Dictionary

9

3. The dictionary in schedule 4 defines particular words used in this Act.¹

10

¹ In some Acts, definitions are contained in a dictionary that appears as the last schedule and forms part of the Act—*Acts Interpretation Act 1954*, section 14(4).

Words defined elsewhere in the Act are generally signposted by entries in the dictionary. However, if a section has a definition that only applies to the section, or a part of a section, it is generally not signposted by an entry in the dictionary. If this type of definition is set out in a separate subsection, the subsection is generally the last subsection of the section.

Signpost definitions in the dictionary alert the reader to the terms defined elsewhere in the Act and tell the reader where these definitions can be found. For example, the definition ‘ “approved entity” see section 70(1)’, tells the reader there is a definition of the term “approved entity” in section 70(1).

Interpretation—meaning of “director”

4.(1) Subject to subsection (2), for this Act, “**director**” of a society includes a reference to—

- (b) a person under whose directions or instructions the society’s directors are accustomed to act.

(2) A person is not taken to be a person under whose directions or instructions a society’s directors are accustomed to act merely because the directors act on advice given by the person in the proper performance of the functions attaching to—

- (a) the person’s professional capacity; or
- (b) the person’s business relationship with the directors or the society.

Interpretation—meaning of “officer”

5.(1) Subject to subsection (2), for the purposes of this Act, “**officer**” of a society includes—

- (a) a director, secretary, executive officer or employee of the society; and
- (b) a receiver and manager, appointed under a power contained in an instrument, of property of the society; and
- (c) a liquidator of the society appointed in a voluntary winding-up of the society; and

(2) However, an inspector may, without the occupier's consent or a warrant, enter—

26
27

(3) The receipt must describe generally each thing seized and its condition. 28
