Transport Infrastructure (Ports) Regulation 2005

1 Short title

This regulation may be cited as the *Transport Infrastructure (Ports) Regulation 2005*.

2 Commencement

This regulation commences on 29 August 2005.

3 Definitions

The dictionary in schedule 3 defines particular words used in this regulation.

3A Transfer of management of a port—Act, s 271(1)

- (1) The management of the port of Bundaberg is transferred from Port of Brisbane Corporation Limited to Gladstone Ports Corporation Limited on the transfer day.

Note—

The management of the port of Bundaberg had previously been transferred from the Bundaberg Port Authority to the Port of Brisbane Corporation Limited by the *Transport Infrastructure (Ports) Amendment Regulation (No. 1) 2007*, section 4.

- (2) The management of the port of Lucinda is transferred from Ports Corporation of Queensland Limited to Port of Townsville Limited on the transfer day.
- (3) The management of the port of Mackay is transferred from Mackay Ports Limited to North Queensland Bulk Ports Corporation Limited on the transfer day.

Note—

Under the *Government Owned Corporations Amendment Regulation (No. 1) 2008*, section 5, the name of Mackay Port Authority changed to Mackay Ports. Mackay Ports was subsequently incorporated under the *Corporations Act 2001* (Cwlth) as Mackay Ports Limited.

- (4) The management of the following ports is transferred from Ports Corporation of Queensland Limited to North Queensland Bulk Ports Corporation Limited on the transfer day—
- (a) port of Abbot Point;
 - (b) port of Hay Point;
 - (c) port of Maryborough;
 - (d) port of Weipa.
- (5) The management of the following ports is transferred from Ports Corporation of Queensland Limited to Cairns Ports Limited on the transfer day—
- (a) port of Burketown;
 - (b) port of Cape Flattery;
 - (c) port of Cooktown;
 - (d) port of Karumba;
 - (e) port of Mourilyan;
 - (f) port of Port Kennedy;
 - (g) port of Quintell Beach;
 - (h) port of Skardon River.

Note—

Cairns Ports Limited ACN 131 836 014 changed its name to Far North Queensland Ports Corporation Limited on 2 July 2009.

4 Port limits—Act, s 274

Schedule 1 sets out the limits of the ports named in the schedule.

Editor's note—

Maps of the port limits may be inspected on the department's website on the internet <www.msq.qld.gov.au/Home/Waterways/Port-limits.aspx> or at the office of the port authority for a port.

4AA Declaration of an entity as a port authority—Act, s 274A(a)

North Queensland Bulk Ports Corporation Limited is declared a port authority on the commencement of this section.

4A Revocation of declaration of an entity as a port authority—Act, s 274A(c)

- (1) The declaration of Bundaberg Port Authority as a port authority is revoked on the transfer day.
- (2) The declaration of Mackay Ports Limited as a port authority is revoked on the transfer day.
- (3) The declaration of Ports Corporation of Queensland Limited as a port authority is revoked on the transfer day.

5 Port management

- (1) Schedule 2 lists existing ports and the port authority that manages each port.
- (2) Schedule 2 is included for information purposes only.

5A Other functions of port authorities—Far North Queensland Ports Corporation Limited

For the Act, section 275(1)(g), another function conferred on the Far North Queensland Ports Corporation Limited is to lease, sublease or licence its strategic port land at Cairns for development and use as cultural or tourism facilities.

6 Protection from liability—Act, s 290(2)

An employee of a port authority or a person acting for the port authority, other than a director of its board, is not civilly liable for an act or omission done honestly and without negligence for the port authority.

7 Repeal

The following regulations are repealed—

- Transport Infrastructure (Airport Management) Regulation 1994 SL No. 254
- Transport Infrastructure (Ports) Regulation 1994 SL No. 252.

Schedule 1 Port limits

section 4

Port of Abbot Point

The Port of Abbot Point consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at longitude 147° 59.06' east on the mainland
- to latitude 19° 47.91' south, longitude 147° 59.06' east
- to latitude 19° 47.91' south, longitude 148° 08.06' east
- to the high-water mark at the northern extremity of Gloucester Head on Gloucester Island
- along the high-water mark of Gloucester Island, in a westerly then southerly direction, to the southern extremity of Gloucester Island
- to the high-water mark at the northern extremity of Cape Gloucester on the mainland
- along the high-water mark, initially in a southerly direction, to the intersection with the northern edge of the wharf at Bowen
- to the port entrance beacon to Bowen Boat Harbour
- to the high-water mark at the southern extremity of Dalrymple Point
- along the high-water mark, initially in a northerly direction, to longitude 147° 59.06' east on the mainland;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Brisbane

Schedule 1

- 1 The Port of Brisbane consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—
- from the high-water mark at the northern extremity of Point Cartwright at approximately latitude $26^{\circ} 40.765'$ south, longitude $153^{\circ} 08.341'$ east
 - then generally north-easterly to latitude $26^{\circ} 38.327'$ south, longitude $153^{\circ} 15.830'$ east
 - then south to latitude $26^{\circ} 49.000'$ south, longitude $153^{\circ} 15.830'$ east
 - then generally south-westerly to latitude $26^{\circ} 50.383'$ south, longitude $153^{\circ} 11.261'$ east
 - then generally south-easterly to latitude $27^{\circ} 07.221'$ south, longitude $153^{\circ} 21.670'$ east
 - then generally southerly to latitude $27^{\circ} 14.557'$ south, longitude $153^{\circ} 21.160'$ east
 - then generally south-easterly to latitude $27^{\circ} 15.547'$ south, longitude $153^{\circ} 22.642'$ east
 - then generally south-south-westerly to latitude $27^{\circ} 20.486'$ south, longitude $153^{\circ} 20.816'$ east
 - then generally west-south-westerly to the mangroves on the eastern side of Fisherman Islands at latitude $27^{\circ} 22.826'$ south, longitude $153^{\circ} 10.977'$ east
 - then generally south-westerly passing through mangrove islands to the east of Fisherman Islands to latitude $27^{\circ} 23.980'$ south, longitude $153^{\circ} 10.171'$ east
 - then generally easterly to latitude $27^{\circ} 23.914'$ south, longitude $153^{\circ} 10.568'$ east
 - then generally south-easterly to latitude $27^{\circ} 25.012'$ south, longitude $153^{\circ} 11.442'$ east
 - then generally southerly to latitude $27^{\circ} 25.172'$ south, longitude $153^{\circ} 11.488'$ east

- then generally west-south-westerly to the high-water mark at approximately latitude $27^{\circ} 25.543'$ south, longitude $153^{\circ} 10.069'$ east on the mainland near Lytton
- then generally northerly and then westerly along the high-water mark of the southern bank of the Brisbane River to the north-western extremity of Bulimba Point at approximately latitude $27^{\circ} 26.615'$ south, longitude $153^{\circ} 03.064'$ east
- then generally north-westerly across the Brisbane River to the high-water mark of the Brisbane River at the eastern extremity of Newstead Park at approximately latitude $27^{\circ} 26.539'$ south, longitude $153^{\circ} 02.855'$ east
- then generally easterly along the high-water mark of the northern bank of the Brisbane River to approximately latitude $27^{\circ} 23.675'$ south, longitude $153^{\circ} 08.848'$ east on the south bank of Boggy Creek
- then generally north-westerly across Boggy Creek to the high-water mark on the north bank of Boggy Creek at approximately latitude $27^{\circ} 23.497'$ south, longitude $153^{\circ} 08.571'$ east
- then generally north-easterly along the high-water mark to approximately latitude $27^{\circ} 22.681'$ south, longitude $153^{\circ} 09.611'$ east at the eastern extremity of Luggage Point
- then generally north-easterly to latitude $27^{\circ} 22.484'$ south, longitude $153^{\circ} 09.765'$ east
- then generally northerly to latitude $27^{\circ} 11.659'$ south, longitude $153^{\circ} 10.808'$ east
- then generally east-north-easterly to latitude $27^{\circ} 09.690'$ south, longitude $153^{\circ} 18.706'$ east
- then generally north-north-westerly to latitude $26^{\circ} 51.833'$ south, longitude $153^{\circ} 08.631'$ east
- then generally northerly to latitude $26^{\circ} 49.485'$ south, longitude $153^{\circ} 08.227'$ east
- then generally north-easterly to latitude $26^{\circ} 48.232'$ south, longitude $153^{\circ} 09.849'$ east off Caloundra Head

Schedule 1

- then generally northerly to latitude 26° 44.957' south, longitude 153° 09.844' east
- then generally westerly to the high-water mark on the mainland at approximately latitude 26° 44.816' south, longitude 153° 08.173' east
- then generally northerly along the high-water mark on the mainland to the northern extremity of Point Cartwright at approximately latitude 26° 40.765' south, longitude 153° 08.341' east;

and excludes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

- 2 However, at the mouth of a waterway the bank of which at the high-water mark forms part of that boundary, the boundary runs in a direct line between the heads at the mouth.

Port of Bundaberg

The Port of Bundaberg consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at latitude 24° 45.6' south, approximately longitude 152° 24.8' east on the eastern side of South Head
- to latitude 24° 45.6' south, longitude 152° 30' east
- to latitude 24° 40' south, longitude 152° 30' east
- to latitude 24° 40' south, longitude 152° 22' east
- to the high-water mark on the mainland at latitude 24° 44.42' south (approximately), longitude 152° 22' east, directly crossing over all islands and any other land
- along the high-water mark on the mainland, initially in an easterly direction, to the downstream side of the barrage crossing the Burnett River
- along the high-water mark of the downstream side of the barrage to the high-water mark on the opposite bank of the Burnett River

- along the high-water mark of the bank of the Burnett River to latitude 24° 45.6' south, approximately longitude 152° 24.8' east on the eastern side of South Head;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Burketown

The Port of Burketown consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at latitude 17° 33.81' south, longitude 139° 44.97' east in the vicinity of Stokes Point
- to latitude 17° 26.83' south, longitude 139° 48.31' east
- to latitude 17° 27.38' south, longitude 139° 49.33' east
- to the high-water mark at latitude 17° 34.55' south, longitude 139° 45.89' east in the vicinity of Kangaroo Point
- along the high-water mark of the east bank of the Albert River to the head of navigation
- to the high-water mark on the west bank of the Albert River at the head of navigation
- along the high-water mark on the west bank of the Albert River to latitude 17° 33.81' south, longitude 139° 44.97' east in the vicinity of Stokes Point;

but does not include the area covered by waters of rivers and creeks within the boundary, other than the Albert River, that are upstream from the mouths of the rivers or creeks.

Port of Cairns

The Port of Cairns consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the northern extremity of Taylor Point

Schedule 1

- to the low-water mark at the northern extremity of the coral reef surrounding Green Island (approximate latitude $16^{\circ} 45.62'$ south, longitude $145^{\circ} 58.00'$ east)
- along the low-water mark of the coral reef, initially in an easterly direction, to the eastern extremity of the coral reef surrounding Green Island (approximate latitude $16^{\circ} 45.89'$ south, longitude $145^{\circ} 59.91'$ east)
- to the high-water mark on the northern shore of Fitzroy Island (latitude $16^{\circ} 55.33'$ south, longitude $145^{\circ} 59.91'$ east)
- along the high-water mark of Fitzroy Island, initially in a south-westerly direction, to latitude $16^{\circ} 56.32'$ south, longitude $145^{\circ} 59.91'$ east on the southern shore
- to latitude $17^{\circ} 00.45'$ south, longitude $145^{\circ} 59.91'$ east
- to the high-water mark at the eastern extremity of the northern bank of Buddabadoo Creek on the mainland
- along the high-water mark, initially in a northerly direction, to the northern extremity of Taylor Point;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Cape Flattery

The Port of Cape Flattery consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the north-eastern extremity of Point Lookout
- to latitude $14^{\circ} 49.910'$ south, longitude $145^{\circ} 15.319'$ east
- to latitude $14^{\circ} 55.110'$ south, longitude $145^{\circ} 22.158'$ east
- to latitude $14^{\circ} 59.910'$ south, longitude $145^{\circ} 22.962'$ east
- due west to the high-water mark on the mainland at latitude $14^{\circ} 59.910'$ south
- along the high-water mark, initially in a northerly direction, to the north-eastern extremity of Point Lookout;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Cooktown

The Port of Cooktown consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the eastern extremity of Monkhouse Point
- to a point on the mainland bearing 348° magnetic from the eastern extremity of Monkhouse Point
- along the high-water mark, initially in a southerly direction, to the eastern extremity of Monkhouse Point;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Gladstone

The Port of Gladstone consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the most eastern extremity of Connor Bluff on Curtis Island
- to latitude 23° 53.80' south, longitude 151° 32.60' east
- to latitude 23° 57.12' south, longitude 151° 32.60' east
- to the high-water mark at the most northern extremity of Tiber Point on Hummock Hill Island
- then due west across Colosseum Inlet to the high-water mark of Wild Cattle Island
- along the high-water mark of Wild Cattle Island, in a north-westerly direction, to the northern extremity of Wild Cattle Island
- then due west to the high-water mark on the mainland

Schedule 1

- along the high-water mark, initially in a northerly direction, to the north bank of Munduran Creek at its junction with The Narrows
- to the high-water mark on the north bank of Monte Christo Creek on Curtis Island at its junction with The Narrows
- along the high-water mark, initially in a south-easterly direction, to the most eastern extremity of Connor Bluff on Curtis Island;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Hay Point

The Port of Hay Point consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- starting at the high-water mark at the southern extremity of the north head of Bakers Creek entrance
- then generally north-easterly along the geodesic to latitude 21°10.76' south, longitude 149° 17.73' east
- then generally north-easterly along the geodesic to latitude 21°09.91' south, longitude 149° 20.06' east
- then east along the parallel to latitude 21°09.91' south, longitude 149°30.06' east
- then south along the meridian to latitude 21°17.91' south, longitude 149°30.06' east
- then west along the parallel to the intersection of the high-water mark on the mainland with latitude 21°17.91' south
- then generally northerly along the high-water mark on the mainland to the starting point;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Karumba

The Port of Karumba consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the northern extremity of the west bank of the mouth of the Norman River
- along the high-water mark, initially in a south-westerly direction, to latitude 17° 30.0' south
- to latitude 17° 24.0' south, longitude 140° 41.0' east
- to latitude 17° 20.2' south, longitude 140° 47.9' east
- to the high-water mark on the mainland at latitude 17° 25.5' south
- along the high-water mark, initially in a south-westerly direction, to longitude 140° 52.0' east on the north bank of the Norman River
- to the high-water mark on the south bank of the Norman River at longitude 140° 52.0' east
- along the high-water mark, initially in a north-westerly direction, to the northern extremity of the west bank of the mouth of the Norman River;

but does not include the waters of rivers and creeks within the boundary, other than the Norman River, that are upstream from the mouths of the rivers or creeks.

Port of Lucinda

The Port of Lucinda consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at latitude 18° 28.71' south on the eastern side of Hinchinbrook Island
- to latitude 18° 28.71' south, longitude 146° 25.97' east
- to latitude 18° 34.71' south, longitude 146° 25.97' east

Schedule 1

- to the high-water mark on the mainland at latitude 18° 34.71' south
- along the high-water mark, initially in a northerly direction, to the northern extremity of the east bank of the mouth of Post Office Creek
- to the high-water mark on the eastern side of Hinchinbrook Island at longitude 146° 19.52' east
- along the high-water mark of Hinchinbrook Island, initially in an easterly direction, to latitude 18° 28.71' south on the eastern side of Hinchinbrook Island;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Mackay

The Port of Mackay consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- starting at the high-water mark at the northern extremity of Slade Point
- then generally easterly along the geodesic to latitude 21°03.81' south, longitude 149°22.06' east
- then south along the meridian to latitude 21°09.91' south, longitude 149°22.06' east
- then west along the parallel to latitude 21°09.91' south, longitude 149°20.06' east
- then generally south-westerly along the geodesic to latitude 21°10.76' south, longitude 149°17.73' east
- then generally north-westerly along the geodesic to the intersection of the high-water mark on the mainland with the parallel of latitude 21°07.14' south
- then generally northerly along the high-water mark on the mainland to the starting point;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Maryborough

The Port of Maryborough consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at latitude 25° 06.91' south on the mainland
- to the high-water mark at latitude 25° 06.91' south on Fraser Island
- along the high-water mark of Fraser Island, initially in a southerly direction, to the eastern extremity of Hook Point on Fraser Island
- to the high-water mark at the eastern extremity of Inskip Point on the mainland
- along the high-water mark, initially in a north-westerly direction, to latitude 25° 06.91' south on the mainland;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Mourilyan

The Port of Mourilyan consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the intersection of the high-water mark and latitude 17° 39.009' south in the vicinity of the eastern side of Double Point
- to latitude 17° 39.009' south, longitude 146° 11.565' east
- to latitude 17° 34.909' south, longitude 146° 10.264' east
- to the high-water mark on the mainland at latitude 17° 34.909' south

Schedule 1

- along the high-water mark, in a southerly direction, to latitude 17° 39.009' south in the vicinity of the eastern side of Double Point;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Port Kennedy (Thursday Island)

The Port of Port Kennedy consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the western extremity of Smith Point on Horn Island
- to the high-water mark at the northern extremity of Heath Point on Prince of Wales Island
- to the high-water mark at the eastern extremity of Webb Point on Friday Island
- along the high-water mark of Friday Island, initially in a westerly direction, to the western extremity of Pott Point on Friday Island
- to the high-water mark at the western extremity of Tucker Point on Goode Island
- along the high-water mark of Goode Island, initially in a south-easterly direction, to the eastern extremity of Tessy Head on Goode Island
- to the high-water mark at the western extremity of Hammond Island (known as Diamond Point)
- along the high-water mark of Hammond Island, initially in a south-easterly direction, to the eastern extremity of Menmuir Point on Hammond Island
- to the high-water mark at the northern extremity of King Point on Horn Island
- along the high-water mark of Horn Island, initially in a westerly direction, to the western extremity of Smith Point on Horn Island.

Port of Quintell Beach

The Port of Quintell Beach consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the eastern extremity of the south bank of Quintell Creek
- to latitude 12° 46.81' south, longitude 143° 22.73' east
- to latitude 12° 50.26' south, longitude 143° 22.73' east
- to the high-water mark at the eastern extremity of the north bank of the Claudie River
- along the high-water mark, initially in a northerly direction, to the eastern extremity of the south bank of Quintell Creek;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Rockhampton

The Port of Rockhampton consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the eastern extremity of Cattle Point
- to the high-water mark at the southern extremity of Arch Rock
- to the high-water mark at the northern extremity of Cape Keppel on Curtis Island
- along the high-water mark, in a westerly then southerly direction, to the north bank of Monte Christo Creek at its junction with The Narrows
- to the high-water mark on the north bank of Munduran Creek at its junction with The Narrows
- along the high-water mark, in a northerly direction, to the northern extremity of Division Point
- to latitude 23° 33' south, longitude 150° 58' east

Schedule 1

- to the high-water mark at latitude $23^{\circ} 33'$ south on Balaclava Island
- along the high-water mark of Balaclava Island, in a northerly then westerly direction, to the western extremity of Kazatch Point
- to the high-water mark at the northern extremity of Chersonese Point
- along the high-water mark on the east bank of Raglan Creek to latitude $23^{\circ} 36.9'$ south
- to the high-water mark at latitude $23^{\circ} 36.9'$ south on the west bank of Raglan Creek
- along the high-water mark, in a northerly then westerly direction, to longitude $150^{\circ} 50'$ east on the south bank of Casuarina Creek
- to the high-water mark at longitude $150^{\circ} 50'$ east on the north bank of Casuarina Creek
- along the high-water mark, in an easterly direction, to the eastern extremity of Shell Point on Casuarina Island
- to the high-water mark at the eastern extremity of Cattle Point.

Port of Skardon River

The Port of Skardon River consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at approximately latitude $11^{\circ} 44.50'$ south, longitude $142^{\circ} 00.12'$ east on the mainland
- along the high-water mark, initially in a southerly and easterly direction to approximately latitude $11^{\circ} 44.39'$ south, longitude $142^{\circ} 05.00'$ east on the north bank of the northern arm of the Skardon River
- to the high-water mark at approximately latitude $11^{\circ} 44.74'$ south, longitude $142^{\circ} 05.00'$ east on the south bank of the northern arm of the Skardon River
- along the high-water mark, initially in a westerly and southerly direction, to approximately latitude $11^{\circ} 46.00'$

south, longitude 142° 04.90' east on the east bank of the southern arm of the Skardon River

- to the high-water mark at approximately latitude 11° 46.00' south, longitude 142° 04.70' east on the west bank of the southern arm of the Skardon River
- along the high-water mark, initially in a westerly and northerly direction, to approximately latitude 11° 47.00' south, longitude 141° 58.54' east on the mainland
- to latitude 11° 47.00' south, longitude 141° 57.00' east
- to latitude 11° 44.50' south, longitude 141° 57.00' east
- to the high-water mark at approximately latitude 11° 44.50' south, longitude 142° 00.12' east on the mainland;

but does not include the waters of rivers and creeks within the boundary, other than the Skardon River, that are upstream from the mouths of the rivers or creeks.

Port of Townsville

The Port of Townsville consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the northern extremity of Cape Cleveland
- to latitude 19° 05.41' south, longitude 146° 52.06' east
- to latitude 19° 05.41' south, longitude 146° 45.06' east
- to the high-water mark on the mainland at longitude 146° 45.06' east
- along the high-water mark, initially in an easterly direction, to the northern extremity of Cape Cleveland;

and includes the area covered by waters of navigable rivers and creeks flowing directly or indirectly into waters within the boundary.

Port of Weipa

Schedule 1

The Port of Weipa consists of the area covered by waters, including tidal waters, of the sea or waters connecting with the sea within the following boundary—

- from the high-water mark at the northern extremity of Boyd Point
- to the high-water mark at the western extremity of Jantz Point (west of Duyfken Point)
- along the high-water mark, initially in a south-easterly direction, to latitude $12^{\circ} 29.0'$ south on the west bank of Pine River Bay
- to the high-water mark at latitude $12^{\circ} 29.0'$ south on the east bank of Pine River Bay
- along the high-water mark, initially in a southerly direction, to longitude $141^{\circ} 57.0'$ east on the north bank of the Mission River
- to the high-water mark at longitude $141^{\circ} 57.0'$ east on the south bank of the Mission River
- along the high-water mark, initially in a westerly direction, to longitude $141^{\circ} 57.0'$ east on the north bank of the Embley River
- to the high-water mark at longitude $141^{\circ} 57.0'$ east on the south bank of the Embley River
- along the high-water mark, initially in a westerly direction, to latitude $12^{\circ} 51.0'$ south on the east bank of the Hey River
- to the high-water mark at latitude $12^{\circ} 51.0'$ south on the west bank of the Hey River
- along the high-water mark, initially in a northerly direction, to the northern extremity of Boyd Point;

but does not include the waters of rivers and creeks within the boundary, other than the Mission, Embley and Hey Rivers, that are upstream from the mouths of the rivers or creeks.

3 Table of reprints

A new reprint of the legislation is prepared by the Office of the Queensland Parliamentary Counsel each time a change to the legislation takes effect.

The notes column for this reprint gives details of any discretionary editorial powers under the **Reprints Act 1992** used by the Office of the Queensland Parliamentary Counsel in preparing it. Section 5(c) and (d) of the Act are not mentioned as they contain mandatory requirements that all amendments be included and all necessary consequential amendments be incorporated, whether of punctuation, numbering or another kind. Further details of the use of any discretionary editorial power noted in the table can be obtained by contacting the Office of the Queensland Parliamentary Counsel by telephone on 3237 0466 or email legislation.queries@oqpc.qld.gov.au.

From 29 January 2013, all Queensland reprints are dated and authorised by the Parliamentary Counsel. The previous numbering system and distinctions between printed and electronic reprints is not continued with the relevant details for historical reprints included in this table.

Reprint No.	Amendments included	Effective	Notes
1	none	29 August 2005
