(b) the terms on which a permit is issued.	16
 ‘Matters to be considered by chief executive	 17
‘4.46(1) In deciding whether to issue a permit, and in deciding the terms to be specified in a permit, the chief executive must first consider—	18 19
(a) the effects of the proposed activity on water quality; and	20
(b) the quantity of—	21
(i) vegetation to be destroyed; or	22
(ii) material to be excavated or placed; and	23
(c) the type of—	24
(i) vegetation to be destroyed; or	25
(ii) material to be excavated or placed; and	26

(i) the vegetation to be destroyed; or	2
(ii) the proposed excavation or placing of fill; and	3
(f) the reasons given by the applicant for wishing to carry out the activity; and	4 5
(g) any other matters the chief executive considers to be relevant.	6
‘(2) The chief executive must then consider—	7
(a) whether, and to what extent, the activity that the permit would allow may have an adverse effect on the physical integrity of the watercourse; and	8 9 10
(b) the implications of granting the permit for the long-term sustainable use of the river systems of Australia, and especially the cumulative effect of granting the application and likely similar applications.	11 12 13 14
‘Cancellation of permit or amendment of terms of permit	15
‘4.47(1) The chief executive may cancel a permit issued under this Division, or amend the terms of a permit, if—	16 17
(a) the terms of the permit are not being complied with or have been contravened; or	18 19
(b) it becomes evident that any adverse effect of the permitted activity on the physical integrity of the watercourse is greater than was anticipated when the permit was issued.	20 21 22
‘(2) Before deciding whether a permit should be cancelled or whether the terms of a permit should be amended, the chief executive must issue a written notice calling on the holder of the permit to show cause why—	23 24 25
(a) the permit should not be cancelled; or	26
(b) the terms of the permit should not be amended as set out in the notice.	27 28
‘(3) The notice must—	29
(a) specify a day, time and place when and where cause may be shown; and	30 31

(b) be given to the holder of the permit.

‘(4) In choosing the day, time and place specified in a notice to show cause, the chief executive may take into consideration the degree of urgency involved.

‘(5) The holder of a permit to whom a notice to show cause is given may be heard on the matter of the cancellation of the permit or the amendment of the terms of the permit.

‘(6) If, at the day, time and place specified in the notice to show cause, or to which the matter is adjourned, sufficient cause is not shown to the satisfaction of the chief executive, the chief executive may by written order cancel the permit or amend the terms of the permit.

‘(7) An order cancelling the permit or amending the terms of the permit—

(a) is to be given to the holder of the permit; and

(b) takes effect immediately the order is given to the holder of the permit, unless the chief executive specifies a later time in the order.

‘Suspension of permit in exceptional circumstances

‘4.48(1) In addition to giving to the holder of a permit a written notice under section 4.47(2), the chief executive may give to the holder a written notice that immediately suspends the permit.

‘(2) A notice may be given under subsection (1) only if the chief executive is satisfied that exceptional circumstances exist in relation to the permit to cause the chief executive reasonable concern for the physical integrity of a watercourse.

‘(3) The holder of the permit must comply with a notice under this section.

Maximum penalty—

(a) in the case of an individual—400 penalty units; or

(b) in the case of a corporation—800 penalty units.

‘(4) A notice given under subsection (1) stays in force until the chief executive has decided whether the permit should be cancelled or whether the

terms of the permit should be amended. 1

‘Limited nature of permit 2

‘4.49 A person who is issued with a permit under this Division to carry 3
out an activity must nevertheless comply with any other Act or law 4
concerning the activity. 5

‘Notice to stop activities etc. 6

‘4.50(1) If— 7

(a) it appears to the chief executive that a person is engaging in, or is 8
about to engage in— 9

(i) destroying vegetation in a watercourse; or 10

(ii) excavating or placing fill in a watercourse; and 11

(b) a permit under this Division is required, but has not been 12
obtained, for the activity; 13

the chief executive may give written notice to the person requiring the 14
person to stop or not to engage in the activity. 15

‘(2) A person must not contravene a notice under subsection (1). 16

relation to the activity. 22

‘Notice to remove vegetation etc. 23

‘4.51(1) If— 24

(a) there is on any land vegetation, litter, refuse or other matter; and 25

(b) it appears to the chief executive that— 26

(i) the vegetation, litter, refuse or matter— 27

(A) has obstructed, or may obstruct, the flow of water in a watercourse; or	1 2
(B) has had, or may have, an adverse effect on the physical integrity of a watercourse; or	3 4
(C) has adversely affected, or may adversely affect, the quality of water in a watercourse; and	5 6
(ii) it is necessary or desirable that action be taken in relation to the vegetation, litter, refuse or matter to protect or restore the flow of water in the watercourse, the physical integrity of the watercourse or the quality of water in the watercourse;	7 8 9 10
the chief executive may give written notice to the occupier of the land or, if there is no occupier, the owner of the land requiring the person to take the action within the time and in the way (if any) specified in the notice.	11 12 13
‘(2) If the person contravenes the notice, the person commits an offence.	14
Maximum penalty—	15
(a) in the case of an individual—200 penalty units; or	16
(b) in the case of a corporation—400 penalty units.	17
‘(3) If the person contravenes the notice, the chief executive may take such action (whether on the land or elsewhere) as is reasonably necessary or desirable, because of the vegetation, litter, refuse or matter, to protect or restore the flow of water in the watercourse, the physical integrity of the watercourse or the quality of water in the watercourse.	18 19 20 21 22
‘(4) For the purpose of enabling action to be taken under subsection (3), the chief executive may authorise persons, with or without vehicles, machinery, plant and equipment (of any description), to enter and remain on the land.	23 24 25 26
‘(5) The person is liable for all costs reasonably incurred by the chief executive in taking action under subsection (3).	27 28
‘(6) The amount of the costs is recoverable as a debt due by the person to the State.	29 30
‘(7) If the person is convicted of an offence against subsection (2), the court may, in addition to any penalty imposed, order the person to pay the amount of the costs to the State.	31 32 33

(b) to issue a permit, but on terms that the applicant objects to; or	6
(c) to cancel a permit; or	7
(d) to amend the terms of a permit;	8
the applicant or holder may appeal to a Magistrates Court against the decision.	9 10
‘(2) The Magistrates Court that has jurisdiction to hear the appeal is the Court exercising jurisdiction at or nearest the place of the activity for which—	11 12 13
(a) a permit was applied for and refused; or	14
(b) a permit was granted.	15
‘(3) If the chief executive gives a notice to a person under section 4.50 or 4.51, the person may appeal to a Magistrates Court against the decision to give the notice.	16 17 18
‘(4) The Magistrates Court that has jurisdiction to hear the appeal is the Court exercising jurisdiction at or nearest the place of the activity, proposed activity or land concerned.	19 20 21
‘(5) An appeal under this section is instituted by—	22
(a) filing with the clerk of the court written notice of the appeal; and	23
(b) serving a copy of the notice on the chief executive.	24
‘(6) The notice of appeal must specify fully the grounds of appeal and the facts relied on.	25 26

‘(9) For the purposes of the appeal, the Magistrates Court has all the powers and functions of the chief executive.
