(2).

Part 2 Psychiatrist report on request

88 Application of pt 2

- (1) This part applies to a person charged with a serious offence, other than an offence against a law of the Commonwealth, who, at the time of the alleged commission of the offence or any time after the alleged commission of the offence but

before a court makes a final decision in the proceeding for the offence, is subject to—

- (a) a treatment authority; or
 - (b) a forensic order under which a stated authorised mental health service is responsible for the person; or
 - (c) a treatment support order.
- (2) For subsection (1), it is immaterial if the authority or order is revoked before the court makes a final decision in the proceeding for the offence.

89 Administrator must explain effect of request

- (1) As soon as practicable after the administrator of the person's treating health service becomes aware this part applies to the person, the administrator must—
- (a) tell the person a request may be made under this part for a psychiatrist report about the person in relation to the charge of the serious offence; and
 - (b) explain to the person the effect of a request if made.
- (2) If the person is a minor, the administrator must also explain the effect of a request to 1 or more of the minor's parents.
- (3) Subsection (2) does not apply if explaining the effect to 1 or more of the minor's parents does not appear to be in the minor's best interests.

90 Request for psychiatrist report

The following persons may ask the chief psychiatrist for a psychiatrist report about the person in relation to the charge of the serious offence—

- (a) the person;
- (b) the person's nominated support person, if the nominated support person believes the request is in the person's best interests;

- (c) a personal guardian authorised to make decisions for the person under the *Guardianship and Administration Act 2000*, if the request is within the guardian's authority;
- (d) an attorney authorised to make decisions for personal matters for the person under the *Powers of Attorney Act 1998*, if the request is within the attorney's authority;
- (e) a parent of the person, if the person is a minor;
- (f) the person's lawyer, if the person has given instructions to the lawyer to make the request.

91 Direction to prepare psychiatrist report

- (1) Within 7 days after receiving a request under section 90, the chief psychiatrist must direct the administrator of the person's treating health service to arrange for an authorised psychiatrist to prepare a psychiatrist report about the person in relation to the charge of the serious offence.
- (2) However, the chief psychiatrist may decide not to give the direction if a direction to prepare a psychiatrist report about the person in relation to the serious offence has been previously revoked under section 98.
- (3) The direction may include a direction for the report to be prepared about the person also in relation to an associated offence.
- (4) If the chief psychiatrist does not give a direction under subsection (1), the chief psychiatrist must give the person making the request a written statement explaining the reasons for not giving the direction.

94 Notice of direction

- (1) As soon as practicable after giving the direction, the chief psychiatrist must give the following persons written notice of the direction—
 - (a) the person;
 - (b) if an authorised mental health service is responsible for the person—the administrator of the service.
- (2) A notice given to a person under subsection (1)(a) must include information about a support person accompanying the person for the examination under section 97.

Part 4 Preparation of psychiatrist reports

Note—

See chapter 15, part 2 for the suspension of criminal proceedings against a person in relation to whom a direction is given for a psychiatrist report to be prepared.

95 Authorised psychiatrist must prepare psychiatrist report

- (1) An authorised psychiatrist who is required under section 91(1) or 93(1)(a), or directed under section 93(1)(b), to prepare a psychiatrist report about a person in relation to a charge of a serious offence must prepare the report within 60 days after the requirement is made or the direction given.
- (2) The chief psychiatrist may extend the period mentioned in subsection (1) to not more than 90 days after the requirement is made or the direction given.
- (3) In preparing the psychiatrist report, the authorised psychiatrist must—
 - (a) examine the person; and
 - (b) obtain and consider health records for the person relevant to the examination of the person; and

- (c) consider any information obtained under section 96.
- (4) Also, the authorised psychiatrist may obtain and consider any other information the authorised psychiatrist considers relevant to preparing the psychiatrist report.
- (5) The psychiatrist report must include information about the following—
 - (a) the person’s mental state and, to the extent practicable, the person’s mental state when the serious offence was allegedly committed;
 - (b) whether the authorised psychiatrist considers the person was of unsound mind when the serious offence was allegedly committed;
 - (c) whether the authorised psychiatrist considers the person is fit for trial;
 - (d) if the authorised psychiatrist considers the person is unfit for trial—whether the authorised psychiatrist considers the unfitness for trial is permanent.
- (6) Also, the psychiatrist report may include information about the matters mentioned in subsection (5) in relation to an associated offence.
- (7) The authorised psychiatrist must give the chief psychiatrist a copy of the report as soon as practicable after it is prepared.

96 Information from prosecuting authority

- (1) This section applies if—
 - (a) an administrator of an authorised mental health service is directed under section 91(1) or 93(1)(a) to arrange for the preparation of a psychiatrist report about a person in relation to a charge of a serious offence; or
 - (b) an authorised psychiatrist is required under section 91(1) or 93(1)(a), or directed under section 93(1)(b), to prepare a psychiatrist report about a person in relation to a charge of a serious offence.

-
- (2) The administrator, authorised psychiatrist or chief psychiatrist may ask the prosecuting authority for the serious offence or associated offence to which the report relates to give the administrator or authorised psychiatrist copies of the documents mentioned in schedule 3, definition *brief of evidence*, paragraph (a) relating to the offence.
 - (3) The prosecuting authority must comply with the request as soon as practicable.
 - (4) Subsection (2) does not apply to information contained in a document if the prosecuting authority considers—
 - (a) giving the information could reasonably be expected to—
 - (i) prejudice the investigation of a contravention or possible contravention of a law in a particular case; or
 - (ii) prejudice an investigation under the *Coroners Act 2003*; or
 - (iii) enable the existence or identity of a confidential source of information, in relation to the enforcement or administration of a law, to be ascertained; or
 - (iv) endanger a person’s life, health or safety; or
 - (v) prejudice the effectiveness of a lawful method or procedure for preventing, detecting, investigating or dealing with a contravention or possible contravention of a law; and
 - (b) it would not be in the public interest to give the information.
 - (5) Also, subsection (2) does not apply to information, contained in a document—
 - (a) that is sensitive evidence under the Criminal Code, section 590AF; or
 - (b) that the prosecution would be prevented under another Act or law from giving to the accused person or a lawyer

[s 97]

- acting for the accused person during a proceeding for the offence; or
- (c) identifying witnesses to the alleged commission of the offence; or
- (d) consisting of contact details for witnesses to the alleged commission of the offence.
- (6) The duty imposed on the prosecuting authority to comply with the request applies only to documents in the possession of the prosecuting authority or to which the prosecuting authority has access.
- (7) In complying with the request, the prosecuting authority may delete from a copy of a document given to the administrator, authorised psychiatrist or chief psychiatrist any information mentioned in subsection (4) or (5).

Example—

If a document includes the name of a witness to the alleged commission of the offence, or information from which the witness could be identified, the prosecuting authority may delete the name or information from a copy of the document given to the administrator, authorised psychiatrist or chief psychiatrist.

97 Support person

- (1) A person being examined for a psychiatrist report may be accompanied by a support person, including, for example, a nominated support person, lawyer or personal guardian.
- (2) A support person must not interfere with the examination.

98 Person must participate in examination in good faith—report on request

- (1) If a psychiatrist report about a person is being prepared on a request under section 90, the person and any support person must participate in an examination for the psychiatrist report in good faith.

Examples of participating in an examination in good faith—

- attending appointments in relation to the examination

-
- answering questions during the examination
 - allowing access to the person's health records
- (2) If the authorised psychiatrist preparing the psychiatrist report is satisfied the person or support person is not participating in the examination in good faith, the authorised psychiatrist must give the administrator of the authorised mental health service who appointed the psychiatrist written notice of the psychiatrist's belief.
- (3) If the administrator receives a notice under subsection (2), the administrator may decide to revoke the direction to prepare the psychiatrist report.
- (4) However, before revoking the direction, the administrator must—
- (a) give the person the subject of the examination a written notice (a *show cause notice*) stating the following—
 - (i) that the administrator proposes to revoke the direction to prepare the psychiatrist report (the *proposed action*);
 - (ii) the grounds for the proposed action;
 - (iii) the facts and circumstances forming the basis for the grounds;
 - (iv) that the person may make submissions about the show cause notice to the administrator;
 - (v) a day and time within which submissions must be made; and
 - (b) consider any submissions given in response to the show cause notice.
- (5) If the administrator revokes the direction, the administrator must give the following persons written notice of the revocation—
- (a) the person the subject of the examination;
 - (b) the person who made the request under section 90;
 - (c) the chief psychiatrist.

99 Person must attend examination—report on chief psychiatrist’s initiative

- (1) If a psychiatrist report about a person is being prepared on the chief psychiatrist’s own initiative under section 93, the person must attend for an examination.
- (2) If the person is not an inpatient of an authorised mental health service, the chief psychiatrist must give the person a written notice directing the person to attend at a stated authorised mental health service within a stated period, of not more than 28 days, after the notice is given.

Note—

See chapter 11, part 6, division 3 for the powers that may be used in relation to a person who does not comply with a direction under subsection (2).

100 Second psychiatrist report

- (1) This section applies if the chief psychiatrist considers the matters in a psychiatrist report about a person in relation to a charge of a serious offence (the *first psychiatrist report*) require further examination, including, for example, because of the complexity of the matters in the report.
- (2) The chief psychiatrist may—
 - (a) direct the administrator of the person’s treating health service to arrange for an authorised psychiatrist to prepare another psychiatrist report (a *second psychiatrist report*) about the person in relation to the charge of the serious offence; or
 - (b) direct an authorised psychiatrist to prepare a psychiatrist report (also a *second psychiatrist report*) about the person in relation to the charge of the serious offence.
- (3) The direction to prepare the second psychiatrist report must be given within 7 days after the chief psychiatrist receives the first psychiatrist report.
- (4) The direction to prepare the second psychiatrist report may include a direction for the second psychiatrist report to be

prepared about the person also in relation to an associated offence.

- (5) Sections 95 to 99 apply to the second psychiatrist report as if a reference in the sections to a psychiatrist report were a reference to the second psychiatrist report.

Part 5

References by chief psychiatrist

101 Reference by chief psychiatrist to Mental Health Court

- (1) This section applies if—
- (a) a psychiatrist report, or second psychiatrist report, about a person in relation to a charge of a serious offence has been prepared; and
 - (b) the chief psychiatrist is satisfied—
 - (i) the person may have been of unsound mind when the serious offence was allegedly committed or may be unfit for trial; and
 - (ii) having regard to the report and the protection of the community, there is a compelling reason in the public interest for the person’s mental state in relation to the serious offence to be referred to the Mental Health Court; and
 - (c) the person’s mental state in relation to the serious offence has not been referred to the Mental Health Court under section 110.
- (2) The chief psychiatrist may, in the way set out in section 111, refer the matter of the person’s mental state in relation to the serious offence to the Mental Health Court.
- (3) The reference must be made—
- (a) for a psychiatrist report prepared on a request under section 90 and if a second psychiatrist report is not directed under section 100—within 28 days after a copy

report may adversely affect the person's health and wellbeing, the chief psychiatrist may instead give a copy of the report to another person who the chief psychiatrist considers has a sufficient interest in the person's health and wellbeing.

Examples of a person who may have a sufficient interest in the person's health and wellbeing—

the person's nominated support person, a lawyer acting for the person, or the person's personal guardian

- (3) A psychiatrist report must be given under subsection (1)—
 - (a) if a second psychiatrist report is not directed—within 7 days after receiving the psychiatrist report; or
 - (b) if a second psychiatrist report is directed—within 7 days after receiving the second psychiatrist report.
- (4) A second psychiatrist report must be given under subsection (1) within 7 days after receiving the second psychiatrist report.
- (5) The administrator of the person's treating health service must include the copy of the psychiatrist report, or second psychiatrist report, in the person's health records.
- (6) If the matter of the person's mental state relating to the serious offence is referred to the Mental Health Court, the chief psychiatrist must give a copy of a psychiatrist report, or second psychiatrist report, about the person to the Mental Health Court.
- (7) Subject to subsections (2) and (6), the chief psychiatrist must not give a copy of a psychiatrist report, or second psychiatrist report, to anyone else without the consent of—
 - (a) the person the subject of the report; or
 - (b) the personal guardian or attorney of the person the subject of the report, if giving the consent is within the guardian's or attorney's authority.

103 Chapter stops applying to person if prosecution for offence discontinued

If action is taken under this chapter in relation to a person charged with a serious offence or associated offence and the prosecution of the person for the offence is discontinued, this chapter stops applying to the person in relation to the offence.

104 Application of chapter to person with intellectual disability

If a person has, or may have, an intellectual disability, without limiting the application of this chapter to the person, the chapter also applies to the person as if—

- (a) a reference to an authorised mental health service were a reference to the forensic disability service; and
- (b) a reference to the chief psychiatrist were a reference to the director of forensic disability; and
- (c) a reference to a psychiatrist report, or second psychiatrist report, were a reference to a report prepared by a senior practitioner appointed under the Forensic Disability Act after an assessment of the person; and
- (d) a reference to the administrator of a person's treating health service were a reference to the administrator of the forensic disability service; and
- (e) a reference to an authorised psychiatrist were a reference to a senior practitioner under the Forensic Disability Act; and
- (f) a reference in section 93(2)(a) to the chief psychiatrist being satisfied that a person may have a mental condition were a reference to the director of forensic disability being satisfied that a person may have an intellectual disability; and
- (g) a reference in section 99(2) to an inpatient of an authorised mental health service were a reference to a forensic disability client who is subject to a forensic order (disability) that has a category of inpatient.

Chapter 5 Mental Health Court references

Note—

See chapter 16, part 1 in relation to the procedure for proceedings in the Mental Health Court.

Part 1 Preliminary

105 Purpose of ch 5

The purpose of this chapter is to provide for—

- (a) the making of references to the Mental Health Court in relation to the mental state of persons charged with serious offences; and
- (b) the hearing of references—
 - (i) made under chapter 4, or this chapter, in relation to persons charged with serious offences; or
 - (ii) made under chapter 6 in relation to persons charged with indictable offences; and
- (c) the decisions the court may make on a reference, including the making of a forensic order or treatment support order; and
- (d) the admissibility and use of evidence, victim impact statements and other matters.

106 Definitions for ch 5

In this chapter—

associated offence see section 107.

diminished responsibility see section 108.

offence, in relation to a reference, means each alleged offence mentioned in the notice of the reference filed under section 111, 176 or 184.

reference, in relation to a person, means a reference to the Mental Health Court, made under section 101, 110, 175 or 183, of the person's mental state relating to an offence the person is alleged to have committed.

unsound mind see section 109.

107 Meaning of *associated offence*

An *associated offence*, in relation to an indictable offence with which a person is charged, means an offence, other than an offence against a law of the Commonwealth, that the person is alleged to have committed at or about the same time as the indictable offence.

108 Meaning of *diminished responsibility*

A person is of *diminished responsibility* if the person has a state of abnormality of mind described in the Criminal Code, section 304A(1).

109 Meaning of *unsound mind*

- (1) *Unsound mind* means—
 - (a) a state of mental disease or natural mental infirmity described in the Criminal Code, section 27(1); or
 - (b) a state of mind described in the Criminal Code, section 28(1) for which the Criminal Code, section 27(1) applies to a person.
- (2) However, *unsound mind* does not include a state of mind resulting, to any extent, from intentional intoxication or stupefaction alone or in combination with some other agent at or about the time of the alleged offence.

Note—

A reference in relation to a person may also be made by the following—

- the chief psychiatrist or director of forensic disability under section 101
- a Magistrates Court under section 175
- the Supreme Court or District Court under section 183.

111 How reference is made

- (1) A reference under section 110 in relation to a person is made by filing a notice of the reference in the approved form in the registry.
- (2) The notice must state each offence in relation to which the person's mental state is referred.
- (3) The notice must be accompanied by a copy of any psychiatrist report or other clinical report in relation to the person that is relevant to the reference and in the possession of the person making the reference.

Example—

a psychiatrist report prepared under chapter 4

- (4) Subsection (3) applies even if giving the copy of the report would disclose information adverse to the case of the person.
- (5) The person who made the reference may amend it with the leave of the Mental Health Court.

Example of an amendment of the reference—

including another offence in the reference

Part 3 Proceedings for references

Note—

Division 2 Notice requirements etc.

- (1) The registrar must, as soon as practicable after the reference is made, give each of the following persons written notice of the reference and of the suspension of the proceeding for the offence under chapter 15, part 2—
 - (a) the person the subject of the reference or, if known, the person's lawyer;
 - (b) the director of public prosecutions;
 - (c) the chief psychiatrist;
 - (d) the chief executive (justice);
 - (e) the director of forensic disability;
 - (f) if the person the subject of the reference is a minor—the chief executive (youth justice);
 - (g) if known, any nominated support person, personal guardian or attorney for the person the subject of the reference.
- (2) The chief executive (justice) must, as soon as practicable after receiving the notice mentioned in subsection (1), give both of the following persons written notice of the reference and of the suspension of the proceeding for the offence under chapter 15, part 2—
 - (a) the registrar of the court in which the proceeding for the offence has been brought;

- (b) if the prosecuting authority for the offence is not the director of public prosecutions—the prosecuting authority for the offence.

114 Parties to proceeding

- (1) The parties to the proceeding for the reference are—
 - (a) the person the subject of the reference; and
 - (b) the director of public prosecutions; and
 - (c) the chief psychiatrist.
- (2) If the person has an intellectual disability—
 - (a) the director of forensic disability may elect to be a party to the proceeding; and
 - (b) if the director of forensic disability makes an election under paragraph (a), the chief psychiatrist may elect not to be a party to the proceeding.
- (3) An election made under subsection (2) by the director of forensic disability or the chief psychiatrist must be made by filing a notice in the registry.

115 Notice of hearing

- (1) The registrar must give each of the following persons written notice of the hearing of the proceeding for the reference—
 - (a) each party to the proceeding;
 - (b) if an authorised mental health service is responsible for the person the subject of the reference—the administrator of the service;
 - (c) if the forensic disability service is responsible for the person the subject of the reference—the administrator of the service;
 - (d) if the person the subject of the reference is in lawful custody—the person’s custodian.

-
- (2) The registrar must give the notice at least 7 days before the hearing.
 - (3) The notice must state the following—
 - (a) the time and place of the hearing;
 - (b) the nature of the hearing;
 - (c) the rights at the hearing of the person the subject of the reference.

Division 3 Particular decisions

116 Decision about unsoundness of mind and diminished responsibility

- (1) On hearing the proceeding for the reference, the Mental Health Court must decide—
 - (a) whether the person was of unsound mind when the offence was allegedly committed; and
 - (b) if the person is alleged to have committed the offence of murder and the court decides the person was not of unsound mind when the offence was allegedly committed—whether the person was of diminished responsibility when the offence was allegedly committed.
- (2) This section is subject to sections 117 and 117A.

117 Substantial dispute about whether person committed offence

- (1) The Mental Health Court may not make a decision under section 116(1)(a) or (b) if the court is satisfied there is a substantial dispute about whether the person committed the offence as particularised (the *disputed offence*).
- (2) However, subsection (1) does not apply if the dispute exists only because of 1 or both of the following—

- (a) the person's mental condition;
 - (b) the operation of the Criminal Code, section 304, 304A or 304B.
- (3) If elements of the disputed offence are elements of another offence (the *alternative offence*) and there is not a substantial dispute about whether the person committed the alternative offence, subsection (1) does not prevent the court making a decision under section 116(1)(a) for the alternative offence.
- (4) If the court decides the person was of unsound mind when the alternative offence was committed, the proceeding against the person for the disputed offence is discontinued.
- (5) In this section—
- particularised*, for an offence with which a person is charged, means particularised in the bench charge sheet, complaint, notice to appear or indictment containing the charge against the person.

117A Substantial dispute about fact relied on in expert report

- (1) The Mental Health Court may not make a decision under section 116(1)(a) or (b) if the court is satisfied there is a substantial dispute about a fact (a *material fact*) that is material to an opinion stated in an expert's report received in evidence by the court on the reference.
- (2) Without limiting subsection (1), a material fact may relate to—
- (a) the person's relevant circumstances before, at the time, or after the offence was allegedly committed; or
 - (b) an event, act or omission related to the offence, whether the event, act or omission happened before, at the time, or after the offence was allegedly committed.

118 Decision about fitness for trial

- (1) This section applies if—

- (a) the Mental Health Court decides the person was not of unsound mind when the offence was allegedly committed; or
 - (b) because of section 117 or 117A, the court may not decide whether the person was of unsound mind when the offence was allegedly committed.
- (2) The court must decide whether the person is fit for trial.
 - (3) If the court decides the person is unfit for trial, the court must also decide whether the unfitness for trial is permanent.
 - (4) This section does not apply if, under section 117(4), the proceeding against the person for the offence is discontinued.

Division 4 Procedural provisions

119 Unsound mind—discontinuance of proceeding

- (1) If the Mental Health Court decides the person was of unsound mind when the offence was allegedly committed—
 - (a) the proceeding against the person for the offence is discontinued; and
 - (b) further proceedings may not be taken against the person for the act or omission constituting the offence.
- (2) Despite the court's decision, the person may elect to be tried for the offence.
- (3) The election must be made by giving the director of public prosecutions written notice of the election within 28 days after the person receives written notice of the court's decision.
- (4) The director of public prosecutions must, within 7 days after receiving the notice of the person's election, give written notice of the person's election to—
 - (a) if an authorised mental health service is responsible for the person—the chief psychiatrist; or

- (b) if the forensic disability service is responsible for the person—the director of forensic disability.
- (5) If a forensic order or treatment support order is made for the person under part 4, the order continues in force until a final decision is made in the proceeding against the person for the offence.
- (6) The director of public prosecutions must ensure the proceeding against the person for the offence is continued according to law within 28 days after receiving the notice of the person's election.

120 Diminished responsibility—discontinuance of proceeding

- (1) If the person was charged with the offence of murder and the Mental Health Court decides the person was of diminished responsibility when the offence was allegedly committed, the proceeding against the person for the offence of murder is discontinued.
- (2) However, the proceeding may be continued against the person for another offence constituted by the act or omission to which the proceeding for the offence of murder relates.

121 Temporary unfitness for trial—stay of proceeding

- (1) This section applies if the Mental Health Court decides the person is unfit for trial and the unfitness for trial is not permanent.
- (2) The proceeding for the offence is stayed until, on a review under chapter 12, part 6, the tribunal decides the person is fit for trial.

122 Permanent unfitness for trial—discontinuance of proceeding

If the Mental Health Court decides the person is unfit for trial and the unfitness for trial is permanent—

- (a) the proceeding against the person for the offence is discontinued; and
- (b) further proceedings may not be taken against the person for the act or omission constituting the offence.

123 Fit for trial—continuation of proceeding

If the Mental Health Court decides the person is fit for trial, the court must order that the proceeding against the person for the offence be continued according to law.

124 Related orders if person fit for trial

- (1) If the Mental Health Court orders that the proceeding against the person for the offence be continued, the court may order that—
 - (a) either—
 - (i) the person be remanded in custody and any bail granted under the *Bail Act 1980* for the person be revoked; or
 - (ii) bail be granted, enlarged or varied under the *Bail Act 1980* for the person; or
 - (b) the person be detained in a stated authorised mental health service until the person is—
 - (i) granted bail under the *Bail Act 1980*; or
 - (ii) brought before a court for continuing the proceeding.

Note—

An order made under paragraph (b) is a type of judicial order. A judicial order does not authorise the provision of involuntary treatment and care to the person.

- (2) For subsection (1)(b), an authorised person may transport the person to—
 - (a) an inpatient unit of the authorised mental health service stated in the order; or

- (b) for the continuation of the proceeding against the person for the offence—the court in which the proceeding is being heard.

Note—

For the powers of an authorised person when detaining and transporting a person, see chapter 11, part 6, division 5.

- (3) The administrator of the authorised mental health service stated in the order may detain the person in the service under the order.
- (4) Also, subsection (5) applies if—
 - (a) the court has made an order under subsection (1)(b) for the person; and
 - (b) for continuing the proceeding against the person for the offence, the person appears before the court in which the proceeding is being heard by remote conferencing while remaining at the authorised mental health service stated in the order; and
 - (c) the court does not grant the person bail under the *Bail Act 1980*.
- (5) The administrator of the authorised mental health service may detain the person in the service until the person is taken into custody.

Division 5 Withdrawal of particular references

125 Application of div 5

This division applies to a reference in relation to a person made under section 101 or 110.

126 Application to withdraw reference

- (1) At any time before the Mental Health Court decides the reference, the person who made the reference may apply to the court to withdraw the reference.

- (2) The application must be made by—
 - (a) filing a notice in the approved form with the registrar; or
 - (b) making an oral submission at the hearing of the proceeding for the reference.

127 Notices if application to withdraw filed

- (1) The registrar must—
 - (a) within 7 days after the notice of the application to withdraw the reference is filed, give written notice of the application to the other parties to the proceeding; and
 - (b) at least 7 days before the hearing of the application, give the parties written notice of the hearing of the application.
- (2) The notice of the hearing must state the following—
 - (a) the time and place of the hearing;
 - (b) the nature of the hearing;
 - (c) the parties' rights to be represented at the hearing.

Note—

See section 683 in relation to representation at the hearing.

128 Decision on application

- (1) The Mental Health Court must grant the application or refuse to grant it.
- (2) However, the court may refuse to grant the application only if it considers the withdrawal of the reference would be contrary to the interests of justice.

Part 4 Forensic orders and treatment support orders

Division 1 Preliminary

129 Definition for pt 4

In this part—

relevant unlawful act, in relation to a reference, means the unlawful act or omission that constitutes the offence to which the reference relates.

130 Explanation about operation of forensic orders and treatment support orders

- (1) Under this part, the Mental Health Court may, on a reference in relation to a person, make the following types of orders—
 - (a) a forensic order (mental health) or forensic order (disability)—see division 2;
 - (b) a treatment support order—see division 3.

Note—

See section 151 for the matters authorised under a forensic order (mental health) or treatment support order. See section 152 for the matters authorised under a forensic order (disability).

- (2) A forensic order (mental health) operates in a way that is more restrictive of a person's rights and liberties than a treatment support order.

Examples—

- 1 The Mental Health Court may decide the category of a forensic order (mental health) is community only if the court considers there is not an unacceptable risk to the safety of the community.
- 2 The court may decide the category of a treatment support order is inpatient only if the court considers the person's treatment and care needs, the safety and welfare of the person, or the safety of others, can not reasonably be met if the category of the order is community.

- 3 An authorised doctor may authorise treatment in the community for a person subject to a forensic order (mental health) only to the extent approved by the court or the tribunal.
- 4 An authorised doctor may authorise treatment in the community for a person subject to a treatment support order, subject only to the court or the tribunal deciding whether the authorised doctor may reduce the extent of treatment in the community received by the person.
- 5 Requirements imposed under a policy made by the chief psychiatrist may be more onerous for a person subject to a forensic order (mental health) than a person subject to a treatment support order.

131 Orders if unsound mind or permanent unfitness for trial

- (1) This section applies if, on a reference in relation to a person, the Mental Health Court decides the person—
 - (a) was of unsound mind when the offence was allegedly committed; or
 - (b) is unfit for trial and the unfitness for trial is permanent.
- (2) The court must make the order required under division 2 or 3 for the person.
- (3) However, if the court is not required under division 2 or 3 to make an order for the person, the court may make no order for the person.

132 Orders if temporary unfitness for trial

- (1) This section applies if, on a reference in relation to a person, the Mental Health Court decides the person is unfit for trial and the unfitness for trial is not permanent.
- (2) The court must make an order for the person under division 2 or 3.

133 Matters to which Mental Health Court must have regard

- (1) In making a decision under this part in relation to an order for a person, the Mental Health Court must have regard to the following—
- (a) the relevant circumstances of the person;
 - (b) the nature of the offence to which the reference relates and the period of time that has passed since the offence was allegedly committed;
 - (c) any victim impact statement produced by the prosecuting authority for the offence under part 5, division 3.

Examples of decisions under this part in relation to an order—

- deciding whether a forensic order or treatment support order is necessary
 - deciding the category of the order
 - deciding whether the person is to receive any treatment in the community
 - deciding the conditions, if any, to impose on the order
- (2) Subsection (1) does not limit any other provision of this part that requires the court to have regard to a stated matter.

Division 2 Forensic orders

Subdivision 1 Making of forensic orders

134 Requirements for making forensic order

- (1) The Mental Health Court must make an order (a *forensic order (mental health)* or *forensic order (disability)*) for the person if the court considers a forensic order is necessary, because of the person's mental condition, to protect the safety of the community, including from the risk of serious harm to other persons or property.

Note—

If the court does not consider a forensic order is necessary, see division 3 in relation to the making of a treatment support order.

- (2) In deciding whether a forensic order is necessary, the court must have regard to the policies mentioned in section 305(1)(e) and (f).
- (3) If the court makes a forensic order for the person, the order must be—
 - (a) a forensic order (mental health) if the court considers—
 - (i) the person’s unsoundness of mind was, or unfitness for trial is, because of a mental condition other than an intellectual disability; or
 - (ii) the person has a dual disability and needs involuntary treatment and care for the person’s mental illness, as well as care for the person’s intellectual disability; or
 - (b) a forensic order (disability) if the court considers—
 - (i) the person’s unsoundness of mind was, or unfitness for trial is, because of an intellectual disability; and
 - (ii) the person needs care for the person’s intellectual disability but does not need treatment and care for any mental illness.
- (4) Subsection (3)(a)(ii) applies regardless of the basis on which the court decides the person was of unsound mind when the offence was allegedly committed, or is unfit for trial.

135 Conditions

- (1) The Mental Health Court may, in a forensic order for a person, impose the conditions it considers appropriate.
- (2) Without limiting subsection (1), the court may impose a condition that the person must not contact a stated person, including, for example, a victim of the relevant unlawful act.

- (3) However, the court may not impose a condition requiring the person to take a particular medication or a particular dosage of a medication.

136 Recommendations about intervention programs

The Mental Health Court may, in a forensic order for a person, make the recommendations it considers appropriate about particular intervention programs that a stated authorised mental health service or the forensic disability service should provide for the person.

Examples of intervention programs—

drug and alcohol programs, anger management counselling programs, sexual offender programs

137 Non-revocation period

- (1) This section applies if, on a reference in relation to a person charged with a prescribed offence, the Mental Health Court—
 - (a) decides the person—
 - (i) was of unsound mind when the offence was allegedly committed; or
 - (ii) is unfit for trial and the unfitness for trial is permanent; and
 - (b) makes a forensic order for the person.
- (2) The court may state in the order a period of not more than 10 years (the ***non-revocation period***) during which the tribunal may not revoke the order, other than under section 457.
- (3) In deciding the non-revocation period, the court must have regard to the object of this Act in relation to protecting the community.

Subdivision 2 Treatment in the community

138 Mental Health Court to decide category

- (1) If the Mental Health Court decides to make a forensic order for a person, the court must also decide the category of the order.
- (2) The court may decide the category of the order is community only if the court considers there is not an unacceptable risk to the safety of the community, because of the person's mental condition, including the risk of serious harm to other persons or property.
- (3) The forensic order must state the category of the order.

139 Inpatient category

- (1) If the Mental Health Court decides the category of a forensic order for a person is inpatient, the court must do 1 of the following—
 - (a) order that the person have no limited community treatment;
Note—

An order made under paragraph (a) may be amended by the tribunal, but may not be amended by an authorised doctor. See sections 212(2) and 445(2)(b) and (c).
 - (b) approve that an authorised doctor under section 212 or a senior practitioner under the Forensic Disability Act, section 20 may, at a future time—
 - (i) authorise limited community treatment for the person, to the extent and subject to the conditions decided by the court; or
 - (ii) change the category of the order to community, subject to the conditions decided by the court;
 - (c) order that the person have limited community treatment—

- (i) of a stated extent; and
 - (ii) subject to the conditions decided by the court, including whether, or the extent to which, an authorised doctor under section 212 or a senior practitioner under the Forensic Disability Act, section 20 may amend the forensic order in relation to treatment in the community.
- (2) The court may make an order under subsection (1)(b) or (c) only if the court is satisfied there is not an unacceptable risk to the safety of the community, because of the person's mental condition, including the risk of serious harm to other persons or property.
- (3) In deciding whether the court is satisfied of the matters mentioned in subsection (2), the court must have regard to—
 - (a) the purpose of limited community treatment; and
 - (b) the fact that—
 - (i) if an authorised mental health service is responsible for the person—an authorised doctor may increase the extent of treatment in the community for the person only if satisfied of the matters mentioned in section 212(3); or
 - (ii) if the forensic disability service is responsible for the person—a senior practitioner under the Forensic Disability Act may authorise treatment in the community for the person only if satisfied of the matters mentioned in the Forensic Disability Act, section 20(2).

140 Community category

If the Mental Health Court decides the category of a forensic order for a person is community, the court must—

- (a) order that an authorised doctor or a senior practitioner under the Forensic Disability Act must not change the category of the order to inpatient; or

Note—

The category of the order may be changed by the tribunal. See section 444.

- (b) approve that an authorised doctor under section 212 or a senior practitioner under the Forensic Disability Act, section 20 may, at a future time, change the nature or extent of treatment in the community received by the person, to the extent and subject to the conditions decided by the court.

Example of a change of the nature or extent of treatment in the community—

changing the category of the forensic order from community to inpatient, with or without limited community treatment

Subdivision 3 Other provisions

141 When category of forensic order (disability) may be described as residential

- (1) This section applies to a forensic order (disability) for a person if—
 - (a) the category of the order is inpatient; and
 - (b) the forensic disability service is responsible for the person.
- (2) The category of the order may be described as residential.

142 Admission to high security unit—stay of order

- (1) This section applies if—
 - (a) the Mental Health Court makes a forensic order for a person; and
 - (b) under the order, the person is to be detained in a high security unit; and
 - (c) the chief psychiatrist asks the court to stay the order for a period of not more than 7 days to enable the high

security unit to make a physical place available for the person.

- (2) The court may stay the order for the period requested by the chief psychiatrist.
- (3) However, if the court is satisfied the person needs urgent treatment and care in the high security unit, the court may—
 - (a) refuse to stay the order; or
 - (b) stay the order for a shorter period than requested.
- (4) If the court stays the order and the person is being held in custody, the person must remain in custody until the person is admitted to the high security unit.

Division 3 Treatment support orders

Subdivision 1 Making of treatment support orders

143 Requirements for making treatment support order

- (1) The Mental Health Court must make an order (a *treatment support order*) for the person if the court considers a treatment support order, but not a forensic order, is necessary, because of the person's mental condition, to protect the safety of the community, including from the risk of serious harm to other persons or property.
- (2) In deciding whether a treatment support order, but not a forensic order, is necessary, the court must have regard to the policy that must be made by the chief psychiatrist under section 305(1)(g) in relation to persons subject to treatment support orders.
- (3) This section does not apply if the court considers—
 - (a) the person's unsoundness of mind was, or unfitness for trial is, because of an intellectual disability; and

- (b) the person does not need treatment and care for any mental illness.

144 Conditions

- (1) The Mental Health Court may, in a treatment support order for a person, impose the conditions it considers appropriate.
- (2) Without limiting subsection (1), the court may impose a condition that the person must not contact a stated person, including, for example, a victim of the relevant unlawful act.
- (3) However, the court may not impose a condition requiring the person to take a particular medication or a particular dosage of a medication.

Subdivision 2 Treatment in the community

145 Mental Health Court to decide category and community treatment

- (1) If the Mental Health Court decides to make a treatment support order for a person, the court must also decide the category of the order.
- (2) However, the court may decide the category of the treatment support order is inpatient only if the court considers 1 or more of the following can not reasonably be met if the category of the order is community—
 - (a) the person’s treatment and care needs;
 - (b) the safety and welfare of the person;
 - (c) the safety of others.
- (3) If the court decides the category of the treatment support order is inpatient, the court may approve limited community treatment for the person, to the extent and subject to the conditions decided by the court.

- (4) In deciding whether to approve limited community treatment under subsection (3), the court must have regard to the purpose of limited community treatment.
- (5) If the court decides the category of the treatment support order is community, or approves limited community treatment for the person under subsection (3), the court must also decide whether an authorised doctor may, under section 216(1), amend the person's treatment support order to reduce the extent of treatment in the community received by the person.

Notes—

- 1 On a review of the order, the tribunal may change the nature or extent of the person's treatment in the community. See sections 475 and 476.
 - 2 For the powers of an authorised doctor in relation to a treatment support order, see section 216.

- (2) The court may place the weight on the victim impact statement it considers appropriate.

Note—

If there is an information notice relating to the person, the revocation or amendment of the treatment support order under subsection (2) does not affect the information notice. See section 322.

167 Person subject to existing treatment authority

- (1) This section applies if the Mental Health Court makes a forensic order (mental health) for a person who is subject to a treatment authority.
- (2) On the making of the forensic order (mental health), the treatment authority ends.
- (3) Nothing in this section prevents the court making a forensic order (disability) for a person who is subject to a treatment authority.
- (4) If a treatment authority for a person is inconsistent with a forensic order (disability) for the person, the forensic order (disability) prevails to the extent of the inconsistency.

- (5) If the authorised doctor makes a recommendation under subsection (3)(b) for the person’s treatment and care, the authorised doctor must explain to the person the benefits of being treated voluntarily in accordance with the recommendation.

Note—

See section 55 for the matters the authorised doctor must tell, and explain to, the person if the authorised doctor makes a treatment authority for the person as mentioned in subsection (3)(a).

- (1) This section applies to a patient of an authorised mental health service who is subject to any of the following—
 - (a) a treatment authority;
 - (b) a forensic order;
 - (c) a treatment support order.
- (2) A person making a decision about the patient's treatment in the community must make the decision without regard to whether the patient is in custody under another Act.
- (3) However, a decision made under this Act about the patient's treatment in the community is subject to any custodial requirement under the other Act.

-
- (4) Subsection (3) does not apply to a patient who is detained in the authorised mental health service—
- (a) as a classified patient under chapter 3; or
 - (b) under an order mentioned in schedule 3, definition *judicial order*, paragraph (c).

Part 2 Responsibility to provide treatment and care

 - (b) if a patient subject to a treatment authority, forensic order or treatment support order becomes a classified patient—as soon as practicable after the patient becomes a classified patient.
- (4) In deciding the treatment and care to be provided to the patient, the authorised doctor must—
 - (a) discuss the treatment and care to be provided with the patient; and
 - (b) have regard to the views, wishes and preferences of the patient, to the extent they can be expressed, including, for example, in an advance health directive.

202 Authorised doctor’s responsibilities for treatment and care

- (1) An authorised doctor must ensure the treatment and care to be provided to the patient is, and continues to be, appropriate for the patient’s treatment and care needs and in compliance with the requirements of this Act.

Part 3 Patients subject to treatment authorities

Division 1 Preliminary

204 Application of pt 3

This part applies to a patient of an authorised mental health service who is subject to a treatment authority.

- (2) Subsequent assessments of the patient under this section must be completed within 3 months after the date of the patient's previous assessment.
- (3) Also, an authorised doctor must make an assessment of the patient under this section if the authorised doctor considers at any time that—
 - (a) the treatment criteria may no longer apply to the patient; or
 - (b) there may be a less restrictive way for the patient to receive treatment and care for the patient's mental illness.
- (4) On an assessment under this section, the authorised doctor must—
 - (a) assess the patient; and
 - (b) discuss the assessment with the patient; and

 - (B) if the category is inpatient—whether the extent of any limited community treatment under the authority continues to be appropriate; and
 - (iv) the date of the patient's next assessment under this section.

Division 3 Actions that may be taken after assessment

206 Authorised doctor may revoke treatment authority

- (1) This section applies if, after making an assessment of the patient, an authorised doctor considers—

 - (b) there is a less restrictive way for the patient to receive treatment and care for the patient’s mental illness.
- (2) The authorised doctor must revoke the patient’s treatment authority.
- (3) However, the authorised doctor is not required to revoke the treatment authority if the authorised doctor considers the patient’s capacity to consent to be treated for the patient’s mental illness is not stable.

Example of when a patient’s capacity to consent to be treated is not stable—

the patient gains and loses capacity to consent to be treated during a short time period

- (4) Also, if the authorised doctor is not an authorised psychiatrist, the revocation takes effect only if the authorised doctor has consulted with an authorised psychiatrist about the revocation.
- (5) An authorised doctor must tell a patient of a revocation of the patient’s treatment authority under this section as soon as practicable after the revocation.
- (6) The administrator of the authorised mental health service must give written notice of the revocation to the patient, and the tribunal, within 7 days after the revocation.

207 Authorised psychiatrist may revoke treatment authority if patient missing

- (1) An authorised psychiatrist for an authorised mental health service may revoke the patient’s treatment authority if the authorised psychiatrist is satisfied the authorised mental

 - (b) to authorise or revoke, or change the nature or extent of, limited community treatment;
 - (c) to impose a condition on, or change a condition of, the authority.

-
- (2) However, the authorised doctor may change the category of the authority to inpatient only if the authorised doctor considers, after having regard to the relevant circumstances of the patient, that 1 or more of the following can not reasonably be met if the category of the authority is community—
- (a) the patient’s treatment and care needs;
 - (b) the safety and welfare of the patient;
 - (c) the safety of others.
- (3) Also, the authorised doctor may make the amendment only if satisfied the amendment is appropriate having regard to—
- (a) the relevant circumstances of the patient; and
 - (b) for an amendment mentioned in subsection (1)(b)—the purpose of limited community treatment.
- (4) The amendment must not change a condition decided by the tribunal, or be contrary to a decision of the tribunal under section 424 or 425.
- (5) If limited community treatment is authorised under this section, the patient’s treatment authority must state—

Example for paragraphs (b) and (c)—

limited community treatment may be authorised for a period of 1 day per week for a duration of 8 weeks

- (6) The authorised doctor must tell the patient of any proposed amendment of the patient’s treatment authority and explain the effect of the amendment to the patient.
- (7) This section does not apply if the patient is a classified patient.

Note—

See part 6 in relation to classified patients.

210 Amendment of treatment authority to change category to inpatient

- (1) This section applies if—
 - (a) the category of the patient’s treatment authority is community; and
 - (b) an authorised doctor reasonably believes—
 - (i) there has been a material change in the patient’s mental state; and
 - (ii) the patient requires urgent treatment and care as an inpatient in an authorised mental health service.
- (2) Despite section 209, the authorised doctor may amend the patient’s treatment authority to change the category of the authority to inpatient.
- (3) The administrator of the patient’s treating health service must, as soon as practicable after the treatment authority is amended under subsection (2), give the tribunal written notice of the amendment.

- (3) The authorised doctor may amend the order to increase the extent of treatment in the community only if satisfied, after having regard to the matters mentioned in subsection (4), that there is not an unacceptable risk to the safety of the

Note—

The tribunal must review the forensic order within 21 days after receiving written notice of the amendment of the order. See section 433(4).

- (4) Also, subsection (5) applies if, before the tribunal conducts, or completes the hearing of, the review of the forensic order mentioned in section 433(4), an authorised doctor amends the order to change the category of the order to community.
- (5) The administrator of the patient's treating health service must, as soon as practicable after the forensic order is amended, give the tribunal written notice of the amendment.

Part 6

Classified patients and patients subject to judicial orders

218 Application of pt 6

This part applies to each of the following patients of an authorised mental health service if the patient is detained at the service—

- (a) a classified patient;
- (b) a patient subject to a judicial order.

- (6) This section does not apply if the treatment in the community authorised for the patient under this Act is escorted day leave.
- (7) In this section—

escorted day leave, for a patient in an authorised mental health service, means the patient, for a period of not more than 1 day and not overnight—

- (e) for another purpose the chief psychiatrist is satisfied justifies approving the absence.
- (3) As soon as practicable after approving the temporary absence, the chief psychiatrist must give written notice of the approval to the administrator of the authorised mental health service.
- (4) The written notice must state—

- (b) the safety and welfare of the person;
- (c) the safety of others.

424 Community category—deciding whether authorised doctor may reduce treatment in community

427 Transfer to another authorised mental health service

- (1) The tribunal may order the person's transfer to another authorised mental health service to provide treatment and care for the person.

428 Change of category to inpatient

- (1) This section applies if the category of the treatment authority is community.

Note—

Under section 209, the authorised doctor who examines the person may change the nature or extent of the person's treatment in the community.

- (3) If the tribunal changes the category of the treatment authority under this section to inpatient, the tribunal may authorise an authorised person to transport the person to an inpatient unit of a stated authorised mental health service.
- (4) For subsection (3), an authorised person may transport the person to an inpatient unit of the stated authorised mental health service.

Note—

For the powers of an authorised person when detaining and transporting a person, see chapter 11, part 6, division 5.

- (2) If the power to enter arose only because an occupier of the place consented to the entry, the power is subject to any conditions of the consent and ceases if the consent is withdrawn.
- (3) If the power to enter is under a warrant, the power is subject to the terms of the warrant.

Division 2 Entry by consent

566 Application of div 2

This division applies if an inspector intends to ask an occupier of a place to consent to the inspector or another inspector entering the place under section 565(1)(a).

567 Incidental entry to ask for access

For the purpose of asking the occupier for the consent, an inspector may, without the occupier's consent or a warrant—

- (a) enter land around premises at the place to an extent that is reasonable to contact the occupier; or
- (b) enter part of the place the inspector reasonably considers members of the public ordinarily are allowed to enter when they wish to contact an occupier of the place.

568 Matters inspector must tell occupier

Before asking for the consent, the inspector must give a reasonable explanation to the occupier—

 - (b) a signed acknowledgement complying with subsection (2) for the entry is not produced in evidence;
- the onus of proof is on the person relying on the lawfulness of the entry to prove the occupier consented.

Division 3 Entry under warrant

Subdivision 1 Obtaining warrant

570 Application for warrant

- (1) An inspector may apply to a magistrate for a warrant for a place.
- (2) The inspector must prepare a written application that states the grounds on which the warrant is sought.
- (3) The written application must be sworn.
- (4) The magistrate may refuse to consider the application until the inspector gives the magistrate all the information the magistrate requires about the application in the way the magistrate requires.

Example—

The magistrate may require additional information supporting the written application to be given by statutory declaration.

571 Issue of warrant

- (1) The magistrate may issue the warrant for the place only if the magistrate is satisfied there are reasonable grounds for suspecting that there is at the place, or will be at the place within the next 7 days, a particular thing or activity that may provide evidence—
 - (a) about a matter being investigated by the inspector under chapter 10, part 4; or
 - (b) of an offence against this Act.
- (2) The warrant must state—
 - (a) the place to which the warrant applies; and

 - (e) the evidence that may be seized under the warrant; and
 - (f) the hours of the day or night when the place may be entered; and
 - (g) the magistrate's name; and
 - (h) the day and time of the warrant's issue; and
 - (i) the day, within 14 days after the warrant's issue, the warrant ends.

572 Electronic application

- (1) An application under section 570 may be made by phone, fax, email, radio, videoconferencing or another form of electronic communication if the inspector reasonably considers it necessary because of—
 - (a) urgent circumstances; or
 - (b) other special circumstances, including, for example, the inspector's remote location.
- (2) The application—
 - (a) may not be made before the inspector prepares the written application under section 570(2); but
 - (b) may be made before the written application is sworn.

573 Additional procedure if electronic application

- (1) For an application made under section 572, the magistrate may issue the warrant (the *original warrant*) only if the magistrate is satisfied—
 - (a) it was necessary to make the application under section 572; and
 - (b) the way the application was made under section 572 was appropriate.
- (2) After the magistrate issues the original warrant—
 - (a) if there is a reasonably practicable way of immediately giving a copy of the warrant to the inspector, including, for example, by sending a copy by fax or email, the magistrate must immediately give a copy of the warrant to the inspector; or
 - (b) otherwise—
 - (i) the magistrate must tell the inspector the information mentioned in section 571(2); and
 - (ii) the inspector must complete a form of warrant, including by writing on it the information

mentioned in section 571(2) provided by the magistrate.

- (3) The copy of the warrant mentioned in subsection (2)(a), or the form of warrant completed under subsection (2)(b) (in either case the ***duplicate warrant***), is a duplicate of, and as effectual as, the original warrant.
- (4) The inspector must, at the first reasonable opportunity, send to the magistrate—
 - (a) the written application complying with section 570(2) and (3); and
 - (b) if the inspector completed a form of warrant under subsection (2)(b), the completed form of warrant.
- (5) The magistrate must keep the original warrant and, on receiving the documents under subsection (4)—
 - (a) attach the documents to the original warrant; and
 - (b) give the original warrant and documents to the clerk of the court of the relevant magistrates court.
- (6) Despite subsection (3), if—
 - (a) an issue arises in a proceeding about whether an exercise of a power was authorised by a warrant issued under this section; and
 - (b) the original warrant is not produced in evidence;the onus of proof is on the person relying on the lawfulness of the exercise of the power to prove a warrant authorised the exercise of the power.

- (7) In this section—

relevant magistrates court, in relation to a magistrate, means the Magistrates Court that the magistrate constitutes under the *Magistrates Act 1991*.

574 Defect in relation to a warrant

- (1) A warrant is not invalidated by a defect in—

-
- (a) the warrant; or
 - (b) compliance with this subdivision;
- unless the defect affects the substance of the warrant in a material particular.
- (2) In this section—
- warrant* includes a duplicate warrant mentioned in section 573(3).

Subdivision 2 Entry procedure

575 Entry procedure

- (1) This section applies if an inspector is intending to enter a place under a warrant issued under subdivision 1.
- (2) Before entering the place, the inspector must do or make a reasonable attempt to do the following things—
 - (a) identify himself or herself to a person who is an occupier of the place and is present by producing the inspector's identity card or another document evidencing the inspector's appointment;
 - (b) give the person a copy of the warrant;
 - (c) tell the person the inspector is permitted by the warrant to enter the place;
 - (d) give the person an opportunity to allow the inspector immediate entry to the place without using force.
- (3) However, the inspector need not comply with subsection (2) if the inspector believes on reasonable grounds that entry to the place without compliance is required to ensure the execution of the warrant is not frustrated.
- (4) In this section—

warrant includes a duplicate warrant mentioned in section 573(3).

-
- (g) take an extract from, or copy, a document at the place, or take the document to another place to copy;
 - (h) produce an image or writing at the place from an electronic document or, to the extent it is not practicable, take a thing containing an electronic document to another place to produce an image or writing;
 - (i) take to, into or onto the place and use any person, equipment and materials the inspector reasonably requires for exercising the inspector's powers under this part;
 - (j) remain at the place for the time necessary to achieve the purpose of the entry.
- (2) The inspector may take a necessary step to allow the exercise of a general power.
 - (3) If the inspector takes a document from the place to copy it, the inspector must copy the document and return it to the place as soon as practicable.
 - (4) If the inspector takes from the place an article or device reasonably capable of producing a document from an electronic document to produce the document, the inspector must produce the document and return the article or device to the place as soon as practicable.
 - (5) In this section—

 - film* includes photograph, videotape and record an image in another way.
 - inspect*, a thing, includes open the thing and examine its contents.

578 Power to require reasonable help

inspector reasonable help to exercise a general power, including, for example, to produce a document or to give information.

- (2) When making the help requirement, the inspector must give the person an offence warning for the requirement.

579 Offence to contravene help requirement

- (1) A person of whom a help requirement has been made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

- (2) It is a reasonable excuse for an individual not to comply with a help requirement if complying might tend to incriminate the individual or expose the individual to a penalty.
- (3) However, subsection (2) does not apply if a document or information the subject of the help requirement is required to be held or kept under this Act.

Part 5 Seizure by inspectors and forfeiture

Division 1 Power to seize

580 Seizing evidence at a place that may be entered without consent or warrant

An inspector who enters a place the inspector may enter under section 565 without the consent of an occupier of the place and without a warrant may seize a thing at the place if the inspector reasonably believes the thing is evidence—

- (a) about a matter being investigated by the inspector under chapter 10, part 4; or
- (b) of an offence against this Act.

581 Seizing evidence at a place that may be entered only with consent or warrant

- (1) This section applies if—
 - (a) an inspector is authorised to enter a place only with the consent of an occupier of the place or a warrant; and
 - (b) the inspector enters the place after obtaining the consent or under a warrant.
- (2) If the inspector enters the place with the occupier’s consent, the inspector may seize a thing at the place only if—
 - (a) the inspector reasonably believes the thing is evidence—
 - (i) about a matter being investigated by the inspector under chapter 10, part 4; or
 - (ii) of an offence against this Act; and
 - (b) seizure of the thing is consistent with the purpose of entry as explained to the occupier when asking for the occupier’s consent.
- (3) If the inspector enters the place under a warrant, the inspector may seize the evidence for which the warrant was issued.
- (4) The inspector may also seize anything else at the place if the inspector reasonably believes—
 - (a) the thing is evidence—
 - (i) about a matter being investigated by the inspector under chapter 10, part 4; or
 - (ii) of an offence against this Act; and
 - (b) the seizure is necessary to prevent the thing being hidden, lost or destroyed.
- (5) The inspector may also seize a thing at the place if the inspector reasonably believes it has just been used in committing an offence against this Act.

582 Seizure of property subject to security

- (1) An inspector may seize a thing, and exercise powers relating to the thing, despite a lien or other security over the thing claimed by another person.
- (2) However, the seizure does not affect the other person's claim to the lien or other security against a person other than the inspector or a person acting under the direction or authority of the inspector.

Division 2 Powers to support seizure

583 Power to secure seized thing

- (1) Having seized a thing under division 1, an inspector may—
 - (a) leave it at the place where it was seized (the *place of seizure*) and take reasonable action to restrict access to it; or
 - (b) move it from the place of seizure.
- (2) For subsection (1)(a), the inspector may, for example—
 - (a) seal the thing, or the entrance to the place of seizure, and mark the thing or place to show access to the thing or place is restricted; or
 - (b) for equipment—make it inoperable; or
Example—
make it inoperable by dismantling it or removing a component without which the equipment can not be used
 - (c) require a person the inspector reasonably believes is in control of the place or thing to do an act mentioned in paragraph (a) or (b) or anything else an inspector could do under subsection (1)(a).

A person must comply with a requirement made of the person under section 583(2)(c) unless the person has a reasonable excuse.

Maximum penalty—100 penalty units.

585 Offence to interfere

(1) If access to a seized thing is restricted under section 583, a person must not tamper with the thing or with anything used to restrict access to the thing without—

- (a) an inspector's approval; or
- (b) a reasonable excuse.

Maximum penalty—100 penalty units.

(2) If access to a place is restricted under section 583, a person must not enter the place in contravention of the restriction or tamper with anything used to restrict access to the place without—

- (a) an inspector's approval; or
- (b) a reasonable excuse.

Maximum penalty—100 penalty units.

Division 3 Safeguards for seized things

586 Receipt and information notice for seized thing

(1) This section applies if an inspector seizes anything under division 1 unless—

- (a) the inspector reasonably believes there is no-one apparently in possession of the thing or it has been abandoned; or

- (b) because of the condition, nature and value of the thing it would be unreasonable to require the inspector to comply with this section.
- (2) The inspector must, as soon as practicable after seizing the thing, give an owner or person in control of the thing before it was seized—
 - (a) a receipt for the thing that generally describes the thing and its condition; and
 - (b) an information notice about the decision to seize it.
- (3) However, if an owner or person from whom the thing is seized is not present when it is seized, the receipt and information notice may be given by leaving them in a conspicuous position and in a reasonably secure way at the place at which the thing is seized.
- (4) The receipt and information notice may—
 - (a) be given in the same document; and
 - (b) relate to more than 1 seized thing.
- (5) The inspector may delay giving the receipt and information notice if the inspector reasonably suspects giving them may frustrate or otherwise hinder an investigation by the inspector under this Act.
- (6) However, the delay may be only for so long as the inspector continues to have the reasonable suspicion and remains in the vicinity of the place at which the thing was seized to keep it under observation.

587 Access to seized thing

- (1) Until a seized thing is forfeited or returned, the inspector who seized the thing must allow an owner of the thing—
 - (a) to inspect it at any reasonable time and from time to time; and
 - (b) if it is a document—to copy it.

- (2) Subsection (1) does not apply if it is impracticable or would be unreasonable to allow the inspection or copying.
- (3) The inspection or copying must be allowed free of charge.

588 Return of seized thing

- (1) This section applies if a seized thing has some intrinsic value and is not forfeited or transferred under division 4 or 5.
- (2) The inspector must return the seized thing to an owner—
 - (a) generally—at the end of 6 months after the seizure; or
 - (b) if a proceeding for an offence involving the thing is started within 6 months after the seizure—at the end of the proceeding and any appeal from the proceeding.
- (3) Despite subsection (2), if the thing was seized as evidence, the inspector must return the thing seized to an owner as soon as practicable after the inspector is satisfied—
 - (a) its continued retention as evidence is no longer necessary; and
 - (b) it is lawful for the owner to possess it.
- (4) Nothing in this section affects a lien or other security over the seized thing.

Division 4 Forfeiture

589 Forfeiture by chief psychiatrist decision

- (1) The chief psychiatrist may decide a seized thing is forfeited to the State if an inspector—
 - (a) after making reasonable inquiries, can not find an owner; or
 - (b) after making reasonable efforts, can not return it to an owner.
- (2) However, the inspector is not required to—

- (a) make inquiries if it would be unreasonable to make inquiries to find an owner; or
- (b) make efforts if it would be unreasonable to make efforts to return the thing to an owner.

Example for paragraph (b)—

the owner of the thing has migrated to another country

- (3) Regard must be had to the thing's condition, nature and value in deciding—
 - (a) whether it is reasonable to make inquiries or efforts; and
 - (b) if inquiries or efforts are made—what inquiries or efforts, including the period over which they are made, are reasonable.

590 Information notice about forfeiture decision

- (1) If the chief psychiatrist decides under section 589(1) to forfeit a thing, the chief psychiatrist must as soon as practicable give a person who owned the thing immediately before the forfeiture (the *former owner*) an information notice about the decision.
- (2) The information notice may be given by leaving it at the place where the thing was seized, in a conspicuous position and in a reasonably secure way.
- (3) The information notice must state that the former owner may apply for a stay of the decision if the former owner appeals against the decision.
- (4) However, subsections (1) to (3) do not apply if the place where the thing was seized is—
 - (a) a public place; or
 - (b) a place where the notice is unlikely to be read by the former owner.

591 Forfeiture on conviction

- (1) On the conviction of a person for an offence against this Act, the court may order the forfeiture to the State of—
 - (a) anything used to commit the offence; or
 - (b) anything else the subject of the offence.
- (2) The court may make the order—
 - (a) whether or not the thing has been seized; or
 - (b) if the thing has been seized—whether or not the thing has been returned to the former owner of the thing.
- (3) The court may make any order to enforce the forfeiture it considers appropriate.
- (4) This section does not limit the court’s powers under another law.

592 Procedure and powers for making forfeiture order

- (1) A forfeiture order may be made on a conviction on the court’s initiative or on an application by the prosecution.
- (2) In deciding whether to make a forfeiture order for a thing, the court—
 - (a) may require notice to be given to anyone the court considers appropriate, including, for example, any person who may have any property in the thing; and
 - (b) must hear any submissions that any person claiming to have any property in the thing may wish to make.

Division 5 Dealing with property forfeited or transferred to State

593 When thing becomes property of the State

A thing becomes the property of the State if—

- (a) the thing is forfeited to the State under section 589(1) or 591(1); or
- (b) the owner of the thing and the State agree, in writing, to the transfer of the ownership of the thing to the State.

594 How property may be dealt with

- (1) This section applies if, under section 593, a thing becomes the property of the State.
- (2) The chief psychiatrist may deal with the thing as the chief psychiatrist considers appropriate, including, for example, by destroying it or giving it away.
- (3) The chief psychiatrist must not deal with the thing in a way that could prejudice the outcome of an appeal against the forfeiture under part 8.
- (4) If the chief psychiatrist sells the thing, the chief psychiatrist may, after deducting the costs of the sale, return the proceeds of the sale to the former owner of the thing.

Part 6 Other information-obtaining powers of inspectors

595 Power to require name and address

- (1) This section applies if an inspector—
 - (a) finds a person committing an offence against this Act; or
 - (b) finds a person in circumstances that lead the inspector to reasonably suspect the person has just committed an offence against this Act; or
 - (c) has information that leads the inspector to reasonably suspect a person has just committed an offence against this Act.
- (2) The inspector may require the person to state the person's name and residential address.

-
- (3) The inspector may also require the person to give evidence of the correctness of the stated name or address if, in the circumstances, it would be reasonable to expect the person to—
 - (a) be in possession of evidence of the correctness of the stated name or address; or
 - (b) otherwise be able to give the evidence.
 - (4) When making a personal details requirement, the inspector must give the person an offence warning for the requirement.
 - (5) A requirement under this section is a *personal details requirement*.

596 Offence to contravene personal details requirement

- (1) A person of whom a personal details requirement has been made must comply with the requirement unless the person has a reasonable excuse.
Maximum penalty—50 penalty units.
- (2) A person may not be convicted of an offence under subsection (1) unless the person is found guilty of the offence in relation to which the personal details requirement was made.

597 Power to require information

- (1) This section applies if an inspector reasonably believes—
 - (a) an offence against this Act has been committed and a person may be able to give information about the offence; or
 - (b) a person may be able to give information about a matter being investigated by the inspector under chapter 10, part 4.
- (2) The inspector may, by written notice given to the person, require the person to give the inspector information related to

the offence, or matter being investigated, at a stated reasonable time and place.

- (3) A requirement under subsection (2) is an *information requirement*.
- (4) For information that is an electronic document, compliance with the information requirement requires the giving of a clear image or written version of the electronic document.
- (5) In this section—
information includes a document.

598 Offence to contravene information requirement

- (1) A person of whom an information requirement is made must comply with the requirement unless the person has a reasonable excuse.

Maximum penalty—50 penalty units.

- (2) It is a reasonable excuse for an individual not to give the information if giving the information might tend to incriminate the individual or expose the individual to a penalty.
- (3) However, subsection (2) does not apply if information the subject of the information requirement is required to be held or kept under this Act.
- (4) In this section—
information includes a document.

Part 7 Miscellaneous provisions relating to inspectors

Division 1 Damage

599 Duty to avoid inconvenience and minimise damage

In exercising a power, an inspector must take all reasonable steps to cause as little inconvenience, and do as little damage, as possible.

600 Notice of damage

- (1) This section applies if—
 - (a) an inspector damages something when exercising, or purporting to exercise, a power; or
 - (b) a person (the *assistant*) acting under the direction or authority of an inspector damages something.
- (2) However, this section does not apply to damage the inspector reasonably considers is trivial or if the inspector reasonably believes—
 - (a) there is no-one apparently in possession of the thing; or
 - (b) the thing has been abandoned.
- (3) The inspector must give written notice of the damage to the person who appears to the inspector to be an owner, or person in control, of the thing.
- (4) However, if for any reason it is not practicable to comply with subsection (3), the inspector must—
 - (a) leave the notice at the place where the damage happened; and
 - (b) ensure it is left in a conspicuous position and in a reasonably secure way.

- (5) The inspector may delay complying with subsection (3) or (4) if the inspector reasonably suspects complying with the subsection may frustrate or otherwise hinder the performance of the inspector's functions.
- (6) The delay may be only for so long as the inspector continues to have the reasonable suspicion and remains in the vicinity of the place.
