Reprint notes

The Health Practitioner Regulation National Law is applied (with modifications) as a law of Queensland by the *Health Practitioner Regulation National Law Act 2009* (Qld). This version is the Law as it applies in Queensland—see the *Health Practitioner Regulation National Law Act 2009*, section 4. It is intended a new reprint of the National Law will be prepared by the Office of the Queensland Parliamentary Counsel when any change in the National Law takes effect.

National scheme legislation may not be entirely consistent with Queensland's current drafting style.

Health Practitioner Regulation National Law (Queensland)

Editor's note—

The Health Practitioner Regulation National Law is applied (with modifications) as a law of Queensland by the *Health Practitioner Regulation National Law Act 2009* (Qld). This version is the Law as it applies in Queensland—see the *Health Practitioner Regulation National Law Act 2009*, section 4. It is intended a new reprint of the National Law will be prepared by the Office of the Queensland Parliamentary Counsel when any change in the National Law takes effect.

Part 1 Preliminary

1 Short title

This Law may be cited as the Health Practitioner Regulation National Law (Queensland).

2 Commencement

This Law commences in a participating jurisdiction as provided by the Act of that jurisdiction that applies this Law as a law of that jurisdiction.

3 Objectives

- (1) The object of this Law is to establish a national registration and accreditation scheme for—
 - (a) the regulation of health practitioners; and
 - (b) the registration of students undertaking—
 - (i) programs of study that provide a qualification for registration in a health profession; or
 - (ii) clinical training in a health profession.

- (2) The objectives of the national registration and accreditation scheme are—
 - (a) to provide for the protection of the public by ensuring that only health practitioners who are suitably trained and qualified to practise in a competent and ethical manner are registered; and
 - (b) to facilitate workforce mobility across Australia by reducing the administrative burden for health practitioners wishing to move between participating jurisdictions or to practise in more than one participating jurisdiction; and
 - (c) to facilitate the provision of high quality education and training of health practitioners; and
 - (ca) to build the capacity of the Australian health workforce to provide culturally safe health services to Aboriginal and Torres Strait Islander Peoples; and
 - (d) to facilitate the rigorous and responsive assessment of overseas-trained health practitioners; and
 - (e) to facilitate access to services provided by health practitioners in accordance with the public interest; and
 - (f) to enable the continuous development of a flexible, responsive and sustainable Australian health workforce and to enable innovation in the education of, and service delivery by, health practitioners.

3A Guiding principles

- (1) The main guiding principle of the national registration and accreditation scheme is that the following are paramount—
 - (a) protection of the public;
 - (b) public confidence in the safety of services provided by registered health practitioners and students.
- (2) The other guiding principles of the national registration and accreditation scheme are as follows—

- (a) the scheme is to operate in a transparent, accountable, efficient, effective and fair way;
- (aa) the scheme is to ensure the development of a culturally safe and respectful health workforce that—
 - (i) is responsive to Aboriginal and Torres Strait Islander Peoples and their health; and
 - (ii) contributes to the elimination of racism in the provision of health services;

Example—

Codes and guidelines developed and approved by National Boards under section 39 may provide guidance to health practitioners about the provision of culturally safe and respectful health care.

- (b) fees required to be paid under the scheme are to be reasonable having regard to the efficient and effective operation of the scheme;
- (c) restrictions on the practice of a health profession are to be imposed under the scheme only if it is necessary to ensure health services are provided safely and are of an appropriate quality.

Division 4 Dealing with notifications

Editor's note—

The provisions of this Division are substituted Queensland provisions.

146 Notifications to be dealt with under *Health Ombudsman Act 2013*

- (1) The *Health Ombudsman Act 2013* applies to a notification (including the making of a notification) under division 2 or 3—

- (a) as if references in that Act to a complaint or complainant were references to a notification or notifier; and
 - (b) with other necessary changes.
- (2) If a person makes a notification to the health ombudsman under division 2 or 3, the health ombudsman must deal with it under the *Health Ombudsman Act 2013* as if it were a complaint made under part 3, division 2 of that Act.

Editor's note—

Section 147 is not applicable in Queensland.

Division 5 Matters referred to the National Agency by the health ombudsman

Editor's note—

The provisions of this Division are substituted Queensland provisions.

148 Application of div 5

This division applies if, under the *Health Ombudsman Act 2013*, part 9, division 1, the health ombudsman refers a matter to the National Agency.

149 Referral of matter to National Board

The National Agency must immediately refer the matter to the National Board established for the health practitioner's or student's profession.

150 Preliminary assessment

- (1) A National Board must, within 60 days after receipt of a referred matter under section 148, conduct a preliminary assessment of the referred matter and decide—

- (a) whether or not the referred matter relates to a person who is a health practitioner or a student registered in a health profession for which the Board is established; and
 - (b) whether or not the referred matter relates to a matter that is a ground for notification.
- (2) Without limiting subsection (1)(b), the National Board may decide the referred matter relates to a matter that is a ground for notification under section 144 on the basis of a number of referred matters about a person or notifications made under a law of another participating jurisdiction or made to a health complaints entity about the person, including a number of referred matters or notifications that suggest a pattern of conduct.
- (3) If the National Board decides the referred matter relates to a person who is not registered in a health profession for which the Board is established but the Board reasonably suspects the person is registered in a health profession for which another National Board is established, the Board must refer the referred matter to that other Board.

150A Power to require information

- (1) For the purpose of conducting the preliminary assessment of a referred matter, a National Board may, by written notice given to a person, require the person to give specified information or produce specified documents to the Board within a specified reasonable time and in a specified reasonable way.
- (2) The person must comply with the notice unless the person has a reasonable excuse.

Maximum penalty—

- (a) in the case of an individual—\$5,000; or
 - (b) in the case of a body corporate—\$10,000.
- (3) Without limiting subsection (2), it is a reasonable excuse for an individual not to give information or produce a document if

giving the information or producing the document might tend to incriminate the individual.

150B Inspection of documents

- (1) If a document is produced to a National Board, the Board may—
 - (a) inspect the document; and
 - (b) make a copy of, or take an extract from, the document; and
 - (c) keep the document while it is necessary for the preliminary assessment of a referred matter.
- (2) If the National Board keeps the document, the Board must permit a person otherwise entitled to possession of the document to inspect, make a copy of, or take an extract from, the document at the reasonable time and in the reasonable way decided by the Board.

150C Referral to other entities

- (1) If, after conducting the preliminary assessment of a referred matter, the National Board decides the subject matter, or part of the subject matter, of the referred matter may be dealt with by another entity, the Board may refer the referred matter or part of the referred matter to the other entity.
- (2) A decision by the National Board to refer a referred matter or part of a referred matter to another entity does not prevent the Board from continuing to deal with the referred matter or part of the referred matter.
- (3) If the National Board decides to refer a referred matter or part of a referred matter to another entity, the Board must give the other entity—
 - (a) if the referred matter is a health service complaint under the *Health Ombudsman Act 2013*—details of the

- complaint, the complainant and the health service provider to whom the complaint relates; and
- (b) any other information the Board has that is relevant to the referred matter.
- (4) The National Board may ask the other entity to give the Board information about how the subject matter of the referred matter or the part of the referred matter was resolved.
- (5) The other entity may provide the information requested by the National Board.

151 When National Board may decide to take no further action

- (1) A National Board may decide to take no further action in relation to a referred matter if—
- (a) the Board reasonably believes the referred matter is frivolous, vexatious, misconceived or lacking in substance; or
 - (b) given the amount of time that has elapsed since the matter the subject of the referred matter occurred, it is not practicable for the Board to investigate or otherwise deal with the referred matter; or
 - (c) the person to whom the referred matter relates has not been, or is no longer, registered in a health profession for which the Board is established and it is not in the public interest for the Board to investigate or otherwise deal with the referred matter; or
 - (d) the subject matter of the referred matter has already been dealt with adequately by the Board; or
 - (e) the subject matter of the notification—
 - (i) is being dealt with, or has already been dealt with, by another entity; or

- (ii) has been referred by the Board under section 150 or 150C to another entity to be dealt with by that entity; or
 - (f) the health practitioner to whom the notification relates has taken appropriate steps to remedy the matter the subject of the notification and the Board reasonably believes no further action is required in relation to the notification.
- (1A) A National Board may decide to take no further action in relation to part of a referred matter if the subject matter of the part of the referred matter has been referred by the Board under section 150 or 150C to another entity to be dealt with by that entity.
- (2) A decision by a National Board to take no further action in relation to a referred matter does not prevent a National Board or adjudication body taking the referred matter into consideration at a later time as part of a pattern of conduct or practice by the health practitioner.
- (3) If a National Board decides to take no further action in relation to a referred matter, it must give written notice of the decision to the complainant (if any) for the matter.
- (4) A notice under subsection (3) must state—
- (a) that the National Board has decided to take no further action in relation to the referred matter; and
 - (b) the reason the Board has decided to take no further action.

Division 6 Other matters

153 National Board may deal with referred matters about same person together

- (1) If the National Agency receives more than one referred matter about a registered health practitioner or student, the National

Board established for the health profession in which the practitioner or student is registered may deal with the referred matters together.

(2) In this section—

referred matter includes a notification made under a law of another participating jurisdiction.

Editor's note—

This section is a substituted Queensland provision.

- (d) more than one student and the students are registered in 2 or more different health professions.

(2) The National Board may deal with the referred matter in conjunction with one or more other National Boards with whom the registered health practitioner or practitioners, or student or students, are registered.

Editor's note—

This section is a substituted Queensland provision.

Division 7 Immediate action

155 Definition

In this Division—

immediate action, in relation to a registered health practitioner or student, means—

- (a) the suspension, or imposition of a condition on, the health practitioner's or student's registration; or
- (b) accepting an undertaking from the health practitioner or student; or
- (c) accepting the surrender of the health practitioner's or student's registration; or
- (d) if immediate action has previously been taken suspending a health practitioner's or student's registration—the revocation of the suspension and the imposition of a condition on the registration; or
- (e) if immediate action has previously been taken imposing a condition on a health practitioner's or student's registration—the suspension of the registration instead of the condition.

156 Power to take immediate action

- (1) A National Board may take immediate action in relation to a registered health practitioner or student registered in a health profession for which the Board is established if—
 - (a) the National Board reasonably believes that—
 - (i) because of the registered health practitioner's health, conduct or performance, the practitioner poses a serious risk to persons; and
 - (ii) it is necessary to take immediate action to protect public health or safety; or
 - (b) the National Board reasonably believes that—

- (i) the student poses a serious risk to persons because the student—
 - (A) has been charged with an offence, or has been convicted or found guilty of an offence, that is punishable by 12 months imprisonment or more; or
 - (B) has, or may have, an impairment; or
 - (C) has, or may have, contravened a condition of the student’s registration or an undertaking given by the student to a National Board; and
- (ii) it is necessary to take immediate action to protect public health or safety; or

- (d) the registered health practitioner’s or student’s registration has been cancelled or suspended under the law of a jurisdiction, whether in Australia or elsewhere, that is not a participating jurisdiction.
- (e) the National Board reasonably believes the action is otherwise in the public interest.

Example of when action may be taken in the public interest—

A registered health practitioner is charged with a serious criminal offence, unrelated to the practitioner’s practice, for which immediate action is required to be taken to maintain public confidence in the provision of services by health practitioners.

- (2) However, the National Board may take immediate action that consists of suspending, or imposing a condition on, the health practitioner’s or student’s registration only if the Board has complied with section 157.

157 Show cause process

- (1) If a National Board is proposing to take immediate action that consists of suspending, or imposing a condition on, a registered health practitioner's or student's registration under section 156, the Board must—

158 Notice to be given to registered health practitioner or student about immediate action

- (1) Immediately after deciding to take immediate action in relation to a registered health practitioner or student, the National Board must—
 - (a) give written notice of the Board's decision to the health practitioner or student; and
 - (b) take the further action under this Part the Board considers appropriate, including, for example, investigating the practitioner or student or requiring the practitioner or student to undergo a health or performance assessment.
- (2) The notice must state—
 - (a) the immediate action the National Board has decided to take; and

- (b) the reasons for the decision to take the immediate action; and
- (c) the further action the National Board proposes to take under this Part in relation to the health practitioner or student; and
- (d) that the registered health practitioner or student may appeal against the decision to take the immediate action if the action is to suspend, or impose a condition on, the practitioner's or student's registration; and
- (e) how an application for appeal may be made and the period within which the application must be made.

159 Period of immediate action

- (1) The decision by the National Board to take immediate action in relation to the registered health practitioner or student takes effect on—
 - (a) the day the notice is given to the practitioner or student; or
 - (b) the later day stated in the notice.
- (2) The decision continues to have effect until the earlier of the following occurs—
 - (a) the decision is set aside on appeal;
 - (b) for the suspension of, or imposition of conditions on, the registered health practitioner's or student's registration, the suspension is revoked, or the conditions are removed, by the National Board; or
 - (c) for an undertaking, the National Board and the registered health practitioner or student agree to end the undertaking.

159A Board may give information to complainant about immediate action

- (1) This section applies if a complaint about a registered health practitioner or student results in immediate action by a National Board under this division in relation to the practitioner or student.
- (2) After deciding to take the immediate action, the National Board may inform the complainant who made the complaint of the decision and the reasons for the decision.

 - (b) the vacancy is filled; or
 - (c) the end of a year from the day of the vacancy;whichever happens first.
- (7) The appointment ceases to have effect if the appointee resigns by writing signed and delivered to the appointer.
- (8) While the appointee is acting in the office—
 - (a) the appointee has all the powers and functions of the holder of the office; and
 - (b) this Law and other laws apply to the appointee as if the appointee were the holder of the office.
- (9) Anything done by or in relation to a person purporting to act in the office is not invalid merely because—
 - (a) the occasion for the appointment had not arisen; or
 - (b) the appointment had ceased to have effect; or
 - (c) the occasion for the person to act had not arisen or had ceased.
- (10) If this Law authorises the appointer to appoint a person to act during a vacancy in the office, an appointment to act in the office may be made by the appointer whether or not an appointment has previously been made to the office.

28 Powers of appointment imply certain incidental powers

- (1) If this Law authorises or requires a person or body to appoint a person to an office—
 - (a) the power may be exercised from time to time as occasion requires; and
 - (b) the power includes—

-
- (i) power to remove or suspend, at any time, a person appointed to the office; and
 - (ii) power to appoint another person to act in the office if a person appointed to the office is removed or suspended; and
 - (iii) power to reinstate or reappoint a person removed or suspended; and
 - (iv) power to appoint a person to act in the office if it is vacant (whether or not the office has ever been filled); and
 - (v) power to appoint a person to act in the office if the person appointed to the office is absent or is unable to discharge the functions of the office (whether because of illness or otherwise).
- (2) The power to remove or suspend a person under subclause (1)(b) may be exercised even if this Law provides that the holder of the office to which the person was appointed is to hold office for a specified period.
 - (3) The power to make an appointment under subclause (1)(b) may be exercised from time to time as occasion requires.
 - (4) An appointment under subclause (1)(b) may be expressed to have effect only in the circumstances specified in the instrument of appointment.

29 Delegation of functions

- (1) If this Law authorises a person or body to delegate a function, the person or body may, in accordance with this Law and any other applicable law, delegate the function to—
 - (a) a person or body by name; or
 - (b) a specified officer, or the holder of a specified office, by reference to the title of the office concerned.
- (2) The delegation may be—
 - (a) general or limited; and
 - (b) made from time to time; and

- (c) revoked, wholly or partly, by the delegator.
- (3) The delegation, or a revocation of the delegation, must be in, or evidenced by, writing signed by the delegator or, if the delegator is a body, by a person authorised by the body for the purpose.
- (4) A delegated function may be exercised only in accordance with any conditions to which the delegation is subject.
- (5) The delegate may, in the performance of a delegated function, do anything that is incidental to the delegated function.
- (6) A delegated function that purports to have been exercised by the delegate is taken to have been properly exercised by the delegate unless the contrary is proved.
- (7) A delegated function that is properly exercised by the delegate is taken to have been exercised by the delegator.
- (8) If, when exercised by the delegator, a function is dependent on the delegator's opinion, belief or state of mind, then, when exercised by the delegate, the function is dependent on the delegate's opinion, belief or state of mind.
- (9) If—
- (a) the delegator is a specified officer or the holder of a specified office; and
 - (b) the person who was the specified officer or holder of the specified office when the delegation was made ceases to be the holder of the office;
- then—
- (c) the delegation continues in force; and
 - (d) the person for the time being occupying or acting in the office concerned is taken to be the delegator for the purposes of this section.
- (10) If—
- (a) the delegator is a body; and
 - (b) there is a change in the membership of the body;
- then—

-
- (c) the delegation continues in force; and
 - (d) the body as constituted for the time being is taken to be the delegator for the purposes of this section.
- (11) If a function is delegated to a specified officer or the holder of a specified office—
- (a) the delegation does not cease to have effect merely because the person who was the specified officer or the holder of the specified office when the function was delegated ceases to be the officer or the holder of the office; and
 - (b) the function may be exercised by the person for the time being occupying or acting in the office concerned.
- (12) A function that has been delegated may, despite the delegation, be exercised by the delegator.
- (13) The delegation of a function does not relieve the delegator of the delegator's obligation to ensure that the function is properly exercised.
- (14) Subject to subsection (15), this clause applies to a subdelegation of a function in the same way as it applies to a delegation of a function.
- (15) If this Law authorises the delegation of a function, the function may be subdelegated only if the Law expressly authorises the function to be subdelegated.

30 Exercise of powers between enactment and commencement

- (1) If a provision of this Law (the *empowering provision*) that does not commence on its enactment would, had it commenced, confer a power—
- (a) to make an appointment; or
 - (b) to make a statutory instrument of a legislative or administrative character; or
 - (c) to do another thing;
- then—

- (d) the power may be exercised; and
 - (e) anything may be done for the purpose of enabling the exercise of the power or of bringing the appointment, instrument or other thing into effect;
- before the empowering provision commences.
- (2) If a provision of a Queensland Act (the ***empowering provision***) that does not commence on its enactment would, had it commenced, amend a provision of this Law so that it would confer a power—
- (a) to make an appointment; or
 - (b) to make a statutory instrument of a legislative or administrative character; or
 - (c) to do another thing;
- then—
- (d) the power may be exercised; and
 - (e) anything may be done for the purpose of enabling the exercise of the power or of bringing the appointment, instrument or other thing into effect;
- before the empowering provision commences.
- (3) If—
- (a) this Law has commenced and confers a power to make a statutory instrument (the ***basic instrument-making power***); and
 - (b) a provision of a Queensland Act that does not commence on its enactment would, had it commenced, amend this Law so as to confer additional power to make a statutory instrument (the ***additional instrument-making power***);
- then—
- (c) the basic instrument-making power and the additional instrument-making power may be exercised by making a single instrument; and

-
- (d) any provision of the instrument that required an exercise of the additional instrument-making power is to be treated as made under subclause (2).
- (4) If an instrument, or a provision of an instrument, is made under subclause (1) or (2) that is necessary for the purpose of—
- (a) enabling the exercise of a power mentioned in the subclause; or
 - (b) bringing an appointment, instrument or other thing made or done under such a power into effect;
- the instrument or provision takes effect—
- (c) on the making of the instrument; or
 - (d) on such later day (if any) on which, or at such later time (if any) at which, the instrument or provision is expressed to take effect.
- (5) If—
- (a) an appointment is made under subclause (1) or (2); or
 - (b) an instrument, or a provision of an instrument, made under subclause (1) or (2) is not necessary for a purpose mentioned in subclause (4);
- the appointment, instrument or provision takes effect—
- (c) on the commencement of the relevant empowering provision; or
 - (d) on such later day (if any) on which, or at such later time (if any) at which, the appointment, instrument or provision is expressed to take effect.
- (6) Anything done under subclause (1) or (2) does not confer a right, or impose a liability, on a person before the relevant empowering provision commences.
- (7) After the enactment of a provision mentioned in subclause (2) but before the provision's commencement, this clause applies as if the references in subclauses (2) and (5) to the commencement of the empowering provision were references

to the commencement of the provision mentioned in subclause (2) as amended by the empowering provision.

- (8) In the application of this clause to a statutory instrument, a reference to the enactment of the instrument is a reference to the making of the instrument.

Part 5 **Distance, time and age**

31 **Matters relating to distance, time and age**

- (1) In the measurement of distance for the purposes of this Law, the distance is to be measured along the shortest road ordinarily used for travelling.
- (2) If a period beginning on a given day, act or event is provided or allowed for a purpose by this Law, the period is to be calculated by excluding the day, or the day of the act or event, and—
- (a) if the period is expressed to be a specified number of clear days or at least a specified number of days—by excluding the day on which the purpose is to be fulfilled; and
- (b) in any other case—by including the day on which the purpose is to be fulfilled.
- (3) If the last day of a period provided or allowed by this Law for doing anything is not a business day in the place in which the thing is to be or may be done, the thing may be done on the next business day in the place.
- (4) If the last day of a period provided or allowed by this Law for the filing or registration of a document is a day on which the office is closed where the filing or registration is to be or may be done, the document may be filed or registered at the office on the next day that the office is open.
- (5) If no time is provided or allowed for doing anything, the thing is to be done as soon as possible, and as often as the prescribed occasion happens.

- (6) If, in this Law, there is a reference to time, the reference is, in relation to the doing of anything in a jurisdiction, a reference to the legal time in the jurisdiction.
- (7) For the purposes of this Law, a person attains an age in years at the beginning of the person's birthday for the age.

Part 6 **Effect of repeal, amendment or expiration**

32 **Time of Law ceasing to have effect**

If a provision of this Law is expressed—

- (a) to expire on a specified day; or
- (b) to remain or continue in force, or otherwise have effect, until a specified day;

this provision has effect until the last moment of the specified day.

33 **Repealed Law provisions not revived**

If a provision of this Law is repealed or amended by a Queensland Act, or a provision of a Queensland Act, the provision is not revived merely because the Queensland Act or the provision of the Queensland Act—

- (a) is later repealed or amended; or
- (b) later expires.

34 **Saving of operation of repealed Law provisions**

- (1) The repeal, amendment or expiry of a provision of this Law does not—
 - (a) revive anything not in force or existing at the time the repeal, amendment or expiry takes effect; or
 - (b) affect the previous operation of the provision or anything suffered, done or begun under the provision; or

- (c) affect a right, privilege or liability acquired, accrued or incurred under the provision; or
 - (d) affect a penalty incurred in relation to an offence arising under the provision; or
 - (e) affect an investigation, proceeding or remedy in relation to such a right, privilege, liability or penalty.
- (2) Any such penalty may be imposed and enforced, and any such investigation, proceeding or remedy may be begun, continued or enforced, as if the provision had not been repealed or amended or had not expired.

35 Continuance of repealed provisions

If a Queensland Act repeals some provisions of this Law and enacts new provisions in substitution for the repealed provisions, the repealed provisions continue in force until the new provisions commence.

36 Law and amending Acts to be read as one

This Law and all Queensland Acts amending this Law are to be read as one.

Part 7 Instruments under Law

37 Schedule applies to statutory instruments

- (1) This Schedule applies to a statutory instrument, and to things that may be done or are required to be done under a statutory instrument, in the same way as it applies to this Law, and things that may be done or are required to be done under this Law, except so far as the context or subject matter otherwise indicates or requires.
- (2) The fact that a provision of this Schedule refers to this Law and not also to a statutory instrument does not, by itself, indicate that the provision is intended to apply only to this Law.

Part 8 **Application to coastal sea**

38 **Application**

This Law has effect in and in relation to the coastal sea of this jurisdiction as if that coastal sea were part of this jurisdiction.
